WESTON MANN

Harper Collins

As in the author's previous picture book, *Window*, this book is observed through the window of a house in a typical urban neighbourhood, each picture shows time passing. This is *Window* in reverse, with the land being reclaimed from built-up concrete to a gradual greening.

Pete the Sheep NSTA Press

J.K. Rowling, one of the world's most inspiring writers, shares her wisdom and

advice. In 2008, J.K. Rowling delivered a deeply affecting commencement speech at Harvard University. Now published for the first time in book form, *VERY GOOD LIVES* presents J.K. Rowling's words of wisdom for anyone at a turning point in life. How can we embrace failure? And how can we use our imagination to better both ourselves and others? Drawing from stories of her own post-graduate years, the world famous author addresses some of life's most important questions with acuity and emotional force.

Twinkle Renard Press Ltd

This unique and ground-breaking book is

the result of 15 years research and syntheses over 800 meta-analyses on the influences on achievement in school-aged students. It builds a story about the power of teachers, feedback, and a model of learning and understanding. The research involves many millions of students and represents the largest ever evidence based research into what actually works in schools to improve learning. Areas covered include the influence of the student, home, school, curricula, teacher, and teaching strategies. A model of teaching and learning is developed based on the notion of visible

teaching and visible learning. A major message is that what works best for students is similar to what works best for teachers – an attention to setting challenging learning intentions, being clear about what success means, and an attention to learning strategies for developing conceptual understanding about what teachers and students know and understand. Although the current evidence based fad has turned into a debate about test scores, this book is about using evidence to build and defend a model of teaching and learning. A major contribution is a fascinating benchmark/dashboard for comparing many innovations in teaching and schools.

Enhancing English Learning Kane/Miller Book Publishers, Inc.

In this beautiful photographic book for young children, Bob Randall explains, in a simple but effective way, the Anangu people's relationship to all that is around them, and why we must learn to care for the earth, its plants and its creatures.

Going Bush Frances Lincoln

In this charming story of one guy's efforts to get it together when his life is falling apart, award-winning author Fiona Wood

introduces an irresistible voice and a delightfully awkward character who is impossible to forget. 1. Kiss Estelle. 2. Get a job. 3. Cheer my mother up. 4. Try not to be a complete nerd/loser. 5. Talk to my father when he calls. 6. Figure out how to be good. Nerd-boy Dan Cereill is not quite coping with a whole heap of problems, including a reversal of family fortune, moving, new-school hell, a mother with a failing wedding cake business, a just-out gay dad, and a massive crush on Estelle, the girl next door. His life is a mess, but for now he's narrowed it down to just six impossible things....

The Lost Boy Seven Stories Press

There's no cutting corners on this durable edition featuring Pete and other favourite friends at Sean's Sheep Salon. the award-winning team behind *Diary of a Wombat* have joined forces again to create another highly amusing picture book. Sean is a shearer and instead of a sheepdog to help him, he's got a sheep sheep - Pete. After being rejected by the other shearers and their dogs, Sean and Pete set up a sheep salon in town. Sheep from everywhere arrive to have their wool shorn in the latest style and even the shearers' dogs

end up arriving for a cut in order to look gorgeous. Jackie and Bruce have created the perfect combination of words and illustrations in this irreverent look at the world of sheep shearing. Ages 4-9

Teaching Health and Physical Education in Early Childhood and the Primary Years Springer Science & Business Media

Understand where we came from. Whether you're an avid student of the Bible or a skeptic of its relevance, *The Book That Made Your World* will transform your perception of its influence on virtually every facet of Western civilization. Indian philosopher Vishal Mangalwadi reveals the personal motivation that fueled his own study of the Bible and systematically illustrates how its precepts became the framework for societal structure throughout the last millennium. From politics and science, to academia and technology, the Bible's sacred copy became the key that unlocked the Western mind. Through Mangalwadi's wide-ranging and fascinating investigation, you'll discover: What triggered the West's passion for scientific, medical, and technological advancement How the

biblical notion of human dignity informs the West's social structure and how it intersects with other worldviews How the Bible created a fertile ground for women to find social and economic empowerment How the Bible has uniquely equipped the West to cultivate compassion, human rights, prosperity, and strong families The role of the Bible in the transformation of education How the modern literary notion of a hero has been shaped by the Bible's archetypal protagonist Journey with Mangalwadi as he examines the origins of a civilization's greatness and the misguided beliefs that threaten to unravel its progress. Learn how the Bible transformed the social, political, and religious institutions that have sustained Western culture for the past millennium, and discover how secular corruption endangers the stability and longevity of Western civilization. Endorsements: "This is an extremely significant piece of work with huge global implications. Vishal brings a timely message." (Ravi Zacharias, author, *Walking from East to West and Beyond Opinion*) "In polite society, the mere mention of the Bible often introduces a certain measure of anxiety. A serious

discussion on the Bible can bring outright contempt. Therefore, it is most refreshing to encounter this engaging and informed assessment of the Bible's profound impact on the modern world. Where Bloom laments the closing of the American mind, Mangalwadi brings a refreshing optimism." (Stanley Mattson, founder and president, C. S. Lewis Foundation) "Vishal Mangalwadi recounts history in very broad strokes, always using his cross-cultural perspectives for highlighting the many benefits of biblical principles in shaping civilization." (George Marsden, professor, University of Notre Dame; author, *Fundamentalism and American Culture*) Where the Forest Meets the Sea Samuel French, Inc. Nate's not happy about his family moving to a new house in a new town. After all, nobody asked him if he wanted to move in the first place. But when he discovers a tape recorder and note addressed to him under the floorboards of his bedroom, Nate is *Nyuntu Ninti (what You Should Know)* National Geographic Books Unsettling, dramatic and ultimately richly rewarding, Fox is a book unlike any other.

The tale of a partnership between Magpie and Dog and the triangle that results when Fox appears, it is rich in allegory, ripe for discussion and radiant in illustration. With complexities that resonate throughout the seemingly simple story line, Fox is at the same time confusing, powerful, and thought provoking. It is a raw, open, book that combines potent prose with equally potent illustrations to touch readers - adults and children alike.

The Shape of Text to Come Simon and Schuster

Depicts people around the world collecting, chilling, and drinking water.

A Cool Drink of Water Bloomsbury Publishing

Teaching Health and Physical Education in Early Childhood and the Primary Years offers a practical resource for pre-service teachers that covers Health and Physical Education (HPE) in child development from birth to 12 years of age whilst linking to the Early Years Learning Framework and the Australian Curriculum. Practical and engaging, the text examines the importance of HPE for children and how this can be taught effectively in early childhood settings and schools. Covering

fundamental movement skills, sports specific skills and game-based pedagogies, the book will have implications for a range of disciplines including the sport sciences, human movement studies, health and education, social policy and physical education. Supported by a range of learning materials such as critical investigations, case studies and videos, *Teaching Health and Physical Education in Early Childhood and the Primary Years* provides students with the knowledge, and understanding to enhance wellbeing and equip them with the skills to inspire a healthy lifestyle in the children they teach.

Teach Like a Champion 2.0 Routledge Australia is a continent of many and varied landscapes. Each of them is dramatic and all inspire awe and reverence. In this glorious book, Aboriginal artist Bronwyn Bancroft explores both the country and her feelings for it.

Mindful Monkey, Happy Panda Poppy We should have harmony among people who live on this beautiful planet. We should make friends with people we don't know. We should play, share and have trust with everyone. - Mohammed On this

journey I experienced the bush and I experienced life. I also found a brand-new way to learn, and know new things. - Christine We worked together, made friends, and played together. I learned about ngurra, trees and plants, animals and Aboriginal people. - Alban In 2005 author Nadia Wheatley and artist Ken Searle developed a Harmony Project with sixteen students from eight infant and primary schools in Sydney - some Muslim, some Catholic, some government schools. As well as experiencing the harmony of the natural environment, the children were encouraged to learn about harmony between the traditional owners and the land, and to find harmony in friendship and collaboration. *Going Bush* showcases some of the students' illustration and writing, linked together with art and design by Ken Searle and a narrative by Nadia Wheatley.

Visible Learning IAP

My father says there has been a forest here for over a hundred million years," Jeannie Baker's young protagonist tells us, and we follow him on a visit to this tropical rain forest in North Queensland, Australia. We walk with him among the ancient trees

as he pretends it is a time long ago, when extinct and rare animals lived in the forest and aboriginal children played there. But for how much longer will the forest still be there, he wonders? Jeannie Baker's lifelike collage illustrations take the reader on an extraordinary visual journey to an exotic, primeval wilderness, which like so many others is now being threatened by civilization.

Rethinking Educational Practice Through Reflexive Inquiry Little, Brown

Age range 9 to 12 Marnie Clark of Curdie Vale can ride but she doesn't have a horse. She dreams of owning one and having the whole world to ride it in. Before too long Marnie is gifted Mrs Margaret 'Maggie' Whitlam, a beautiful, big Clydesdale - bold, fearless and able to jump anything. From the very first ride, Marnie and Maggie get more adventure than they bargained for. Soon Marnie is learning to negotiate newfound friendships, pony club and how to stand up for what she believes in. Will her friendship with George Costa, another outsider, make being accepted harder? Or will being true to yourself be the hardest decision Marnie makes?

Belonging Walker

Susan Groundwater-Smith is one of the most influential voices in the world of educational practitioner inquiry. The convener in Australia of the Coalition of Knowledge Building Schools, she is a staunch advocate of innovative methods of practitioner inquiry with a particular emphasis upon student voice and the use of images in capturing young people's perspectives on their learning experience. So it is more than fitting that this unique text on practitioner inquiry and teacher professional learning is dedicated to her. *Rethinking Education Practice Through Reflexive Inquiry* is a compilation of essays that explore contemporary issues in practitioner inquiry and action research from the perspective of both university-based and school-based authors. The essays discuss the practical, political and theoretical dimensions of practitioner inquiry, advancing the argument that the adoption of an inquiring approach to practice is both an integral dimension of teachers' work in the modern school as well as critical to effective and authentic professional learning. And the essays draw on the work of Groundwater-Smith to

demonstrate the benefits brought to bear on schools, teachers and learners when the complex nature of the relationship between inquiry and practice is understood and acted upon in pursuit of democratic knowledge interests.

Six Impossible Things Allen & Unwin

In the cleft of a rock, on the crest of a hill, grows a tree that belongs to no-one and to everyone. When a little baby girl is found swinging in the branches of the tree, the villagers name her Tiranamba Adesimbo Mbobo and love her as if she were their own. But Tiranamba never speaks a word. When the life-giving tree is threatened, Tiranamba finds her voice, and her bravery saves the village.

Year 9 NAPLAN-style Literacy Tests*

Thomas Nelson

A deeply moving and award-winning graphic novel about a young Syrian refugee. Zenobia was once a great warrior queen of Syria whose reign reached from Egypt to Turkey. She was courageous. No one gave her orders. Once she even went to war against the emperor of Rome. When things feel overwhelming for Amina, her mother reminds her to think of Zenobia and be strong. Amina is a Syrian

girl caught up in a war that reaches her village. To escape the war she boards a small boat crammed with other refugees. The boat is rickety and the turbulent seas send Amina overboard. In the dark water Amina remembers playing hide and seek with her mother and making dolmas (stuffed grape leaves) and the journey she had to undertake with her uncle to escape. And she thinks of the brave warrior Zenobia. Zenobia is a heartbreaking and all-too-real story of one child's experience of war. Told with great sensitivity in few words and almost exclusively with pictures, Zenobia is a story for children and adults.

Mrs Whitlam Teaching Secondary History

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a

new readership. In *Politics and the English Language*, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's *Politics and the English Language* is just as

relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

[Why I Love Australia](#) John Wiley & Sons
This wonderful picture book for children and adults alike introduces the powerful practice of mindfulness in a fun and exciting way. With the delightful Monkey and his serene friend Happy Panda guiding

readers to a calmer and more attentive mind, this whimsical yet warm presentation will delight all readers. As our story begins, Monkey is not so mindful - his Monkey Mind constantly jumping from one thing to another - but he encounters a mysterious and playful friend in Happy Panda. Panda helps Monkey recognize the simple joy of doing what you're doing while you're doing it.
