What do we think of when we think pink? In this richly illustrated homage to the color, artist Kaye Blegvad explores its significance across history and cultures, from gender connotations to product marketing, symbols and iconography, and more. Through engaging mini essays, interactive exercises, object studies, and interviews, readers will learn about a vibrant miscellany of pink facts and pink occurrences: like iconic applications of the color, from Elvis's cars to cotton candy; or the etymology of phrases like "tickled pink," "pink slip," or "rose-tinted glasses." This ebook will captivate those with a passion for pink and anyone with a curiosity about color.

Betta Fish Chronicle Books

Do you want to take better care of your betta without harming his or her health? Are you tired of reading conflicting information online? Do you just want simple and effective solutions that will allow your little fish roomie to live a long and happy life? If so, then you've come to the right place. Bettas are some of the most popular fish beginner "aquarists" purchase. It's easy to see why! These fish are true beauties, as they float effortlessly and elegantly in an aquarium. They are entertaining to observe as they swim with a sassy confidence around their tank. That's not all though, it has been proven that owning fish (like bettas) has many health benefits. Owning one will improve your mood and reduces stress and anxiety. So

they look beautiful, are said to be easy to care for, and they are readily available at most pet shops. While this is all mostly true, their care should definitely be taken seriously. Caring for a betta is not as simple as putting one of these guys or girls in a fishbowl and dropping in a few flakes or pellets every day. These sassy fish have bright personalities that require the proper environment to flourish. This book will hold your hand through the entire process of caring for a betta. You will learn all about these magical fish. Here's just a tiny fraction of what you'll discover inside... The history of bettas. Learn about the different characteristics bettas have. Why your betta flares... The best ways to purchase a Betta (local stores, big box stores, and online). What size

tank is just the beginning... everything from "cycling" a tank to substrate is covered inside. Bettas are carnivores or more specifically insectivores, any old fish flakes just won't do. These are the best things to feed your betta. More advanced topics like the potential of starting a sorority. The best roommates you can add to your bettas tank. The most common diseases your fish can suffer from and how to treat them. ... and much, much more to help your fish live a "BETTA" life. This is a great book for those looking to get the best information on how to keep their betta happy and healthy. There is a lot of conflicting and overwhelming information out there. This guide simplifies the process and silences the noise. Ready to get started and have

your betta live their best fish life? Then scroll up and click "Add to Cart".

Lost Ocean Courier Corporation

Titles in B.E.S.'s popular series of Pet Handbooks present comprehensive information and helpful advice from breeders, veterinarians, and other pet experts. These full-color books instruct on housing, feeding, healthcare, and more. In *The Betta Handbook*, those interested in these brilliantly colored beginners' fishes will learn how to keep them well-fed and healthy so they can continue to brighten the aquarium tank. This book covers all the Betta varieties.

Entertaining and informative, *Pets in America* is a portrait of Americans' relationships with the cats, dogs, birds,

fishes, rodents, and other animals we call our own. More than 60 percent of U.S. households have pets, and America grows more pet-friendly every day. But as Katherine C. Grier demonstrates, the ways we talk about and treat our pets-- as companions, as children, and as objects of beauty, status, or pleasure-- have their origins long ago. Grier begins with a natural history of animals as pets, then discusses the changing role of pets in family life, new standards of animal welfare, the problems presented by borderline cases such as livestock pets, and the marketing of both animals and pet products. She focuses particularly on the period between 1840 and 1940, when the emotional, behavioral, and commercial characteristics of contemporary pet keeping were

established. The story is filled with the warmth and humor of anecdotes from period diaries, letters, catalogs, and newspapers. Filled with illustrations reflecting the whimsy, the devotion, and the commerce that have shaped centuries of American pet keeping, *Pets in America* ultimately shows how the history of pets has evolved alongside changing ideas about human nature, child development, and community life. This book accompanies a museum exhibit, "Pets in America," which opens at the McKissick Museum in Columbia, South Carolina, in December 2005 and will travel to five other cities from May 2006 through May 2008.

Ornamental Fish Coloring Book James Morelan: Color Your Aquarium Hobby

Harry N. Abrams

From former SNL "Weekend Update" host and legendary stand-up Colin Quinn comes a controversial and laugh-out-loud investigation into cultural and ethnic stereotypes. Colin Quinn has

noticed a trend during his decades on the road-that Americans' increasing political correctness and sensitivity have forced us to tiptoe around the subjects of race and ethnicity altogether. Colin wants to know: What are we all so afraid of? Every ethnic group has differences, everyone brings something different to the table, and this diversity should be celebrated, not denied. So why has acknowledging these cultural differences become so taboo? In *The Coloring Book*, Colin, a native New Yorker, tackles this issue head-on while taking us on a trip through the insane melting pot of 1970s Brooklyn, the many, many dive bars of 1980s Manhattan, the comedy scene of the 1990s, and post-9/11 America. He mixes his incredibly candid and hilarious personal experiences with no-holds-

barred observations to definitively decide, at least in his own mind, which stereotypes are funny, which stereotypes are based on truths, which have become totally distorted over time, and which are actually offensive to each group, and why. As it pokes holes in the tapestry of fear that has overtaken discussions about race, *The Coloring Book* serves as an antidote to our paralysis when it comes to laughing at ourselves . . . and others.

Aquarium Plants ABLEV LLC.

"A collection of 200 of Bob White's best paintings and drawings-of fly fishing, upland and waterfowl hunting, gamefish, birds, and dogs, and landscapes from Alaska to Patagonia. Text and sidebars provide background and highlight the artist's process"--

Betta Fish Wings of Fire

Oceans Coloring Book National Geographic Books

This text describes the temperature, water, fertilizer and light needs of more than 300 aquarium plants. Artificial lighting - lamp types, colour temperatures and mounting - is discussed in detail and the author provides advice on choosing the right plants for an aquarium. Ecological

factors, flower biology and morphology and reproduction methods receive detailed coverage. The book contains colour photographs with nearly all plants depicted with fully developed submerged foliage. Botanists as well as professional and amateur keepers should find this book useful.

The Aquarium Castle Point Books
Journey through dream-like forest scenes, and encounter real and fabulous creatures in this gorgeous new coloring book by Daisy Fletcher, creator of Birdtopia. Beginning in a woodland world of otters, badgers, foxes, and deer, the pages gradually transport you deeper into a flower forest, a magical environment populated with rare and mythical animals such as caracals, squirrel monkeys, muntjacs, and ibex.

Color your way through exotic and wonderful plants – Candy Cane Sorrel, Passion Flowers, and giant Cacti – and you may even discover the fabled unicorn.

The Betta Handbook Courier Corporation

From the creator of the worldwide bestsellers *Secret Garden* and *Enchanted Forest*, a beautiful new coloring book that takes you on a magical journey beneath the waves.

With this coloring book for adults, Johanna Basford invites color-inners of all ages to discover an enchanting underwater world hidden in the depths of the sea. Through intricate pen and ink illustrations to complete, color, and embellish, readers will meet shoals of exotic fish, curious octopuses, and delicately penned seahorses. Visit coral reefs and barnacle-studded shipwrecks, discover intricate shells and pirate treasure. *Secret Garden* and *Enchanted*

Forest fans and newcomers alike will welcome this creative journey into an inky new world. For Lost Ocean, Johanna picked a crisp ivory paper that accentuates and complements your chosen color palette. The smooth, untextured pages allow for beautiful

blending or gradient techniques with colored pencils or are perfect for pens, allowing the nib to glide evenly over the surface without feathering. Filled with stunningly detailed illustrations, Lost Ocean is a blissful and relaxing at-home activity for people of all ages.
