Natchez Burning Vintage

As a young man, American Louis Sarno heard a song on the radio that gripped his imagination. With some funding from musician Brian Eno, he followed the mysterious sounds all the way to the Central African rain forest and found their source with the Bayaka Pygmies, a tribe of hunters and gatherers. Nothing could have prepared him for life among the Pygmies, a people legendary for their short stature and musical wealth. Sarno never left. Considered outwardly lazy by some, scrounging, and near alcoholic, the Pygmies Sarno met had seemingly lost all desire to hunt or make music. Only after he had lived with them for some time (on

a diet of tadpoles) was he allowed to join them in the rain forest where they still in relative harmony with nature. There Sarno experienced the extraordinary beauty and spiritual sophistication of their culture and the supreme importance of music as the principal means by which they communicate with the rain forest and its magical spirits. Over the decades Sarno has recorded more than 1,000 hours of unique Bayaka music. He is a fully accepted member of the Bayaka society and married a Bayaka woman. Permanently changed by his experience and captivated by a Bayaka culture, In Song from the Forest Sarno has chronicled his attempt to protect the fragile existence of the Pygmies in an increasingly destructive world. Once, when his son, Samedi, became seriously ill and Sarno feared for his life, he held his son in his

arms through a frightful night and made him a promise: "If you get through this, one day I'll show you the world I come from." Now the time has come to fulfill his promise. In a new major documentary film, Sarno tells the story of the Bayaka as he travels with Samedi from the African rain forest to another jungle, one of concrete, glass, and asphalt: New York City. Together, they meet Louis' family and old friends, including his closest friend from college, Jim Jarmusch. Carried by the contrasts between rainforest and urban America, and a fascinating soundtrack, Louis' and Samedi's stories are interwoven to form a touching portrait of an extraordinary man and his son. SONG FROM THE FOREST is a modern epic film set between rainforest and skyscrapers. *Merchants of Death* Simon and Schuster A deluxe, full-color collection of the most

striking posters from Hollywood's greatest era includes the often surprising tales of their creation.

From #1 New York Times bestselling author Greg Iles comes the first novel in his Natchez Burning trilogy—which also includes *The Bone Tree* and the upcoming *Mississippi Blood*—an epic trilogy that interweaves crimes, lies, and secrets past and present in a mesmerizing thriller featuring Southern lawyer and former prosecutor Penn Cage. Raised in the southern splendor of Natchez, Mississippi, Penn Cage learned all he knows of duty from his father, Dr. Tom Cage. But now the beloved family doctor has been accused of murdering the African American nurse with whom he worked in the dark days of the 1960s. Once a crusading prosecutor, Penn is determined to save his father, but Tom, stubbornly invoking doctor-patient privilege, refuses even to speak in his own defense. Penn's quest for the truth sends him deep into his father's past, where a sexually charged secret lies. More chilling, this long-buried sin is only one thread in a conspiracy of greed and murder involving the vicious Double Eagles, an offshoot of the KKK controlled by some of the most powerful men in the state. Aided by a dedicated reporter privy to Natchez's oldest secrets and by his fiancée, Caitlin Masters, Penn uncovers a trail of corruption and brutality that places his family squarely in the Double Eagles' crosshairs. More Than Bollywood HarperCollins

This is the first book to tackle the diverse styles and multiple histories of popular music in India. It brings together fourteen of the world's leading scholars on Indian popular music to contribute chapters on a range of topics from the classic songs of Bollywood to contemporary remixes, summarized by a reflective afterword by popular music scholar Timothy Taylor. The chapters in this volume address the impact of media and technology on contemporary music, the variety of industrial developments and contexts for Indian popular music, and historical trends in popular music development both before

and after the Indian Independence in 1947. The book identifies new ways of engaging popular music in India beyond the Bollywood musical canon, and offers several case studies of local and regional styles of music. The contributors address the subcontinent's historical relationships with colonialism, the transnational market economies, local governmental factors, international conventions, and a host of other circumstances to shed light on the development of popular music throughout India. To illustrate each chapter author's points, and to make available music not easily accessible in North America, the book features an Oxford web music companion website of audio and video tracks.
