*Ho Chi Minh Trail 1964-73* Princeton University Press

Two spirit hordes break through from another dimension, and half the world's population vanishes. The spirits possess the survivors, dividing them into two groups: those who fight to retain their humanity, and marauders who destroy everything in their paths. Artist Livi DeSilva is fleeing from possessed killers when she meets Conor McLain, a man suffering from amnesia. Outnumbered and outgunned, Livi and Conor team up and fight off homicidal lunatics and ruthless gangs, only to end up cornered by their deadliest foe: billionaire Victor van Danz, a psychopath

who commands the new world's dark forces. Victor craves immortality, and kidnaps Livi. He believes that when he kills Livi in front of her collection of canvases and absorbs her life energy, he will transform into a god. With only Conor, two amazing dogs, and a band of plucky children to aid her, Livi must harness the power of the spirits inside her and use it to defeat Victor-or die in the clutches of a madman.

**The Thunder and the Sunshine** Simon and Schuster

A page-turning novel that is also an exploration of the great philosophical concepts of Western thought, Jostein Gaarder's *Sophie's World* has fired the imagination of readers all over the world, with more than twenty million copies in print. One day fourteen-year-old Sophie Amundsen comes home from school to find in her mailbox two notes, with one question on each: "Who

are you?" and "Where does the world come from?" From that irresistible beginning, Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village. Through those letters, she enrolls in a kind of correspondence course, covering Socrates to Sartre, with a mysterious philosopher, while receiving letters addressed to another girl. Who is Hilde? And why does her mail keep turning up? To unravel this riddle, Sophie must use the philosophy she is learning—but the truth turns out to be far more complicated than she could have imagined.

**Mannahatta** Penguin

From the bestselling author of *Lawrence in Arabia*—the gripping story of four CIA agents during the early days of the Cold War—and how the United States, at the very pinnacle of its power, managed to permanently damage its moral standing in the world. "Enthralling ... captivating reading." —The New York Times Book Review At the end of World War II, the United States was considered the victor over tyranny and a champion of freedom. But it was clear—to some—that the Soviet Union was already seeking to expand and foment revolution around the world, and the American government's strategy in response relied on the secret efforts of a newly formed CIA. Chronicling the fascinating lives of four agents, Scott Anderson follows the exploits of four spies: Michael Burke, who organized parachute commandos from an Italian villa; Frank Wisner, an ingenious spymaster who directed actions around the world; Peter Sichel, a German Jew who outwitted the ruthless KGB in Berlin; and Edward Lansdale, a mastermind of psychological warfare in the Far East. But despite their lofty ambitions, time and again their

efforts went awry, thwarted by a combination of ham-fisted politicking and ideological rigidity at the highest levels of the government.

On the Road with Bob Dylan Workman Publishing

None of us will survive. The arithmetic was inescapable. The squadron started with twelve A-4E Skyhawks and twenty-two pilots. After seven days, it had eight aircraft and nineteen pilots. He had over two hundred days to go. He would never see home again. *Dead Men Flying* is an honest, unflinching account of how Mike, the college kid, became a warrior called "Mule." It tells of his struggles to become a Naval Aviator. He masters the skills necessary to launch and land a jet fighter bomber on an aircraft carrier. He experiences the transforming state of being when his aircraft merges with his body and becomes an extension of his will; a place where time slows to a crawl; sensory awareness extends to the horizon; and thoughts flash faster than the flick of an eyelid. Within the squadron he develops the bonds of brotherhood that are forged when the pilots must trust each other with their lives. Flying mission after mission from into the heart of the North Vietnamese defenses, he pays the cost when death shatters those bonds. The descriptions of combat are immediate and immersive. They envelope the reader in the perishable art of aerial warfare, a ballet performed out of sight and mind of all but the few who were there. The descriptions are enhanced with more than seventy photographs, many taken during combat. *Dead Men Flying* is the story of men tested to the breaking point and beyond by unrelenting threat and losses. It tells how they stood together with unflinching resilience, courage, devotion, and sacrifice. The author flew 212 combat missions

with the Ghost Riders of Attack Squadron 164 over two cruises between June, 1967 and February, 1969.

Rolling Thunder Fulcrum Publishing

Ed Rasimus straps the reader into the cockpit of an F-105 Thunderchief fighter-bomber in his engaging account of the Rolling Thunder campaign in the skies over North Vietnam. Between 1965 and 1968, more than 330 F-105s were lost—the highest loss rate in Southeast Asia—and many pilots were killed, captured, and wounded because of the Air Force's disastrous tactics. The descriptions of Rasimus's one hundred missions, some of the most dangerous of the conflict, will satisfy anyone addicted to vivid, heart-stopping aerial combat, as will the details of his transformation from a young man paralyzed with self-doubt into a battle-hardened veteran. His unique perspective, candid analysis, and the sheer power of his narrative rank his memoir with the finest, most entertaining of the war.

*Dark Lightning* Penguin

Seven suburban misfits are constructing a spaceship out of old tanker cars. The plan is to beat the Chinese to Mars--in under four days at three million miles an hour. It would be history in the making if it didn't sound so insane.

*Thunder Rolling in the Mountains* Macmillan

Hailed as "the War and Peace of rock and roll" by Bob Dylan himself, this is the ultimate backstage pass to Dylan's legendary 1975 tour across America—by a former Rolling Stone reporter prominently featured in Martin Scorsese's Netflix documentary *Rolling Thunder Revue: A Bob Dylan Story*. In 1975, as Bob Dylan emerged from eight years of seclusion, he dreamed of putting together a traveling music show that would trek across the

country like a psychedelic carnival. The dream became reality, and *On the Road with Bob Dylan* is the behind-the-scenes look at what happened when Dylan and the Rolling Thunder Revue took to the streets of America. With the intimate detail of a diary, Larry "Ratso" Sloman's mesmerizing account both transports us to a celebrated period in rock history and provides us with a vivid snapshot of Dylan during this extraordinary time. This reissue of the 1978 classic resonates more than ever as it chronicles one of the most glittering rock circuses ever assembled, with a cast that includes Joan Baez, Robbie Robertson, Joni Mitchell, Allen Ginsberg, Ramblin' Jack Elliott, and a wild entourage of groupies, misfits, sinners, and saints who trailed along for the ride. Sloman candidly captures the all-night revelry and musical prowess—from the backstage antics to impromptu jams—that made the tour a nearly mystical experience. Complete with vintage photos and a new introduction by renowned Texas musician, mystery writer, and Revue member Kinky Friedman, this is an unparalleled treat for Dylan fans old and new. Without question, *On the Road with Bob Dylan* is a remarkable, revealing piece of writing and a rare up-close and personal view of Dylan on tour.

*Combat at Close Quarters* Sarah Crichton Books

\*Finalist for the Pulitzer Prize and the National Book Critics Circle Award\* \*A New York Times Notable Book\* \*Winner of the Texas Book Award and the Oklahoma Book Award\* This New York Times bestseller and stunning historical account of the forty-year battle between Comanche Indians and white settlers for control of the American West "is nothing short of a revelation...will leave dust and blood on your jeans" (The New York Times Book Review).

Empire of the Summer Moon spans two astonishing stories. The first traces the rise and fall of the Comanches, the most powerful Indian tribe in American history. The second entails one of the most remarkable narratives ever to come out of the Old West: the epic saga of the pioneer woman Cynthia Ann Parker and her mixed-blood son Quanah, who became the last and greatest chief of the Comanches. Although readers may be more familiar with the tribal names Apache and Sioux, it was in fact the legendary fighting ability of the Comanches that determined when the American West opened up. Comanche boys became adept bareback riders by age six; full Comanche braves were considered the best horsemen who ever rode. They were so masterful at war and so skillful with their arrows and lances that they stopped the northern drive of colonial Spain from Mexico and halted the French expansion westward from Louisiana. White settlers arriving in Texas from the eastern United States were surprised to find the frontier being rolled backward by Comanches incensed by the invasion of their tribal lands. The war with the Comanches lasted four decades, in effect holding up the development of the new American nation. Gwynne's exhilarating account delivers a sweeping narrative that encompasses Spanish colonialism, the Civil War, the destruction of the buffalo herds, and the arrival of the railroads, and the amazing story of Cynthia Ann Parker and her son Quanah—a historical feast for anyone interested in how the United States came into being. Hailed by critics, S. C. Gwynne's account of these events is meticulously researched, intellectually provocative, and, above all, thrillingly told. Empire of the Summer Moon announces him as a major new writer of American history.

**All the Days Past, All the Days to Come** Crown Archetype Lieutenant Patricia Kelly Elizabeth Strickland—otherwise known as Podkayne—has joined the Music, Arts, and Drama Division of the Martian Navy, passing the audition with a little help from some higher-ups. And now she's going to Europa, one of Jupiter's many moons, to be an entertainer. But she's about to learn that there can be plenty of danger to go around in the Martian Navy, even if you've just signed on to sing.

**Operation Linebacker I 1972** Anchor

"Cornbread? I LOVE cornbread!" For six years, that's the response Crescent Dragonwagon got when people asked her what she was writing about. Over time, she came to understand: Not only is hot, just baked cornbread delicious, it evokes—powerfully—the heart, soul, and taste of home. There is an abundance of satisfying cornbreads, as Crescent discovered when she followed the cornbread trail from the Appalachians to the Rockies to the Green Mountains. Traveling to family reunions, potlucks, tortilleras, stone-grinding mills, and the National Cornbread Festival in South Pittsburgh, Tennessee, she heard the stories, tasted the breads, learned the secrets. Join her in this overflowing cornucopia: over 200 irresistible recipes for cornbreads, muffins, fritters, pancakes, and go-withs. Cornbreads from below the Mason-Dixon line (Skillet-Sizzled Buttermilk Cornbread, Truman Capote's Family's Alabama Cornbread) meet those from above (Durgin-Park Boston Cornbread, Vermont Maple-Sweetened Cornbread). Southwestern offerings—Chou-Chou's Dallas Hot Stuff Cornbread, delectable homemade tamales, and tortillas from scratch—meet internationals like India's Makki Ki Roti. A Thanksgiving with Crescent's Sweet-

Savory Cornbread Dressing is rapturous. Desserts like Very Lemony Gorgeous Cornmeal Pound Cake make any meal exceptional. Along with this, Crescent gives us the greens, the beans, the salads, stews, and soups that accompany cornbread to perfection. And she tells us the stories, too. Enthusiastic and heartfelt, this thoughtful, exuberant love song to America's favorite breadstuff and all that goes with it will embrace readers and cooks everywhere.

*Dead Men Flying, A Remembrance* Simon and Schuster  
*Naval Air War: The Rolling Thunder Campaign* is the sixth monograph in the series *The U.S. Navy and the Vietnam War*. It covers aircraft carrier activity during one of the longest sustained aerial bombing campaigns in history. And it would be a failure. The U.S. Navy proved essential to the conduct of Rolling Thunder and by capitalizing on the inherent flexibility and mobility of naval forces, the Seventh Fleet operated with impunity for three years off the coast of North Vietnam. The success with which the Navy executed the later Operation Linebacker campaign against North Vietnam in 1972 revealed how much the service had learned from and exploited the Rolling Thunder experience of 1965-1968.

*Red Lightning* W. W. Norton & Company  
 Hiroshima is the story of six people—a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest—who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped

on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of *Hiroshima*.

**Thunder of Time** Farrar, Straus and Giroux

The tank is such a characteristic feature of modern warfare that it's difficult to imagine a time when its presence wasn't felt on the battlefield in some form or another. *Rolling Thunder*, from eminent historian and author Philip Kaplan, traces the history of the vehicle from its developmental early days on the battlefields of the Great War, to modern-day uses and innovations in response to the growing demands of twenty-first century warfare. Featured in this volume are images of some of the most highly regarded and imposing types, such as the Chrysler-built Grant, the Skoda-built Hungarian Turan and the M-26 Pershing tank, employed so extensively during the Korean War. Tanks employed during the battles of Barbarossa, El Alamein, Kursk and Ardennes all feature, their histories depicted in words and images. From the battlefields of the Great War to modern-day theaters such as Iraq and Afghanistan, the history of this impressive war machine is tracked in detail.

**The Shamanic Powers of Rolling Thunder** Bloomsbury Publishing

A career-spanning account of the artistry and politics of Bob Dylan's songwriting, Bob Dylan's reception of the 2016 Nobel Prize for Literature has elevated him beyond the world of popular music, establishing him as a major modern artist. However, until now, no study of his career has focused on the details and

nuances of the songs, showing how they work as artistic statements designed to create meaning and elicit emotion. Bob Dylan's *Poetics: How the Songs Work* is the first comprehensive book on both the poetics and politics of Dylan's compositions. It studies Dylan, not as a pop hero, but as an artist, as a maker of songs. Focusing on the interplay of music and lyric, it traces Dylan's innovative use of musical form, his complex manipulation of poetic diction, and his dialogues with other artists, from Woody Guthrie to Arthur Rimbaud. Moving from Dylan's earliest experiments with the blues, through his mastery of rock and country, up to his densely allusive recent recordings, Timothy Hampton offers a detailed account of Dylan's achievement. Locating Dylan in the long history of artistic modernism, the book studies the relationship between form, genre, and the political and social themes that crisscross Dylan's work. *Bob Dylan's Poetics: How the Songs Work* offers both a nuanced engagement with the work of a major artist and a meditation on the contribution of song at times of political and social change.

*A Mighty Rolling Thunder* University of Texas Press

"She was like a storm." —Leonard Cohen *Reckless Daughter* is the story of an artist and an era that have left an indelible mark on American music. Joni Mitchell may be the most influential female recording artist and composer of the late twentieth century. In *Reckless Daughter*, the music critic David Yaffe tells the remarkable, heart-wrenching story of how the blond girl with the guitar became a superstar of folk music in the 1960s, a key figure in the Laurel Canyon music scene of the 1970s, and the songwriter who spoke resonantly to, and for, audiences across the country. A Canadian prairie girl, a free-spirited artist, Mitchell

never wanted to be a pop star. She was nothing more than "a painter derailed by circumstances," she would explain. And yet, she went on to become a talented self-taught musician and a brilliant bandleader, releasing album after album, each distinctly experimental, challenging, and revealing. Her lyrics captivated listeners with their perceptive language and naked emotion, born out of Mitchell's life, loves, complaints, and prophecies. As an artist whose work deftly balances narrative and musical complexity, she has been admired by such legendary lyricists as Bob Dylan and Leonard Cohen and beloved by such groundbreaking jazz musicians as Jaco Pastorius, Wayne Shorter, and Herbie Hancock. Her hits—from "Big Yellow Taxi" to "Both Sides, Now" to "A Case of You"—endure as timeless favorites, and her influence on the generations of singer-songwriters who would follow her, from her devoted fan Prince to Björk, is undeniable. In this intimate biography, drawing on dozens of unprecedented in-person interviews with Mitchell, her childhood friends, and a cast of famous characters, Yaffe reveals the backstory behind the famous songs—from Mitchell's youth in Canada, her bout with polio at age nine, and her early marriage and the child she gave up for adoption, through the love affairs that inspired masterpieces, and up to the present—and shows us why Mitchell has so enthralled her listeners, her lovers, and her friends.

**Rolling Thunder** University of Alabama Press

Operation Rolling Thunder was the campaign that was meant to keep South Vietnam secure, and dissuade the North from arming and supplying the Viet Cong. It pitted the world's strongest air forces against the MiGs and missiles of a small Soviet client state.

But the US airmen who flew Rolling Thunder missions were crippled by a badly thought-out strategy, rampant political interference in operational matters, and aircraft optimised for Cold War nuclear strikes rather than conventional warfare. Ironically, Rolling Thunder was one of the most influential episodes of the Cold War – its failure spurring the 1970s US renaissance in professionalism, fighter design, and combat pilot training. Dr Richard P. Hallion, one of America's most eminent air power experts, explains how Rolling Thunder was conceived and fought, and why it became shorthand for how not to fight an air campaign.

*The Limits of Air Power* Pen and Sword

Since 1935, roller derby has thrilled fans and skaters with its constant action, hard hits, and edgy attitude. However, though its participants' athleticism is undeniable, roller derby has never been accepted as a "real" sport. Michella M. Marino, herself a former skater, tackles the history of a sport that has long been a cultural mainstay for one reason both utterly simple and infinitely complex: roller derby has always been coed. Richly illustrated and drawing on oral histories, archival materials, media coverage, and personal experiences, Roller Derby is the first comprehensive history of this cultural phenomenon, one enjoyed by millions yet spurned by mainstream gatekeepers. Amid the social constraints of the mid-twentieth century, roller derby's emphasis on gender equality attracted male and female athletes alike, producing gender relations and gender politics unlike those of traditional sex-segregated sports. In an enlightening feminist critique, Marino considers how the promotion of pregnancy and motherhood by roller derby management has simultaneously

challenged and conformed to social norms. Finally, Marino assesses the sport's present and future after its resurgence in the 2000s.

Thunder in the Mountains: Chief Joseph, Oliver Otis Howard, and the Nez Perce War U of Nebraska Press

Using the same format that made Eyewitness D-Day so unforgettable, this new volume offers an equally powerful look at the Vietnam War. The Vietnam War was one of the most controversial conflicts of the 20th century. It was also one of the most divisive. American involvement in Vietnam nearly tore the nation apart, and the war's repercussions remain a part of the public consciousness. Written by military historian Donald Gilmore and edited by D.M. Giangreco—author of Eyewitness D-Day—Eyewitness Vietnam traces the history of America's longest war, illuminating its causes, battles, and aftereffects, its unfolding and unraveling. Accompanied by maps and nearly 250 photographs—many seen here for the first time—each chapter highlights a specific operation and special feature of the fighting, from the Viet Cong's guerrilla tactics to the MIA issue. And, just as in the bestselling Eyewitness D-Day, numerous interviews with first-hand participants, both American and Vietnamese, present a compelling, intimate, and deeply personal view of this tumultuous time. "I never had the thought that our mission wasn't worth it. I questioned the rules by which we had to operate...those were dumb. Those cost lives."—Major Leo Thorsness, Wild Weasel squadron pilot, Medal of Honor recipient  
*Like Rolling Thunder* Bloomsbury Publishing  
A heavily-illustrated coffee-table book on U.S. Naval operations in the Vietnam War.

*The Quiet Americans* Rowman & Littlefield

It was the war that lasted ten thousand days. The war that inspired scores of songs. The war that sparked dozens of riots. And in this stirring chronicle, Pulitzer Prize-winning journalist Philip Caputo writes about our country's most controversial war -- the Vietnam War -- for young readers. From the first stirrings of unrest in Vietnam under French colonial rule, to American intervention, to the battle at Hamburger Hill, to the Tet Offensive, to the fall of Saigon, *10,000 Days of Thunder* explores the war that changed the lives of a generation of Americans and that still reverberates with us today. Included within *10,000 Days of Thunder* are personal anecdotes from soldiers and civilians, as

well as profiles and accounts of the actions of many historical luminaries, both American and Vietnamese, involved in the Vietnam War, such as Richard M. Nixon, General William C. Westmoreland, Ho Chi Minh, Joe Galloway, Dr. Martin Luther King Jr., Lyndon B. Johnson, and General Vo Nguyen Giap. Caputo also explores the rise of Communism in Vietnam, the roles that women played on the battlefield, the antiwar movement at home, the participation of Vietnamese villagers in the war, as well as the far-reaching impact of the war's aftermath. Caputo's dynamic narrative is highlighted by stunning photographs and key campaign and battlefield maps, making *10,000 Days of Thunder* THE consummate book on the Vietnam War for kids.
