A landmark reference guide to the LGBTQIA+ community's contributions to the English language—an intersectional, inclusive, playfully illustrated glossary featuring more than 800 terms and fabulous phrases created by and for queer culture. Do you know where “yaaaas queen!” comes from? Do you know the difference between a bear and a wolf? Do you know what all the letters in LGBTQIA+ stand for? The Queens' English is a comprehensive guide to modern gay slang, queer theory terms, and playful colloquialisms that define and celebrate LGBTQIA+ culture. This modern dictionary provides an in-depth look at queer language, from terms influenced by celebrated lesbian poet Sappho and from New York's underground queer ball culture in the 1980s to today's celebration of RuPaul's Drag Race. The glossary of terms is supported by full-color illustrations and photography throughout, as well as real-life usage examples for those who don't quite know how to use “kiki,” “polysexual,” or “transmasculine” in a sentence. A series of educational lessons highlight key people and events that shaped queer language; readers will learn the linguistic importance of pronouns, gender identity, Stonewall, the Harlem Renaissance, and more. For every queen in your life—the men, women, gender non-conforming femmes, butches, daddies, and zaddies—The Queens' English is at once an education and a celebration of queer history, identity, and the limitless imagination of the LGBTQIA+ community.

The novel *Ruta* by Tannenbaum is by prolific, award-winning Croatian author Miljenko Jergović. First published in 2006, the story illuminates life and society in Yugoslavia between the world wars. The title character was inspired by real-life figure Lea Deutsch, the now-forgotten Shirley Temple of Yugoslavia, who was murdered in the Holocaust. Using their shared Jewish heritage as a starting point, Jergović constructs a fictional family history populated by historical figures with the precocious *Ruta* at the center. Stephen Dickey's translation masterfully captures Jergović's colloquial yet deeply observed style, which animates the tangled and troubled history of persecution and war in Croatia.

Does Islam make people violent? Does Islam make people peaceful? In this book, A. Kevin Reinhart demonstrates that such questions are misleading, because they assume that Islam is a monolithic essence and that Muslims are made the way they are by this monolith. He argues that Islam, like all religions, is complex and thus best understood through analogy with language: Islam has dialects, a set of features shared with other versions of Islam. It also has cosmopolitan elites who prescribe how Islam ought to be, even though these experts, depending on where they practice the religion, unconsciously reflect their own local dialects. Reinhart defines the distinctive features of Islam and investigates how modernity has created new conditions for the religion. Analyzing the similarities and differences between modern and pre-modern Islam, he clarifies the new and old in the religion as it is lived in the contemporary world.
