Knopf Books for Young Readers
 Unbored is the book every modern child needs. Brilliantly walking the line between cool and constructive, it's crammed with activities that are not only fun and doable but that also get kids standing on their own two feet. If you're a kid, you can: -- Build a tipi or an igloo -- Learn to knit -- Take stuff apart and fix it -- Find out how to be constructively critical -- Film a stop-action movie or edit your own music -- Do

parkour like James Bond -- Make a little house for a mouse from lollipop sticks -- Be independent! Catch a bus solo or cook yourself lunch -- Make a fake exhaust for your bike so it sounds like you're revving up a motorcycle -- Design a board game -- Go camping (or glamping) -- Plan a road trip -- Get proactive and support the causes you care about -- Develop your taste and decorate your own room -- Make a rocket from a coke bottle -- Play farting games There are gross facts and fascinating stories, reports on what stuff is like (home schooling, working in an office...), Q&As with inspiring grown-ups, extracts from classic novels, lists of useful resources and best ever lists like the top clean rap songs, stop-motion movies or books about rebellion. Just as kids begin to disappear into their screens, here is a book that encourages them to use those tech skills to be creative, try new things

and change the world. And it gets parents to join in. Unbored is fully illustrated, easy to use and appealing to young and old, girl and boy. Parents will be comforted by its anti-perfectionist spirit and humour. Kids will just think it's brilliant.

The Best Part of Me Random House Books for Young Readers

"This is a practical manual of everything our church did," says author Molly Phinney Baskette, "to reverse our death spiral and become the healthy, stable, spirited and robust community it is today—evident in the large percentage of children and young adults in our church, and a sixfold increase in pledged giving in the last decade." "Real Good Church" is a testament to Baskette's and First Church Somerville UCC's success, and a gift of hope for all churches that find themselves struggling to keep their doors open. What makes "Real Good Church" unique in the field of church growth books? It's practical. It actually tells churches what they can do—and how to do it. It offers beginning and intermediary steps for growth and renewal. Churches, no matter what situation they're in, will be able to jump in and get to work. It has a sense of humor. Baskette's easygoing, often self-deprecating writing style and approachable strategies will empower the reader and their church to revitalize itself. (If her church could do it, we can, too!)

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and

to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together* **Decisions and Orders of the National Labor Relations Board, V. 336, September 28, 2001, Through December 19, 2001** Ferne Press

This heartwarming book encourages positive behavior by using the concept of an invisible bucket to show children how easy and rewarding it is to express kindness, appreciation and love by "filling buckets." Updated and revised, this 10th anniversary edition will help readers better understand that "bucket dipping" is a negative behavior, not a permanent label. It also explains that it's possible to fill or dip into our own buckets.

Balanced and authoritative, this volume brings together leading experts to present thirteen methodologies widely used in literacy research. Following a consistent format, each chapter describes the methodology at hand, identifies the types of questions and claims for which it is well suited, de-lineates clear standards for quality, and presents one or more exemplary studies using the methodology. Studies are cited in each chapter and can

be easily referenced and the chapters follow similar formats, making this an easy text to use. Guiding readers to choose wisely from available methodologies when designing their own research endeavors, and to understand the contributions that each mode of inquiry can generate - this is an essential text for graduate students in literacy. It is also an ideal resource for more experienced researchers seeking to build their skills for utilizing or evaluating particular approaches.

Through this book I would like to take you on a journey. It is a journey that I have been on for the past twenty-five years interviewing, questioning, doing therapy and teaching. It has been a remarkable trip into the private lives of people. I am a

professional voyeur and I have found that most people are interested in what I hear, what I see and what I do. People want to know about others and they want to watch and learn. In this book I have compiled a collection of stories about some common themes in peoples' lives. In here, you can watch, learn, laugh and cry with me. If you are a voyeur like me then you will love this book. You can start reading at any point. Check out the table of contents and see what strikes you. I cannot know what you are ready to find or need to learn. Perhaps you can just play along and open it up and see where your eyes have taken you. My hope is that you will recognize yourself or others and you will think, feel and see exactly what you stopped here to learn. - Mark S. Benn, Psy.D. Psychologist
