 Genealogische  
 s Handbuch  
 Here is a  
 broad and

richly  
 documented  
 examination  
 of a little  
 studied social  
 group--the  
 German  
 nobility  
 outside  
 Prussia.  
 Gregory  
 Pedlow  
 considers the  
 nobles of the  
 small but  
 representative  
 state of  
 Hesse-Kassel  
 from the end  
 of the ancien  
 regime to the  
 era of German

<p>unification. Although this period has been most often described in terms of the "triumph of the bourgeoisie," the author shows that landholding Hessian nobles were able to preserve much of their political prestige and social and economic power during these years. By demonstrating a mixture of conservatism and flexibility instead of blind reaction, the Hessian</p>	<p>nobility maintained its position as a landed elite. The author focuses on four main areas: the noble family, with material showing changes in marriage patterns and family size and the impact of such demographic changes on inheritance practices; noble landownership, with documentation as to how noble landholdings and landed income survived the loss of</p>	<p>traditional noble privileges and payments by peasants; noble occupations, with information (including collective biography) showing nobles' education, career choices, and degree of success in obtaining positions in government service; and the nobility's political response to the growing pressure for reform during the nineteenth century. Originally</p>
--	---	--

<p>published in 1988. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the</p>	<p>Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. <u>Genealogische s Handbuch bürgerlicher Familien</u> Princeton University Press</p> <p>Das als Wappenfibel des Vereins Herold (gegr. 1869) bestens eingefuhrte Handbuch ist ein Muss fur alle, die sich</p>	<p>beruflich oder privat fur Wappenkunde und Wappenkunst interessieren. Es erscheint jetzt vollig uberarbeitet und neu gestaltet in der 20. Auflage im Bohlau Verlag. Dieses Standardwerk zur Wappenkunde stellt die Teilgebiete der Heraldik - Staatsheraldik , Kommunalheraldik und Familienheraldik - systematisch vor. Dabei werden besonders umfassend</p>
---	--	---

solche Fragen behandelt, die in der heraldischen Praxis immer wieder thematisiert werden: Grundsätze für den Entwurf neuer Wappen, Deutung alter Wappen, Berechtigung zur Führung von Wappen namensgleich er Familien, die Unterscheidungskraft der Wappen oder Wappenschwindel früher und heute. Ludwig Biewer und Eckart Henning, beide ausgewiesene Experten,

haben die zuletzt 1998 erschienene Ausgabe des Handbuchs komplett überarbeitet und aktualisiert. Das mit zahlreichen vierfarbigen Abbildungen ausgestattete und völlig neu gestaltete Buch ist für Historiker wegweisend und wird allen moderneren Ansprüchen von Heraldikern und Genealogen gerecht. **The Survival of the Hessian Nobility, 1770-1870**
