Law Dissertations HarperCollins

From a master teacher and writer, a fully revised and updated edition of the results-oriented approach to legal writing that is clear, that persuades—and that WINS. More than almost any profession, the law has a deserved reputation for opaque, jargon-clogged writing. Yet forceful writing is one of the most potent weapons of legal advocacy. In this new edition of *Writing to Win*, Steven D. Stark, a former lecturer on law at Harvard Law School, who has inspired thousands of aspiring and practicing lawyers, applies the universal principles of powerful, vigorous prose to the job of making a legal case—and winning it. *Writing to Win* focuses on the writing of lawyers, not judges, and includes dozens of examples of effective (and ineffective) real-life legal writing—as well as compelling models drawn from advertising, journalism, and fiction. It deals with the challenges lawyers face in writing, from organization to strengthening and editing prose; offers incisive ways of improving arguments; addresses litigation and technical writing in all its forms; and covers the writing attorneys must perform in their daily practice, from email memos to briefs and contracts. Each chapter opens with a succinct set of rules for easy reference. With new sections on client communication and drafting affidavits, as well as updated material throughout, *Writing to Win* is the most practical and efficacious legal-writing manual available.

Legal Reasoning and Legal Writing Univ of California Press

In *Point Made*, Ross Guberman uses the work of great advocates as the basis of a valuable, step-by-step brief-writing and motion-writing strategy for practitioners. The author takes an empirical approach, drawing heavily on the writings of the nation's 50 most influential lawyers.

Legal Research and Writing Oxford University Press, USA

Nancy Leong reveals how powerful people and institutions use diversity to their own advantage and how the rest of us can respond—and do better. Why do people accused of racism defend themselves by pointing to their black friends? Why do men accused of sexism inevitably talk about how they love their wife and daughters? Why do colleges and corporations alike photoshop people of color into their websites and promotional materials? And why do companies selling everything from cereal to sneakers go out of their way to include a token woman or person of color in their advertisements? In this groundbreaking book, Nancy Leong coins the term "identity capitalist" to label the powerful insiders who eke out social and economic value from people of color, women, LGBTQ people, the poor, and other outgroups. Leong deftly uncovers the rules that govern a system in which all Americans must survive: the identity marketplace. She contends that the national preoccupation with diversity has, counterintuitively, allowed identity capitalists to infiltrate the legal system, educational institutions, the workplace, and the media. Using examples from law to literature, from politics to pop culture, Leong takes readers on a journey through the hidden agendas and surprising incentives of various ingroup actors. She also uncovers a dire dilemma for outgroup members: do

they play along and let their identity be used by others, or do they protest and risk the wrath of the powerful? Arming readers with the tools to recognize and mitigate the harms of exploitation, *Identity Capitalists* reveals what happens when we prioritize diversity over equality.

50 Real Law School Personal Statements Oxford University Press, USA

The Fourth Edition of *Examples & Explanations: Legal Writing* explains what many professors consider to be effective writing, following the organization of typical first-year legal writing courses, and provides concrete examples for students to test their understanding of key legal writing concepts. Each chapter includes a checklist that can be easily transformed into a grading grid as well as chapter-by-chapter vocabulary that integrates your classroom instruction with these examples. This book—whether the entire book, selected chapters, or subsets of chapters—can accompany any legal writing textbook or materials you provide for your students. A favorite classroom prep tool of successful students that is often recommended by professors, the *Examples & Explanations* series has been ranked the most popular study aid among law students because it is equally as helpful from the first day of class through the final exam. New to the Fourth Edition: New chapters on common law and on writing conclusion sections in persuasive documents Revised and updated with legal writing professors in mind, including revisions that work whether assigning single chapters or the entire book New common law assignments with many added examples and explanations throughout the book Professors and students will benefit from: Understanding how the writing students do in law school (and law practice) differs from what they did in college Professors knowing the right way to use examples, although they may hesitate to give examples Learning how to practice revising and rewriting—skills that are necessary to all good writing Demonstrations of how to self-evaluate, self-explain, and self-test Having the tools to continue to learn about legal writing after formal instruction ends

Poole's Casebook on Contract Law Aspen Publishing

"The definitive guide to studying law at university, *Letters to a Law Student* is an indispensable guide for any law student, at any point in their undergraduate degree. It is packed full of practical advice and helpful answers to the most common questions about studying law at university across every stage of taking, or thinking about taking, a law degree."--

Making Your Case Routledge

The authors Jennifer Schweppe, School of Law, University of Limerick; Dr Ronan Kennedy, School of Law, National University of Ireland, Galway; Lawrence Donnelly, School of Law, National University of Ireland, Galway

Making Law Review Oxford University Press, USA

This classic introduction to the techniques of research and the art of expression is used widely in history courses, but is also appropriate for writing and research methods courses in other departments. Barzun and Graff thoroughly cover every aspect of research, from the selection of a topic through the gathering, analysis, writing, revision, and publication of findings presenting the process not as a set of rules but through actual cases that put the subtleties of research in a useful context. Part One covers the principles and methods of research; Part Two covers writing, speaking, and getting one's work published.

Writing Book Reviews Oxford University Press, USA

The number one best-selling legal skills guide, covering all the practical and academic skills a student needs throughout their studies. Legal Skills is the essential text for students new to law, helping them make the transition from secondary education and equipping them with the skills they need to succeed from the beginning of their degree, through to final-year exams and dissertations. Examples & Explanations for Legal Writing Aspen Publishers

NEW YORK TIMES BESTSELLER "A riveting book."—The Wall Street Journal "Essential

reading."—David Brooks, New York Times From a former marine and Yale Law School graduate, a powerful account of growing up in a poor Rust Belt town that offers a broader, probing look at the struggles of America's white working class Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The decline of this group, a demographic of our country that has been slowly disintegrating over forty years, has been reported on with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.'s grandparents were "dirt poor and in love," and moved north from Kentucky's Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually their grandchild (the author) would graduate from Yale Law School, a conventional marker of their success in achieving generational upward mobility. But as the family saga of Hillbilly Elegy plays out, we learn that this is only the short, superficial version. Vance's grandparents, aunt, uncle, sister, and, most of all, his mother, struggled profoundly with the demands of their new middle-class life, and were never able to fully escape the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. Vance piercingly shows how he himself still carries around the demons of their chaotic family history. A deeply moving memoir with its share of humor and vividly colorful figures, Hillbilly Elegy is the story of how upward mobility really feels. And it is an

urgent and troubling meditation on the loss of the American dream for a large segment of this country.

Alwd Citation Manual Pearson

"Legal Research and Writing, Third Edition" seeks to explain the practical skills needed for print and online legal research and for legal writing. It provides a current and comprehensive look at the topic, consolidating information on legal research and writing into one handy, easy-to-use resource. The book is written for both seasoned practitioners, seeking to add the latest sources and techniques to their research arsenals, and for beginning law students who face a bewildering array of information. It includes chapters on legal research malpractice, the acquisition of research resources, and knowledge management. In addition, it covers searching the new platforms of the major proprietary online legal databases, the increasing digitization of legal materials, and the Web 2.0. "Legal Research and Writing" is the most up-to-date book of its kind available in Canada today.
