Catalog of Copyright Entries Hal Leonard (Fake Book). The Real Books are the best-selling jazz books of all time. Since the 1970s, musicians have trusted these volumes to get them through every gig, night after night. The problem is that the books were illegally produced and distributed without any copyrights or royalties paid to the master composers who created these musical canons. Hal Leonard is very proud to present the first legitimate and legal editions of these books ever produced. You won't even notice the difference...the covers look the same, the engravings look the same, the songlist is nearly identical, and the price remains fair even on a musician's salary! But every conscientious musician will appreciate that these books are now produced legally and ethically, benefitting the songwriters that we owe for some of the greatest music ever written! 400 songs, including: Air Mail Special \* Birdland \* Bye Bye Blackbird \* Caravan \* Doxy \* Fly Me to the Moon (In Other Words) \* Georgia \* Girl Talk \* In Walked Bud \* I Remember You \* I Thought About You \* The Jody Grind \* Just the Way You Are \* Killer Joe \* Little Sunflower \* Mercy, Mercy, Mercy \* Moanin' \* The Nearness of You \* Now's the Time \* Old Devil Moon \* Phase Dance \* St. Thomas \* Speak Low \* Stardust \* Tangerine \* Tenor Madness \* Watch What Happens \* Whisper Not \* Willow Weep for Me \* Yardbird Suite \* and more.

At the second International Song Festival in 1967, Milton Nascimento had three songs accepted for competition. He had no intention of performing them--he hated the idea of intense competition. In fact, Nascimento might never have appeared at all if Eumir Deodato hadn't threatened not to write the arrangements for his songs if he didn't perform at least two of them. Nascimento went on to win the festival's best performer award, all three of his songs were included soon afterward on his first album, and the rest is history. This is only one anecdote from The Brazilian Sound, an encyclopedic survey of Brazilian popular music that ranges over samba, bossa nova, MPB, jazz and instrumental music and tropical rock, as well as the music of the Northeast. The authors have interviewed a wide variety of performers like Nascimento, Gilberto Gil, Carlinhos Brown, and Airto Moreira, U.S. fans, like Lyle Mays, George Duke, and Paul Winter, executive André Midani; and music historian Zuza Homem de Mello, just to name a few. First published in 1991, The Brazilian Sound received enthusiastic attention both in the United

States and abroad. For this new edition, the authors have expanded their examination of the historical roots of Brazilian music, added new photographs, amplified their discussion of social issues like racism, updated the maps, and added a new final chapter highlighting the most recent trends in Brazilian music. The authors have expanded their coverage of the axé music movement and included profiles of significant emerging artists like Marisa Monte, Chico Cesar, and Daniela Mercury. Clearly written and lavishly illustrated with 167 photographs, *The Brazilian Sound* is packed with facts, explanations, and fascinating stories. For the Latin music aficionado or the novice who wants to learn more, the book also provides a glossary, a bibliography, and an extensive discography containing 1,000 entries. Author note: Chris McGowan was a contributing writer and columnist for *Billboard* from 1984 to 1996 and pioneered that publication's coverage of Brazilian and world music in the mid-1980s. He has written about the arts and other subjects for *Musician*, *The Beat*, *the Hollywood Reporter*, *the Los Angeles Times*, *L. A Weekly*, and *the Los Angeles Reader*. He is the author of *Entertainment in the Cyber Zone: Exploring the Interactive Universe of Multimedia* (1995) and was a contributor to *The Encyclopedia of Latin American History and Culture* (1996). Ricardo Pessanha has worked as a teacher, writer, editor, and management executive for CCAA, one of Brazil's leading institutes of English-language education. He has served as a consultant to foreign journalists and scholars on numerous cultural projects relating to Brazil. He has contributed articles about Brazilian music to *The Beat* and other publications.

"Tristorosa", a title derived by combining the Portuguese words for "sad" and "rose", was written by Heitor Villa-Lobos in 1910 when he was 23 years of age under the name of Epaminondas Villaba Filho. This pseudonym had also been previously used by his father, Raúl, a writer and amateur cellist. It is one of Heitor's earliest compositions and the style of the waltz is typical of those of the period.

From its earliest manifestations on the street corners of nineteenth-century Buenos Aires to its ascendancy as a global cultural form, tango has continually exceeded the confines of the dance floor or the music hall. In *Tango Lessons*, scholars from Latin America and the United States explore tango's enduring vitality. The interdisciplinary group of contributors—including specialists in dance, music, anthropology, linguistics, literature, film, and fine art—take up a broad range of topics. Among these are the productive tensions between tradition and experimentation in tango nuevo, representations of tango in film and contemporary art, and the role of tango in the imagination of Jorge Luis Borges. Taken together, the essays show that tango provides a kaleidoscopic perspective on Argentina's social, cultural, and intellectual history from the late nineteenth to the early twenty-first centuries. Contributors. Esteban Buch, Oscar Conde, Antonio Gómez, Morgan James Luker, Carolyn Merritt, Marilyn G. Miller, Fernando Rosenberg, Alejandro Susti

Following the mass arrival of European immigrants to Argentina in the early

years of the twentieth century new forms of entertainment emerged including tango, films, radio and theater. While these forms of culture promoted ethnic integration they also produced a new kind of polarization that helped Juan Peron to build the mass movement that

propelled him to power.
