It takes more than one person to bring about War. This book will follow the lives of six key players during one of the most controversial wars in history. Profiles is so much more than just your typical biography. This book in our six-in-one, full-color bio series will focus on the five W's of the Vietnam War--who, what, where, when, and why. Kids will learn all of the biographical information they need to know (background, family,

education, accomplishments, etc.) about: Ho Chi Minh (prime minister of Democratic Republic of Vietnam) John F. Kennedy (US president 1961-1963), Lyndon B. Johnson (US president 1963-1969), Ngo Dinh Diem (president of South Vietnam), Henry Kissinger (US National security advisor), and William Westmoreland (US army general). This book will help illuminate one of the most controversial wars in American history for a new generation of readers.

Saigon Routledge

The Saigon Sisters offers the narratives of a group of privileged women who were immersed in a French lycée and later rebelled and fought for

independence, starting with France's occupation of Vietnam and continuing through US involvement and life after war ends in 1975. Tracing the lives of nine women, *The Saigon Sisters* reveals these women's stories as they forsook safety and comfort to struggle for independence, and describes how they adapted to life in the jungle, whether facing bombing raids, malaria, deadly snakes, or other trials. How did they juggle double lives working for the resistance in Saigon? How could they endure having to rely on family members to raise their own children? Why, after being sent to study abroad by anxious parents, did several women choose to return to serve their country? How could they bear open-ended separation from their husbands? How did

they cope with sending their children to villages to escape the bombings of Hanoi? In spite of the maelstrom of war, how did they forge careers? And how, in spite of dislocation and distrust following the end of the war in 1975, did these women find each other and rekindle their friendships? Patricia D. Norland answers these questions and more in this powerful and personal approach to history.

The Communist Road To Power In Vietnam ABDO

"Here is a wealth of gossip level detail about life on the inside at the top in Hanoi--material Hanoi watchers lust after, seldom find." --Indochina Chronology"A rarity. A true North Vietnamese insider speaking candidly." -

Ho Chi Minh Biography - The Secrets of His Life During The Vietnam War

Fortress Press

Follow Sherry Buchanan on a journey by an author who has long had a passion for Vietnamese art and for the sketches produced under the duress of the Vietnam or American War (1965-1975). Though she was familiar with and had traveled in Vietnam, she had never attempted the Trail before. The epic military road through the spectacular Tru'ò'ng So'n Mountains was built by North Vietnam to bring about the unification of North and South Vietnam, promised in the 1954 Geneva Accords. The United States, allied with South Vietnam to defeat the communist North, deployed close to eight million tons of bombs against it. Buchanan encounters

totemic locations from Hanoi in the north to Ho Chi Minh City in the south, and records her interactions - both scheduled and spontaneous - with North the South Vietnamese, Laotians, and Americans, who were actors or participants in the Vietnam War. Buchanan reveals the stories of the women who defended the Trail against the sustained American bombing campaign - the most ferocious in modern warfare - and of the artists who drew them. She focuses on what life was really like for the women and men under fire, bringing a unique perspective to the history of the Vietnam War. She discovers an inspiring postwar legacy of personal healing, forgiveness, and atonement. She talks to the Vietnamese women veterans who encouraged a culture of forgiveness toward the foreign

enemy and continued their fight for social justice; to American veterans who returned to Vietnam to take responsibility where their government had failed to do so; and to women in the former South Vietnam who brought reconciliation through art. Interspersed with these accounts are excerpts from memoirs and chronicles that reveal logistical details of the Ho Chi Minh Trail which were hidden until now.

Vietnam University of Hawaii Press
Some will be shocked to find out that the United States and Ho Chi Minh, our nemesis for much of the Vietnam War, were once allies. Indeed, during the last year of World War II, American spies in Indochina found themselves working closely with Ho Chi Minh and other anti-colonial factions-compelled by

circumstances to fight together against the Japanese. Dixee Bartholomew-Feis reveals how this relationship emerged and operated and how it impacted Vietnam's struggle for independence. The men of General William Donovan's newly-formed Office of Strategic Services closely collaborated with communist groups in both Europe and Asia against the Axis enemies. In Vietnam, this meant that OSS officers worked with Ho Chi Minh and the Viet Minh, whose ultimate aim was to rid the region of all imperialist powers, not just the Japanese. Ho, for his part, did whatever he could to encourage the OSS's negative view of the French, who were desperate to regain their colony. Revealing details not previously known about their covert operations,

Bartholomew-Feis chronicles the exploits of these allies as they developed their network of informants, sabotaged the Japanese occupation's infrastructure, conducted guerrilla operations, and searched for downed American fliers and Allied POWs. Although the OSS did not bring Ho Chi Minh to power, Bartholomew-Feis shows that its apparent support for the Viet Minh played a significant symbolic role in helping them fill the power vacuum left in the wake of Japan's surrender. Her study also hints that, had America continued to champion the anti-colonials and their quest for independence, rather than caving in to the French, we might have been spared our long and very lethal war in Vietnam. Based partly on interviews with surviving OSS agents

who served in Vietnam, Bartholomew-Feis's engaging narrative and compelling insights speak to the yearnings of an oppressed people-and remind us that history does indeed make strange bedfellows.

Embers of War Columbia University Press

The Vietnam War remains a topic of extraordinary interest, not least because of striking parallels between that conflict and more recent fighting in the Middle East. In *The Vietnam War*, Mark Atwood Lawrence draws upon the latest research in archives around the world to offer readers a superb account of a key moment in U.S. as well as global history. While focusing on American involvement between 1965 and 1975, Lawrence offers an unprecedentedly complete

picture of all sides of the war, notably by examining the motives that drove the Vietnamese communists and their foreign allies. Moreover, the book carefully considers both the long- and short-term origins of the war. Lawrence examines the rise of Vietnamese communism in the early twentieth century and reveals how Cold War anxieties of the 1940s and 1950s set the United States on the road to intervention. Of course, the heart of the book covers the "American war," ranging from the overthrow of South Vietnamese President Ngo Dinh Diem to the impact of the Tet Offensive on American public opinion, Lyndon Johnson's withdrawal from the 1968 presidential race, Richard Nixon's expansion of the war into Cambodia and Laos, and the problematic

peace agreement of 1973, which ended American military involvement. Finally, the book explores the complex aftermath of the war--its enduring legacy in American books, film, and political debate, as well as Vietnam's struggles with severe social and economic problems. A compact and authoritative primer on an intensely relevant topic, this well-researched and engaging volume offers an invaluable overview of the Vietnam War.

Ho Chi Minh W. W. Norton & Company
A portrait of one of the greatest military commanders of all time--from his early days as a resistance fighter against the Japanese through the brilliant campaigns against the French and Americans that established his reputation.
Ho Cambridge University Press

'Like the brilliant sun, the October Revolution shone over all five continents, awakening millions of oppressed and exploited people around the world. There has never existed such a revolution of such significance and scale in the history of humanity'. - Hồ Chí Minh// From Cuba to Vietnam, from China to South Africa, the October Revolution remains as an inspiration. After all, that Revolution proved that the working class and the peasantry could not only overthrow an autocratic government but that it could form its own government, in its image. It proved decisively that the working class and the peasantry could be allied. It proved as well the necessity of a vanguard party that was open to spontaneous currents of unrest, but which could guide a

revolution to completion. This book explains the power of the October Revolution for the Third World. It is not a comprehensive study, but a small book with a large hope - that a new generation will come to see the importance of this revolution for the working class and peasantry in that part of the world that suffered under the heel of colonial domination.

Ho Chi Minh Cambridge University Press
In this new edition of his widely acclaimed study, William Duiker has revised and updated his analysis of the Communist movement in Vietnam from its formation in 1930 to the dilemmas facing its leadership in the post-Cold War era. Making use of newly available documentary sources and recent Western scholarship, the author

reevaluates Communist revolutionary strategy during the Vietnam War. Based on primary materials in several languages, this respected work is essential for an understanding of Vietnam in the twentieth century.

Following Ho Chi Minh Chris Diamond
A history of the four decades leading up to the Vietnam War offers insights into how the U.S. became involved, identifying commonalities between the campaigns of French and American forces while discussing relevant political factors.

Rattler One-Seven Hachette Books
Ho Chi Minh (1890-1969), real name Nguyen Tat Thanh, was a Vietnamese Communist leader and the principal force behind the Vietnamese struggle against French colonial rule and

American imperialism. Contained in this volume is a selection of his most important works. These works span a lifetime of struggle.

The Quiet American Scholastic Inc.
It was the trial of a century in colonial Hong Kong when, in 1931-33, Ho Chi Minh - the future President of Vietnam - faced down deportation to French-controlled territory with a death sentence dangling over him. Thanks to his appeal to English common law, Ho Chi Minh won his reprieve. With extradition a major political issue in Hong Kong today, Geoffrey C. Gunn's examination of the legal case of Ho Chi Minh offers a timely insight into the rule of law and the issue of extradition in the former British colony. Utilizing little known archival material, Gunn sheds

new light on Ho Chi Minh, communist and anti-colonial networks and Franco-British relations.

A Vietcong Memoir Ho Chi Minh
A “masterful . . . brilliantly constructed novel” of love and chaos in 1950s Vietnam (Zadie Smith, *The Guardian*). It’s 1955 and British journalist Thomas Fowler has been in Vietnam for two years covering the insurgency against French colonial rule. But it’s not just a political tangle that’s kept him tethered to the country. There’s also his lover, Phuong, a young Vietnamese woman who clings to Fowler for protection. Then comes Alden Pyle, an idealistic American working in service of the CIA. Devotedly, disastrously patriotic, he believes neither communism nor colonialism is what’s best for Southeast Asia, but rather a

“Third Force”: American democracy by any means necessary. His ideas of conquest include Phuong, to whom he promises a sweet life in the states. But as Pyle’s blind moral conviction wreaks havoc upon innocent lives, it’s ultimately his romantic compulsions that will play a role in his own undoing. Although criticized upon publication as anti-American, Graham Greene’s “complex but compelling story of intrigue and counter-intrigue” would, in a few short years, prove prescient in its own condemnation of American interventionism (*The New York Times*).

Ho Chi Minh; a Political Biography
Penguin

A gripping and informative visual guide to one of the bloodiest conflicts in US and world history Journey through the

Vietnam War; exploring detailed accounts of the men and women that were there. Explore their stories of struggle, sacrifice, and bravery through the iconic events that defined this conflict. This visual guide is the perfect read for any military history enthusiast. Inside the pages of this retelling of America's bloodiest conflict, you'll discover:

Eyewitness accounts and iconic photographs bring events to life - from the creation of the Ho Chi Minh Trail to Operation Passage to Freedom and the evacuation of the US

embassy in Saigon. From weapons and aircraft to armored vehicles and spy gear, explore the machinery used in the war through breathtaking photography. Lastly, biographical entries give a fuller insight into the minds of key figures and the decisions they made and include Henry Kissinger, President Nixon, Pol Pot, and more. More in the series Combining expert historical insight, eyewitness accounts, and archive photography, A Short History series seeks to summarise key historical events and provide a wider context to what was happening around these events. Titles include SI A Short History of World War II, SI A Short History of the American Civil War, and SI A Short History of Flying and are the perfect addition to any history enthusiast's library.

The Vietnam War Vintage

To grasp the complicated causes and consequences of the Vietnam War, one must understand the extraordinary life of Ho Chi Minh, the man generally recognized as the father of modern Vietnam. Duiker provides startling insights into Ho's true motivation, as well as into the Soviet and Chinese roles in the Vietnam War.

Ho Chi Minh Rowman & Littlefield Publishers

Two of the twentieth century's most fascinating figures, Ernest Hemingway and Ho Chi Minh, grappling with a world in which Western culture and their respective governments were failing them, came to Paris at the same time in the 1920s. Trained by their faiths to give their lives to and for others, each had

survived a terrifying near-death experience, leading to the realization that this belief in service and sacrifice had been exploited for others' gain. They came to Paris to resist this violent heresy and learn what compassion could do. In the City of Light, Ho and Hemingway found movements that resisted an overly aggressive Western culture that gave too little, both materially and spiritually, to its young people, to its struggling poor, and to the colonies it oppressed. They learned the arts of resistance, which involved psychologically realistic writing, hostility toward sexual and political repressions, a celebration of working people, the exposure of exploitations such as colonialism and militarism, and an ongoing struggle to determine whether violence was

required to bring about a more just and nourishing civilization. Before leaving Paris, each began to gain an international reputation, Ho for documenting colonial ills and crafting political demands, Hemingway for writing parables of youthful survival amid rampant international violence. Hemingway and Ho Chi Minh in Paris tells the untold, engrossing story of two young men who came to Paris to resist and left as two of their century's most famous figures.

Ho Chi Minh Random House Digital, Inc. A "debut novel about a young Afghan orphan and the harrowing, intractable nature of war"--Amazon.com.

Maxwell Taylor's Cold War Routledge The definitive history of modern Vietnam and its diverse and divided past

Ho Chi Minh Leftword

Saigon (since 1976, officially Hồ Chí Minh City but widely still referred to as Saigon) is the largest metropolitan area in modern Vietnam and has long been the country's economic engine. This is the city's complete history, from its humble beginnings as a Khmer village in the swampy Mekong delta to its emergence as a major political, economic and cultural hub. The city's many transitions through the hands of the Chams, Khmers, Vietnamese, Chinese, French, Japanese, Americans, nationalists and communists are examined in detail, as well as the Saigon-led resistance to collectivization and the city's central role in Vietnam's perestroika-like economic reforms.

On the Ho Chi Minh Trail Oxford

University Press

The Vietnam War remains one of the most heroic and heartbreaking events in history. This definitive guide charts the unforgettable story of the world's first televised war. Created in association with the Smithsonian Institution, this authoritative guide chronicles America's fight against Communism in southeast Asia during the 1960s and 1970s, and comprehensively explores the people, politics, events, and lasting effects of the Vietnam War. Hundreds of insightful images and a compelling narrative combine to chronicle this catastrophic conflict.?? From 1955, the communist government of North Vietnam waged war against South Vietnam and its main ally, the USA. Over the course of two decades of hostility and warfare, the

number of casualties reached an incomprehensible three million people. Detailed descriptions of every episode, including Operation Passage to Freedom and the evacuation of the American embassy in Saigon, tell the stories in iconic photographs and eyewitness accounts. Discover the real people behind the conflict, with gripping biographies of key figures, including Henry Kissinger, General Thieu,

President Nixon, and Pol Pot. This incredible visual record is supported by locator maps, at-a-glance timelines, archive photography, and key quotations to ensure an all-encompassing experience. The Vietnam War is an essential historic reference to help humanity learn the lessons of suffering and sacrifice from one of the bloodiest conflicts of the 20th century.
