Chemical Storylines. New Directions Publishing  
 "Luke's mum is dead. He finds himself in a small, scruffy northern hill town, with a near silent father, who he fears might be trying to drink himself to death. Then he meets Jon. Jon is strange. He wears 1950s clothes, has a side-parting and a twitch. The kids at school call him 'Slackjaw'. When Luke discovers Jon's secret, both their lives are changed for good."--Publisher description.

Aufsätze by Robert Walser

Bibliographie der deutschen vogelkundlichen Literatur von 1480 bis 1850 PLUTÓN EDICIONES X SL

A Schoolboy's Diary brings together more than seventy of Robert Walser's strange and wonderful stories, most never before available in English. Opening with a sequence from Walser's first book, "Fritz Kocher's Essays," the complete classroom assignments of a fictional boy who has met a tragically early death, this selection ranges from sketches of uncomprehending editors, overly passionate readers, and dreamy artists to tales of devilish adultery, sexual encounters on a train, and Walser's service in World War I. Throughout, Walser's careening, confounding, delicious voice holds the reader transfixed.  
Augsburger Abendzeitung New York Review of Books  
 Originally presented as the author's thesis (doctoral)--University College of Swansea, 1991.

Deutsche Nationalbibliographie und Bibliographie des im Ausland erschienenen deutschsprachigen Schrifttums New York : W. W. Norton

Looks at the history of the ninja and their martial arts, demonstrates the use of various weapons, and clears up misconceptions about the ninja.

Nobody Expects the Spanish Inquisition Walter de Gruyter  
 Life on the Mississippi (1883) is a memoir by Mark Twain of his days as a steamboat pilot on the Mississippi River before the

American Civil War. It is also a travel book, recounting his trip along the Mississippi River from St. Louis to New Orleans many years after the war.

Deutscher Literatur-Katalog Little Island Books

Monty Python's Flying Circus was one of the most important and influential cultural phenomena of the 1970s. The British program was followed by albums, stage appearances, and several films, including Monty Python and the Holy Grail, Life of Brian, and Monty Python's The Meaning of Life. In all, the comic troupe drew on a variety of cultural references that prominently figured in their sketches, and they tackled weighty matters that nonetheless amused their audiences. In Nobody Expects the Spanish Inquisition: Cultural Contexts in Monty Python, Tomasz Dobrogoszcz presents essays that explore the various touchstones in the television show and subsequent films. These essays look at a variety of themes prompted by the comic geniuses: Death The depiction of women Shakespearean influences British and American cultural representations Reactions from foreign viewers This volume offers a distinguished discussion of Monty Python's oeuvre, exhibiting highly varied approaches from a number of perspectives, including gender studies, post-structuralism, psychoanalysis, and cultural studies. Featuring a foreword by Python alum Terry Jones, Nobody Expects the Spanish Inquisition will appeal to anyone interested in cultural history and media studies, as well as the general fans of Monty Python who want to know more about the impact of this groundbreaking group.

Essence of Ninjutsu McGraw-Hill Companies

A unique and personal portrait of the beloved, legendary Swiss writer, finally in English After a nervous breakdown in 1929, Robert Walser spent the remaining twenty-seven years of his life in mental asylums, closed off from the rest of the world in almost complete anonymity. While at the Herisau sanitarium, instead of writing, Walser practiced another favorite activity: walking. Starting in 1936, Carl Seelig, Walser's friend and literary executor, visited and accompanied him on these walks, meticulously recording their conversations. As they strolled, Walser told stories, shared his daily experiences of the sanatorium, and expressed his opinions about books and art, writing and history. When Seelig asked why he no longer wrote, Walser famously replied: "I'm not here to write, I'm here to be mad." Filled with lively anecdotes and details, Walks with Walser offers the fullest available account of this wonderful writer's inner and outer life.

Literatur und Kritik New Directions Publishing

This professor's great work is possibly the most important book of any sort, probably the most important historical book, certainly the most controversial book to come out of Germany since the war. It had already forced the revision of widely held views in

Germany's responsibility for beginning and continuing World War 1, and of supposed divergence of aim between business and the military on one side and labor and intellectuals on the other.

Thin Ice Createspace Independent Publishing Platform

Puts the development of chemical ideas in the context of social and industrial needs. This book uses OCR terminology, and contains a glossary of the key terms from the specification. It is structured in line with the OCR specification with colour content, photographs and illustrations.

Monatshefte für deutsche Sprache und Pädagogik Rowman & Littlefield

"The Tanners is a contender for Funniest Book of the Year."—The Village Voice The Tanners, Robert Walser's amazing 1907 novel of twenty chapters, is now presented in English for the very first time, by the award-winning translator Susan Bernofsky. Three brothers and a sister comprise the Tanner family—Simon, Kaspar, Klaus, and Hedwig: their wanderings, meetings, separations, quarrels, romances, employment and lack of employment over the course of a year or two are the threads from which Walser weaves his airy, strange and brightly gorgeous fabric. Robert Walser—admired greatly by Kafka, Musil, and Walter Benjamin—is a radiantly original author. He has been acclaimed "unforgettable, heart-rending" (J.M. Coetzee), "a bewitched genius" (Newsweek), and "a major, truly wonderful, heart-breaking writer" (Susan Sontag). Considering Walser's "perfect and serene oddity," Michael Hofmann in The London Review of Books remarked on the "Buster Keaton-like indomitably sad cheerfulness [that is] most hilariously disturbing." The Los Angeles Times called him "the dreamy confectionary snowflake of German language fiction. He also might be the single most underrated writer of the 20th century....The gait of his language is quieter than a kitten's." "A clairvoyant of the small" W. G. Sebald calls Robert Walser, one of his favorite writers in the world, in his acutely beautiful, personal, and long introduction, studded with his signature use of photographs.

German books in print National Geographic Books

A young boy is sent to live with his aunt in northern rural Sweden temporarily when his alcoholic father cannot care for him but runs away when he is moved again to an unpleasant foster home.

Life on the Mississippi Annotated Vantage Press, Inc

This book is a unique storehouse of surprising, thought provoking, fascinating and useful facts about human speech and the written word.

Native Tongues Peter Lang Group Ag, International Academic Publishers

Las Aventuras de Tom Sawyer es una de las más famosas obras del escritor norteamericano Mark Twain (1835-1910). La novela narra parte de la infancia de Tom Sawyer y sus amigos, en el

pueblo ficticio de St. Petersburg, Missouri. Como la mayoría de la obra de Twain, la historia se aprovecha de la sátira y el humor para pintar un interesante cuadro de la vida en su país, sin perder de vista el comentario social y una trama muy entretenida. Contienen actividades de comprensión lectora al final del libro.

Deutsches Literatur-Lexikon: Erni - Fischer

Bushid?, the way of the warrior, is deeply bound to the rich history of the martial traditions of Japan, which have drawn generations of devotees, as well as awe and respect worldwide. Of all the martial arts, b?-jutsu, or stick fighting, is one of the least understood and most intriguing, having been largely hidden for centuries. In Advanced Stick Fighting, Masaaki Hatsumi, the most renowned bud? and ninja grandmaster in the world, and author of Stick Fighting and The Way of the Ninja, reveals some of the secrets surrounding this revered fighting art. Hatsumi offers the reader thoughtful reflections on bushid?, its venerable history, and its role in today's world. He also discusses the origins of b?-jutsu, which he sees as inexorably linked to the evolution of

humankind; it is both universal and timeless. While the highly acclaimed and long-selling Stick Fighting dealt mainly with self-defense using short sticks, this book reveals to the reader a number of advanced techniques using medium and long sticks that were originally used by samurai swordsmen and military commanders. Lavish illustrations accompany the explanations and help further demonstrate the graceful, mysterious movements of stick fighting. The original Japanese text is also included in the appendix. This book will be an important addition to the libraries of readers who are seriously interested in pursuing the more advanced applications of stick fighting. It will also deepen readers' understanding of bushid? in general, and bring them closer to Hatsumi's personal philosophy -- that only through complete devotion to the martial arts as a way of life can self-enlightenment be attained, and that the wisdom gained through this can promote a true and lasting world of peace.

*Monatshfte Für Deutschen Unterricht*

This sixth book in the Portraits of Pioneers in Psychology Series preserves the diversity that has characterized earlier volumes as it brings to life psychologists who have made substantial contributions to the field of the history of psychology. These

chapters illustrate the pioneering endeavors of such significant figures, and are written in a lively, engaging style by authors who themselves have achieved a reputation as excellent scholars in the history of psychology. Several of the chapters are based on the author's personal acquaintance with a pioneer, and new, previously unavailable information about these luminaries is presented in this volume. Each of these volumes provides glimpses into the personal and scholarly lives of 20 giants in the history of psychology. Prominent scholars provide chapters on a pioneer who made important contributions in their own area of expertise. A special section in each volume provides portraits of the editors and authors, containing interesting information about the relationship between the pioneers and the psychologists who describe them. Utilizing an informal, personal, sometimes humorous, style of writing, the books will appeal to students and instructors interested in the history of psychology. Each of the six volumes in this series contains different profiles, thereby bringing more than 120 of the pioneers in psychology more vividly to life. *Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen* Österreichische monattschrift.
