The sixteen short stories collected here were written between 1891 and 1917 by the Bengali poet, writer, painter, musician and mystic, Sir Rabindranath Tagore (1861-1941). Throughout these stories, Tagore's main interest is people and the kaleidoscope of human emotions, as men and women struggle with the restrictions and prohibitions of contemporary Hindu society.

What if our beliefs were not what divided us, but what pulled us together? In *Have a Little Faith*, Mitch Albom offers a beautifully written story of a remarkable eight-year journey between two worlds -- two men, two faiths, two communities -- that will inspire readers everywhere. Albom's first nonfiction book since *Tuesdays with Morrie*, *Have a Little Faith* begins with an unusual request: an eighty-two-year-old rabbi from Albom's old hometown asks him to deliver his eulogy.

Feeling unworthy, Albom insists on understanding the man better, which throws him back into a world of faith he'd left years ago. Meanwhile, closer to his current home, Albom becomes involved with a Detroit pastor -- a reformed drug dealer and convict -- who preaches to the poor and homeless in a decaying church with a hole in its roof. Moving between their worlds, Christian and Jewish, African-American and white, impoverished and well-to-do, Albom observes how these very different men employ faith similarly in fighting for survival: the older, suburban rabbi embracing it as death approaches; the younger, inner-city pastor relying on it to keep himself and his church afloat. As America struggles with hard times and people turn more to their beliefs, Albom and the two men of God explore issues that perplex modern man: how to endure when difficult things happen; what heaven is; intermarriage; forgiveness; doubting God; and the importance of faith in trying times. Although the texts, prayers, and histories are different, Albom begins to recognize a striking unity between the two worlds -- and indeed, between beliefs everywhere. In the end, as the rabbi nears death and a harsh winter threatens the pastor's wobbly church, Albom sadly fulfills the rabbi's last request and writes the eulogy. And he finally understands what both men had been

teaching all along: the profound comfort of believing in something bigger than yourself. *Have a Little Faith* is a book about a life's purpose; about losing belief and finding it again; about the divine spark inside us all. It is one man's journey, but it is everyone's story. Ten percent of the profits from this book will go to charity, including The Hole In The Roof Foundation, which helps refurbish places of worship that aid the homeless.

The grading process can yield rich information about student learning. Effective Grading enables faculty to go beyond using grades as isolated artifacts and helps them make classroom grading processes more fair, time-efficient, and conducive to learning. Classroom assessment of student learning can then contribute to departmental and general-education assessment in ways that meet the needs of institutions and accrediting agencies. Tailored to specific needs of faculty members who seek to make grading a valuable part of student learning and motivation, *Effective Grading* balances assessment theory and hands-on advice. It offers an in-depth examination of the link between teaching and grading and provides concrete guidance on such critical steps as setting and communicating grading standards, developing assignments to grade, managing time spent on grading, and providing feedback for students.

Attitudes of Gratitude Basic Books

In *Going Solo*, the world's favourite storyteller, Roald Dahl, tells of life as a fighter pilot in Africa. 'They did not think for one moment that they would find anything but a burnt-out fuselage and a charred skeleton, and they were astounded when they came upon my still-breathing body lying in the sand nearby.' In 1938 Roald Dahl was fresh out of school and bound for his first job in Africa, hoping to find adventure far from home. However, he got far more excitement than he bargained for when the outbreak of the Second World War led him to join the RAF. His account of his experiences in Africa, crashing a plane in the Western Desert, rescue and recovery from his horrific injuries in Alexandria, flying a Hurricane as Greece fell to the Germans, and many other daring deeds, recreates a world as bizarre and unnerving as any he wrote about in his fiction. 'Very nearly as grotesque as his fiction. The same compulsive blend of wide-eyed innocence and fascination with danger and horror' *Evening Standard* 'A non-stop demonstration of expert raconteurship' *The New York Times Book Review* Roald Dahl, the brilliant and worldwide acclaimed author of *Charlie and the Chocolate Factory*, *James and the Giant Peach*, *Matilda*, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, *Roald Dahl's Twisted Tales* by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

One morning on the outskirts of Damascus, two starving friends are walking through their desolate city and come across a familiar street that has been turned to rubble, concrete bridges towering above them like tombs and houses turned inside out. Aeham turns to the only comfort he has left and sits at his piano to play a song of hope to his fellow Syrians. It is a song that will reach far beyond the streets of his home and carry consequences he could never have dreamed of. This tender and poetic account of Aeham's experiences, from losing his city, friends and family to leaving his country and finding safety, will move readers with raw and candid emotion. This is a gripping portrait of a man's search for solace and of a country that has been fiercely torn apart. *Learn English the Ice Cream Way* PartridgeIndia

What does it mean to carry out "good work"? What strategies allow people to maintain moral and

ethical standards at a time when market forces have unprecedented power and work life is being radically altered by technological innovation? These questions lie at the heart of this eagerly awaited new book. Focusing on genetics and journalism—two fields that generate and manipulate information and thus affect our lives in myriad ways—the authors show how in their quest to build meaningful careers successful professionals exhibit "humane creativity," high-level performance coupled with social responsibility. Over the last five years the authors have interviewed over 100 people in each field who are engaged in cutting-edge work, probing their goals and visions, their obstacles and fears, and how they pass on their most cherished practices and values. They found sharp contrasts between the two fields. Until now, geneticists' values have not been seriously challenged by the demands of their work world, while journalists are deeply disillusioned by the conflict between commerce and ethics. The dilemmas these professionals face and the strategies they choose in their search for a moral compass offer valuable guidance on how all persons can transform their professions and their lives. Enlivened with stories of real people facing hard decisions, *Good Work* offers powerful insight into one of the most important issues of our time and, indeed, into the future course of science, technology, and communication.

The National Book Award finalist and debut novel by the bestselling author of *The Dinner Party*: "A readymade classic of the office-novel genre. . . . A truly affecting novel about work, trust, love, and loneliness." --*Seattle Times* No one knows us quite the same way as the men and women who sit beside us in department meetings and crowd the office refrigerator with their labeled yogurts. Every office is a family of sorts, and the ad agency Joshua Ferris brilliantly depicts in his debut novel is family at its strangest and best, coping with a business downturn in the time-honored way: through gossip, pranks, and increasingly frequent coffee breaks. With a demon's eye for the details that make life worth noticing, Joshua Ferris tells a true and funny story about survival in life's strangest environment--the one we pretend is normal five days a week.

Have a Little Faith HarperCollins

Jenifer Estess is a woman on the verge: She's about to launch her own company; she's looking buff and dating vigorously; she's driving in the fast lane -- with the top down. At the age of thirty-five, Jenifer dreams of falling in love and starting a family. Then she notices muscle twitches in her legs. Walking down a city block feels exhausting. At first, doctors write off Jenifer's symptoms to stress, but she is quickly diagnosed with ALS, a fatal brain disease that is absolutely untreatable. Max out your credit cards and see Paris, suggests one doctor. Instead of preparing to die, Jenifer gets busy. She dreams deeper, works harder, and loves endlessly. For Jenifer, being fatally ill is not about letting go. It's about holding on and reaching -- for family, friends, goals. Jenifer's girlhood pact with her sisters Valerie and Meredith -- nothing will ever break us apart -- guides them as Jenifer faces down one of the most devastating illnesses known to humankind. That same enduring pact inspires the creation of Project A.L.S., a movement started by the sisters that changes the way science and medicine approach research for ALS and the related diseases Parkinson's and Alzheimer's, and which has already raised more than \$18 million. Will Project A.L.S. help scientists discover medicine in time for her? Jenifer answers these questions and others in this beautifully written and wholly inspiring memoir that celebrates a life fuelled by memory. Tales from the Bed forces us to reconsider society's notion of "having it all," and illustrates, more than anything, the importance of endurance, hope, and, most of all, love.

Social Psychology takes a sociological approach to the study of the individual in relationship to society. Its main purpose is to highlight how social psychology provides varied, yet inter-related, explanations for individuals' experiences in groups. The text tells the story of how these dynamics unfold, beginning with the central social characteristics of the individual, to processes of perception and of interaction. In the telling of this story, it also notes some of the interesting cross-cultural comparisons in regard to these dynamics.

My Name Is Asher Lev Prometheus Books

A key comic writer of the past three decades has created his most heartfelt and hard-hitting book. Father Joe is Tony Hendra's inspiring true story of finding faith, friendship, and family through the decades-long influence of a surpassingly wise Benedictine monk named Father Joseph Warrillow. Like everything human, it started with sex. In 1955, fourteen-year-old Tony found himself entangled with a married Catholic woman. In Cold War England, where Catholicism was the subject of news stories and Graham Greene bestsellers, Tony was whisked off by the woman's husband to see a priest and be saved. Yet what he found was a far cry from the priests he'd known at Catholic school, where boys were beaten with belts or set upon by dogs. Instead, he met Father Joe, a gentle, stammering, ungainly Benedictine who never used the words "wrong" or "guilt," who believed that God was in everyone and that "the only sin was selfishness." During the next forty years, as his life and career drastically ebbed and flowed, Tony discovered that his visits to Father Joe remained the one constant in his life—the relationship that, in the most serious sense, saved it. From the fifties and his adolescent desire to join an abbey himself; to the sixties, when attending Cambridge and seeing the satire of *Beyond the Fringe* convinced him to change the world with laughter, not prayer; to the seventies and successful stints as an original editor of *National Lampoon* and a writer of *Lemmings*, the off-Broadway smash that introduced John Belushi and Chevy Chase; to professional disaster after co-creating the legendary English series *Spitting Image*; from drinking to drugs, from a failed first marriage to a successful second and the miracle of parenthood—the years only deepened Tony's need for the wisdom of his other and more real father, creating a bond that could not be broken, even by death. A startling departure for this acclaimed satirist, Father Joe is a sincere account of how Tony Hendra learned to love. It's the story of a whole generation looking for a way back from mockery and irony, looking for its own Father Joe, and a testament to one of the most charismatic mentors in modern literature.

This book is for Christian readers of fiction who might experience difficulty trying to make an informed choice beyond what is being published by evangelical presses. Marketed to a specific target audience, evangelical fiction oftentimes leaves a reader with a strong emotional response but lacks the literary depth or the breadth of subject that could inspire life-changing spiritual growth. With this premise at the heart of her book, Connie Wineland includes her own story of

conversion to Christianity by way of reading fiction. During her late twenties and early thirties, particularly while in graduate school, Wineland became immersed in literary and rhetorical studies while also practicing an Eastern form of religion as well as Native American spirituality. However, despite all her training in literary theory, her readings in Romantic, Victorian, modern, and postmodern literature (which she explains), as well as her personal interest in mythology and world religions, kept her questioning the existence of God and the possible nature of God. Then, as a relatively new convert to Christianity, she faced several challenges at a small Christian college where she taught literature and writing courses. Eventually wanting to reach beyond the academic community, Wineland began a local Christian readers' group, which she ran for four years. She includes in this book resources and materials such as sample syllabi and study-guide questions, useful Web addresses, and plenty of how-to information for starting and running your own book club. Also included is an extensive list of annotated titles of recommended reading to get anyone started!
