Vintage
This Reader from the
Uncovering the Past
series provides a
comprehensive
introduction to
American Indian
history. Over 60
primary documents
allow the voices of
natives to illuminate
the American past
Includes samples of
native languages just
above the full
translations of
particular texts
Provides
comprehensive
introductions and
headnotes, as well as
images, an extensive
bibliography, and
suggestions for further

research includes such
texts as a decoded
Maya inscription,
letters written during
the French and Indian
War on the distribution
of small pox blankets,
and a diatribe by
General George
Armstrong Custer
shortly before he was
killed at the Battle of
the Little Big Horn
*A Companion to
American Women's
History* University of
Oklahoma Press
For hundreds of years,
the history of the
conquest of Mexico
and the defeat of the
Aztecs has been told in
the words of the
Spanish victors. Miguel
León-Portilla has long
been at the forefront of
expanding that history
to include the voices of
indigenous peoples. In
this new and updated
edition of his classic
The Broken Spears,

León-Portilla has included accounts from native Aztec descendants across the centuries. These texts bear witness to the extraordinary vitality of an oral tradition that preserves the viewpoints of the vanquished instead of the victors. León-Portilla's new Postscript reflects upon the critical importance of these unexpected historical accounts.

Life Among the Piutes Oxford

University Press, USA
Krech (anthropology, Brown U.) treats such provocative issues as whether the Eden in which Native Americans are viewed as living prior to European contact was a feature of native environmentalism or simply low population density; indigenous use

of fire; and the Indian role in near-extinctions of buffalo, deer, and beaver. He concludes that early Indians' culturally-mediated closeness with nature was not always congruent with modern conservation ideas, with implications for views of, and by, contemporary Indians. Bonds of Blood New York : AMS Press

Fleeing a failed marriage and haunted by ghosts of his past, Luis Alberto Urrea jumped into his car several years ago and headed west. Driving cross-country with a cat named Rest Stop, Urrea wandered the West from one year's Spring through the next. Hiking into aspen forests where leaves

"shiver and tinkle like bells" and poking alongside creeks in the Rockies, he sought solace and wisdom. In the forested mountains he learned not only the names of trees—he learned how to live. As nature opened Urrea's eyes, writing opened his heart. In journal entries that sparkle with discovery, Urrea ruminates on music, poetry, and the landscape. With wonder and spontaneity, he relates tales of marmots, geese, bears, and fellow travelers. He makes readers feel mountain air "so crisp you feel you could crunch it in your mouth" and reminds us all to experience the magic and healing of small gestures, ordinary people, and common creatures.

Urrea has been heralded as one of the most talented writers of his generation. In poems, novels, and nonfiction, he has explored issues of family, race, language, and poverty with candor, compassion, and often astonishing power. *Wandering Time* offers his most intimate work to date, a luminous account of his own search for healing and redemption. *Historia de la Conquista de México* Springer
Fifth Sun offers a comprehensive history of the Aztecs, spanning the period before conquest to a century after the conquest, based on rarely-used Nahuatl-language sources written by the indigenous people. *Mexico and the*

Spanish Conquest

University of Texas
Press

A portrait of the Mexican experience illuminates such topics as NAFTA, political assassinations, the Chiapas rebellion, and national election fraud, and considers the impact of these events on the bordering United States. Reprint.

Transcending

Conquest Simon and Schuster

This collection of twenty-four original essays by leading scholars in American women's history highlights the most recent important scholarship on the key debates and future directions of this popular and contemporary field. Covers the breadth of American Women's history, including the

colonial family, marriage, health, sexuality, education, immigration, work, consumer culture, and feminism. Surveys and evaluates the best scholarship on every important era and topic. Includes expanded bibliography of titles to guide further research.

Fifth Sun Rowman & Littlefield Publishers

An extraordinary retelling of the passionate and tragic love between the conquistador Cortez and the Indian woman Malinalli, his interpreter during his conquest of the Aztecs. Malinalli's Indian tribe has been conquered by the warrior Aztecs. When her father is killed in battle, she is raised by her wisewoman grandmother who

imparts to her the knowledge that their founding forefather god, Quetzalcoatl, had abandoned them after being made drunk by a trickster god and committing incest with his sister. But he was determined to return with the rising sun and save her tribe from their present captivity. When Malinalli meets Cortez she, like many, suspects that he is the returning Quetzalcoatl, and assumes her task is to welcome him and help him destroy the Aztec empire and free her people. The two fall passionately in love, but Malinalli gradually comes to realize that Cortez's thirst for conquest is all too human, and that for gold and power, he is willing to destroy anyone, even his own men, even their own

love.

Growing Up in Ancient Greece

Macmillan + ORM
Describes daily life in ancient Greece, discussing life in the city, life in the country, school, ceremonies and festivals, food, and other aspects.

Colonial Latin America
University of Oklahoma Press

Now featuring scholarship published since the first edition, revised lists of recommended readings that include important books published since 1988, and appendices of rulers of Spain and Portugal, this lively, very readable history provides a concise yet comprehensive study of the Iberian colonies in the New World from the pre-conquest background through

European exploration, conquest, and colonization, to the wars of independence in the early nineteenth century. As before, numerous photographs and maps lend immediacy to the narrative, and biographical examples of both conqueror and conquered illustrate colonial life. Clear and engaging, this extremely well-balanced book is invaluable for anyone who wants to learn about Latin America's colonial legacy and difficult transition into the modern era.

Insatiable Appetites

Troll Communications
In an age of revolution, Mexico's creole leaders held aloft the Virgin of Guadalupe and brandished an Aztec eagle perched upon a European tricolor. Their

new constitution proclaimed 'the Mexican nation is forever free and independent'. Yet the genealogy of this new nation is not easy to trace. Colonial Mexico was a patchwork state whose new-world vassals served the crown, extended the empire's frontiers and lived out their civic lives in parallel Spanish and Indian republics. There was a world of complex intercultural alliances, interlocking corporate structures and shared spiritual and temporal ambitions. Sean F. McEnroe describes this history at the greatest and smallest geographical scales, reconsidering what it meant to be an Indian vassal, nobleman, soldier or citizen over three centuries in

northeastern Mexico. He argues that the Mexican municipality, state and citizen were not so much the sudden creations of a revolutionary age as the progeny of a mature multiethnic empire.

For Glory and Bolívar University of Texas Press

The conquest of the New World would hardly have been possible if the invading Spaniards had not allied themselves with the indigenous population. This book takes into account the role of native peoples as active agents in the Conquest through a review of new sources and more careful analysis of known but under-studied materials that demonstrate the overwhelming

importance of native allies in both conquest and colonial control. In Indian Conquistadors, leading scholars offer the most comprehensive look to date at native participation in the conquest of Mesoamerica. The contributors examine pictorial, archaeological, and documentary evidence spanning three centuries, including little-known eyewitness accounts from both Spanish and native documents, paintings (lienzos) and maps (mapas) from the colonial period, and a new assessment of imperialism in the region before the Spanish arrival. This new research shows that the Tlaxcalans, the most famous allies of the Spanish, were far

from alone. Not only did native lords throughout Mesoamerica supply arms, troops, and tactical guidance, but tens of thousands of warriors—Nahuas, Mixtecs, Zapotecs, Mayas, and others—spread throughout the region to participate with the Spanish in a common cause. By offering a more balanced account of this dramatic period, this book calls into question traditional narratives that emphasize indigenous peoples' roles as auxiliaries rather than as conquistadors in their own right. Enhanced with twelve maps and more than forty illustrations, *Indian Conquistadors* opens a vital new line of research and challenges our

understanding of this important era.

The Discovery and Conquest of Peru

Beacon Press

The complicated life of the real woman who came to be known as La Malinche.

The Popol Vuh

University of Oklahoma Press

The history of the Aztecs has been haunted by the spectre of human sacrifice. Reinvesting the Aztecs with a humanity frequently denied to them, and exploring their spectacular religious violence as a comprehensible element of life, this book integrates a fresh interpretation of gender with an innovative study of the everyday life of the Aztecs.

Feminism, Nation and Myth University of

Texas Press
What role did indigenous peoples play in the Spanish conquest of Mexico? Ross Hassig explores this question in Mexico and the Spanish Conquest by incorporating primary accounts from the Indians of Mexico and revisiting the events of the conquest against the backdrop of the Aztec empire, the culture and politics of Mesoamerica, and the military dynamics of both sides. He analyzes the weapons, tactics, and strategies employed by both the Indians and the Spaniards, and concludes that the conquest was less a Spanish victory than it was a victory of Indians over other Indians, which the Spaniards were able to exploit to

their own advantage. In this second edition of his classic work, Hassig incorporates new research in the same concise manner that made the original edition so popular and provides further explanations of the actions and motivations of Cortés, Moteuczoma, and other key figures. He also explores their impact on larger events and examines in greater detail Spanish military tactics and strategies. **Malintzin's Choices** Allen & Unwin Colonial Latin America: A Documentary History is a sourcebook of primary texts and images intended for students and teachers as well as for scholars and general readers. The book centers upon people-people from different parts of the

world who came together to form societies by chance and by design in the years after 1492. This text is designed to encourage a detailed exploration of the cultural development of colonial Latin America through a wide variety of documents and visual materials, most of which have been translated and presented originally for this collection. Colonial Latin America: A Documentary History is a revision of SR Books' popular Colonial Spanish America. The new edition welcomes a third co-editor and, most significantly, embraces Portuguese and Brazilian materials. Other fundamental changes include new documents from Spanish South

America, the addition of some key color images, plus six reference maps, and a decision to concentrate entirely upon primary sources. The book is meant to enrich, not repeat, the work of existing texts on this period, and its use of primary sources to focus upon people makes it stand out from other books that have concentrated on the political and economic aspects. The book's illustrations and documents are accompanied by introductions which provide context and invite discussion. These sources feature social changes, puzzling developments, and the experience of living in Spanish and Portuguese American colonial societies.

Religion and society are the integral themes of Colonial Latin America. Religion becomes the nexus for much of what has been treated as political, social, economic, and cultural history during this period. Society is just as inclusive, allowing students to meet a variety of individuals-not faceless social groups. While some familiar names and voices are included-conquerors, chroniclers, sculptors, and preachers-other, far less familiar points of view complement and complicate the better-known narratives of this history. In treating Iberia and America, before as well as after their meeting, apparent contradictions emerge as opportunities for

understanding; different perspectives become prompts for wider discussion. Other themes include exploration and contact; religious and cultural change; slavery and society, miscegenation, and the formation, consolidation, reform, and collapse of colonial institutions of government and the Church, as well as accompanying changes in economies and labor. This sourcebook allows students and teachers to consider the thoughts and actions of a wide range of people who were making choices and decisions, pursuing ideals, misperceiving each other, experiencing disenchantment, absorbing new pressures, breaking

rules as well as following them, and employing strategies of survival which might involve both reconciliation and opposition. Colonial Latin America: A Documentary History has been assembled with teaching and class discussion in mind. The book will be an excellent tool for Latin American history survey courses and for seminars on the colonial period.

The Death of Aztec Tenochtitlan, the Life of Mexico City

Cambridge University Press

Historians are concerned today that the Spaniards' early accounts of their first experiences with the Indians in the Americas should be balanced with accounts from the Indian perspective. We

People Here reflects that concern, bringing together important and revealing documents written in the Nahuatl language in sixteenth-century Mexico. James Lockhart's superior translation combines contemporary English with the most up-to-date, nuanced understanding of Nahuatl grammar and meaning. The foremost Nahuatl conquest account is Book Twelve of the Florentine Codex. In this monumental work, Fray Bernardino de Sahagún commissioned Nahuas to collect and record in their own language accounts of the conquest of Mexico; he then added a parallel Spanish account that is part summary, part elaboration of the Nahuatl. Now, for the

first time, the Nahuatl and Spanish texts are together in one volume with en face English translations and reproductions of the copious illustrations from the Codex. Also included are five other Nahua conquest texts. Lockhart's introduction discusses each one individually, placing the narratives in context.

Annals of Native America

Stanford University Press
An Aztec princess describes the Spanish conquest of Mexico. She is Huitzitzlin, 82, of the court of Montezuma and she tells her tale to a priest so history will know who the Aztecs really were. By the author of The Memories of Ana Calderon.

Malinche, Pocahontas, and

Sacagawea Univ of California Press
The first major visual and cultural exploration of the legacy of La Malinche, simultaneously reviled as a traitor to her people and hailed as the mother of Mexico
An enslaved Indigenous girl who became Hernán Cortés's interpreter and cultural translator, Malinche stood at center stage in one of the most significant events of modern history. Linguistically gifted, she played a key role in the transactions, negotiations, and conflicts between the Spanish and the Indigenous populations of Mexico that shaped the course of global politics for centuries to come. As mother to Cortés's firstborn son,

she became the symbolic progenitor of a modern Mexican nation and a heroine to Chicana and Mexicana artists. Traitor, Survivor, Icon is the first major publication to present a comprehensive visual exploration of Malinche's enduring impact on communities living on both sides of the US-Mexico border. Five hundred years after her death, her image and legacy

remain relevant to conversations around female empowerment, indigeneity, and national identity throughout the Americas. This lavish book establishes and examines her symbolic import and the ways in which artists, scholars, and activists through time have appropriated her image to interpret and express their own experiences and agendas from the 1500s through today.
