**Pratibha India** Oxford University Press, USA

'A product of immaculate scholarship, refined rumination and humane sensibility — drawing upon little known or forgotten bits of history, mythology, literature, and personal encounters with exceptional individuals, this excellent book urges us to reflect on our predicament as a people.' GEETANJALI SHREE 'Another India is a metaphor for rich cultural diversity. It is a tapestry that

lucidly marks the criss-crossing of intellectual currents which run through people, memories and events — between the regions and the nation, between the particular and the universal.' GOPAL GURU 'This collection of essays, informed by an immersion in the texture of South Indian literary life and a vigorous humanism, provides an unusual and wonderful introduction to the diverse lineages of Indian cultural and intellectual experiences.' PRATAP BHANU MEHTA 'Few books in the social sciences can connect culture, policy, politics and folklore and yet remain playful. Chandan Gowda's Another India represents such a cultural anthropology at its best. Effortlessly weaving the topical and the classical, and traversing the world of women Sufis, barbers, akhadas and also providing wonderful anecdotes and insights about legends like Ambedkar, Kuvempu and Lohia, this anthology is a festival of Indian diversity at its best. This is a brilliant book of insights, a book that elaborates how culture, people and creativity add to the making of the democratic imagination.' SHIV VISVANATHAN 'This playful assemblage of slices of local and translocal cultures of India — including the mythic and the folk — are accompanied by glimpses into some of the country's finest minds. Together they give the book a certain charm that is matched by the author's easy, empathic, non-judgemental style.' ASHIS NANDY "Ram is the perfection of the limited personality,

Krishna of the exuberant personality and Siva of the non[1]dimensional personality.” Lohia’s elaboration of these “categories of perfection” is an absolute delight. During his entire career, Sir M Visversvaraya carried two pens on him, one of which belonged to the government and the other to him. He always used the former pen for office work and the latter for personal work. After possessing a devotee, a deity called Doddaswamy would start whistling with his fingers in his mouth. His devotees are to address him only through whistles. Another deity from Gulbarga district, Gajalakshmi, expected her devotees to bare all their teeth in her presence. Free ranging, delightful and erudite, Another India opens up the varied dimensions of the past, discloses the subtle facets of religious cosmologies, reveals the plurality within Hinduism and suggests ways of reengaging tradition. It shares exciting stories about lesser-known and well-known figures in our country, from Bhimavva and Mastani Maa to Gandhi and Tagore. This book brings to you the many events, thoughts and people that have been waylaid in our frequent quests for single, mainstream narratives. It brings to you the intricate cultural universe of India, where creative dissent has shaped the ethos, where rich visions and values of living together continue to hold sway in our constant striving to be a better, more just polity and society.

*Indian Poetry Today* Simon and Schuster

Introduction in poetry: nature of poetry, tools, history, terms (periods, styles and movements, technical means, tropes, measures of verse, verse forms, national poetry... Poetry (ancient Greek: ποίεω (poieo) = I create) is traditionally a written art form (although there is also an ancient and modern poetry which relies mainly upon oral or pictorial representations) in which human language is used for its aesthetic qualities in addition to, or instead of, its notional and semantic content. The increased emphasis on the aesthetics of language and the deliberate use of features such as repetition, meter and rhyme, are what are commonly used to distinguish poetry from prose, but debates over such distinctions still persist, while the issue is confounded by such forms as prose poetry and poetic prose. Some modernists (such as the Surrealists) approach this problem of definition by defining poetry not as a literary genre within a set of genres, but as the very manifestation of human imagination, the substance which all creative acts derive from.

The poems in Poems on Nature are divided into spring, summer, autumn and winter to reflect in verse the changes of the seasons and the passing of time. Part of the Macmillan Collectors Library series, featuring expert introductions for your favourite classics. This edition features an introduction by Helen Macdonald, author of the international bestseller, *H is for Hawk*. Since poetry began, there have been poems about nature; it’s a complex subject which has inspired some of the most beautiful poetry ever written. Poets from Andrew Marvell to W. B. Yeats to Emily Brontë have sought to describe the natural environment and our relationship with it. There is also a rich tradition of songs and rhymes, such as ‘Scarborough Fair’, that hark back to a rural way of life which may now be lost, but is brought back to life in the lyrical verses included in this collection.

**Ted Hughes** Moushmi Radhanpara

This innovative casebook introduces readers to wide-ranging critical dialogue about the work of Ted Hughes, one of the most popular and influential British poets of the 20th century. In twelve new essays, international authorities on Hughes examine and debate his work, shedding new light on familiar texts. Split into two parts, the first half of this book examines Hughes' work through cultural contexts, such as postmodernism and the carnivalesque, while the second part uses literary theories including postcolonialism, ecocriticism and trauma theory to interpret his poetry. Providing fresh inspiration and insights into the various diverse ways in which Hughes' writing can be interpreted, this volume is an ideal introduction to both literary theory and the work of Ted Hughes for literature students and scholars alike.

A dazzling collection of poetry, full of beauty and grace.' - Sonia Faleiro, author We see words becoming dance in Jaya's poetry'- Leo Spreksel, Artistic director, Korzo Festival, Netherlands 'In these poems, the colours, images, elements, rhythm and the flow of nature, the spins, swirls and ecstatic movements of the dancer become the poem, in which the meaning is dance itself.' - H S Shivaprakash, Kannada poet and playwright ' These poems will inspire everyone to listen to themselves and to the world around them.' - Sayantani Dasgupta, author Art becomes life seasons the stage trees and flowers conspire till every art mingles, to lose itself, in the heart of the human. Just like the silk saree that evokes jewel-like emotions within its wearer, Jaya Mehta brings a rich and sumptuous feel to poetry in the Poetic Saree. The poems in this collection explore the moods and themes of Indian art, the delights of nature and the landscape of the heart. Performed at the India Dance Festival in Netherlands, published by the Levure Litteraire, and filmed as videos in the 'Poetic Saree project', these poems have already leapt off the written page.

The author has given a message through poems in “My Nature My World” brought out the ongoing struggles with life and times, the ongoing war against the climate change due to activities of man, especially scientific inventions, in his effort to lead a comfortable life. “The Man, The Keeper” brings to fore the struggles of an Anaesthesiologist dealing with patients and activities in the operation rooms, waging grim struggle for the survival of all in his daily dealings while at work. “Himalayan Tsunami” brings out systemic problems in those carrying out activities without aforethought that resulted in the death of budding engineers from Hyderabad on their visit to Kulu, swept away by sudden flowing of water in river Beas let out of the dam. It depicts highly imaginative ability of the author of recapitulating the event in details reported in news daily! Climate sensitive readers will find themselves sailing along the poems and the impact of the modern man’s over indulgent way of living. He gives a clear call to think about sustainable living and making the World a better place.
