### The Night Trilogy HMH

In the colony of New Spain, where the once great Aztec people have been enslaved, Cristo the Bastard, a boy possessing the blood of both Aztec and Spanish royalty, follows his destiny to become the founder of a proud new people.

*A Novel* Penguin

A sweeping, authoritative history of 16th-century Spain and its legendary conquistadors, whose ambitious and morally contradictory campaigns propelled a small European kingdom to become one of the formidable empires in the world “The depth of research in this book is astonishing, but even more impressive is the analytical skill Cervantes applies. . . . [He] conveys complex

arguments in delightfully simple language, and most importantly knows how to tell a good story.” —The Times (London) Over the few short decades that followed Christopher Columbus's first landing in the Caribbean in 1492, Spain conquered the two most powerful civilizations of the Americas: the Aztecs of Mexico and the Incas of Peru. Hernán Cortés, Francisco Pizarro, and the other explorers and soldiers that took part in these expeditions dedicated their lives to seeking political and religious glory, helping to build an empire unlike any the world had ever seen. But centuries later, these conquistadors have become the stuff of nightmares. In their own time, they were glorified as heroic adventurers, spreading Christian culture and helping to build an empire unlike any the world had ever seen. Today, they stand condemned for their cruelty and exploitation as men who decimated ancient civilizations and carried out horrific atrocities

in their pursuit of gold and glory. In *Conquistadores*, acclaimed Mexican historian Fernando Cervantes—himself a descendent of one of the conquistadors—cuts through the layers of myth and fiction to help us better understand the context that gave rise to the conquistadors' actions. Drawing upon previously untapped primary sources that include diaries, letters, chronicles, and polemical treatises, Cervantes immerses us in the late-medieval, imperialist, religious world of 16th-century Spain, a world as unfamiliar to us as the Indigenous peoples of the New World were to the conquistadors themselves. His thought-provoking, illuminating account reframes the story of the Spanish conquest of the New World and the half-century that irrevocably altered the course of history.

**The Spanish Civil War and the World it Made** Wipf and Stock Publishers

Three works deal with a concentration camp survivor, a hostage holder in Palestine, and a recovering accident victim.

**Witness** Lake Union Publishing

Ani, a twelve-year-old Basque girl, and Mathias, a fourteen-year-old German Jew, become friends and then spies in the weeks leading up to the bombing of Guernica in April 1937.

**GI Sg Auto/Ms Jane Pitman** Gale, Cengage

An autobiographical narrative, in which the author describes his experiences in Nazi concentration camps.

**War Stories** Spark Notes

This much-needed guide to translated literature offers readers

the opportunity to hear from, learn about, and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions. • Over 1,000 annotated contemporary world fiction titles, featuring author's name; title; translator; publisher and place of publication; genre/literary style/story type; an annotation; related works by the author; subject keywords; and original language • 9 introductory overviews about classic world fiction titles • Extensive bibliographical essays about fiction traditions in other countries • 5 indexes: annotated authors, annotated titles, translators, nations, and subjects/keywords

*A Theoretical Introduction* ABC-CLIO

Recounts some of the stories of the wisdom and folly in the life of the legendary King Solomon.

**The Tuscan Child** Greenwood Publishing Group

The original CliffsNotes study guides offer expert commentary on major themes, plots, characters, literary devices, and historical background. In CliffsNotes on Wiesel's *Night*, you follow the humanistic first-person account of a teenage boy's incarceration by the Nazi Secret Service in World War II; his experiences in the Auschwitz and Buchenwald death camps; and his struggle to find meaning among the horror. Covering little more than a year of the young narrator's life, this study guide shares a story about endurance, loyalty, and faith — all nurtured by the strength of love. Other features that help you figure out this important work include Life and background of the author, Dr. Elie Wiesel A list of characters A historical timeline of Nazi Germany A review section that tests your knowledge and suggests essay topics A selected bibliography that leads you to more great resources Classic

literature or modern-day treasure — you'll understand it all with expert information and insight from CliffsNotes study guides.

*Splendor, Decline, and Rediscovery of Yiddish in Latin America*

McGraw-Hill Education

A Washington Post Best Book of the Year: A "hypnotic" novel of the Spanish Civil War and one man's quest to escape it (Colm Tóibín, *The New York Review of Books*). October 1936. Spanish architect Ignacio Abel arrives at Penn Station, the final stop on his journey from war-torn Madrid, where he has left behind his wife and children, abandoning them to uncertainty. Crossing the fragile borders of Europe, Ignacio reflects on months of fratricidal conflict in his embattled country, his transformation from a bricklayer's son to a respected bourgeois husband and professional, and the all-consuming love affair with an American woman that forever altered his life. Winner of the 2012 Prix Méditerranée Étranger and hailed as a masterpiece, *In the Night of Time* is a sweeping, grand novel and an indelible portrait of a shattered society, written by one of Spain's most important contemporary novelists. "Labyrinthine and spellbinding . . . One of the most eloquent monuments to the Spanish Civil War ever to be raised in fiction." —*The Washington Post*, "The Top 50 Fiction Books for 2014" "An astonishingly vivid narrative that unfolds with hypnotic intensity by means of the constant interweaving of time and memory . . . Tolstoyan in its scale, emotional intensity and intellectual honesty." —*The Economist* "Epic . . . Intoxicating prose." —*Entertainment Weekly* "A War and Peace for the Spanish Civil War." —*Publishers Weekly*

Night, Dawn, Day Yearling

"The Spanish Civil War (1936-1939) inspired and haunted an extraordinary number of exceptional artists and writers, including Pablo Picasso, Joan Miro, Martha Gelhorn, Ernest Hemingway, George Orwell, and John Dos Passos. It spurred breakthroughs in

military and medical technology. New aircraft, weapons, tactics, and strategy all emerged in the intense Spanish conflict. Progress also arose from the horror: doctors and nurses who volunteered to serve with the Spanish defenders devised major advances in battlefield surgery and frontline blood transfusion. Rhodes takes us into the battlefields, bomb shelters, and hospitals; into the studios of artists; and into the hearts and minds of a rich cast of characters, showing how the ideological, aesthetic, and technological developments that emerged in Spain changed the world forever." --

*GI Night/Rel Rdgs Grade 10 00 Greenwillow Books*

"Drawing on individual biographies (including those of colonial officials accused of secretly practicing Judaism), family histories, Inquisition records, letters, and other primary sources, Hordes provides a detailed account of the economic, social, and religious lives of crypto-Jews during the colonial period and after the annexation of New Mexico by the United States in 1846"--Jacket.

On the Road from San Juan Hill to Guantánamo Thorndike

Striving Reader

The fascinating narrative of the remarkable life of Junípero Serra, the intrepid priest who led Spain and the Catholic Church into California in the 1700s and became a key figure in the making of the American West. The fascinating narrative of the remarkable life of Junípero Serra, the intrepid priest who led Spain and the Catholic Church into California in the 1700s and became a key figure in the making of the American West In the year 1749, at the age of thirty-six, Junípero Serra left his position as a highly regarded priest in Spain for the turbulent and dangerous New World, knowing he would never return. The Spanish Crown and

the Catholic Church both sought expansion in Mexico—the former in search of gold, the latter seeking souls—as well as entry into the mysterious land to the north called “California.” Serra’s mission: to spread Christianity in this unknown world by building churches wherever possible and by converting the native peoples to the Word of God. It was an undertaking that seemed impossible, given the vast distances, the challenges of the unforgiving landscape, and the danger posed by resistant native tribes. Such a journey would require bottomless physical stamina, indomitable psychic strength, and, above all, the deepest faith. Serra, a diminutive man with a stout heart, possessed all of these attributes, as well as an innate humility that allowed him to see the humanity in native people whom the West viewed as savages. By his death at age seventy-one, Serra had traveled more than 14,000 miles on land and sea through the New World—much of that distance on a chronically infected and painful foot—baptized and confirmed 6,000 Indians, and founded nine of California’s twenty-one missions, with his followers establishing the rest. The names of these missions ring through the history of California— San Diego, San Jose, San Juan Capistrano, Santa Clara, and San Francisco—and served as the epicenters of the arrival of Western civilization, where millions more would follow, creating the California we know today. An impoverished son, an inspired priest, and a potent political force, Serra was a complex man who stood at the historic crossroads between Native Americans, the often brutal Spanish soldiers, and the dictates of the Catholic Church, which still practiced punishment by flogging. In this uncertain, violent atmosphere, Serra sought to protect the indigenous peoples from abuse and to

bring them the rituals and spiritual comfort of the Church even as the microbes carried by Europeans threatened their existence. Beginning with Serra's boyhood on the isolated island of Mallorca, venturing into the final days of the Spanish Inquisition, revealing the thriving grandeur of Mexico City, and finally journeying up the untouched California coast, Gregory Orfalea's magisterial biography is a rich epic that cuts new ground in our understanding of the origins of the United States. Combining biography, European history, knowledge of Catholic doctrine, and anthropology, *Journey to the Sun* brings original research and perspective to America's creation story. Orfalea's poetic and incisive recounting of Serra's life shows how one man changed the future of California and in so doing affected the future of our nation.

*A Novel* McFarland

Elie Wiesel is a master storyteller with the ability to use storytelling as a form of activism. From his landmark memoir *Night* to his novels and numerous retellings of Hasidic legends, Wiesel's literature emphasizes storytelling, and he frequently refers to himself as a storyteller rather than an author or historian. In this work, essays examine Wiesel's roots in Jewish storytelling traditions; influences from religious, folk, and secular sources; education; Yiddish background; Holocaust experience; and writing style. Emphasized throughout is Wiesel's use of multiple sources in an effort to reach diverse audiences.

**A Thunderous Whisper** Macmillan

This long-awaited memoir is a joy to read, an instrumental guide to translating, and a look at the life of one of its great practitioners.

Bloomsbury Publishing USA

*The Night Trilogy* Night, Dawn, Day Macmillan

*A Guide to Literature in Translation* Simon and Schuster

After the accession of Elizabeth I in 1558, Protestant England was beset by the hostile Catholic powers of Europe, including Spain. In October 1585, King Philip II of Spain declared his intention to destroy Protestant England and began preparing invasion plans, leading to an intense intelligence war between the two countries and culminating in the dramatic sea battles of 1588. Popular history dictates that the defeat of the Spanish Armada was a David versus Goliath victory, snatched by plucky and outnumbered English forces. In this tightly written and fascinating new history, Robert Hutchinson explodes this myth, revealing the true destroyers of the Spanish Armada—inclement weather and bad luck. Of the 125 Spanish ships that set sail against England, only 60 limped home, the rest wrecked or sank with barely a shot fired from their main armament. In this dramatic hour-by-hour, blow-by-blow account of the Spanish Armada's attempt to destroy Elizabeth's England, Hutchinson spins a compelling and unbelievable narrative. Using everything from contemporary eyewitness accounts to papers held by the national archives in Spain and the United Kingdom, Robert Hutchinson re-creates one of history's most famous episodes in an entirely new way.
