In the Paris of the early
1960s, a host of French
glamour magazines
sprang up, featuring

voluptuous nude pin-up
girls plucked from the
streets and thrust in
front of hungry
cameras in sleazy
backstreet studios,
apartments or remote
country locations.
Magazines like
"Paradise", "Sensation"
and "Pink And Black"
were at the forefront,

featuring scores of these amateur but sexy young women in a multitude of alluring poses and settings. Jean le Baptiste has assembled from his own collection a stunning array of vintage photographs from these magazines, a visual feast which at once takes us back to the fashions and styles of more innocent decades, yet delivers a strong erotic thrill at the rediscovery of these wanton Parisian women in their sexual prime. Paris Pussy Volume Two contains 32 timeless and shamelessly provocative images selected from the "outdoor" section of the print edition (ISBN 978-1-902588-77-3). The Instant USA Today Bestseller! A BuzzFeed Best Romance of 2021! One of Marie Claire's most anticipated romances of 2021! One of Cosmopolitan's most anticipated fall books of 2021! Going toe-to-toe with a brooding Scotsman is rather bold for a respectable suffragist, but when he happens to be one's unexpected husband, what else is an unwilling bride to do? London banking heiress Hattie Greenfield wanted just three things in life: 1. Acclaim as an artist. 2. A noble cause. 3. Marriage to a young lord who puts the

gentle in gentleman.
 Why then does this
 Oxford scholar find
 herself at the altar with
 the darkly attractive
 financier Lucian
 Blackstone, whose
 murky past and
 ruthless business
 practices strike fear in
 the hearts of Britain's
 peerage? Trust Hattie
 to take an invigorating
 little adventure too far.
 Now she's stuck with a
 churlish Scot who just
 might be the end of
 her ambitions.... When
 the daughter of his
 business rival all but
 falls into his lap, Lucian
 sees opportunity. As a
 self-made man, he has
 vast wealth but holds
 little power, and Hattie
 might be the key to
 finally setting long-
 harbored political plans
 in motion. Driven by an
 old desire for revenge,
 he has no room for his
 new wife's

apprehensions or
 romantic notions,
 bewitching as he finds
 her. But a sudden
 journey to Scotland
 paints everything in a
 different light. Hattie
 slowly sees the real
 Lucian and realizes she
 could win everything--
 as long as she is
 prepared to lose her
 heart.

"Edward Lear is well
 known as the brilliant
 writer of nonsense
 poetry, children's
 books, and travel
 books who popularized
 the limerick, and wrote
 verses such as "The
 Owl and the Pussycat."
 But few people are
 aware that Lear was
 one of the most

talented and accomplished painters of natural history subjects in the nineteenth century, and worked with British scientists, collectors, and publishers to make Britain the nexus for scientific investigation and its circulation. One of the best ornithological artists of his generation, Lear published his first book, a monograph on the parrot family, at age 18, and established a format that would be followed by decades by such publishers as John Gould, with whom he worked closely and often anonymously. Over his career, Lear produced a multitude of drawings of birds and mammals from around the world for scientific publications, public institutions, and

individual patrons, not just of English species, but of birds and mammals from Australia, New Zealand, and the Americas. He is also the Lear in the name of the rare species Lear's Macaw. In this book, Peck has assembled the first comprehensive view of this important part of Lear's career. Featuring over 200 illustrations and a foreword by Sir David Attenborough, the book also examines the influence Lear had on modern artists such as Walton Ford and Tony Foster. This new edition includes a new chapter that addresses Lear's continued fascination with wildlife and the natural world after giving up his career as a scientific illustrator, and his

fascination with domestic pets, from his own beloved cat which he cartooned repeatedly, to the portraits of dogs owned by his family and friends, alongside thirteen never-before-published illustrations, including fully finished watercolors, rough preliminary sketches, and whimsical cartoons"--

The first comprehensive undercover look at the terrorist movement no one is talking about. Men Who Hate Women examines the rise of secretive extremist communities who despise women and traces the roots of misogyny across a complex spider web of groups. It includes eye-opening interviews with former members of these communities, the academics studying this movement, and the men fighting back. Women's rights activist Laura Bates wrote this book as someone who has been the target of many hate-fueled misogynistic attacks online. At first, the vitriol seemed to be the work of a small handful of individual

men... but over time, the volume and consistency of the attacks hinted at something bigger and more ominous. As Bates went undercover into the corners of the internet, she found an unseen, organized movement of thousands of anonymous men wishing violence (and worse) upon women. In the book, Bates explores: Extreme communities like incels, pick-up artists, MGTOW, Men's Rights Activists and more The hateful, toxic rhetoric used by these groups How this movement connects to other extremist movements like white supremacy How young boys are targeted and slowly drawn in Where this ideology shows up in our everyday lives in

mainstream media, our playgrounds, and our government By turns fascinating and horrifying, *Men Who Hate Women* is a broad, unflinching account of the deep current of loathing toward women and anti-feminism that underpins our society and is a must-read for parents, educators, and anyone who believes in equality for women. Praise for *Men Who Hate Women*: "Laura Bates is showing us the path to both intimate and global survival."—Gloria Steinem "Well-researched and meticulously documented, Bates's book on the power and danger of masculinity should be required reading for us all."—Library Journal

"Men Who Hate Women has the power to spark social change."—Sunday Times

 Everything was fine until that innocent little rich girl walked into my garage. Since the second I laid my eyes on her, all I've wanted to do is get my dirty hands on her pure body. There's one minor obstacle standing in my way, but I've got a plan. All I've got to do is claim her, and she'll be mine forever. Warning: This book is over-the-top, insta-love. There's nothing but steamy scenes, babies trying to be made, and an obsessed bearded alpha hero claiming a virgin who will be his forever. If you want it hot and dirty, this is it!

whispers There's a sweet smutty surprise at the end!
Words Will Break Cement Pussy Portraits Text in English, French & German. Ever since photography was invented, there were pictures of hairy women. Unfortunately these images have become rare. Fortunately some resistance still holds. When Walter Bosque takes pictures we can see that the models are proud of their furry, naturally grown pubic hair.
Pussy SCB Distributors Written by the creators of the popular website, this rigorously fact-checked, accessible, and fully illustrated guide is essential for anyone with a pussy. If the clitoris and penis are the same size on average, why is the

word “small” in the definition of clitoris but strangely missing from the definition of penis? Sex probably doesn't cause yeast infections? But racism probably does cause BV? Why is masturbating so awesome? How hairy are butt cracks . . . generally? Why is labiaplasty on a global astronomical rise? Does egg freezing really work? Should I stick an egg-shaped rock up there or nah? There is still a shocking lack of accurate, accessible information about pussies and many esteemed medical sources seem to contradict each other. Pussypedia solves that with extensive reviews of peer-reviewed science that address old myths, confusing inconsistencies, and

the influence of gender narratives on scientific research--always in simple, joyful language. Through over 30 chapters, Pussypedia not only gives the reader information, but teaches them how to read science, how to consider information in its context, and how to accept what we don't know rather than search for conclusions. It also weaves in personal anecdotes from the authors and their friends--sometimes funny, sometimes sad, often cringe-worthy, and always extremely personal--to do away with shame and encourage curiosity, exploration, and agency. A gift for your shy niece, your angsty teenager, your confused boyfriend, or

yourself. Our generation's Our Bodies, Ourselves, with a healthy dose of fun. My Absolute Darling Sourcebooks, Inc. Please, God, no more hard things. Nicki Koziarz knows what it's like to whisper those words to God. She understands what it feels like to be flooded by hopelessness and hard situations, wondering if it will ever stop. Hard circumstances often stir something so destructive in a soul: doubt. Through the painful loss of her mom to a brain tumor and her brother to suicide, she has learned that if doubt is left undealt with, it can cause the presence of unbelief to flood our lives--to the point that faith becomes unrecognizable. In the

midst of her pain, Nicki looked through the lens of the biblical account of Noah and discovered five decisions a person can make to help deflect the destruction of doubt. When you are wrestling with doubt and fighting back hopelessness, Flooded will help you: • Quiet the fear that God won't come through by discovering the difference between wishful thinking and biblical hope. • Resist the urge to control the uncontrollable by finding peace in between the problem and the promise. • Find the familiar faithfulness of God in His Word when it feels like nothing is normal and everything is falling apart. The reality of hard times holds a decision for

each of us to find hope. And the decision to find it is yours. But you don't have to do it alone. It's time to rise above doubt, together.

Just when you thought the dust had settled,

and their lives where getting back to normal. Out of nowhere the trickery had began again. What was happening to Pussy Chronicles? Who was going to be in charge? Why was Samantha always here? What really happened to Candace? Could Eva have put us in so deep that no one no longer wanted to be affiliated with us. How were we going to keep our establishment open and regain the respect that we once had. Samantha has some shit up her sleeve. Her deceptive demeanor has baffled us all. It is seemingly never ending. Chronicles of Deception would be more appropriate. The fire in their eyes was still there, the heat between their thighs had to be put out. We

offered all that and more. See how it all turned around or did it...

NATIONAL BOOK

AWARD WINNER • The standout literary debut that everyone is talking about • "Inventive, heartbreaking and acutely funny."—The Guardian A BEST BOOK OF THE YEAR: The New York Times, TIME, NPR, Oprah Daily, People Blandine isn't like the other residents of her building. An online obituary writer. A young mother with a dark secret. A woman waging a solo campaign against rodents — neighbors, separated only by the thin walls of a low-cost housing complex in the once bustling industrial center of Vacca Vale,

Indiana. Welcome to the Rabbit Hutch. Ethereally beautiful and formidably intelligent, Blandine shares her apartment with three teenage boys she neither likes nor understands, all, like her, now aged out of the state foster care system that has repeatedly failed them, all searching for meaning in their lives. Set over one sweltering week in July and culminating in a bizarre act of violence that finally changes everything, *The Rabbit Hutch* is a savagely beautiful and biting snapshot of contemporary America, a gorgeous and provocative tale of loneliness and longing, entrapment and, ultimately, freedom. "Gunty writes with a keen, sensitive eye

about all manner of intimacies—the kind we build with other people, and the kind we cultivate around ourselves and our tenuous, private aspirations."—Raven Leilani, author of *Luster*
Hachette UK
'A guide to counteract medical misogyny' *New Scientist*
'The world's most famous - and outspoken - gynaecologist' *Guardian*
In *The Menopause Manifesto* internationally renowned, New York Times bestselling author Dr Jen Gunter brings you empowerment through knowledge by countering stubborn myths and misunderstandings about menopause with hard facts, real science, fascinating

historical perspective and expert advice. The only thing predictable about menopause is its unpredictability. Factor in widespread misinformation, a lack of research, and the culture of shame around women's bodies, and it's no wonder women are unsure what to expect during the menopause transition and beyond. Menopause is not a disease - it's a planned change, like puberty. And just like puberty, we should be educated on what's to come years in advance, rather than the current practice of leaving people on their own with bothersome symptoms and too much conflicting information. Knowing what is happening, why and what to do about it is both empowering

and reassuring. Frank and funny, Dr Jen debunks misogynistic attitudes and challenges the over-mystification of menopause to reveal everything you really need to know about: * Perimenopause * Hot flashes * Sleep disruption * Sex and libido * Depression and mood changes * Skin and hair issues * Outdated therapies * Breast health * Weight and muscle mass * Health maintenance screening * And much more Filled with practical, reassuring information, this essential guide will revolutionise how women experience menopause - including how their lives can be even better for it!

Catalogue of Authors Whose Works are Published by

Houghton, Mifflin & Company Penguin
Shortlisted for the 2023 Andrew Carnegie Medal for Excellence in Nonfiction and the PEN/E.O. Wilson Literary Science Writing Award One of Five Books Best Literary Science Writing titles in 2023 A New York Times Editors' Choice A Science Friday Best Science Book to Read This Summer A myth-busting voyage into the female body. A camera obscura reflects the world back but dimmer and inverted. Similarly, science has long viewed woman through a warped lens, one focused narrowly on her capacity for reproduction. As a result, there exists a vast knowledge gap when it comes to what

we know about half of the bodies on the planet. That is finally changing. Today, a new generation of researchers is turning its gaze to the organs traditionally bound up in baby-making—the uterus, ovaries, and vagina—and illuminating them as part of a dynamic, resilient, and ever-changing whole. Welcome to Vagina Obscura, an odyssey into a woman's body from a fresh perspective, ushering in a whole new cast of characters. In Boston, a pair of biologists are growing artificial ovaries to counter the cascading health effects of menopause. In Melbourne, a urologist remaps the clitoris to fill in crucial gaps in female sexual anatomy. Given

unparalleled access to labs and the latest research, journalist Rachel E. Gross takes readers on a scientific journey to the center of a wondrous world where the uterus regrows itself, ovaries pump out fresh eggs, and the clitoris pulses beneath the surface like a shimmering pyramid of nerves. This paradigm shift is made possible by the growing understanding that sex and gender are not binary; we all share the same universal body plan and origin in the womb. That's why insights into the vaginal microbiome, ovarian stem cells, and the biology of menstruation don't mean only a better understanding of female bodies, but a better understanding

of male, non-binary, transgender, and intersex bodies—in other words, all bodies. By turns funny, lyrical, incisive, and shocking, *Vagina Obscura* is a powerful testament to how the landscape of human knowledge can be rewritten to better serve everyone.

Pussy Portraits

Penguin

From National Book Award winner Masha Gessen, the heroic story of Pussy Riot, who resurrected the power of truth in a society built on lies. On February 21, 2012, five young women entered the Cathedral of Christ the Savior in Moscow. In neon-colored dresses, tights, and balaclavas, they performed a “punk prayer” beseeching the “Mother of God” to “get rid of Putin.” They

were quickly shut down by security, and in the weeks and months that followed, three of the women were arrested and tried, and two were sentenced to a remote prison colony. But the incident captured international headlines, and footage of it went viral. People across the globe recognized not only a fierce act of political confrontation but also an inspired work of art that, in a time and place saturated with lies, found a new way to speak the truth. Masha Gessen’s riveting account tells how such a phenomenon came about. Drawing on her exclusive, extensive access to the members of Pussy Riot and their families and associates, she reconstructs the

fascinating personal journeys that transformed a group of young women into artists with a shared vision, gave them the courage and imagination to express it unforgettably, and endowed them with the strength to endure the devastating loneliness and isolation that have been the price of their triumph.

Chal Harn 2 Penguin
The Vagina Book is an essential guide packed with invaluable information about sexual health that everybody should know, but might be too afraid to ask. With sections on anatomy, periods, hormones, sex, contraception, fertility, hair care, and so much more, this fun-to-read guide helps readers make healthy decisions for their

bodies. Compelling personal essays from a diverse group of luminary figures—including Margaret Cho, Roxane Gay, and Blair Imani—are sprinkled throughout, enriching the pages with beauty, strength, and honesty.

- From OB/GYN Dr. Jennifer Conti and the team behind the beloved Thinx period products
- Dispenses with taboos and misinformation about vaginas and bodies
- Provides the latest health research in easy-to-digest entries

Advice includes yoga poses to help with PMS and cramping, a cheat sheet for making sense of contraception options, why you should care about your pelvic floor (plus easy strengthening exercises!), and the

illustrated history of feminine hygiene products, from ancient Egypt through today. This groundbreaking guide is a perfect gift for every modern woman and a vital addition to every modern bookshelf. • A must-have handbook for anyone with a vagina • Presented in a luxe, cushioned case filled with more than a hundred vibrant illustrations • Perfect unique gift for anyone who is passionate about sexual health, feminism, and learning more about their body, as well as readers of Refinery29 and GOOP • Add it to the shelf with books like *Come as You Are: The Surprising New Science that Will Transform Your Sex Life* by Emily Nagoski PhD;, *WomanCode: Perfect Your Cycle,*

Amplify Your Fertility, Supercharge Your Sex Drive, and Become a Power Source by Alisa Vitti; and *Pussy: A Reclamation* by Regena Thomashaue. **Book News** B&H Publishing Group Have you ever gotten to the place where you just couldn't take it anymore? Dreams. Programs. Jobs. Relationships. There are so many different areas where we feel like calling it quits. It's time for an honest conversation on how not to give in to the temptation to give up. Nicki Koziarz is a woman who has thrown in the towel a time or two. In fact, she's quit just about everything in her life. But with God's help, she's discovered a few habits that have helped her and others

conquer the choice to quit. 5 Habits of a Woman Who Doesn't Quit will enable you to: Evaluate the internal personal struggles that make you want to quit. Cultivate consistent habits to help you progress toward your goals. Receive a fresh

dose of perspective from the Bible that will help you develop perseverance. You are not made to quit! Join Nicki as she identifies five habits to help you keep going no matter what struggles may come your way.
