Sacred and Secular Intersections in Music of the Long Nineteenth Century: Church, Stage, and Concert Hall explores interconnections of the sacred and the secular in music and aesthetic debates of the long nineteenth century. The essays in this volume view the category of the sacred not as a monolithic attribute that applies only to music written for and performed in a religious ritual. Rather, the "sacred" is viewed as a functional as well as a topical category that enhances the discourse of cross-pollination of musical vocabularies between sacred and secular compositions, church and concert music. Using a variety of methodological approaches, the contributors articulate how sacred and religious identities coalesce, reconcile, fuse,

or intersect in works from the long nineteenth century that traverse an array of genres and compositional styles.

An award-winning Black feminist music critic takes us on an epic journey through radical sound from Bessie Smith to Beyoncé. Daphne A. Brooks explores more than a century of music archives to examine the critics, collectors, and listeners who have determined perceptions of Black women on stage and in the recording studio. How is it possible, she asks, that iconic artists such as Aretha Franklin and Beyoncé exist simultaneously at the center and on the fringe of the culture industry? *Liner Notes for the Revolution* offers a startling new perspective on these acclaimed figures—a perspective informed by the overlooked contributions of other Black women concerned with the work of their musical peers. Zora Neale Hurston appears as a sound archivist and a performer, Lorraine Hansberry as a queer Black feminist critic of modern culture, and Pauline Hopkins as America's first Black female cultural commentator. Brooks tackles the complicated racial politics of blues music recording, song collecting, and rock and roll criticism. She makes lyrical forays into the blues pioneers Bessie Smith and Mamie Smith, as well as fans who became critics, like the record-label entrepreneur and writer Rosetta Reitz. In the twenty-first century, pop superstar Janelle Monáe's liner notes are recognized for their innovations, while
