An old woman is awoken in the dead of night by knocks at her front door. The woman opens it to find her daughter, Doruntine, standing there alone in the darkness. She has been brought home from a distant land by a mysterious rider she claims is her brother Konstandin. But unbeknownst to her, Konstandin has been dead for years. What follows is chain of events which plunges a medieval village into fear and mistrust. Who is the ghost rider? **Spektër** Twenty-First Century Books

**** USAToday Bestseller **** The founder of Scott’s Cheap Flights explains why we’re searching for airfare all wrong, shares the strategies that have saved his two million newsletter subscribers a collective \$500 million on airfare, and presents a bold new approach for how to see the world while never overpaying for flights again. When Scott Keyes booked flights to Italy for \$130 roundtrip and Japan for \$169 roundtrip, he didn’t just uncover amazing fares; it was the beginning of a new approach that makes travel possible for anyone who has dreamed of seeing the world. What’s stopping us all from traveling more? The confusion of buying airfare—not knowing when to book, where to buy, or what to pay. Take More Vacations is the guidebook for anyone hoping to turn one annual vacation into three. Readers will discover why the traditional way of planning vacations undercuts our ability to enjoy them, and how a new strategy can lead to cheaper fares and more trips. Why cheap flights never have to be inconvenient flights, and all the steps you can take to get a good fare even when you don’t have flexibility. The surprising best week for international travel, and how small airports actually get the best deals. Keyes challenges the conventional wisdom that it costs thousands of dollars to fly overseas and shows readers how to make previously unthinkable trips possible.

Baudolino St. Martin's Press

BAUDOLINO gravita em torno dos prazeres da corte de Federico

Hohenstaufen, conhecido como Barbarossa, à época da Terceira Cruzada. A história engloba justamente o período entre 1152 e 1204, começando com a ascensão de Barbarossa ao trono e terminando com a conquista de Constantinopla pela temida ordem dos cavaleiros templários. A trama é protagonizada por Baudolino - adolescente, criativo e mentiroso que dá título à obra - e Niceta Coniate, personagem inspirado em um historiador e orador que viveu na corte de Constantinopla. A narrativa retrocede, enquanto Baudolino conta a Niceta suas aventuras e desventuras, numa mistura de fantasia e realidade, História e faz-de-conta. Tudo isso temperado por inúmeras situações cômicas. No intervalo, Eco embaralha os seus personagens inventados e produz o mais recorrente efeito de seu texto: interferir em acontecimentos históricos conhecidos por meio de atos ou circunstâncias vividas pelos personagens fictícios.

The World's Heritage Princeton University Press

Named Foreign Affairs Best Books of 2022 and the National Endowment for Democracy Notable Books of 2022 "Richly reported...a thorough and important history." -Tim Padgett, The New York Times A nuanced and deeply-reported account of the collapse of Venezuela, and what it could mean for the rest of the world. Today, Venezuela is a country of perpetual crisis—a country of rolling blackouts, nearly worthless currency, uncertain supply of water and food, and extreme poverty. In the same land where oil—the largest reserve in the world—sits so close to the surface that it bubbles from the ground, where gold and other mineral resources are abundant, and where the government spends billions of dollars on public works projects that go abandoned, the supermarket shelves are bare and the hospitals have no medicine. Twenty percent of the population has fled, creating the largest refugee exodus in the world, rivaling only war-torn Syria’s crisis. Venezuela’s collapse affects all of Latin America, as well as the United States and the international community. Republicans like to point to Venezuela as the perfect example of the emptiness of socialism, but it is a better model for something else: the destructive potential of charismatic populist leadership. The ascent of Hugo Chávez was a precursor to the emergence of strongmen that can now be seen all over the world, and the success of the corrupt economy he presided over only lasted while oil sold for more than \$100 a barrel. Chávez’s regime and policies, which have been reinforced under Nicolás Maduro, squandered abundant resources and ultimately bankrupted the country. Things Are Never So Bad That They Can’t Get Worse is a fluid combination of journalism, memoir, and history that chronicles Venezuela’s tragic journey from petro-riches to poverty. Author William Neuman witnessed it all firsthand while living in Caracas and serving as the New York Times Andes Region Bureau Chief. His book paints a clear-eyed, riveting, and highly

personal portrait of the crisis unfolding in real time, with all of its tropical surrealism, extremes of wealth and suffering, and gripping drama. It is also a heartfelt reflection of the country’s great beauty and vibrancy—and the energy, passion, and humor of its people, even under the most challenging circumstances. *Finding George Orwell in Burma* Goodfellow Publishers Ltd This book is designed to provide a basic introduction to the tourism industry and is an ideal text for students requiring a concise and comprehensive introduction to the subject area.

Take More Vacations W. W. Norton & Company Reviews the geography, climate, wildlife, history, politics, culture, economy, and government of Albania.

Hyni në botën gjithëpërfshirëse të politikës dhe lidërshipt shqiptar me këtë përmbledhje të kuruar me përpikëri. Ky koleksion i mrekullueshëm përfshin rreth 14,000 faqe mbresëlënëse dhe përfshin afërsisht 3,500 fjalime, deklarata, konferenca me lider të ndryshëm botëror dhe intervista të mbajtura nga Kryeministri i Shqipërisë, Edi Rama. Kjo antologji e paprecedentë u ofron lexuesve një pasqyrë intime dhe të thellë të rrugëtimit dhe vizionit politik të kryeministrit Edi Rama, një figurë kryesore në historinë shqiptare. Nga ditët e tij të hershme si lider deri në mandatin e tij të tretë si kreu i qeverisë, kjo përmbledhje ofron një pamje të gjerë dhe të pafiltruar të mendimeve, politikave dhe aspiratave të tij. Gërmoni thellë në zemrën e qeverisjes shqiptare ndërsa lundroni nëpër këto faqe, ku secila ofron një perspektivë unike mbi stilin e udhëheqjes së Ramës, angazhimin e tij me median dhe strategjitë e tij për formësimin e së ardhmes së Shqipërisë. Pavarësisht nëse kërkon të kuptosh ndërlidhimet e vendimeve të tij të politikës së jashtme apo iniciativat e tij të brendshme. Kjo përmbledhje paraqet një burim të pashembullt për studentët, historianët dhe entuziastët politikë. Brenda këtyre faqeve do të gjeni fjalimet elokuede të Ramës, intervistat e tij të sinqerta që hedhin dritë mbi bindjet e tij personale dhe deklaratat e tij zyrtare që përvijojnë politikat e qeverisë së tij. Eksploroni pikëpamjet e tij mbi diplomacinë, zhvillimin ekonomik dhe përparimin social ndërsa nisni një udhëtim nëpër peizazhin politik të Shqipërisë. Ky libër është më shumë se një koleksion dokumentesh; është një testament i historisë në zhvillim të një kombi përmes lenteve të liderit të tij. Me çdo faqe të kthyer, do të fitoni një vlerësim më të thellë për karakterin dinamik dhe të shumëanshëm të Edi Ramës dhe rolin e tij në formësimin e fatit të Shqipërisë. Kjo përmbledhje qëndron si një burim i vlefshëm për këdo që kërkon të zbulojë kompleksitetin e politikës shqiptare dhe mendjen e kryeministrit të saj vizionar.

A "must-read" (Vincent Rijmen) nuts-and-bolts explanation of cryptography from a leading expert in information security. Despite its reputation as a language only of spies and hackers, cryptography plays a critical role in our everyday lives. Though often invisible, it underpins the security of our mobile phone calls, credit card payments, web searches, internet messaging, and cryptocurrencies—in short, everything we do online. Increasingly, it also runs in the background of our smart refrigerators, thermostats, electronic car keys, and even the cars themselves. As our daily devices get smarter, cyberspace—home to all the networks that connect them—grows. Broadly defined as a set of tools for establishing security in this expanding cyberspace, cryptography enables us to protect and share our information. Understanding the basics of cryptography is the key to recognizing the significance of the security technologies we encounter every day, which will then help us respond to them. What are the implications of connecting to an unprotected Wi-Fi network? Is it really so important to have different passwords for different accounts? Is it safe to submit sensitive personal information to a given app, or to convert money to bitcoin? In clear, concise writing, information security expert Keith Martin answers all these questions and more, revealing the many crucial ways we all depend on cryptographic technology. He demystifies its controversial applications and the nuances behind alarming headlines about data breaches at banks, credit bureaus, and online retailers. We learn, for example, how encryption can hamper criminal investigations and obstruct national security efforts, and how increasingly frequent ransomware attacks put personal information at risk. Yet we also learn why responding to these threats by restricting the use of cryptography can itself be problematic. Essential reading for anyone with a password, Cryptography offers a profound perspective on personal security, online and off.

Distribution of Medals. [Report of the committee appointed to consider the subject of the annual distribution of medals in the public schools.] Charlesbridge Publishing

The New York Times bestseller: the secrets of the City of Light, revealed in the lives of the great, the near-great, and the forgotten—by the author of the acclaimed *The Discovery of France*. This is the Paris you never knew. From the Revolution to

the present, Graham Robb has distilled a series of astonishing true narratives, all stranger than fiction, of the lives of the great, the near-great, and the forgotten. A young artillery lieutenant, strolling through the Palais-Royal, observes disapprovingly the courtesans plying their trade. A particular woman catches his eye; nature takes its course. Later that night Napoleon Bonaparte writes a meticulous account of his first sexual encounter. A well-dressed woman, fleeing the Louvre, takes a wrong turn and loses her way in the nameless streets of the Left Bank. For want of a map—there were no reliable ones at the time—Marie-Antoinette will go to the guillotine. Baudelaire, the photographer Marville, Baron Haussmann, the real-life Mimi of La Boheme, Proust, Adolf Hitler touring the occupied capital in the company of his generals, Charles de Gaulle (who is suspected of having faked an assassination attempt in Notre Dame)—these and many more are Robb's cast of characters, and the settings range from the quarries and catacombs beneath the streets to the grand monuments to the appalling suburbs ringing the city today. The result is a resonant, intimate history with the power of a great novel.

The True Secret of Writing Open Road + Grove/Atlantic

A joint effort by UNWTO, UNDP and other partners, *Tourism and the Sustainable Development Goals - Journey to 2030* aims to build knowledge, and empower and inspire tourism stakeholders to take necessary action to accelerate the shift towards a more sustainable tourism sector by aligning policies, business operations and investments with the SDGs. The publication intends to disentangle the links between tourism and the SDGs and provides recommendations on how to steer the road towards 2030, based on an analysis of 64 countries' Voluntary National Reviews (VNRs) on the SDGs - submitted to the United Nations High-level Political Forum on Sustainable Development in 2016 and 2017 -, as well as eight Mainstreaming, Acceleration and Policy Support (MAPS) country roadmaps and corporate social responsibility (CSR) activities of 60 global tourism companies.

The Ghost Rider CABI

Never in history have so many people been displaced by political and military conflicts at home—more than 65 million globally. Unsparing, outspoken, vital, *We Are Not Refugees* tells the stories of many of these displaced, who have not been given asylum. For over a decade, human rights journalist Agus Morales has journeyed to the sites of the world's most brutal conflicts and spoken to the victims of violence and displacement. To Syria, Afghanistan, Pakistan, and the Central African Republic. To Central America, the Congo, and the refugee camps of Jordan. To the Tibetan Parliament in exile in northern India. We are living in a time of massive global change, when negative images of refugees undermine the truth of their humiliation and suffering. By bringing us stories that reveal the individual pain and the global scope of the crisis, Morales reminds us of the truth and appeals to our conscience. "With the keen eye and sharp pen of a reporter, Agus takes us around the world to meet mothers, fathers, [and] children displaced from their homes. Now, more than ever, this is a book that needed to be written and needs to be read." —Ali Noraani, Executive Director of the National Immigration Forum and author of *There Goes the Neighborhood: How Communities Overcome Prejudice and Meet the Challenge of American Immigration* "Morales notes [that] those who live on the

margins are not even refugees, often seeking survival without the UNHCR, internally displaced people whose stories we need to hear, whose lives we need to remember. . . a must read." —Dr. Westy Egmont, Professor, Director of the Immigrant Integration Lab, Boston College School of Social Work

Tourism, Recreation, and Sustainability Simon and Schuster

Despite the high-tech tools available to salespeople today, the most personal method still works best. Through storytelling, a salesperson can explain products or services in ways that resonate, connect people to the mission, and help determine what decisions are made. A well-crafted story can pack the emotional punch to turn routine presentations into productive relationships. In *Sell with a Story*, organizational storytelling expert and author Paul Smith focuses his popular and proven formula to the sales arena. Smith identifies the ingredients of the most effective sales stories and reveals how to: Select the right story Craft a compelling and memorable narrative Incorporate challenge, conflict, and resolution• And more Learning from model stories, skill-building exercises, and enlightening examples from Microsoft, Costco, Xerox, Abercrombie & Fitch, Hewlett-Packard, and other top companies, you will soon be able to turn their personal experiences into stories that introduce yourself, build rapport, address objections, add value to the product, bring data to life, create a sense of urgency...and most importantly, sell! If you want to become a better communicator and transform your sales results, *Sell with a Story* is for you.

Things Are Never So Bad That They Can't Get Worse Granta Books

A history of the Antarctic Peninsula, South Shetland Islands and the Weddell Sea. In 12 years John has visited the area over 40 times and guides and lectures on adventure cruise ships. He delivers a selection of highly readable accounts of the sailors, merchantmen, sealers, whalers, and aviators who, with scientists and adventurers drew the first ghostly maps of the white continent

Fletorja zyrtare e Republikës së Shqipërisë World Scientific

This book examines the relationship between information society and information communication technology (ICT) markets, while evaluating the ICT impact on Albanian society and its economy. It offers insights on the country's information society development and compares it to other nations. The book begins with a general introduction to information society and efforts that can be used for ICT strategy. It then takes a look at ICT as an industrial sector and uncovers the importance for a strong ICT infrastructure management. Using this background information, the book finally explores the growing information society and ICT sector found in Albania. It measures the information society being created, and compares it to other countries in South Eastern Europe. Next the authors introduce a theoretical model for ICT driven development, focusing on ICT innovation and investment as factors that can affect the ICT market. These factors have also taken into account for strategy development in the national and industry level.
