The Possessed or, The Devils by Fyodor Dostoyevsky, first published in the journal The Russian Messenger in 1871-2  
*The Devils in the Details* Subterranean  
Devil in the Details provides a step-by-step pragmatic guide to leading teams. The experiences Kevin Kennedy shares here are real and will help you practice your own leadership in a new way. Penny Herscher, president and CEO of FirstRain Inc. In the bloated world of management books, this is an all-too-rare license to think. The chapter on working with the board alone is

worth the cover price. Ric Andersen, partner, Milestone Partners  
When journalists, technology beat writers, or business historians write the story of a high-tech company, they tend to lapse into clichs. Devil in the Details is the opposite of such books. It allows you to observe things at close range and get an unvarnished picture of how management and leadership really work. Kevin Kennedy is direct and unafraid. Betsy Atkins, president and CEO of Baja Corporation In business as in other aspects of life, the best leaders balance emotion and inspiration with a meticulous understanding of the details. With respect and compassion for aspiring leaders at all levels, Kevin Kennedy guides the reader using situational techniques that work equally well in the back office and the board room. The Honorable Gregory W. Slayton, founder and principal of Slayton Capital; former US Consul

General and US Chief of Mission to Bermuda An insightful journey through real-world case studies of leadership, both the good and the not so good. Marty Kaplan, chairman of the board, JDSU  
The Art of Todd McFarlane Jonathan Ball Publishers  
 The things that truly haunt us dwell within the deepest confines of our subconscious. The Devil's In The Details features twenty-five tales of psychological terror that attack all levels of the human psyche. The complexities of the man's darker side, satanic murders, paranormal phenomena, natural wonders, sinister technological advancement-- These stories will burrow under your skin and fill you with a sense of dread you that you can't escape.

### **The Devils You Know** iUniverse

If you're ready to break free of groupthink, challenge the majority view and make better decisions, then this book is for you. The popular, majority view often decides what's best in everything from entertainment to business practices. Time and again, however, we've seen how going along with the crowd can lead to dissatisfying or disastrous results. If only we had taken the time to seek a thoughtful dissenting opinion. Devils in the Details calls for the rise of modern Devil's Advocacy to help reduce risk and manage uncertainty. Through discussion and examples, this book challenges decision-makers from the CEO to the newly minted manager to think and act like a modern Devil's Advocate. Inside you'll discover: The origin of devil's advocacy and why modern Devil's Advocates are needed today Why we need to regularly challenge our formal processes, including so-called best practices Different kinds of thinking and common biases and fallacies that can cloud our decision-making How to create real arguments with

premises that support reasoned conclusions Practical tools from simple lists to dynamic simulation models, their strengths and weaknesses How to embrace modern Devil's Advocacy for diverse and useful dissent without impeding progress Early Reviews ===== "A worthwhile addition to the library of anyone who is responsible for crucial decision-making." Kristan J. Wheaton, Professor of Strategic Futures and author of The Warning Solution: Intelligent Analysis in the Age of Information "A marvelous piece of work." Gene Bellinger, organizational theorist, systems thinking and knowledge management About the Author ===== Robert Koshinski is the principal of Ringbolt Consulting where he assists clients in product and marketing management, new product development and launch, and business analysis and strategy. He is a mentor in the NSF I-Corps Program and the creator and instructor for a decision-making seminar through NC State University Division of Continuing and Professional Education.

### The Complete Book of Devils and Demons Tor Books

Debut novelist Simon Kurt Unsworth sends the detective novel to Hell. In The Devil's Detective, a sea change is coming to Hell . . . and a man named Thomas Fool is caught in the middle. Thomas Fool is an Information Man, an investigator tasked with cataloging and filing reports on the endless stream of violence and brutality that flows through Hell. His job holds no reward or satisfaction, because Hell has rules but no justice. Each new crime is stamped "Do Not Investigate" and dutifully filed away in the depths of the Bureaucracy. But when an important political delegation arrives and a human is found murdered in a horrific manner—extravagant even by Hell's standards—everything

changes. The murders escalate, and their severity points to the kind of killer not seen for many generations. Something is challenging the rules and order of Hell, so the Bureaucracy sends Fool to identify and track down the killer. . . . But how do you investigate murder in a place where death is common currency? Or when your main suspect pool is a legion of demons? With no memory of his past and only an irresistible need for justice, Fool will piece together clues and follow a trail that leads directly into the heart of a dark and chaotic conspiracy. A revolution is brewing in Hell . . . and nothing is what it seems. The Devil's Detective is an audacious, highly suspenseful thriller set against a nightmarish and wildly vivid world. Simon Kurt Unsworth has created a phantasmagoric thrill ride filled with stunning set pieces and characters that spring from our deepest nightmares. It will have readers of both thrillers and horror hanging on by their fingernails until the final word. In Hell, hope is your worst enemy. *The Devils in the Details* Triumph Books

Cases of devil possession were rampant in the time of Christ. These afflictions were as common as the physical sicknesses that also filled the land at that time. To properly understand this phenomenon, we must look past the hype and sensationalism often associated with this subject. This requires going beyond the veil of flesh and into the realm of spirit. To understand the larger devilish warfare that takes place in the affairs of men, we must journey through the very being of man himself. Looking into the perfect mirror of scripture, we will appreciate the image it presents of man's identity and see THE DEVILS IN THE DETAILS. *The Devil and Daniel Webster* Corwin Press

Saamyah Anne Cambell is a former special agent of the FBI, now

a detective with local law enforcement. She absconds Texas for a temporary duty assignment in Florida to cope better with familial losses. Thrust into a new environment, cantankerous partner, and mystifying case, Saamyah soon realizes that the very agony she was running from is ultimately the same torment she is running to. Bryan Terrell Russell has been a lone detective with local law enforcement since the resignation of his career-long partner. Accustomed to come, go, and do as he please, the assignment of a new partner is not only inconvenient for him, but also uncomfortable. Torn between the desire to be right and the obligation to do the right thing, Bryan must strategically balance personal sacrifices and professional gains. Together they must rise above their differences to halt a sadistic sex offender. In a race against time, hot-temperaments, egos, and pride, the quest to discover the devil in the details is no easy feat-particularly when one partner believes that the truth sets one free and the other never felt captive to lie. The Devil is in the Details An idiom that refers to a catch or mysterious element hidden in the details, meaning that something might seem simple at first glance but will take more time and effort to complete than expected. - Wikipedia

Deal with the Devil is Orphan Black meets the post-apocalyptic Avengers by USA Today and New York Times bestselling author duo Kit Rocha. Nina is an information broker with a mission—she and her team of mercenary librarians use their knowledge to save the hopeless in a crumbling America. Knox is the bitter, battle-weary captain of the Silver Devils. His squad of supersoldiers went AWOL to avoid slaughtering innocents, and

now he's fighting to survive. They're on a deadly collision course, and the passion that flares between them only makes it more dangerous. They could burn down the world, destroying each other in the process... Or they could do the impossible: team up. This is the first book in a near-future science fiction series with elements of romance. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.  
The Devil In The Detail Morgan James

Undoubtedly the most notorious title in director Ken Russell's controversial filmography, *The Devils* (1973) caused a real furor on its initial theatrical release, only to largely disappear for many years. This *Devil's Advocate* considers the film's historical context, as the timing of the first appearance of *The Devils* is of particular importance, its authorship and adaptation (Russell's auteur reputation aside, the screenplay is based on John Whiting's 1961 play of the same name, which was in turn based on Aldous Huxley's 1952 book *The Devils of Loudun*), and its generic hybridity. Darren Arnold goes on to examine the themes prevalent in the film—this is the only film of Russell's which the director considered to be political—and considers the representation of gender and sexuality, gender fluidity, and how sex and religion clash to interesting and controversial effect. He concludes by revisiting the film's censorship travails and the various versions of *The Devils* that have appeared on both big and small screens, and the film's legacy and influence.

#### **The Devil's in the Details** Corwin

The author of "Across the Wire" offers brilliant investigative reporting of what went wrong when, in May 2001, a group of 26 men attempted to cross the Mexican border into the desert of

southern Arizona. Only 12 men came back out. "Superb . . . Nothing less than a saga on the scale of the Exodus and an ordeal as heartbreaking as the Passion . . . The book comes vividly alive with a richness of language and a mastery of narrative detail that only the most gifted of writers are able to achieve.--"Los Angeles Times Book Review."

#### *The Devil is in the Details* CrossBooks

30th Anniversary edition with a new introduction from the author Hannah is tired of holiday gatherings—all her family ever talks about is the past. In fact, it seems to her that's what they do every Jewish holiday. But this year's Passover Seder will be different—Hannah will be mysteriously transported into the past . . . and only she knows the unspeakable horrors that await. Winner of the National Jewish Book Award "A triumphantly moving book." --Kirkus Reviews, starred review

Develop equity, excellence, and wellbeing across the whole system! Our world needs a transformation to survive. We need a moral imperative and a system transformation to survive for the better. *The Devil is in the Details* shows how we can re-think the education system and its three levels of leadership—local, middle, and top—so that each level can contribute to dramatic transformation whether individually or collectively. The focus is on examining details to ensure correct actions are taken, rather than assuming large pronouncements will drive change. Readers will find: Detailed cases and analyses of successful systems Ideas for how leaders at all levels can take steps to begin Actions and strategies for addressing equity, excellence and wellbeing  
*The Devil's Dictionary* SUNY Press

Knowing one's enemy is crucial to any successful battle plan. The Devil Is in the Details arms the reader with a study of Satan, the greatest enemy of God and man, which is both engaging and scriptural. Details are important when understanding one's adversary. Past performance sheds light on attitudes, behaviors, and methodology, and Satan's previous strategies can be critically examined for one's future defenses. Beginning in the Garden of Eden and progressing through the Old and New Testaments, Tony Kessinger traces biblical allusions and references to Satan, his minions, and evil in general, in order to prove that Satan is alive, active, and even today has detailed plans to mislead and entrap humankind. Written in down-to-earth language with accessible biblical references, The Devil Is in the Details is as suitable for pastors, church leaders, and Sunday school teachers as it is for anyone interested in Bible study or learning more about Satan. Leading evangelical authors Tim LaHaye, Ed Hindson, Paul Benware, and Roy Zuck have all endorsed The Devil is in the Details as well as other ministry leaders.

The Devil's Arithmetic (Puffin Modern Classics) Prabhat Prakashan "Hell is empty, and all the devils are here." -Shakespeare, The Tempest As soon as the financial crisis erupted, the finger-pointing began. Should the blame fall on Wall Street, Main Street, or Pennsylvania Avenue? On greedy traders, misguided regulators, sleazy subprime companies, cowardly legislators, or clueless home buyers? According to Bethany McLean and Joe Nocera, two of America's most acclaimed business journalists, the real answer is all of the above-and more. Many devils helped bring hell to the economy. And the full story, in all of its

complexity and detail, is like the legend of the blind men and the elephant. Almost everyone has missed the big picture. Almost no one has put all the pieces together. All the Devils Are Here goes back several decades to weave the hidden history of the financial crisis in a way no previous book has done. It explores the motivations of everyone from famous CEOs, cabinet secretaries, and politicians to anonymous lenders, borrowers, analysts, and Wall Street traders. It delves into the powerful American mythology of homeownership. And it proves that the crisis ultimately wasn't about finance at all; it was about human nature. Among the devils you'll meet in vivid detail:

- Angelo Mozilo, the CEO of Countrywide, who dreamed of spreading homeownership to the masses, only to succumb to the peer pressure-and the outsized profits-of the sleaziest subprime lending.
- Roland Arnall, a respected philanthropist and diplomat, who made his fortune building Ameriquest, a subprime lending empire that relied on blatantly deceptive lending practices.
- Hank Greenberg, who built AIG into a Rube Goldberg contraption with an undeserved triple-A rating, and who ran it so tightly that he was the only one who knew where all the bodies were buried.
- Stan O'Neal of Merrill Lynch, aloof and suspicious, who suffered from "Goldman envy" and drove a proud old firm into the ground by promoting cronies and pushing out his smartest lieutenants.
- Lloyd Blankfein, who helped turn Goldman Sachs from a culture that famously put clients first to one that made clients secondary to its own bottom line.
- Franklin Raines of Fannie Mae, who (like his predecessors) bullied regulators into submission and let his firm drift away from its original, noble mission.
- Brian Clarkson of Moody's, who aggressively pushed to increase his rating

agency's market share and stock price, at the cost of its integrity.

- Alan Greenspan, the legendary maestro of the Federal Reserve, who ignored the evidence of a growing housing bubble and turned a blind eye to the lending practices that ultimately brought down Wall Street—and inflicted enormous pain on the country. Just as McLean's *The Smartest Guys in the Room* was hailed as the best Enron book on a crowded shelf, so will *All the Devils Are Here* be remembered for finally making sense of the meltdown and its consequences.

**The Devil Is in the Details** Simon and Schuster

Medusa Pallister is about to interview for the most important job of her existence: an internship in Hell's accounting office. If she gets it, she'll report to Septimus, the coolest boss in the underworld. But the job will also mean working with Septimus's other intern, Mitchell Johnson. Medusa has a history with Mitchell. The only trouble is, she can't remember what that history is. All she knows is that she saw him and two other devils outside her house while she was still alive. In this emotional and action-packed sequel to the critically acclaimed *The Devil's Intern*, Team DEVIL reunites and takes readers on another journey to the land of the living.

**The Devil's in the Details** Liverpool University Press

This is not your everyday restaurant story. In 2006—before food trucks were cool—Mike Rypka had a used trailer, a red vespa, and a resolute dream of opening a taco joint. Zipping around Austin, Texas, making deliveries and spreading the word, he staked his reputation on a menu of experimental tacos coined by customers as "Damn good!" Nearly 100 brick-and-mortar locations later, a lot has changed at Torchy's Tacos, but the dedication to honesty

and originality remains—alongside Rypka's memories of the steppingstones and wild chances that brought him here. In *The Devil Is in the Details*, bestselling author Don Yaeger takes readers on a madcap journey of redemption, risk and ultimately reward, chronicling the pivotal choices and hard-earned wisdom that went into building a restaurant chain from the ground up. This thrilling story touches all corners of the restaurant industry, from Rypka's rock-bottom teenage years working his first job as a fry cook, to country clubs and corporate kitchens, to the recent, unprecedented challenge of expanding his business during the coronavirus pandemic. Part love story, part biography, part manifesto. What is depicted in these pages is not just the history of a taco restaurant, but an account of the people behind a beloved brand, its quirky culture and its big heart.

**Devil in the Details (Quentin Security Bodyguard Romance #2)** Penguin

This volume is a collection of ten transcribed conversations, recorded 2014 - 2019, between Assassination Archives and Research Center's executive director, Alan Dale, and the esteemed British intelligence analyst, Malcolm Blunt. These unscripted conversations elevate the discussion of key assassination investigation areas well beyond the well-worn paths familiar to those who choose to study President Kennedy's life, his career in public service, the Cold War context of his presidency, the true circumstances and meaning of his death, and the alleged facts associated with the U.S. government's investigations into his assassination. Malcolm Blunt is regarded within the assassination research community as an invaluable resource on the CIA's internal systems and management

authorities as they existed during the 1950s and '60s; he has invested more time and greater focus than perhaps any other individual on the JFK records held at the National Archives and Records Administration in College Park, MD. "Malcolm Blunt's brilliant work in the deep caves of the National Archives has opened up new perspectives on the Kennedy case for other researchers. Alan Dale's deft questioning of him in this book will help others to emulate his achievements." Peter Dale Scott, author of *Deep Politics and the Death of JFK*, *Dallas '63*, and *The American Deep State* "The devil is in the details -- also the light of truth. For nearly three decades, Malcolm Blunt has been digging through stacks of U.S. government documents and illuminating their meaning. It took an English citizen, working in his spare time and sidetracking his holidays, to burrow deeply into the hidden and hiding-in-plain-sight facts of the John F. Kennedy assassination -- the most earth-shaking American crime of the 20th Century. Countless Kennedy scholars, authors and independent researchers have come to depend on Blunt for eye-popping discoveries that previously eluded them. I count myself among this crowd." David Talbot, author of the *New York Times* bestsellers, *The Devil's Chessboard: Allen Dulles, the CIA and the Rise of America's Secret Government* and *Brothers: The Hidden History of the Kennedy Years* "It is the mission of the Assassination Archives and Research Center to obtain, preserve and disseminate information on political assassinations. The founding fathers of this country understood that in order to be their own governors a people must "arm themselves with the power knowledge gives." British researcher Malcolm Blunt's knowledge of the internal operations of Cold War intelligence

agencies is peerless. To put the matter bluntly, this collection of conversations with Alan Dale is a fascinating and groundbreaking penetration of the secrecy which warps the roles of all major players on the global stage." James (Jim) H. Lesar, president, Assassination Archives and Research Center America does not know that over 2 million pages of documents were declassified 22 years ago on the JFK assassination. Those pages redefined the scope and the nature of President Kennedy's murder. Malcolm Blunt is one of the few who has read and collected many of those documents. Not many people know who he is, but for those who do know, he is a hidden hero in the Kennedy case. James DiEugenio, author, *Destiny Betrayed* Have you ever wanted to be a fly on the wall listening-in on a conversation between two incredibly intelligent, informed and knowledgeable people as they discuss the CIA, the national security state during the Cold War, how the National Archives, maintains and hides records and documents, how the government hides and keeps its secrets, and the Kennedy assassination? Here's your chance. Don't miss it. Dan Hardway, Attorney; Former staff investigator for the House Select Committee on Assassinations

Break the cycle of surface-level change and failure How do leaders become clearer as complexity increases? We live in a world where decisions require judgment, getting people on board, drawing on local knowledge, ingenuity, and commitment. As leaders, how do you get beneath surface-level change to tackle complex challenges with depth and clarity. Nuance is the answer. Michael Fullan returns with an eminently readable, compelling and practical guide on the three habits of nuance: joint

determination, adaptability, and culture-based accountability. Learn how you can: Combine the power of networks and humanity to get to desired destinations Embrace complexity and understand context to develop better judgment Change the culture of your organization to harness the forces of nuance Develop quality change that sticks

*The Devil Is in the Details* Simon and Schuster

Develop equity, excellence, and well-being across the whole system! The world is troubled! We need to combine a moral imperative and a system transformation to survive for the better. Education is crucial to our future but needs to play a more direct role in shaping our future. *The Devil is in the Details* shows how we can re-think the education system and its three levels of leadership—local, middle, and top—so that each level can contribute to dramatic turnaround for education and society. The focus is on examining details to ensure effective actions are taken, rather than assuming large pronouncements and policies will drive change. Readers will find: • Details and analysis about successful systems in California, Ontario, and Australia • Ideas for how leaders at all levels can take steps to begin • Vignettes, actions and strategies that illustrate how to address equity,

excellence and well-being With the goal of transforming the culture of learning to develop greater equity, excellence, and student wellbeing, this book will help you liberate the system and maintain focus.

*The Devil Is in the Details* Anchor

"It's been twenty years since 9/11, two decades since the United States was attacked on home soil and set out to make the guilty pay with their lives. In the shadows, the enemy has been patient-learning, and adapting. And the enemy is ready to strike again. A new president offers hope to a country weary of conflict. He's a young, popular, self-made visionary...but he's also a man with a secret. Halfway across the globe a regional superpower struggles with sanctions imposed by the United States and her European allies, a country whose ancient religion spawned a group of ruthless assassins. Faced with internal dissent and extrajudicial targeted killings by the United States and Israel, the Supreme Leader puts a plan in motion to defeat the most powerful nation on earth. Meanwhile, a young PhD student has gained access to a bioweapon thought to be confined to a classified military laboratory known only to a select number of officials. A second-generation agent, he has been assigned a mission that will bring his adopted homeland to its knees."--Back cover.
