In this engaging creative writing workbook, novelist and poet Linda Lappin presents a series of insightful exercises to help writers of all genres—literary travel writing, memoir, poetry, fiction, creative nonfiction—discover imagery and inspiration in the places they love. Lappin departs from the classical concept of the Genius Loci, the indwelling spirit residing in every landscape, house, city, or forest—to argue that by entering into contact with the unique energy and identity of a place, writers can access an inexhaustible source of creative power. The *Soul of Place* provides instruction on how to evoke that power. The writing exercises are drawn from many fields—architecture, painting, cuisine, literature and literary criticism, geography and deep maps, Jungian psychology, fairy tales, mythology, theater and performance art, metaphysics—all of which offer surprising perspectives on our writing and may help us uncover raw materials for fiction, essays, and poetry hidden in our environment. An essential resource book for the writer's library, this book is ideal for creative writing courses, with stimulating exercises adaptable to all genres. For writers or travelers about to set out on a trip abroad, *The Soul of Place* is the perfect road trip companion, attuning our senses to a deeper awareness of place.

Writing a novel is a daunting task, but there are ways to make it a little easier. Many try to simply start with a blank page and write the book. That path leads to discouragement, ten drafts, and eventually a search for other work--unless you're another Stephen King. I knew I needed help but couldn't find anything that gave me what I wanted--something short, to the point, with reminders of what I already knew about what a novel is made up of, how it's constructed, etc. So, I created my own. I now use this format, and it has helped me define my concept, plot line, major scenes, characters and all the rest. It's helped me make progress with a novel that gave me fits for months. Before, I didn't have a concise way to nail down my essential story components; now, I do. This very simple workbook has helped me do it. You know, sometimes, you just have to build your own tools. Bonus: On the last page is an email address where you can get a FREE PDF with fillable computer form blanks to use over and over again.
