Lust, Vengeance and Non-stop Action Mike Harmon's commando-quality retainers agree: their leader, code-named Ghost, is a peculiar one. An ex-Navy-SEAL, there is no stronghold he cannot penetrate, no target he can't take out. But Ghost is also a man struggling to keep the animal inside at bay and his twisted sexual

desires satisfied with a rock-hard integrity and incredible force of will. Now Harmon and his militia have been hired to rescue the daughter of a powerful political mover in America, kidnapped into the Eastern Europe sex trade. Welcome to the Balkan Route: a notorious pathway for human trafficking carved with blood and brutality and passing through Serbia and Montenegro, Croatia, Albania, Macedonia, Bosnia-Herzegovina, and Kosovo to the heart of darkness itself: sexual snuff houses where powerful politicians pay to rape and murder young women for kicks. Turns out some of those politicians hail from Washington, D.C. But now the Route is about to be re-Routed, and

the balance of power is about to shift dramatically $\frac{3}{4}$ to the smoking muzzle of one very angry ex-SEAL's M-4. Sometimes it takes a bad man to destroy an even more terrible evil. And the baddest of them all is Ghost. They'll be sorry they made his girls cry. John Ringo, veteran of the U.S. Army's 82nd Airborne and fivetimes New York Times best-seller with over a million books in print, delivers another blockbuster military technothriller with the latest entry in his "Ghost" saga. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Centurions were the

the height of the

be able to read and

intense physical ability,
courage beyond the

fell to barbarian

less than five hundred
qualified Centurions.

Ringo. Sequel to *Islands of Rage and Hope*, *To Sail a Darkling Sea*, and *Under a Graveyard Sky*. A hardened group of survivors fights back against a zombie plague that has brought down civilization. With the world consumed by a devastating plague that drives humans violently insane, what was once a band of desperate survivors bobbing on a dark Atlantic ocean has now become *Wolf Squadron*, the only hope for the salvation of the human race. Banding together with what remains of the U.S. Navy, *Wolf Squadron*, and its leader Steve Smith, not only plans to survive—he plans to retake the mainland from the infected,

starting with North America. Smith's teenage daughters have become zombie hunters of unparalleled skill, both at land and on the sea, and they may hold the key to the rebirth of civilization on a devastated planet. thing Smith, late of the

saving civilization is
going to take more

than the traditional banking toolbox of lawyers, guns, and money. Smith needs infected human spinal tissue to formulate a vaccine—and he needs it by the truckload. To get it, he will have to forge a shady alliance with both the politicians of the City of New York and some of its less savory entrepreneurs. But all of his back-alley dealing may amount to nothing if he can't stave off the fast-moving disease as it sweeps across the planet, leaving billions dead in its wake. And if he fails, his only fallback is an incomplete plan to move enough personnel to safe havens and prepare to restart civilization. What's more, there are others who have

similar plans—and believe it or not, they're even less charitable than a Wall Street investment banker. Sooner or later Smith will have to deal with them. But first he has to survive the Fall. A NEW NOVEL IN JOHN RINGO'S BEST-SELLING BLACK TIDE RISING SERIES BY NEBULA- AND DRAGON AWARD-NOMINATED AUTHOR CHARLES E. GANNON It was supposed to be fun. Six teenagers and their British captain aboard the ketch *Crosscurrent Voyager*, headed on a senior year summer cruise to excitement and adventure. Then the world as they knew it ended. A plague spread throughout the globe, killing millions and turning the survivors into cannibalistic rage

monsters—zombies, in so many words. Only by putting aside their differences were the young crew able to survive. Now, they seek others like them, those fortunate souls who have made it through the zombie apocalypse. After all, maybe it's not the end of the world so long as GPS can help survivors navigate deadly terrain, to link up, and maybe—just maybe—ensure the continuation of the human race. But the Earth's GPS systems are failing. It falls to those aboard the Crosscurrent Voyager to keep the unthinkable from happening. In order to do so, they must traverse dangerous seas to a European Space Agency complex in French Guiana. And

thousands of infected stand in the way. If they succeed, humankind has a chance of rebuilding. If they fail, humanity may well be at the end of its journey. At the publisher's request, this title is sold without DRM (Digital Rights Management). About Charles E. Gannon: "The plot is intriguing and then some. Well-developed and self-consistent; intelligent readers are going to like it."—Jerry Pournelle "Chuck Gannon writes the kind of science fiction we all grew up on: rousing, mind-expanding, pulse-pounding sagas of spaceships and aliens.  A teenage girl faces her evil nemesis in the Alice's Adventures in Wonderland-inspired trilogy that "should sweep readers down the rabbit hole" (Publishers Weekly). After surviving a disastrous battle at prom, Alyssa has embraced her madness and gained perspective. She's determined to rescue her two worlds and the people and netherlings she loves. Even if it means challenging Queen Red to a final battle of wills and wiles . . . and even if the only way to Wonderland, now that the rabbit hole is closed, is through the

looking-glass world—a parallel dimension filled with mutated and violent netherling outcasts. In the final installment of the wildly popular Splintered trilogy, Alyssa and her dad journey into the heart of magic and mayhem in search of her mom and to set right all that’s gone wrong. Together with Jeb and Morpheus, they must salvage Wonderland from the decay and destruction that has ensnared it. But if they succeed and come out alive, can everyone truly have their happily ever after? Praise for the Splintered trilogy “Alyssa is one of the most unique protagonists I’ve come across in a while. Splintered is dark, twisted, entirely riveting, and a truly

romantic tale.” —USA Today “Brilliant, because it is ambitious, inventive, and often surprising.” —The Boston Globe “A dark beauty fills the novel’s pages, which will mesmerize teens with a taste for magic, romance or suspense. Unhinged lays the groundwork for a third book where anything could happen—it is Wonderland, after all.” —Shelf Awareness

 Aeneas appears in The Illiad in vague snatches and starts as a traveling warrior of great piety who was loosely connected to the foundation of Rome. Virgil weaves these fragments into a powerful myth about the founding of Rome in The Aeneid. Aeneas travels from his native

Troy to Italy then wages victorious war upon the Latins.
