### Lives of the Noble Grecians and Romans

Sagwan Press

Plutarch's Lives of the Noble Greeks and Romans, commonly called Parallel Lives or Plutarch's Lives, is a series of biographies of famous men, arranged in tandem to illuminate their common moral virtues or failings. The surviving Parallel Lives, contain twenty-three pairs of biographies, each pair consisting of one Greek and one Roman, as well as four unpaired, single lives. It is a work of considerable importance, not only as a source of information about the individuals biographized, but also about the times in which they lived.

### Plutarch's Lives of the Noble Grecians and Romans, Second Volume

Palala Press

Plutarch's Lives of the Noble Grecians and Romans is a series of biographies, arranged in pairs illuminating virtues & vices. As explained in the opening of his Life of Alexander, he wasn't concerned with history so much as the influence of character on life & destiny. Whereas sometimes he barely touched on great events, he devoted much space to anecdote & incidental triviality, this often telling more about his subjects than their famous accomplishments. He sought to provide rounded portraits, likening his craft to painting. Indeed, he went to great length to draw parallels between physical appearance & character. He's amongst the earliest moral philosophers. Some of the Lives, like those of Heracles, Philip II of Macedon & Scipio Africanus, are lost.

We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

### **Lives of the Noble Grecians and Romans** Simon and Schuster

This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. Lives of the Noble Grecians and Romans or Parallel Lives is a series of biographies of famous men, arranged in tandem to illuminate their common moral virtues or failings, probably written at the beginning of the second century AD by Plutarch. Parallel Lives comprises 23 pairs of biographies, each pair consisting of one Greek and one Roman, as well as four unpaired, single lives. It is a work of considerable importance, not only as a source of information about the individuals

described, but also about the times in which they lived. Volume I contains 13 pairs of biographies from Theseus and Romulus to Cimon and Lucullus, with comparisons.

**Plutarch's Lives of the Noble Grecians and Romans** Simon and Schuster

Plutarch's *Lives of the Noble Greeks and Romans*, commonly called *Parallel Lives* or *Plutarch's Lives*, is a series of biographies of famous men, arranged in tandem to illuminate their common moral virtues or failings. The surviving *Parallel Lives*, contain twenty-three pairs of biographies, each pair consisting of one Greek and one Roman, as well as four unpaired, single lives. It is a work of considerable importance, not only as a source of information about the individuals biographized, but also about the times in which they lived.

*Lives of the Noble Grecians and Romans* Modern Library

Plutarch's '*Lives of the Noble Grecians and Romans*' is a seminal work of biographical history, comparing the lives of notable figures from ancient Greece and Rome. Written in a parallel structure, each chapter pairs a Greek

figure with a Roman counterpart, drawing similarities and contrasts between their lives and characters. Plutarch's literary style is both informative and engaging, using anecdotes and moral lessons to bring these historical figures to life. The book offers a unique insight into the virtues and vices of these ancient societies, shedding light on their political, military, and personal achievements. Plutarch's work serves as a valuable resource for scholars of ancient history and literature, providing a comprehensive view of the lives and legacies of these influential figures. His attention to detail and deep understanding of human nature make this book a timeless classic that continues to be studied and appreciated to this day.

**Plutarch: Lives of the noble Grecians and Romans** Simon and Schuster

Plutarch's *Lives of the Noble Grecians and Romans* Plutarch Volume 2 Cimon to Otho Plutarch's *Lives of the Noble Greeks and Romans*, commonly called *Parallel Lives* or *Plutarch's Lives*, is a series of biographies of famous men, arranged in tandem to illuminate their common moral virtues or failings, probably written at the beginning of the second century AD. The surviving *Parallel Lives* comprises twenty-three pairs of biographies, each pair consisting of one Greek and one Roman, as well as four unpaired, single lives. It is a work of considerable importance, not only as a source of information about the individuals described, but also about the times in which they lived. As he explains in the first paragraph of his *Life of Alexander*, Plutarch was not concerned with writing histories, but with exploring the influence of character, good or bad, on the lives and destinies of famous

men. He wished to prove that the more remote past of Greece could show its men of action and achievement as well as the nearer, and therefore more impressive, past of Rome. His interest was primarily ethical, although the lives have significant historical value as well. The Lives was published by Plutarch late in his life after his return to Chaeronea and, if one may judge from the long lists of authorities given, it must have taken many years to compile.

*Lives of the Noble Grecians and Romans* Good Press

The complete text of Clough's edition of Plutarch's Lives; containing fifty lives and eighteen comparisons.

*Plutarch: Lives of the Noble Grecians and Romans* SMK Books

The chief manuscripts of the Lives date from the 10th and 11th centuries, and the first printed edition appeared at Florence in 1517.[citation needed]

Thomas North's[better source needed]

1579 English translation was an important source-material for

Shakespeare.[better source needed]

Jacob Tonson printed several editions of the Lives in English in the late 17th

century, beginning with a five-volume set printed in 1688, with subsequent editions printed in 1693, 1702, 1716, and 1727.[citation needed] The most generally accepted text is that of the minor edition of Carl Sintenis in the Bibliotheca Teubneriana (five volumes, Leipzig 1852-1855; reissued without much change in 1873-1875).[citation needed] There are annotated editions by I. C. Held, E. H. G. Leopold, Otto Siefert and Friedrich Blass and Carl Sintenis, all in German; and by Holden, in English. Several of the lives, such as those of Epaminondas and Scipio Africanus, are lost, and many of the remaining lives are truncated, contain obvious lacunae and/or have been tampered with by later writers.[citation needed] Plutarch's Life of Alexander is one of the few surviving secondary or tertiary sources about Alexander the Great, and it includes anecdotes and descriptions of incidents that appear in no other source. Likewise, his portrait of Numa Pompilius, an early Roman king, contains unique information about the early Roman calendar.[citation needed] Plutarch has been criticized for his lack of judicious discrimination in his use of authorities, and consequent errors and inaccuracies, but he gives an abundance of citations and, incidentally, a large number of valuable pieces of information, which fill up numerous gaps in historical knowledge obtained elsewhere.[citation needed] He has been praised for the liveliness and warmth of his portrayals, and his moral earnestness and enthusiasm, and the Lives have attracted a large circle of readers throughout the ages.

**Plutarch's Lives of the Noble Grecians and Romans - Third Volume, Primary Source Edition**

Palala Press

Excerpt from Plutarch's Lives of the Noble Grecians and Romans: With an Introduction by George Wyndam I have reason (as I thinke) to compare Nicias with Crassus, and the events that happened to the one in Parthia, with those that befell the other in Sicyle: yet am I to pray them that shall happen to read my wrytinges, not to thinke me in entermeddling with those matters (in the describing and reporting whereof, Thucydides hath gone beyond him selfe, both for variety and livelines of narration, as also in choice and excellent words) to have the like intent and opinion, that Timæus the historiographer had. Who, hoping by the gravety and life of his words and reportes, to darken the glorie of Thucydides, and make Philistus (in comparison of him selfe) appeare ignoraunt, and without any grace of historicall narration: hath in his history of purpose sought occasion to enter into the describing of those battels by sea and by land, and the reporte of those speches and orations, which are delivered by them with great judgement and eloquence. Wherein he commeth as neere them whome he contendes to passe, as doth the footeman to the Lydian coche, as sayth Pindarus: and besides sheweth him selfe fond and of small judgement, or as Diphilus sayth, A lubber laden with Sicylian grease. And in divers places, he falleth into Xenarchus follies. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
