**Blake** Oxford  
University Press  
Blake's comic brilliance  
has been variously  
dismissed as the

nervous ramblings of a  
neglected genius, the  
tomfool doodles of a  
distracted youngster,  
or a crude tool for  
destabilizing textual  
authority. But, for the  
eighteenth century,  
comedy played a  
pivotal role in debates  
on aesthetics,

education, spirituality and morality. This exciting new study blends a close reading of Blake's early work with fascinating historical research to demonstrate that the comic was an essential component of Blake's artistic Vision.

*The Arts* Canterbury Press

For every day from Advent Sunday to Christmas Day and beyond, the bestselling poet Malcolm Guite chooses a favourite poem from across the Christian spiritual and English literary traditions and offers incisive seasonal reflections on it. A scholar of poetry as well as a renowned poet himself, his knowledge is deep and wide and he offers readers a soul-food feast for Advent.

Among the classic writers he includes are: George Herbert, John Donne, Milton, Tennyson, and Christina Rossetti, as well as contemporary poets like Scott Cairns, Luci Shaw, and Grevel Lindop. He also includes a selection of his own highly praised work.

**Waiting on the Word**  
Springer

"William Blake is a universal artist--an inspiration to visual artists, musicians, poets, and performers worldwide as well as everyone who aspires to the ideals of personal, spiritual, and creative liberty. His heroic story has inspired an invigorated generations. His personal struggles during a period of political terror and oppression, his

technical innovations, and his political commitment all remain deeply relevant today. This book presents a comprehensive overview of Blake's work as a printmaker, poet, and painter, foregrounding his relationship with the art world of his time and telling the stories behind many of his most iconic images."--

 Read Ammon Shea's blogs and other content on the Penguin Community. A surprising, lively, and rich history of that ubiquitous doorstep that most of us take for granted. Ammon Shea is not your typical thirtysomething book enthusiast. After reading the Oxford English Dictionary from

cover to cover (and living to write about it in Reading the OED), what classic, familiar, but little-read book would he turn to next? Yes, the phone book. With his signature combination of humor, curiosity, and passion for combing the dustbins of history, Shea offers readers a guided tour into the surprising, strange, and often hilarious history of the humble phone book. From the first printed version in 1878 (it had fifty listings and no numbers) to the phone book's role in presidential elections, Supreme Court rulings, Senate filibusters, abstract art, subversive poetry, circus sideshows, criminal investigations, mental-health diagnoses, and much

more, this surprising volume reveals a rich and colorful story that has never been told- until now.

*William Blake* DigiCat Jerusalem represents the culmination of Blake's artistic endeavor in poetry and picture. The author approaches Blake's masterpiece from within rather than without, in an attempt to find a clue to the poem's structure in the poetry itself.

News-record of the Baltimore Museum of Art Oxford University Press

The last volumes in the series of William Blake's Illuminated Books reveal the writer and artist as a prophet driven by a sense of apocalyptic urgency. Blake conceived and executed *The Continental Prophecies*

and *The Urizen Books* in the early 1790s, capturing the intellectual and spiritual turmoil of the American and French revolutions. Here, for the first time, the general reader will encounter Blake's most intense vision in reproductions that do justice to the originals, accompanied by texts, comprehensive notes and commentaries, and detailed interpretations of the designs. *The Continental Prophecies*, which comprises "America," "Europe," and "The Song of Los," presents Blake's critical reckoning with the history of his own times. Marked by a particularly close integration of word and image, the books form a mythical plot from

historical events and criticize the intricate structure of social oppression that the author attributes to organized state religion. Each of the three books attempts to point a way toward the process of millennial liberation. These volumes complete the six-part series of William Blake's Illuminated Books, including *Jerusalem*, *Songs of Innocence* and of *Experience* (now available in paperback), *The Early Illuminated Books*, and *Milton, A Poem*, all published by Princeton University Press.

"[...] this is a book to pick up and dream about having a dragon curled up on your lap by the fire in these winter nights." — SFcrowsnest

Anne Stokes is a phenomenally popular artist in the field of

gothic and magical fantasy, with fans all over the world. Her roots in design and illustration have led to supremely well-crafted paintings that have been licensed for use on all manner of merchandise and her followers eagerly await each new piece. This long-overdue book showcases Anne's oeuvre in all its glory, accompanied by illuminating text about Anne and her inspirations, techniques and processes. The book is divided into thematic sections covering the full range of subjects that she has portrayed: her early work (like that for Dungeons & Dragons), the dark and the gothic, dragons, unicorns, fairies, mermaids and all that is mystical and

magical. From the dark allure of Summon the Reaper to the opalescent beauty of Stargazer, this is a real treat for all fans and anyone who loves fantasy and stunning art in general.

*Sale* Paddington Press, Limited

Ballads is a collection of humorous and affectionate odes to various animals.

William Hayley writes lovingly about a wide variety of animals, from man's best friend to ferocious and wild creatures such as elephants and lions.

Excerpt: " Of all the speechless friends of man  
The faithful dog I deem Deserving from the human clan  
The tenderest esteem: This feeling creature formed to love,  
To watch, and to defend, Was given to man by powers

above, A guardian, and a friend!"

The Book of Job

Huntington Library  
Press

The Critical Heritage gathers together a large body of critical sources on major figures in literature. Each volume presents contemporary responses to a writer's work, enabling students and researchers to read for themselves, for example, comments on early performances of Shakespeare's plays, or reactions to the first publication of Jane Austen's novels. The carefully selected sources range from landmark essays in the history of criticism to journalism and contemporary opinion, and little published documentary material such as letters and

diaries. Significant pieces of criticism from later periods are also included, in order to demonstrate the fluctuations in an author's reputation. Each volume contains an introduction to the writer's published works, a selected bibliography, and an index of works, authors and subjects. The Collected Critical Heritage set will be available as a set of 68 volumes and the series will also be available in mini sets selected by period (in slipcase boxes) and as individual volumes.

*The Book of Job*

Springer Nature

In *The Art of Poetry*, Shira Wolosky provides a dazzling introduction to an art whose emphasis on verbal music, wordplay, and dodging the merely

literal makes it at once the most beguiling and most challenging of literary forms. A uniquely comprehensive, step-by-step introduction to poetic form, *The Art of Poetry* moves progressively from smaller units such as the word, line, and image, to larger features such as verse forms and voice. In fourteen engaging, beautifully written chapters, Wolosky explores in depth how poetry does what it does while offering brilliant readings of some of the finest lyric poetry in the English and American traditions. Both readers new to poetry and poetry veterans will be moved and enlightened as Wolosky interprets work by William

Shakespeare, John Donne, William Blake, William Wordsworth, Emily Dickinson, Robert Frost, Sylvia Plath, and others. The book includes a superb two-chapter discussion of the sonnet's form and history, and represents the first poetry guide to introduce gender as a basic element of analysis. In contrast to many existing guides, which focus on selected formal aspects like metrics or present definitions and examples in a handbook format, *The Art of Poetry* covers the full landscape of poetry's subtle art while showing readers how to comprehend a poetic text in all its dimensions. Other special features include Wolosky's consideration of

historical background for the developments she discusses, and the way her book is designed to acquaint or reacquaint readers with the core of the lyric tradition in English. Lively, accessible, and original, *The Art of Poetry* will be a rich source of inspiration for students, general readers, and those who teach poetry.

**William Blake's Comic Vision** New York Review of Books  
William Blake, overlooked in his time, remains an enigmatic figure to contemporary readers despite his near canonical status. Out of a wounding sense of alienation and dividedness he created a profoundly original symbolic language, in which words and images unite in a

unique interpretation of self and society. He was a counterculture prophet whose art still challenges us to think afresh about almost every aspect of experience—social, political, philosophical, religious, erotic, and aesthetic. He believed that we live in the midst of Eternity here and now, and that if we could open our consciousness to the fullness of being, it would be like experiencing a sunrise that never ends.

Following Blake's life from beginning to end, acclaimed biographer Leo Damrosch draws extensively on Blake's poems, his paintings, and his etchings and engravings to offer this generously illustrated account of Blake the man and his vision of our world. The author's

goal is to inspire the reader with the passion he has for his subject, achieving the imaginative response that Blake himself sought to excite. The book is an invitation to understanding and enjoyment, an invitation to appreciate Blake's imaginative world and, in so doing, to open the doors of our perception.

**The Pictorial Arts of the West, 800-1200**

An illustrated quarterly.

**William Blake and the Age of Aquarius**

Yale University Press  
Part of the Jewish Encounter series  
From one of our most trusted spiritual advisers, a thoughtful, illuminating guide to that most fascinating of biblical texts, the book of Job, and what it can teach

us about living in a troubled world. The story of Job is one of unjust things happening to a good man. Yet after losing everything, Job—though confused, angry, and questioning God—refuses to reject his faith, although he challenges some central aspects of it. Rabbi Harold S. Kushner examines the questions raised by Job's experience, questions that have challenged wisdom seekers and worshippers for centuries. What kind of God permits such bad things to happen to good people? Why does God test loyal followers? Can a truly good God be all-powerful? Rooted in the text, the critical tradition that surrounds it, and the

author's own profoundly moral thinking, Kushner's study gives us the book of Job as a touchstone for our time. Taking lessons from historical and personal tragedy, Kushner teaches us about what can and cannot be controlled, about the power of faith when all seems dark, and about our ability to find God. Rigorous and insightful yet deeply affecting, *The Book of Job* is balm for a distressed age—and Rabbi Kushner's most important book since *When Bad Things Happen to Good People*.

**A Visit to William Blake's Inn** Princeton University Press  
In the nearly fifty essays collected in *The Wild Children of William*

Blake, John Yau explores the careers of a wide range of poets and artists who are, like the nineteenth century poet, dissenters from consensus--Wallace Berman, Alfred Starr Hamilton, Jay DeFeo, Hilma af Klint, Katherine Bradford, Barbara Takenaga, Forrest Bess, Emmet Gowin, Sophia Al-Maria, and Simon Gouverneur, to name but a few. Yau locates and defines a shared sensibility among his subjects whose work is often set at an oblique angle to the larger culture. He probes the reasons for this stance and its aesthetic consequences and, most provocatively, inspects the how and why behind the impulse to deflect their importance. For

instance, he asserts that Jay DeFeo's masterwork, *The Rose*, "calls many assumptions into question and challenges canonical thinking about what constitutes a major achievement in postwar art." This questioning marks each essay in the collection, a volume that sets out to reorder, if not outright dismantle, the exclusionary hierarchies that have dominated cultural discourse for decades. Blake's "wild children" are alive and well, and in Yau's nimble, intelligent prose their dissonance is exactly parsed and joyously celebrated.

**Auction Catalogs, Numbered** Yale University Press  
This complete

catalogue of William Blake's work from the richly comprehensive collections of the Huntington Library and Art Gallery features a full introduction and explanatory text by a leading Blake scholar and covers the artist's entire oeuvre: his pencil sketches, watercolor drawings, tempera paintings, engravings, etchings, relief color printing, illustrated and illuminated books, and printed writings.

*The American Catalogue* Routledge  
'To see a World in a Grain of Sand  
'And a Heaven in a Wild Flower  
Hold Infinity in the palm of your hand  
And Eternity in an hour'  
William Blake wrote some of the most moving and memorable verse in the English language.

Deeply committed to visionary and imaginative experience, yet also fiercely engaged with the turbulent politics of his era, he is now recognised as a major contributor to the Romantic Movement. This edition presents Blake's poems in their literary categories and genres to which they belong: his much-loved lyrics, ballads, comic and satirical verse, descriptive and discursive poems, verse epistles, and, finally, his remarkable 'prophetic' poems, including the whole of his two diffuse epics, Milton and Jerusalem. Blake's poetry is intellectually challenging as well as formally inventive, and this edition has a substantial critical introduction which

places his ideas in the contemporary context of the Enlightenment and the artistic reaction against its key assumptions.

The Wild Children of William Blake Flame Tree Illustrated

The most innovative, unconventional, and profoundly practical career guide available-- newly revised and updated With today's economic uncertainties, millions of Americans realize they must seize control over their own career paths. They want work that not only pays the bills but also allows them to pursue their real passions. In this revised edition, Laurence Boldt updates and revises his revolutionary guide to meet the challenges of the twenty-first century workplace. The first

part of this book helps readers to identify the work that they really want to do, while the second provides practical, active steps to finding or creating that work. *Zen and the Art of Making a Living* goes beyond inspiration, providing a proven formula for bringing creativity, dignity, and meaning to every aspect of the work experience.

*Calendar* Penguin

In this groundbreaking book, William Kostlevy presents a fascinating study of the Metropolitan Church Association (MCA), a religious community founded in Chicago in the early 1890s. The MCA was one of the most controversial societies of the era. Its members were called "jumpers" because of their acrobatic worship

style, and "Burning Bushers" after their caustic periodical, the *Burning Bush*. They objected to the concept of private property, rejected "elite" denominations, and professed an alternative, radical vision of Christianity, using modern music and folk art to spread their message. A product of the holiness revival of the late nineteenth century and a catalyst for Pentecostalism, the MCA played a vital role in the twentieth century growth of evangelical Christianity, yet it has long been ignored in studies of American radicalism, of communal societies, and even of holiness and Pentecostal Christianity. Kostlevy rectifies this omission,

providing a valuable new context for understanding the origins of Pentecostalism. He investigates the internal struggles of the Holiness Movement, showing how radically divergent theological currents came to dominate a major segment of the American evangelical community. He also shows how deeply the MCA impacted the lives of twentieth century evangelists Bud Robinson and Seth C. Rees, self-designated first woman bishop Alma White, and Pentecostal evangelists A. G. Garr and Glenn Cook. As Holy Jumpers demonstrates, Holiness Christians, and the MCA in particular, played a profoundly formative role in the development of

modern evangelical and Pentecostal Christianity. William Blake: Seen in My Visions: A Descriptive Catalogue of Pictures Princeton University Press Between the ninth and thirteenth centuries the Western world witnessed a glorious flowering of the pictorial arts. In this lavishly illustrated book, C.R. Dodwell provides a comprehensive guide to all forms of this art--from wall and panel paintings to stained glass windows, mosaics, and embroidery--and sets them against the historical and theological influences of the age. Dodwell describes the rise and development of some of the great styles of the Middle Ages:

Carolingian art, which ranged from the splendid illuminations appropriate to an emperor's court to drawings of great delicacy; Anglo-Saxon art, which had a rare vitality and finesse; Ottonian art with its political and spiritual messages; the colorful Mozarabic art of Spain, which had added vigor through its interaction with the barbaric Visigoths; and the art of Italy, influenced by the styles of Byzantium and the West. Dodwell concludes with an

examination of the universal Romanesque style of the twelfth century that extended from the Scandinavian countries in the north to Jerusalem in the south. His book--which includes the first exhaustive discussion of the painters and craftsmen of the time, incorporates the latest research, and is filled with new ideas about the relations among the arts, history, and theology of the period--will be an invaluable resource for both art historians and students of the Middle Ages.
