BRAYDON VANG

AFROSURF The New Press
Waterman is the first comprehensive biography of Duke Kahanamoku (1890–1968): swimmer, surfer, Olympic gold medalist, Hawaiian icon, waterman. Long before Michael Phelps and Mark Spitz made their splashes in the pool, Kahanamoku emerged from the backwaters of Waikiki to become America’s first superstar Olympic

swimmer. The original “human fish” set dozens of world records and topped the world rankings for more than a decade; his rivalry with Johnny Weissmuller transformed competitive swimming from an insignificant sideshow into a headliner event. Kahanamoku used his Olympic renown to introduce the sport of “surf-riding,” an activity unknown beyond the Hawaiian Islands, to the world. Standing proudly on his traditional wooden longboard, he spread surfing from Australia to the Hollywood crowd in California to New Jersey. No American

athlete has influenced two sports as profoundly as Kahanamoku did, and yet he remains an enigmatic and underappreciated figure: a dark-skinned Pacific Islander who encountered and overcame racism and ignorance long before the likes of Joe Louis, Jesse Owens, and Jackie Robinson. Kahanamoku's connection to his homeland was equally important. He was born when Hawaii was an independent kingdom; he served as the sheriff of Honolulu during Pearl Harbor and World War II and as a globetrotting "Ambassador of Aloha" afterward; he died not long after Hawaii attained statehood. As one sportswriter put it, Duke was "Babe Ruth and Jack Dempsey combined down here." In Waterman, award-winning journalist David Davis

examines the remarkable life of Duke Kahanamoku, in and out of the water. Purchase the audio edition.

format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Being Poloné in Haiti Penguin Pacific Island Countries have been shown to be especially vulnerable to such external influences as natural disasters, political unrest and downturns in the global economy and their tourism industries have been notably affected. In particular, they typically have a narrow resource base and a fragile and often vulnerable natural environment. While there is some research on islands and small states, there is a dearth of information on the South Pacific and

very little research is being undertaken in the region compared to other geographical regions in the world. This volume brings together current work in Pacific Island tourism. In this collection, three main themes arise: Images of the South Pacific; Socio-economic Impacts of Tourism; and Pacific Island Countries and the Outside World. The first focus is on the question of image, namely, stereotypes of a destination held by tourists and potential tourists, the extent to which residents, for their part, really welcome visitors, and the role tourism might play in changing pre-established images. The second theme is tourism's impacts, notably the economic and socio-cultural effects of international tourism's intrusion in the region which, though often hotly debated, have

attracted relatively little empirical research. The third focus is on the challenges of how PICs articulate with their external geo-political and physical environment. These involve existing relations with formal colonial centres, geographical isolation, the need for greater air access to the outside world and for more tourists, and the continuing threat to several PICs of global warming, which increased air travel will inevitably exacerbate. This text will be of interest to tourism students, researchers and academics in the fields of tourism, development studies and cultural studies.

Les tontons surfeurs U of Nebraska Press

The series builds an extensive collection of high quality descriptions of languages

around the world. Each volume offers a comprehensive grammatical description of a single language together with fully analyzed sample texts and, if appropriate, a word list and other relevant information which is available on the language in question. There are no restrictions as to language family or area, and although special attention is paid to hitherto undescribed languages, new and valuable treatments of better known languages are also included. No theoretical model is imposed on the authors; the only criterion is a high standard of scientific quality. To discuss your book idea or submit a proposal, please contact Birgit Sievert.

Une brève histoire du surf aquitain

Oxford University Press

Barrio Gangs is the most comprehensive

academic case study of barrio group dynamics in a major Texas city to date. This is a sociological work on the history of barrio gangs in San Antonio and other large Texas cities to the present day. It examines the century-long evolution of urban barrio subcultures using public archives, oral histories, old photos, and other forms of qualitative data. The study gives special attention to the barrio gangs' "heyday," from the 1940s through the 1960s, comparing their attributes to those of modern groups. It illustrates how social and technological changes have affected barrio networking processes and the intensity of the street lifestyle over time. Intergenerational shifts and the tension that accompanies such changes are also central themes in the book. Few other places are so

conducive to such historical exploration as is San Antonio. Street ignobility in the barrio no doubt mirrors processes found in other Chicano communities in Texas and the Southwest. The gang contexts in major Chicano population centers have lengthy historical bases rooted in weak opportunity structures, oppression, and discrimination. This work shows that participation in street violence, drug selling, and other parts of the informal economy are functional adaptations to the social structure; the forces propelling the formation of barrio gangs are not temporary social phenomena.

Of Corpse Plume Books

Laughter, contemporary theory suggests, is often aggressive in some manner and may be prompted by a sudden perception of incongruity

combined with memories of past emotional experience. Given this importance of the past to our recognition of the comic, it follows that some "traditions" dispose us to ludic responses. The studies in *Of Corpse: Death and Humor in Folklore and Popular Culture* examine specific interactions of text (jokes, poetry, epitaphs, iconography, film drama) and social context (wakes, festivals, disasters) that shape and generate laughter. Uniquely, however, the essays here peruse a remarkable paradox---the convergence of death and humor.

Special Envoy PU Rennes

La vague parfaite sous l'œil de la caméra. Le surf connut ses premières heures de gloire continentale dans les années 1950, sur la côte californienne,

où il se mua rapidement en un véritable " style de vie " avant d'être admiré puis exporté aux quatre coins du globe. Le photographe sportif LeRoy Grannis fut l'un des principaux témoins et acteurs de cette génération : surfeur depuis 1931, il commença à fixer sur la pellicule le quotidien des surfeurs californiens et hawaïens au début des années 1960. Cette impressionnante collection de photos tirées des archives personnelles de l'auteur nous dévoile toute une palette d'impressions et de souvenirs de ces petits ou grands événements qui ont écrit l'histoire du surf, depuis les premiers ballets élégants des longboarders de San Onofre jusqu'aux prouesses des casse-cou d'Oahu, sur la côte nord d'Hawaï. Tout aussi remarquables sont ses précieux

témoignages iconographiques sur la naissance d'un style de vie propre au surf - ici, un stomp improvisé en marge d'une compétition, là un pick-up Chevy bondé de planches sur la Pacific Coast Highway -, incarnations de l'esprit de liberté de cette époque dorée qui s'est achevée avec la révolution du shortboard et la mainmise du vedettariat sur une discipline jusque-là réservée à un cercle de gentlemen.

Sometimes a Great Notion Journal Sud Ouest

In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard

deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need

not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

The Rejection of Consequentialism

Spring Publications

For twenty years, Miki "Da Cat" Dora was the king of Malibu surfers—a dashing, enigmatic rebel who dominated the waves, ruled his peers' imaginations, and who still inspires the fantasies of

wannabes to this day. And yet, Dora railed against surfing's sudden post-Gidget popularity and the overcrowding of his once empty waves, even after this avid sportsman, iconoclast, and scammer of wide repute ran afoul of the law and led the FBI on a remarkable seven-year chase around the globe in 1974. The New York Times named him "the most renegade spirit the sport has yet to produce" and Vanity Fair called him "a dark prince of the beach." To fully capture Dora's never-before-told story, David Rensin spent four years interviewing hundreds of Dora's friends, enemies, family members, lovers, and fellow surfers to uncover the untold truth about surfing's most outrageous practitioner, charismatic antihero, committed loner, and enduring mystery.

Tourism in Pacific Islands Harper Collins
Within the current discussion on grammatical interfaces, the word-classes of adjective and adverb are of particular interest because they appear to be separated or joined in manifold ways at the level of word-class or syntax, with morphology playing a prominent role, especially in Romance. The volume provides typological and theoretical insights into the common or different usage of adjectives and adverbs in Romance. Diachronic change is discussed alongside with synchronic variation and the representation in grammar. The discussion turns out to be controversial, calling into question traditional assumptions such as the dogma of the invariability and the categorial status of the adverb.

Surfeurs, l'être au monde Crown
Archetype
“Special Envoy is an exceedingly French spy thriller.” —New York Times Book Review
A dazzling satirical spy novel, part *La Femme Nikita*, part *Pink Panther* and part *Le Carré*—from one of the world’s preeminent authors Jean Echenoz’s sly and playful novels have won critical and popular acclaim in France, where he has won the Prix Goncourt, as well as in the United States, where he has been profiled by the *New Yorker* and called the “most distinctive voice of his generation” by the *Washington Post*. With his wonderfully droll and intriguing new work, *Special Envoy*, Echenoz turns his hand to the espionage novel. When published in France, it stormed the bestseller lists.

Special Envoy begins with an old general in France's intelligence agency asking his trusted lieutenant Paul Objat for ideas about a person he wants for a particular job: someone to aid the destabilization of Kim Jong-un's regime in North Korea. Objat has someone in mind: Constance, an attractive, restless, bored woman in a failing marriage to a washed-up pop musician. Soon after, she is abducted by Objat's cronies and spirited away into the lower depths of France's intelligence bureaucracy where she is trained for her mission. What follows is a bizarre tale of kidnappings, murders and mutilations, bad pop songs and great sex, populated by a cast of oddballs and losers. Set in Paris, rural central France, and Pyongyang, Special Envoy is joyously strange and

unpredictable, full of twists and ironic digressions—and, in the words of L'Express, "a pure gem, a delight." Language and Identity in Cyberspace John Benjamins Publishing Company
 Résultat d'une enquête socio-anthropologique menée sur le terrain durant trois années, ce livre analyse la parole des surfeurs et des surfeuses en répondant à cette question : « Que font réellement les surfeurs quand ils disent qu'ils font du surf ? » Pour la première fois, ce monde nous est donné à voir dans son intimité. Être surfeur, c'est un mode de vie particulier, dans les interactions avec les autres pratiquants, dans le rapport à la nature, dans la relation au corps, mais aussi dans les questions de masculinité et féminité. The Australian Official Journal of

Trademarks Star Gate Publishing
From original beachcomber personalities like the Waikiki Beachboys to the rise of Venice Beach as a creative center for music, art, and film, Pop Surf Culture traces the roots of the surf boom and explores its connection to the Beat Generation and 1960s pop culture. Through accounts of key figures both obscure and popular, the book illustrates why surf culture is a vital art movement of the 20th century. Pop Surf Culture includes essays about the popular "beach" movies of the fifties and sixties, which featured such stars as Annette Funicello and Frankie Avalon and the music of Dick Dale & His Del-Tones, Brian Wilson, the Pyramids, Gary Usher, James Brown, and Little Stevie Wonder. Sixties art figures Michael Dormer and

Rick Griffin--as well as the surf magazines which promoted their art--are featured alongside the progenitors of "surf music," from the little known (the Centurians) to the wildly popular (the Beach Boys). Duke Kahanamoku, the Gas House, Gidget, surfing on television, the bohemian surf aesthetic, surf music hot spots, Mickey "Da Cat" Dora . . . the entire spectrum of pop surf culture is covered within these colorfully illustrated pages.

Waterman Bantam

Discover the untold story of African surf culture in this glorious and colorful collection of profiles, essays, photographs, and illustrations. AFROSURF is the first book to capture and celebrate the surfing culture of Africa. This unprecedented collection is

compiled by Mami Wata, a Cape Town surf company that fiercely believes in the power of African surf. Mami Wata brings together its co-founder Selema Masekela and some of Africa's finest photographers, thinkers, writers, and surfers to explore the unique culture of eighteen coastal countries, from Morocco to Somalia, Mozambique, South Africa, and beyond. Packed with over fifty essays, AFROSURF features surfer and skater profiles, thought pieces, poems, photos, illustrations, ephemera, recipes, and a mini comic, all wrapped in an astounding design that captures the diversity and character of Africa. A creative force of good in their continent, Mami Wata sources and manufactures all their wares in Africa and works with communities to strengthen local

economies through surf tourism. With this mission in mind, Mami Wata is donating 100% of their proceeds to support two African surf therapy organizations, Waves for Change and Surfers Not Street Children.

Surf, littoral et société Routledge

I declare I cannot rest anywhere; my mind is troubled by a thousand cares, thinking how to contrive, both indoors and out, so as to frustrate the attempts of this coxcomb. With what assurance the traitress stood the sight of me! She is not a whit moved by all that she has done, and though she has brought me within an inch of the grave, one could swear, to look at her, that she had no hand in it.

Pop Surf Culture Editions L'Harmattan
"I'd rather have one or two of his

whiplashing essays in my hands than almost any tome of philosophy". --
Thomas Moore

Nouveau Paris Match Hachette UK

A dynamic and original collection of essays on the transnational circulation and changing social meanings of Latin music across the Americas. The transcultural impact of Latin American musical forms in the United States calls for a deeper understanding of the shifting cultural meanings of music. *Musical Migrations* examines the tensions between the value of Latin popular music as a metaphor for national identity and its transnational meanings as it traverses national borders, geocultural spaces, audiences, and historical periods. The anthology analyzes, among others, the role of

popular music in Caribbean diasporas in the United States and Europe, the trans-Caribbean identities of Salsa and reggae, the racial, cultural, and ethnic hybridity in rock across the Americas, and the tensions between tradition and modernity in Peruvian indigenous music, mariachi music in the United States, and in Trinidadian music.

Due to this being The VooDoo Edition, a Smokey Wisdom & Understanding on everything from Art Alchemy, Slavery, Rituals and The World can all be found in this book. The Poltergeist is the Album that goes with this book.

Adjective Adverb Interfaces in Romance
Syracuse University Press

If you never get lost, you'll never be found... Twenty-one-year-old Natalia Stolfi is saying good-bye to the past-and turning her life upside down with a trip

to the land down under. For the next six months, she'll act like a carefree exchange student, not a girl sinking under the weight of painful memories. Everything is going according to plan until she meets a brooding surfer with hypnotic green eyes and the troubling ability to see straight through her act. Bran Lockhart is having the worst year on record. After the girl of his dreams turned into a nightmare, he moved back home to Melbourne to piece his life together. Yet no amount of disappointment could blind him to the pretty California girl who gets past all his defenses. He's never wanted anyone the way he wants Talia. But when Bran gets a stark reminder of why he stopped believing in love, he and Talia must decide if what they have is once in a

lifetime . . . or if they were meant to live a world apart.

The School for Wives University of Virginia Press

Michael Dobkowski and Isidor Walliman have edited a book that, although ominous, is not a fatalistic look at the future. The Coming Age of Scarcity lays out the perils of not recognizing the reality of genocide or of acknowledging the full implications of warfare. Showing how scarcity and surplus populations can lead to disaster, The Coming Age of Scarcity is about evil. It tells of "ethnic cleansing" and excavates the world's

expanding killing fields. The writers in this volume are all too aware that the future suggests that present-day population growth, land resources, energy consumption, and per capita consumption cannot be sustained without leading to greater catastrophes. The essays in this volume ask: What is the solution in the face of mass death and genocide? As philosopher John K. Roth says in the Foreword, "The essays can sensitize us against despair and indifference because history shows that human-made mass death and genocide are not inevitable, and no events related to them will ever be."
