You've met the latkes, you've met the matzah...now it's time to meet the hamantaschen in this zany Purim story! There's a problem with Purim! The Purim play is about to start, but the megillah is missing! Without the scroll that recounts the Purim story, how can the show go on? Never fear: three determined hamantaschen—DETECTIVES! Right. Three determined DETECTIVES are on the case. With the help of a mysterious stranger and a few disguises, the detectives uncover the facts so the true story of Purim can be told. In this companion to Meet the Latkes and Meet the Matzah, holiday mistellings have never been so fun.

The Old Truck Routledge
Martin Luther (1483–1546) famously began the Reformation, a movement that shook Europe with religious schism and social upheaval. While his Ninety-Five Theses and

other theological works have received centuries of scrutiny and recognition, his political writings have traditionally been dismissed as inconsistent or incoherent. God and Government focuses on Luther's interpretations of theology and the Bible, the historical context of the Reformation, and a wide range of writings that have been misread or misappropriated. Re-contextualizing and clarifying Luther's political ideas, Jarrett Carty contends that the political writings are best understood through Luther's "two kingdoms" teaching, in which human beings are at once subjects of a spiritual inner kingdom, and another temporal outer kingdom. Focusing on Luther's interpretations of theology and the Bible, the historical context of the Reformation, and a wide range of writings that have been misread or ignored, Carty traces how Luther applied political theories to the most difficult challenges of the Reformation, such as the Peasants' War of 1525 and the Protestant resistance against the Holy Roman Empire, as well as social changes and educational reforms. The book further compares

Luther's political thought to that of Protestant and Catholic political reformers of the sixteenth century. Intersecting scholarship from political theory, religious studies, history, and theology, God and Government offers a comprehensive look at Martin Luther's political thought across his career and writings.

Hillbilly Elegy Little, Brown

Writing History in the Digital Age began as a "what-if" experiment by posing a question: How have Internet technologies influenced how historians think, teach, author, and publish? To illustrate their answer, the contributors agreed to share the stages of their book-in-progress as it was constructed on the public web. To facilitate this innovative volume, editors Jack Dougherty and Kristen Nawrotzki designed a born-digital, open-access, and open peer review process to capture commentary from appointed experts and general readers. A

customized WordPress plug-in allowed audiences to add page- and paragraph-level comments to the manuscript, transforming it into a socially networked text. The initial six-week proposal phase generated over 250 comments, and the subsequent eight-week public review of full drafts drew 942 additional comments from readers across different parts of the globe. The finished product now presents 20 essays from a wide array of notable scholars, each examining (and then breaking apart and reexamining) if and how digital and emergent technologies have changed the historical profession.

In the 1940s, Jerry Jarrett's humble beginnings on Nashville's 22nd Avenue only served to drive his spirit to succeed. Putting on live professional wrestling events at the age of fourteen, Jarrett's path to success soon became apparent. From ruthless business partners to wrestlers legitimately trying to kill him, Jerry always looked ahead to the future and never let

the past stop him. While most would have taken it easy after achieving the highest levels of success in wrestling, Jerry's personal drive did not have an off switch and led him to excel in other business ventures. Life and death, brutal betrayals, lifelong friendships, amazing successes, stunning defeats and none of which occurred in the wrestling ring. Jerry Jarrett's life can truly be described as a rollercoaster ride.

[Witch Hunt](#) HarperCollins
A NEW YORK TIMES BESTSELLER Finalist for the NAACP Image Award for "Outstanding Literary Work" "Valerie has been one of Barack and my closest confidantes for decades... the world would feel a lot better if there were more people like Valerie blazing the trail for the rest of us."-- Michelle Obama "The ultimate Obama insider" (The New York Times) and longest-serving senior advisor in the Obama White House shares her journey as a daughter, mother, lawyer, business leader, public servant, and leader in government at a historic moment in American history. When Valerie Jarrett interviewed a promising young lawyer named Michelle Robinson

in July 1991 for a job in Chicago city government, neither knew that it was the first step on a path that would end in the White House. Jarrett soon became Michelle and Barack Obama's trusted personal adviser and family confidante; in the White House, she was known as the one who "got" him and helped him engage his public life. Jarrett joined the White House team on January 20, 2009 and departed with the First Family on January 20, 2017, and she was in the room--in the Oval Office, on Air Force One, and everywhere else--when it all happened. No one has as intimate a view of the Obama Years, nor one that reaches back as many decades, as Jarrett shares in *Finding My Voice*. Born in Iran (where her father, a doctor, sought a better job than he could find in segregated America), Jarrett grew up in Chicago in the 60s as racial and gender barriers were being challenged. A single mother stagnating in corporate law, she found her voice in Harold Washington's historic administration, where she began a remarkable journey, ultimately becoming one of the most

visible and influential African-American women of the twenty-first century. From her work ensuring equality for women and girls, advancing civil rights, reforming our criminal justice system, and improving the lives of working families, to the real stories behind some of the most stirring moments of the Obama presidency, Jarrett shares her forthright, optimistic perspective on the importance of leadership and the responsibilities of citizenship in the twenty-first century, inspiring readers to lift their own voices.

Introduction to Show

Networking University of Michigan Press

The #1 New York Times bestseller! Washington D.C. might be loathed from every corner of the nation, yet these are fun and busy days at this nexus of big politics, big money, big media, and big vanity. There are no Democrats and Republicans anymore in the nation's capital, just millionaires. Through the eyes of Leibovich we discover how the funeral for a beloved newsman becomes the social event of the year; how political reporters are fetishized for their ability to get their

names into the predawn e-mail sent out by the city's most powerful and puzzled-over journalist; how a disgraced Hill aide can overcome ignominy and maybe emerge with a more potent "brand" than many elected members of Congress. And how an administration bent on "changing Washington" can be sucked into the ways of This Town with the same ease with which Tea Party insurgents can, once elected, settle into it like a warm bath.

Outrageous, fascinating, and very necessary, This Town is a must-read whether you're inside the highway which encircles DC - or just trying to get there.

A Quick Review of Global History Farrar, Straus and Giroux

A young girl turns her imagination into action in this beautifully crafted and intricately designed debut picture book. When is an old truck something more? On a small, bustling farm, a resilient and steadfast pickup works tirelessly alongside the family that lives there, and becomes a part of the dreams and ambitions of the family's young daughter. After long days and years of hard work leave the old truck rusting in the weeds, it's time for

the girl to roll up her sleeves. Soon she is running her own busy farm, and in the midst of all the repairing and restoring, it may be time to bring her faithful childhood companion back to life. With an eye-catching retro design and cleverly nuanced illustrations, *The Old Truck* celebrates the rewards of determination and the value of imagination.

Back Bay Books

Interrupting Chicken meets Click, Clack, Moo in this zany classic-in-the-making! With rollicking rhythms, nonsensical refrains, and too many chickens to count, this modern classic will inspire unstoppable giggles and endless rereads. Bawka-bawka! Mr. Watson has 456 chickens in the sink, on the bed, in the bread box. When his partner, Mr. Nelson, threatens to leave, Mr. Watson takes his chickens to town to sell only for them to escape! Young readers will follow Mr. Watson all around town as he gathers up his chickens. But, when they're all rounded up, does he have the heart to sell them? Does a different fate await these chickens? This quirky, irresistible book is

full of read-aloud fun with its onomatopoeia, rollicking rhythm, and familiar refrains and ends with a touch of sweetness. It has all the makings of a classic, with a farm theme, hilarious refrains, and a familiar narrative structure that unfolds in threes. Librarians, teachers, and parents looking for a new book that feels traditional will love sharing this book with children. **A JOY TO REREAD:** This is a very classic-feeling storybook. Paired with its funny farm setting and hilarious refrains, this book is sure to inspire countless rereads and endless giggles. **PERFECT READ-ALLOUD:** This book is full of nonsensical sounds and repetition that make it fun to read out loud and invite audience participation. It's a perfect choice for classroom events and laptime reads. **LIKE CHICKA CHICKA BOOM BOOM, WITH CHICKENS!:** With its bouncy refrains and rollicking rhythms, this book will remind readers of classic bestsellers like *Don't Let the Pigeon Drive the Bus!* and *Chicka Chicka Boom Boom*. **REALISTIC RELATIONSHIP UNUSUAL IN PICTURE BOOKS:** This book features a gay couple at its center, but

doesn't call specific attention to it. It simply portrays a healthy relationship between two men (and their chickens!). **WRITTEN BY A NEW TALENT WHO REALLY UNDERSTANDS KIDS:** This is Jarret Dapier's first book! He's a popular, award-winning teen librarian who works with kids, knows what they like, and is well-versed in the rhythms of the classic children's book—and he has many more stories up his sleeves. **DELIGHTFUL, DETAILED DRAWINGS OF OVER 400 CHICKENS!:** With hundreds of chickens to find and scenes crammed with action and detail, the pages of this book are chock-full of things to look at. Young readers will spend hours poring over each spread. Perfect for: parents, families looking for LGBTQIA+ stories, fans of funny books

In this sweeping and dramatic narrative, Alex Ross, music critic for *The New Yorker*, weaves together the histories of the twentieth century and its music, from Vienna before the First World War to Paris in the twenties; from Hitler's Germany and Stalin's Russia to downtown New York in the sixties and seventies up to the present. Taking readers into the labyrinth of modern style, Ross draws revelatory connections between the century's most influential composers and the wider culture. *The Rest Is Noise* is an astonishing history of the twentieth century as told through its music.
Be Who You Want
 Dragonfly Books
 The most comprehensive portrait of art criticism ever assembled, as told by the leading writers of our time. In the last fifty years, art criticism has flourished as never before. Moving from niche to mainstream, it is now widely taught at universities, practiced in newspapers, magazines, and online, and has become the subject of debate by readers, writers, and artists worldwide. Equal parts oral history and analysis of craft, *What It Means to Write About Art* offers an

unprecedented overview of American art writing. These thirty in-depth conversations chart the role of the critic as it has evolved from the 1960s to today, providing an invaluable resource for aspiring artists and writers alike. John Ashbery recalls finding Rimbaud's poetry through his first gay crush at sixteen; Rosalind Krauss remembers stealing the design of October from Massimo Vignelli; Paul Chaat Smith details his early days with Jimmy Durham in the American Indian Movement; Dave Hickey talks about writing country songs with Waylon Jennings; Michele Wallace relives her late-night and early-morning interviews with James Baldwin; Lucy Lippard describes confronting Clement Greenberg at a lecture; Eileen Myles asserts her belief that her negative review incited the Women's Action Coalition; and Fred Moten recounts falling in love with Renoir while at Harvard. Jarrett Earnest's wide-ranging conversations with critics, historians, journalists, novelists, poets, and theorists—each of whom approach the subject from unique positions—illustrate

different ways of writing, thinking, and looking at art. Interviews with Hilton Als, John Ashbery, Bill Berkson, Yve-Alain Bois, Huey Copeland, Holland Cotter, Douglas Crimp, Darby English, Hal Foster, Michael Fried, Thyra Nichols Goodeve, Dave Hickey, Siri Hustvedt, Kellie Jones, Chris Kraus, Rosalind Krauss, Lucy Lippard, Fred Moten, Eileen Myles, Molly Nesbit, Jed Perl, Barbara Rose, Jerry Saltz, Peter Schjeldahl, Barry Schwabsky, Paul Chaat Smith, Roberta Smith, Lynne Tillman, Michele Wallace, and John Yau. England in the Age of Hogarth Cornell University Press

Sensitive and sweeping, this is a history of the little-known lives of people with learning disabilities from the communities of eighteenth-century England, to the nineteenth-century asylum, to care in today's society. Those They Called Idiots traces the little-known lives of people with learning disabilities from the communities of eighteenth-century England to the nineteenth-century asylum, to care in today's society. Using evidence

from civil and criminal courtrooms, joke books, slang dictionaries, novels, art, and caricature, it explores the explosive intermingling of ideas about intelligence and race, while bringing into sharp focus the lives of people often seen as the most marginalized in society.

The Best of Times NYU Press

An intergalactic odyssey of love, ambition, and self-discovery. Orphaned as a boy, raised in the Czech countryside by his doting grandparents, Jakub Prochv°zka has risen from small-time scientist to become the country's first astronaut. When a dangerous solo mission to Venus offers him both the chance at heroism he's dreamt of, and a way to atone for his father's sins as a Communist informer, he ventures boldly into the vast unknown. But in so doing, he leaves behind his devoted wife, Lenka, whose love, he realizes too late, he has sacrificed on the altar of his ambitions. Alone in Deep Space, Jakub discovers a possibly imaginary giant alien spider, who becomes his unlikely companion. Over philosophical conversations about the

nature of love, life and death, and the deliciousness of bacon, the pair form an intense and emotional bond. Will it be enough to see Jakub through a clash with secret Russian rivals and return him safely to Earth for a second chance with Lenka? Rich with warmth and suspense and surprise, *Spaceman of Bohemia* is an exuberant delight from start to finish. Very seldom has a novel this profound taken readers on a journey of such boundless entertainment and sheer fun. "A frenetically imaginative first effort, booming with vitality and originality . . . Kalfar's voice is distinct enough to leave tread marks."- Jennifer Senior, New York Times

History and Material Culture Brasseley's A "marvelous" (Economist) account of how the Christian Revolution forged the Western imagination. Crucifixion, the Romans believed, was the worst fate imaginable, a punishment reserved for slaves. How astonishing it was, then, that people should have come to believe that one particular victim of crucifixion-an obscure provincial by the name of Jesus-was to be

worshipped as a god. *Dominion* explores the implications of this shocking conviction as they have reverberated throughout history. Today, the West remains utterly saturated by Christian assumptions. As Tom Holland demonstrates, our morals and ethics are not universal but are instead the fruits of a very distinctive civilization. Concepts such as secularism, liberalism, science, and homosexuality are deeply rooted in a Christian seedbed. From Babylon to the Beatles, Saint Michael to #MeToo, *Dominion* tells the story of how Christianity transformed the modern world.

A Quick Review of U. S. History and Government John Huntington This is a World history survey from human existence to present day.

Inquiry-Based Lessons in World History Penguin

The powerful, unforgettable graphic memoir from Jarrett Krosoczka, about growing up with a drug-addicted mother, a missing father, and two unforgettably opinionated grandparents. A National Book Award Finalist! In kindergarten, Jarrett Krosoczka's teacher asks him to draw

his family, with a mommy and a daddy. But Jarrett's family is much more complicated than that. His mom is an addict, in and out of rehab, and in and out of Jarrett's life. His father is a mystery -- Jarrett doesn't know where to find him, or even what his name is. Jarrett lives with his grandparents -- two very loud, very loving, very opinionated people who had thought they were through with raising children until Jarrett came along. Jarrett goes through his childhood trying to make his non-normal life as normal as possible, finding a way to express himself through drawing even as so little is being said to him about what's going on. Only as a teenager can Jarrett begin to piece together the truth of his family, reckoning with his mother and tracking down his father. Hey, Kiddo is a profoundly important memoir about growing up in a family grappling with addiction, and finding the art that helps you survive.

Keith Jarrett Reaktion Books

NEW YORK TIMES BESTSELLER "A riveting book."—The Wall Street Journal "Essential reading."—David Brooks, New York Times From a

former marine and Yale Law School graduate, a powerful account of growing up in a poor Rust Belt town that offers a broader, probing look at the struggles of America's white working class. *Hillbilly Elegy* is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The decline of this group, a demographic of our country that has been slowly disintegrating over forty years, has been reported on with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.'s grandparents were "dirt poor and in love," and moved north from Kentucky's Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually their grandchild (the author) would graduate from Yale Law School, a conventional marker of their success in achieving

generational upward mobility. But as the family saga of *Hillbilly Elegy* plays out, we learn that this is only the short, superficial version. Vance's grandparents, aunt, uncle, sister, and, most of all, his mother, struggled profoundly with the demands of their new middle-class life, and were never able to fully escape the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. Vance piercingly shows how he himself still carries around the demons of their chaotic family history. A deeply moving memoir with its share of humor and vividly colorful figures, *Hillbilly Elegy* is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country.

The War on History WW Norton

"A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times

Years ago, when *House of Leaves* was first being passed around, it was nothing more than a badly

bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that

impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams. HarperCollins
A "lively and engaging" history of the Middle Ages (Dallas Morning News) from the acclaimed historian William Manchester, author of *The Last Lion*. From tales of chivalrous knights to the barbarity of trial by ordeal, no era has been a greater source of awe, horror, and wonder than the Middle Ages. In

handsomely crafted prose, and with the grace and authority of his extraordinary gift for narrative history, William Manchester leads us from a civilization tottering on the brink of collapse to the grandeur of its rebirth: the dense explosion of energy that spawned some of history's greatest poets, philosophers, painters, adventurers, and reformers, as well as some of its most spectacular villains. "Manchester provides easy access to a fascinating age when our modern mentality was just being born." -- Chicago Tribune
House of Leaves Pantheon
In *The Color of Compromise*, Jemar Tisby

takes readers back to the roots of sustained racism and injustice in the American church. Filled with powerful stories and examples of American Christianity's racial past, Tisby's historical narrative highlights the obvious ways people of faith have actively worked against racial justice, as well as the complicit silence of racial moderates. Identifying the cultural and institutional tables that must be flipped to bring about progress, Tisby provides an in-depth diagnosis for a racially divided American church and suggests ways to foster a more equitable and inclusive environment among God's people. Book jacket.
