Carl is back in his ninth
adventure! Children

barking at a squirrel in a tree? Carrying sticks in their mouths? Begging for food? Readers will want to follow Carl's exploits through town and country again and again, and Alexandra Day's lush autumnal landscapes are the perfect setting for the funny goings-on in the game.

Good Dog Carl Goes to a Party Little, Brown Books for Young Readers

NEW YORK TIMES BEST SELLER • A hilarious novel of social and political intrigue, set against the glittering backdrop of Florida's gold coast, from the author of *Skinny Dip* and *Razor Girl* "If you could use some wild escapism right now, Hiaasen is your guy."

—The New York Times
WITH A NEW EPILOGUE At the height of Palm Beach's charity ball

season, Kiki Pew Fitzsimmons, a prominent member of geriatric high society, suddenly vanishes during a swank gala. Kiki Pew was a founding member of the Potussies, a group of women dedicated to supporting the President, who spends half the year at the "Winter White House" just down the road. Meanwhile, Angie Armstrong, wildlife wrangler extraordinaire, is called to the island to deal with a monster-sized Burmese python that has taken residency in a tree. But the President is focused on the disappearance of Kiki Pew. Never one to miss an opportunity to play to his base, he immediately declares her a victim of rampaging immigrant hordes. This, it turns out, is far from the truth, which now lies in the middle of the road, where a bizarre discovery brings the First Lady's motorcade to a grinding halt. Irreverent, ingenious, and uproariously entertaining, *Squeeze Me* perfectly captures the absurdity of our times. *A Kid in the Newsroom* Farrar, Straus and Giroux (BYR)

ONE OF PEOPLE MAGAZINE'S BEST NEW BOOKS "A searing and

intimate memoir about love turned deadly." —The BBC "An intimate illumination of sisterhood and loss." —People When Sheila Kohler was thirty-seven, she received the heart-stopping news that her sister Maxine, only two years older, was killed when her husband drove them off a deserted road in Johannesburg. Stunned by the news, she immediately flew back to the country where she was born, determined to find answers and forced to reckon with his history of violence and the lingering effects of their most unusual childhood—one marked by death and the misguided love of their mother. In her signature spare and incisive prose, Sheila Kohler recounts the lives she and her sister led. Flashing back to their storybook childhood at the family estate, *Crossways*, Kohler tells of the death of her father when she and Maxine were girls, which led to the family abandoning their house and the girls being raised by their mother, at turns distant and suffocating. We follow them to the cloistered Anglican boarding school where they first learn of separation and later their studies in Rome and Paris where they plan grand

lives for themselves—lives that are interrupted when both marry young and discover they have made poor choices. Kohler evokes the bond between sisters and shows how that bond changes but never breaks, even after death. “A beautiful and disturbing memoir of a beloved sister who died at the age of thirty-nine in circumstances that strongly suggest murder. . . Highly recommended.”

—Joyce Carol Oates
