This is the first publication to bring together comparative research on the international expansion of Third Reich cinema. This volume investigates various attempts to infiltrate - economically, politically and culturally - the film industries of 20 countries and regions either occupied by, friendly with or neutral towards Nazi Germany.

The Universal Review Legare Street Press
Although the Breslau arts scene was one of the most vibrant in all of Weimar-era Germany, it has largely disappeared from memory. Studies of the influence of Weimar culture on modernism have focused almost exclusively on Berlin and

the Dessau Bauhaus, yet the advances that occurred in Breslau affected nearly every intellectual field, forming the basis for aesthetic modernism internationally and having an enduring impact on visual art and architecture. Breslau boasted a thriving modern arts scene and one of the premier German arts academies of the day until the Nazis began their assault on so-called degenerate art. This book charts the cultural production of Breslau-based artists, architects, art collectors, urban designers, and arts educators who operated in the margins of Weimar-era cultural debates. Rather than accepting the radical position of the German avant-garde or the reactionary position of German conservatives, many Breslauers sought a middle ground. This richly illustrated volume is the first book in English to address this history,

constituting an invaluable addition to the literature on the Weimar period. Its readership includes scholars of German history, art, architecture, urban design, planning, collecting, and exhibition history; of the avant-garde, and of the development of arts academies and arts pedagogy.

NEW YORK TIMES BESTSELLER • The definitive cookbook on French cuisine for American readers: "What a cookbook should be: packed with sumptuous recipes, detailed instructions, and precise line drawings. Some of the instructions look daunting, but as Child herself says in the introduction, 'If you can read, you can cook.'" —Entertainment Weekly "I only wish that I had written it myself." —James Beard
 Featuring 524 delicious recipes and over 100 instructive illustrations to guide readers every step of the way, *Mastering the Art of French Cooking* offers something for everyone, from seasoned experts to beginners who love good food and long to reproduce the savory delights of French cuisine. Julia Child, Simone Beck, and Louisette Bertholle break down the classic foods of France into a logical sequence of themes and variations rather than presenting an endless and diffuse catalogue of dishes—from historic Gallic masterpieces to the seemingly artless perfection of a dish of spring-green peas. Throughout, the focus is on key recipes that form the backbone of French cookery and lend themselves to an infinite number of elaborations—bound to increase anyone's culinary repertoire. "Julia has slowly but surely altered our way of thinking about food. She has taken the fear out of the term 'haute cuisine.' She has increased gastronomic awareness a thousandfold by stressing the importance of good foundation and technique, and she has elevated our consciousness to the refined pleasures of dining." —Thomas Keller, *The French Laundry*
Die Luftschiffahrt Der Gegenwart Oxford University Press

"'A donkey?' blurted my family as one. For a moment it didn't seem they'd ever be able to list all the reasons that made this so entertainingly ludicrous. . . .Yes, I'd never ridden a donkey on a beach or petted one at a city farm, never even pinned a cardboard tail to one's throat after the cake and ice cream....A donkey would be my hairy-coated hair shirt, making my pilgrimage to Santiago de Compostela a truer test of the will, a trial." With these words, having no knowledge of Spanish and even less about the care and feeding of donkeys, Tim Moore, Britain's

indefatigable traveling Everyman, sets out on a pilgrimage to the cathedral at Santiago de Compostela with a donkey named Shinto as his companion. Armed only with the Codex Calixtinus, a twelfth-century handbook to the route, and expert advice on donkey management from Robert Louis Stevenson, Moore and his four-legged companion travel the ancient five-hundred-mile route from St. Jean Pied-de-Port, on the French side of the Pyrenees, to the cathedral at Santiago de Compostela, which houses the remains of Spain's patron saint, St. James. Over sun-scorched highways, precipitous bridges, dirt paths shaded by leafy trees, and vineyards occasionally lashed by downpours, Moore and Shinto pass through some of the oldest towns and cities in northern Spain in colorful company, both past and present. Pilgrims real and imagined have traveled this route throughout the ages, a diverse cast of wayfarers spanning Charlemagne, St. Francis of Assisi, Chaucer's Wife of Bath, and New Age diva, Shirley MacLaine. Moore's present-day companions are no less florid or poignant. Clearly more interested in Shinto than in Moore, their fellow walkers are an assortment of devout Christian pilgrims, New Age spirituality seekers, travelers grieving over a lost love affair, Baby Boomers contemplating the advent of middle age, and John Q. Public just out for a cheap, boozy sun-drenched outdoor holiday. As Moore pushes, pulls, wheedles, cajoles, and threatens Shinto across Spain toward the crypt of St. James in a quest to find the spiritual pilgrim within, the duo overnights in the bedrooms, dormitories, and—for Shinto—adjacent grassy fields of northern Spain's hostels, inns, convents, seminaries, and farmhouses. Shinto, a donkey with a finely honed talent for relieving himself at the most inopportune moments, has better luck in the search for his next meal than Moore does in finding his inner St. Francis. Undaunted, however, Man and Beast finally arrive at the cathedral and a successful end to their journey. For readers who delighted in his earlier books, *Travels with My Donkey* is the next hilarious chapter in the travels of Tim Moore, a book that keeps the bones of St. James rattling till this day.

Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 Read Books Ltd
 Anthropologists have written a great deal about the coastal adaptations and seafaring traditions of Pacific Islanders, but have had much less to say about the significance of rivers for Pacific island culture, livelihood and identity. The

authors of this collection seek to fill that gap in the ethnographic record by drawing attention to the deep historical attachments of island communities to rivers, and the ways in which those attachments are changing in response to various forms of economic development and social change. In addition to making a unique contribution to Pacific island ethnography, the authors of this volume speak to a global set of issues of immense importance to a world in which water scarcity, conflict, pollution and the degradation of riparian environments afflict growing numbers of people. Several authors take a political ecology approach to their topic, but the emphasis here is less on hydro-politics than on the cultural meaning of rivers to the communities we describe. How has the cultural significance of rivers shifted as a result of colonisation, development and nation-building? How do people whose identities are fundamentally rooted in their relationship to a particular river renegotiate that relationship when the river is dammed to generate hydro-power or polluted by mining activities? How do blockages in the flow of rivers and underground springs interrupt the intergenerational transmission of local ecological knowledge and hence the ability of local communities to construct collective identities rooted in a sense of place?

Xenophobe's Guide to the Swiss IAP
 'Gorgeous and heightened and fully of glittering icy people' TIMES 'I loved this smart and subtle exploration of modern motherhood and womanhood' Daisy Buchanan 'How can anyone leave someone they love?' Martin Berg is falling into crisis. Decades ago, he was an aspiring writer, his girlfriend was the wildly intelligent Cecilia Wickner, and his best friend was the hellraising artist Gustav Becker. But Martin's manuscript is now languishing in a drawer, Gustav has stopped answering his calls, and Cecilia has vanished - leaving him to raise their children alone. Cecilia: an eccentric wife and absent mother, a woman who was perhaps only true to herself. When Rakel stumbles across a clue as to why her mother left, she sets out to fill the gaps in her family's story and discovers that some questions have no clear answers...

_____ PRAISE FOR COLLECTED WORKS: 'Utterly gripping... a magnificent doorstop of a novel' Guardian 'An assured, bittersweet novel that, like youth, seems to have it all' Financial Times 'Blends the thrill of a mystery with the curiosity and depth of philosophical enquiry' New Yorker 'Eminently readable and engrossing' Spectator 'A real knickerbocker glory of a

novel... manages to out-Franzen Jonathan Franzen and is addictive as any box-set' The Crack Magazine 'Thrilling, brilliant and immense in the best possible way' Francesca Reece 'The most convincing work of literary fiction I've read in years... vibrating with intelligence and style' Emily Temple

Modern German Grammar: A Practical Guide, Third Edition is an innovative reference guide to German, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. Part A covers grammatical categories such as word order, nouns, verbs and adjectives. Part B is organised according to language functions and notions such as: making introductions asking for something to be done delivering a speech possibility satisfaction. The book addresses learners' practical needs and presents grammar in both a traditional and a communicative setting. New to this edition, and building on feedback from the previous edition: The rules of the latest (and so far final) spelling reform have been implemented throughout. Examples of usage have been updated and consideration given to Swiss and Austrian variants. The chapter on register has been expanded and now includes youth language and frequently used Anglicisms in German. The Index now has even more key words; it has also been redesigned to differentiate between German words, grammar terms, and functions, thus making it more user-friendly. The Grammar assumes no previous grammatical training and is intended for all those who have a basic knowledge of German, from intermediate learners in schools and adult education to undergraduates taking German as a major or minor part of their studies. The Grammar is accompanied by a third edition of Modern German Grammar Workbook (ISBN 978-0-415-56725-1) which features exercises and activities directly linked to the Grammar. Ruth Whittle is Lecturer, John Klapper is Professor of Foreign Language Pedagogy, Katharina Glöckel is the Austrian Lektorin and Bill Dodd is Professor of Modern German Studies – all at the University of Birmingham. Christine Eckhard-Black is Tutor and Advisor in German at the Oxford University Language Centre.

This compelling autobiography narrates the story of immigration rights activist Mary Antin, and her enlightening journey from early life in Russia to her migration and Americanisation in late nineteenth-century USA. The Promised Land is an introspective first-hand account of life as a Jewish American immigrant. Mary Antin was just 12-years-old when she arrived in Boston with her family and she underwent a great deal of change and development before she could call the USA her home. Antin's autobiography details how the young Jewish girl escaped Czarist Russia and adapted to an entirely new culture and lifestyle. Antin explores her memories of public school and accompanies powerful historical context with hard-hitting political commentary. The Promised Land is one person's story, but speaks for the millions who have had all too similar experiences. This gripping volume includes fascinating chapters such as: - Children of the Law - Daily Bread - The Exodus - The Initiation - 'My Country' - A Child's Paradise Now in a new edition, Read & Co. Books have republished this illuminating autobiography for a new generation of readers. The Promised Land is a great read for those interested in the history of immigration rights and for fans of Mary Antin's work.

Discover the hidden world of the fox, as beautifully revealed by an acclaimed ecologist who has studied foxes for two decades across four continents "An ode to this familiar yet mysterious creature. ... The sight of foxes can lift Brand's prose into poetry. ... By turns lyrical, salty, funny and scholarly." —New York Times Book Review The fox. For thousands of years myth and folklore have celebrated its cunning intelligence. Today the red fox is the nature's most populous carnivore, its dancing orange tail a common sight in backyards. Yet who is this wild neighbor, truly? How do we negotiate this uneasy new chapter of an ancient relationship? Join British ecologist Adele Brand on a journey to discover the surprising secrets of the fabled fox, the familiar yet enigmatic creature that has adapted to the human world with astonishing—some say, unsettling—success. Brand has studied foxes for twenty years across four continents—from the Yucatán rainforest to India's remote Thar Desert, from subarctic

Canada to metropolitan London. Her observations have convinced her that the fox is arguably the most modern of all wildlife, uniquely suited to survival in the rapidly expanding urban/wild interface. Blending cutting-edge science, cultural anthropology, and intimate personal storytelling drawn from her own remarkable fieldwork, *The Hidden World of the Fox* is Brand's rich and revelatory portrait of the extraordinary animal she has devoted her life to understanding. *Allgemeines literaturblatt* John Wiley & Sons

This work provides a thought-provoking account of how medical treatments can be tested with unbiased or 'fair' trials and explains how patients can work with doctors to achieve this vital goal. It spans the gamut of therapy from mastectomy to thalidomide and explores a vast range of case studies.

Modern German Grammar Knopf Edited by Gerfried Stocker and Christine Schepf. Essays by Peter J. Bentley, Erkki Huhtamo, Friedrich Kittler and Pierre Levy. *Englisch-deutsch, von B. Klatt, neubearb. von E. Klatt. 108-137. tausend* Cambridge University Press

In this "slyly subversive, semi-autobiographical" novel "of Arab Israeli life," a Palestinian man struggles against the strict confines of identity (Publishers Weekly). In Sayed Kashua's debut novel, a nameless anti-hero contends with the legacy of a grandfather who died fighting the Zionists in 1948, and a father who was jailed for blowing up a school cafeteria in the name of freedom. When the narrator is granted a scholarship to an elite Jewish boarding school, his family rejoices, dreaming that he will grow up to be the first Arab to build an atom bomb. But to their dismay, he turns out to be a coward devoid of any national pride; his only ambition is to fit in with his Jewish peers who reject him. He changes his clothes, his accent, his eating habits, and becomes an expert at faking identities, sliding between different cultures, schools, and languages, and eventually a Jewish lover and an Arab wife. With refreshing candor and self-deprecating wit, *Dancing Arabs* is a "chilling, convincing tale" of one man's struggle to disentangle his personal and national identities, only to tragically and inevitably forfeit both (Publishers Weekly). "Rings out on every page with a compelling sense of human truth" —Kirkus Reviews "Despite its dark prognosis, there is a lightness and dry humor that lifts it with the kind of wings its protagonist once hoped for." —Booklist *Cultures in Conflict* Routledge This book includes studies of main conflict

areas in modern Western societies where religion has been a central element, ranging from popular movements and narratives of opposition to challenges of religious satire and anti-clerical critique. Special attention is given to matters of politics and gender. With this theme, it provides a useful guide to conflict areas in modern European religious history. [Mastering the Art of French Cooking, Volume 1](#) Routledge

This book, designed for students who have already developed a basic competence in German, aims to broaden and improve their vocabulary by providing detailed information on groups of German words with related meanings. It is invaluable as a guide to finding the right word for the context. In order to enhance understanding of the structure of the German vocabulary, groups of synonyms are organised under German (rather than English) headwords. All entries are accompanied by an example of usage and English glosses and there are two indexes allowing users quickly to locate words in German or English. The book takes full account of register variation, indicating the degree of formal or informal use, and reflects regional usage especially in Austria and Switzerland. It is an essential reference for intermediate and advanced students as well as teachers and other professional linguists seeking access to the finer nuances of the German language. Who minds sleeping under a mosquito net when it's royally draped over the bed in a lush Kenyan, open-walled hut, fashioned from tree trunks and shielded from the sun by a sumptuous thatched roof? This selection of the most-splendid getaway havens nestled throughout the African continent is sure to please even the most finicky would-be voyagers. Photos. [Collected Works](#) Pushkin Press

Between Germany and Russia is a region strewn with monuments to the horrors of war, genocide and disaster - the bloodlands where the murderous regimes of Hitler and Stalin unleashed the violence that scarred the twentieth century and shaped so much of the world we know today. In September 2016 the German-Iranian writer Navid Kermani set out to discover this land and to travel along the trenches that are now re-emerging in Europe, from his home in Cologne through eastern Germany to the Baltics, and from there south to the Caucasus and to Isfahan in Iran, the home of his parents. This beautifully written travel diary, enlivened by conversations with the people Kermani meets along the way, brings to life the tragic history of these troubled lands and shows how this history leaves its traces in the present. It will be of great interest to anyone concerned with current affairs and with the events that have shaped, and continue to shape, the world in which we live today.

[Dancing Arabs](#) Springer
Examines "Burned Bridge," the intersection between two sister cities in East and West Germany, and reveals how the daily adjustments of anxious residents shaped the barrier that divided them. [Cinema and the Swastika](#) Taschen
The primary purpose of this book is to trace the theoretical methodological foundations of American educational technology. It must be emphasized that this work is essentially as history of the process of educational technology rather than of products in the form of devices or media. Although media have played an important role in educational technology, the reader should not lose sight of the central process which characterizes and underlies the true historical meaning and function of educational technology. Moreover, the assumption is made that all current theory, methodology, and practice rests upon the heritage of the past. Indeed, a common problem in the field has been the failure, in many instances, to take adequate account of past history in planning for the present or the future. A related purpose of this book is to provide a selective survey of research in educational technology as it relates to the American public schools. Such research reviews are not intended to be comprehensive, but were included because of their historical importance and their relevance in understanding the process of educational technology.
