* The only available guide devoted solely to the route used by 90 percent of all climbers who summit Denali * Historic aerial photos and introduction by one of the route's pioneers -- Bradford Washburn * Author Colby Coombs is a Denali climbing guide and a 12-year veteran of the route Denali's massive West Buttress Route is one of the world's most popular -- and treacherous -- climbs. Seasoned guide Colby Coombs and legendary mountaineering photographer Bradford Washburn teamed up to provide climbers with information devoted solely to this challenging route. Denali's West Buttress: A Climber's Guide gives the aspiring Denali climber the details required to efficiently plan and safely launch an expedition on the West Buttress. The climbing guidebook covers every aspect of climbing the route -- from preparation to climbing strategy to step-by-step route instruction. Washburn's magnificent photos -- with route and milestones clearly delineated -- paired with Coombs' explicit text guide the climber from camp to camp to the summit and down again, outlining specific hazards and obstacles and offering techniques and instruction on how best to surmount them. The book pays special attention to environmental considerations and presents low-impact methods for minimizing human and garbage waste on the route. This guide provides complete, detailed, first-hand, safety-conscious information on the West Buttress Route, serving as a much-needed resource and a grand tribute to this historic climb.

DK Eyewitness Travel Guide Alaska Penguin

In his Nautilus Award-winning classic *Touching Spirit Bear*, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscall in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. *Touching Spirit Bear* is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

Discover National Monuments Workman Publishing Company

In the summer of 1967, twelve young men ascended Alaska's Mount McKinley—known to the locals as Denali. Engulfed by a once-in-a-lifetime blizzard, only five made it back down. Andy Hall, a journalist and son of the park superintendent at the time, was living in the park when the tragedy

occurred and spent years tracking down rescuers, survivors, lost documents, and recordings of radio communications. In *Denali's Howl*, Hall reveals the full story of the expedition in a powerful retelling that will mesmerize the climbing community as well as anyone interested in mega-storms and man's sometimes deadly drive to challenge the forces of nature.

The Open Shelf Fodor's Travel

This volume summarizes two seasons of archaeological survey and a brief reconnaissance at Great Bear Lake in 1972, 1976 and 1979. The survey was restricted primarily to the northern and northwestern shores of the lake, a region that was occupied at the time of historic contact by the Hare group of Athapaskans (Dene). Approximately 140 lithic (prehistoric) sites were located and are described together with the same number of historic camps, structures and caribou fences.

Touching Spirit Bear Harper Collins

In April 2014 Mark Horrell went on a mountaineering expedition to Nepal, hoping to climb Lhotse, the fourth-highest mountain in the world, which shares a base camp and climbing route with Mount Everest. He dreamed of following in the footsteps of Tenzing Norgay and Edmund Hillary, by climbing through the infamous ice maze of the Khumbu Icefall, and he yearned to sleep in the grand amphitheatre of Everest Base Camp, surrounded by towering peaks. He was also intrigued by the media publicity surrounding commercial expeditions to Everest. He wanted to discover for himself whether it had become the circus that everybody described. But when a devastating avalanche swept across the Khumbu Icefall, he got more than he bargained for. Suddenly he found himself witnessing the greatest natural disaster Everest had ever seen. And that was just the start. Everest Sherpas came out in protest, issuing a list of demands to the Government of Nepal. What happened next left his team shocked, bewildered and fearing for their safety.

Discovering Denali Simon and Schuster

Fascinating facts about America's most popular natural landmarks provide the backbone for this fun-filled collection of activities that replicate the organic processes that formed them. Interspersed with history, factoids, and sidebars, this engaging reference explores scientific concepts, such as the formation of coral reefs and the cause of volcanic eruptions. Each monument—from the Lava Beds to the Petrified Forest—is showcased in a graphic multipage spread and is followed by hands-on experiments, allowing children to make their own stalactites and discover how a river can erode rock into a canyon. Expressing true appreciation for the United States' natural wonders, this comprehensive guide clearly illustrates their formation, from glittering caves to giant trees.

#1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with this highly anticipated companion: the iconic love story of Bella and Edward told from the vampire's point of view. When Edward Cullen and Bella Swan met in Twilight, an iconic love story was born. But until now, fans have heard only Bella's side of the story. At last, readers can experience Edward's version in the long-awaited companion novel, *Midnight Sun*. This unforgettable tale as told through Edward's eyes takes on a new and decidedly dark twist. Meeting Bella is both the most unnerving and intriguing event he has experienced in all his years as a vampire. As we learn more fascinating details about Edward's past and the complexity of his inner thoughts, we understand why this is the defining struggle of his life. How can he justify following his heart if it means leading Bella into danger? In *Midnight Sun*, Stephenie Meyer transports us back to a world that has captivated millions of readers and brings us an epic novel about the profound pleasures and devastating consequences of immortal love. An instant #1 New York Times Bestseller An instant #1 USA Today Bestseller An instant #1 Wall Street Journal Bestseller An instant #1 IndieBound Bestseller Apple Audiobook August Must-Listens Pick "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- New York Times

The Everest Politics Show R. R. Bowker

NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. "It may be nonfiction, but *Into the Wild* is a mystery of the highest order." —Entertainment Weekly McCandless had given \$25,000 in savings to charity, abandoned his car and

most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.
