 Neil Peart decided to drive his BMW Z-8 automobile from L.A. to Big Bend National Park, in Southwest Texas. As he sped along “between the gas-gulping SUVs and asthmatic Japanese compacts clumping in the left lane, and the roaring, straining semis in the right,” he acted as his own DJ, lining up the CDs chronologically and according to his possible moods. “Not only did the music I listened to accompany my journey, but it also took me on sidetrips, through memory and fractals of associations, threads reaching back through my whole life in ways I had forgotten, or had never suspected.... Sifting through those decades and those memories, I realized that I wasn’t interested in recounting the facts of my life in purely autobiographical terms, but rather ... in trying to unweave the fabric of my life and times. As one who was never much interested in looking back, because always too busy moving forward, I found that once I opened those doors to the past, I became fascinated with the times and their effect on me. The songs and the stories I had taken for granted suddenly had a resonance that had clearly echoed down the corridors of my entire life, and I felt a thrill of recognition, and the sense of a kind of adventure. A travel story, but not so

much about places, but about music and memories.”

The Art of Rush: Serving a Life Sentence New Rivers Press

Inspired by the award-winning poet and actor’s acclaimed one-man play, a powerful coming-of-age memoir that reimagines masculinity for the twenty-first-century male. Award-winning poet, actor, and writer Carlos Andrés Gómez is a supremely gifted storyteller with a captivating voice whose power resonates equally on the live stage and on the page. In one of his most moving spoken-word poems, Gómez recounts a confrontation he once had after accidentally bumping into another man at a club. Just as they were about to fight, Gómez experienced an unexplainable surge of emotion that made his eyes well up with tears. Everyone at the scene jumped back, as if crying, or showing vulnerability, was the most insane thing that Gómez could possibly have done. Like many men in our society, Gómez grew up believing that he had to be ready to fight at all times, treat women as objects, and close off his emotional self. It wasn’t until he discovered acting that he began to see the true cost of squelching one’s emotions—and how aggression dominates everything that young males are taught. Statistics on graduation rates, employment, and teen and young-adult suicide make it clear that the young males in our society are at a crisis point, but Gómez seeks to reverse these ominous trends by sharing the lessons that he has learned. Like Hill Harper’s Letters to a Young Brother, Man Up will be an agent for positive change, galvanizing men—but also mothers, girlfriends, wives, and sisters—to rethink and reimagine the way all men interact with women, deal with violence, handle fear, and express emotion.

As the European Union (EU) launches its common currency (the Euro), Central European (CE) nations are searching for best practices in public liability management in order to smooth their integration into the EU. This work addresses that concern, examining borrowing policies, institution building, portfolio optimization, and the implications of the Euro and EU accession for public debt management. To help the CE countries achieve their goals, the World Bank and the European Commission held a two-day seminar in Brussels in mid-December 1997. European Union Accession presents the papers delivered at that seminar which was attended by all ten EU applicant countries: Bulgaria, the Czech Republic, Estonia, Hungary, Latvia, Lithuania, Poland, Romania, the Slovak Republic, and Slovenia. The workshop pursued the following goals: 1. to investigate the implications of the launch of the Euro and of the EU accession on fiscal prudence and on the borrowing strategies of CE countries; 2. to facilitate the dissemination of the best public liabilities management techniques developed worldwide; and 3. to explore plausible arrangements to promote prudent public liabilities management in Central Europe through a regional expertise network.

Newly expanded and updated, this beautiful coffee table book delves into the 40-year relationship between Rush and their longtime artist and illustrator, with a foreword by drummer and lyricist Neil Peart! Containing original illustrations, paintings, photography, and the incredible stories behind each album that Hugh Syme has designed with the band since 1975. The book's narration was written by music journalist Stephen Humphries and includes in-depth interviews with each Rush band member and the artist. The Art of Rush also contains entertaining anecdotes and commentary from a wide array of notable musicians, actors, athletes, writers, radio personalities, and Rush insiders about their favorite Rush album covers, which clearly reveals how vital and impactful the visual representation of their music has been through the years. One of the hallmark's of Rush releases is the considerable care and consideration that goes into each one--including the conceptual artwork. Readers may be surprised to discover just how much effort went into each concept and the execution for every album cover! Some of the regaled stories include furtively crossing the border for a guerilla-style shoot for *A Farewell to Kings*, trying to herd a warren of rabbits for the cover of *Presto*, descending into the depths of an autopsy lab to find a brain for *Hemispheres*, and a stunt involving fire, whiskey, and photographer Deborah Samuel for *Moving Pictures*. But no history of the band's art would be complete without the story of the creation of arguably the band's most iconic image, *The Starman* from 2112. "From the first time Hugh and I met, we shared a level of communication that would sustain us through all the years of discussing art by long distance," says Rush's Neil Peart. *The Art Of Rush* is a must for fans of Rush, art, and music everywhere.
