GORDON SANAA

Eaten Alive at a Chainsaw Massacre
 Kane/Miller Book Publishers
 Erin Law and her friends are Damaged Children. At least that is the label given to them by Maureen, the woman who runs the orphanage that they live in. Damaged, Beyond Repair because they have no parents to take care of them. But Erin knows that if they care for each other they can put up with the psychologists, the social workers, the therapists -- at least most of the time. Sometimes there is nothing left but to run away, to run for freedom. And that is what Erin and two friends do, run away one night downriver on a raft. What they find on their journey is stranger than you can imagine, maybe, and you might not think it's true. But Erin

will tell you it is all true. And the proof is a girl named Heaven Eyes, who sees through all the darkness in the world to the joy that lies beneath.

[Anger Management for Kids](#) eBook Partnership

It's mayhem at the science fair! A squishy goo monster is a challenge for the Princess in Black — but luckily some science-loving princesses are on hand to help. Princess Magnolia is excited. Excited and nervous. She's going to the Interkingdom Science Fair today to present her poster about seeds and plants, and when she arrives, she sees that her friends are there too! Princess Honeysuckle made a mole habitat, Princess Sneezewort has built a blanket fort, and Tommy Wigtower has a talking volcano that's saying "EAAAAT!" Wait, what? A surprise goo monster makes this a job for the Princess in Black, and the Princess in Blankets is on the scene to

lend a hand. But will two masked heroes be enough to save the science fair? A little scientific problem-solving — and a lot of princess power — will make the sixth entry in the New York Times best-selling series a smash hit.

[Ghosts: A Social History, vol 1](#) Verso Books David Almond's Printz Honor-winning novel celebrates its 10th anniversary! Ten-year-old Michael was looking forward to moving into a new house. But now his baby sister is ill, his parents are frantic, and Doctor Death has come to call. Michael feels helpless. Then he steps into the crumbling garage. . . . What is this thing beneath the spiders' webs and dead flies? A human being, or a strange kind of beast never before seen? The only person Michael can confide in is his new friend, Mina. Together, they carry the creature out into the light, and Michael's world changes forever. . . .

The Fight for Everest: 1924 Hachette UK
Out of Control chronicles the dawn of a new era in which the machines and systems that drive our economy are so complex and autonomous as to be indistinguishable from living things.

The Princess in Black and the Mysterious Playdate Candlewick Press

The ultimate book on the worldwide movement of hackers, pranksters, and activists collectively known as Anonymous—by the writer the Huffington Post says “knows all of Anonymous’ deepest, darkest secrets” “A work of anthropology that sometimes echoes a John le Carré novel.” —Wired Half a dozen years ago, anthropologist Gabriella Coleman set out to study the rise of this global phenomenon just as some of its members were turning to political protest and dangerous disruption (before Anonymous shot to fame as a key player in the battles over WikiLeaks, the Arab Spring, and Occupy Wall Street). She ended up becoming so closely connected to Anonymous that the tricky story of her inside–outside status as Anon confidante, interpreter, and erstwhile mouthpiece forms one of the themes of this witty and entirely engrossing book. The narrative brims with details unearthed from within a notoriously mysterious subculture, whose semi-legendary tricksters—such as Topiary, tflow, Anachaos, and Sabu—emerge as complex, diverse, politically and culturally sophisticated people. Propelled by years of chats and encounters with a multitude of hackers, including imprisoned activist Jeremy Hammond and the double agent who helped put him away, Hector Monsegur, Hacker, Hoaxer, Whistleblower, Spy is filled with insights into the meaning of digital activism and little understood facets of culture in the Internet age, including the history of “trolling,” the ethics and metaphysics of hacking, and the origins and manifold meanings of “the lulz.”

Hank Greenberg Knopf Books for Young Readers

A doorway to a new future is ready to open. We are the hinge of that moment. We will let the door swing wide. On a beautiful spring evening - when both moons are full - two teenagers vow eternal love. It is a moment that will have cataclysmic consequences. Not just for them, but for the world on which they live. A world where Prom Night is a matter of life or death, where weapons are grown and trained like pets, and where a chosen few are hearing a voice. A voice that speaks of ... Karagula. Philip Ridley's extraordinary, form-shattering Karagula is

a play of epic proportions. Written in a fractured timescale, it explores our constant need to find meaning. To believe we're here for a reason. To have faith in something. Faith in ... anything. Karagula received its world premiere on 10 June 2016 at a secret London location in one of the largest productions ever staged in the Off-West End.

Heaven Eyes Penguin

A hilarious story about finding the right hat, with laugh-out-loud rhyming text and vibrant illustrations from Heath McKenzie. Filled with hats, hats and more hats, (there's sparkly hats, noisy hats, royal hats, taco hats . . . even potty hats) and themes of animals, humor, clothing, and being yourself.

Kit's Wilderness Candlewick Press

Noseholes and elephants! A pet-eating monster interrupts a perfect playdate with Princess Sneezewort. . . . But who is that new masked avenger? Princess Magnolia and Princess Sneezewort have plans . . . mysterious plans, like a princess playdate! They dress-up slam! They karaoke jam! But then a shout from outside Princess Sneezewort's castle interrupts their fun. It's a monster! This is a job for the Princess in Black. Yet when the Princess in Black gets there, she finds only a masked stranger and no monster in sight. But all is not as it seems! Action and humor abound in this ode to friendship that proves that when shape-shifting monsters intrude on your plans, two heroes are better than one.

The Poltergeist Prince of London

Candlewick

Reveals changing perceptions of ghosts at different social levels from the Reformation through to the twentieth century in Britain and America. This five-volume set focuses on the key published debates that emerged in each century, and illustrates the range of literary formats that reported or discussed ghosts.

Akikomati Taylor & Francis

Joe Quinn's Poltergeist

The Tragical Comedy Or Comical Tragedy of Mr. Punch The History Press

Kit has just moved to Stoneygate with his family, to live with his ageing grandfather who is gradually succumbing to Alzheimer's Disease. Stoneygate is an insular place, scarred by its mining history - by the danger and death it has brought them. Where the coal mine used to be there is now a wilderness. Here Kit meets Askew, a surly and threatening figure who masterminds the game called Death, a frightening ritual of hypnotism; and Kit makes friends with Allie, the clever school troublemaker. As Kit struggles to adjust to his new life and the gradual failing of his

beloved grandfather, these two friendships pull him towards a terrifying resolution. Haunted by ghosts of the past, Kit must confront death and - ultimately - life. A stunning novel from the author of the modern children's classic Skellig - winner of the Carnegie Medal and the Whitbread Children's Book Award. David Almond is also winner of the 2010 Hans Christian Andersen award.

Half a Creature from the Sea Hodder Children's Books

A boy tells about a story he wrote when dealing with his father's death about a savage kid living in a ruined chapel in the woods--and the tale about the savage kid coming to life in the real world.

Now That's a Hat! Bloomsbury Publishing

Can playing dead bring you back to life?

Maybe on Dead Wednesday... On this day

the worlds of a shy boy and a gone girl

collide, and the connection they make will

change them both forever. A brilliant new

novel from the Newbery Medal winner and

author of the New York Times bestseller

Stargirl. "Jerry Spinelli has created another

middle grade masterpiece." —BookPage,

starred review On Dead Wednesday, every

eighth grader in Amber Springs is assigned

the name and identity of a teenager who

died a preventable death in the past year.

The kids don black shirts and for the whole

day everyone in town pretends they're

invisible—as if they weren't even there.

The adults think it will make them

contemplate their mortality. The kids know

it's a free pass to get away with anything.

Worm Tarnauer feels invisible every day.

He's perfectly happy being the unnoticed

sidekick of his friend Eddie. So he's not

expecting Dead Wednesday to feel that

different. But he didn't count on being

assigned Becca Finch (17, car crash). And

he certainly didn't count on Becca showing

up to boss him around! Letting this girl

into his head is about to change

everything. This is the story of the

unexpected, heartbreaking, hilarious, truly

epic day when Worm Tarnauer discovers

his own life.

The Colour of the Sun Candlewick Press

It began with a key. One afternoon in

1956, in the home of the Hitchings family

in Battersea, south London, a small silver

key appeared on Shirley Hitchings' bed.

This seemingly insignificant event

heralded the beginning of one of the most

terrifying, incredible and mysterious

hauntings in British history. The spirit, who

quickly became known as 'Donald', began

to communicate, initially via tapping

sounds, but over time - and with the

encouragement of psychical researcher

Harold Chibbett, whose case-files appear

here - by learning to write. Soon, the spirit

had begun to make simply incredible claims about his identity, insisting that he was one of the most famous figures in world history – but what was the truth? Here, for the first time, is the full story, told by the woman right at the heart of it all – Shirley herself.

[The Princess in Black and the Science Fair Scare](#) Top Shelf Productions

The sound of chainsaws revving on "haunted" Halloween trails has evoked untold screams since Tobe Hooper's 1974 *The Texas Chainsaw Massacre* hit the cinemas. Since that first take-no-prisoners horror movie, Hooper's reputation as a master of horror has been secured by his adaptations of Stephen King (*Salem's Lot*, 1978, and *The Mangler*, 1995), his blockbuster breakthrough *Poltergeist* (1982) and a variety of cult hits, from the underrated *Lifeforce* (1985) to the remake of *Invaders from Mars* (1986). This reference work is divided into five parts. Part I provides a history and overview of Tobe Hooper's career. Part II offers entries (with synopses, complete credits, critical reception and commentaries) on every feature film by year of release. Part III provides chronological information on Hooper's television movies and miniseries. Part IV offers entries on his episodes from horror television series. Part V is a critical essay and conclusion which places Hooper in horror film history and compares his work to all-time greats such as Romero, Craven and Carpenter.

Star Wars exploded onto our cinema screens in 1977, and the world has not been the same since. In this book, George Lucas guides us through the original trilogy like never before, recounting the inspirations, experiences, and stories that created a modern monomyth. Complete with script pages, concept art, storyboards, on-set photography, and more.

[Past Times at Super Hero High](#) Routledge

A solitary girl with a kinship for the sea makes a wondrous discovery in a tale of identity and belonging from master storyteller David Almond. Annie Lumsden has hair that drifts like seaweed, eyes that shine like rock pools, and thoughts that dart and dance like minnows. She lives with her artist mother by the sea, where she feels utterly at home, and has long felt apart from the other girls at school. Words and numbers on the page don't make sense to her, and strange maladies have been springing up that the doctors can't explain. Annie's mother says that all things can be turned into tales, and often she tells her daughter stories about the rocks she paints like faces, or the smoke that wafts from chimneys, or who Annie's dad is. But one day Annie asks her mother for a different tale, something with better truth in it—and on that same day a stranger in town, drawn to the sight of a girl who seems akin to the sea, helps Annie understand how special she is. Featuring Beatrice Alemagna's expressive illustrations, this enchanting coming-of-age tale by the award-winning David Almond borrows from lore and flirts at the edges of mystery.

[The Star Wars Archives. 1977-1983 - 40th Anniversary Edition](#) Candlewick Press
Baseball during the Great Depression of the 1930s galvanized communities and provided a struggling country with heroes. Jewish player Hank Greenberg gave the people of Detroit—and America—a reason to be proud. But America was facing more than economic hardship. Hitler's agenda heightened the persecution of Jews abroad while anti-Semitism intensified political and social tensions in the U.S. The six-foot-four-inch Greenberg, the nation's most prominent Jew, became not only an iconic ball player, but also an important and sometimes controversial symbol of Jewish identity and the American immigrant experience. Throughout his twelve-year baseball career and four years of military

service, he heard cheers wherever he went along with anti-Semitic taunts. The abuse drove him to legendary feats that put him in the company of the greatest sluggers of the day, including Babe Ruth, Jimmie Foxx, and Lou Gehrig. Hank's iconic status made his personal dilemmas with religion versus team and ambition versus duty national debates. Hank Greenberg is an intimate account of his life—a story of integrity and triumph over adversity and a portrait of one of the greatest baseball players and most important Jews of the twentieth century.

The dream team of David Almond and Dave McKean bring us a complete story set in an incomplete world. The gods have created a world - they've built mountains, a sea and a sky - and now their days are filled with long naps in the clouds (and tea and cake). That's until Harry, Sue and little Ben begin to fill the gaps of the world: with a mousy thing, a chirpy thing and a twisty legless thing. As the children's ideas take shape, the power of their visions proves to be greater than they, or the gods, could ever have imagined.

[The Tale of Angelino Brown](#) The Experiment + ORM

This exciting and captivating page-turner transports you into the fascinating story of sixteen-year-old aspiring singer Fiona Watson who runs away from her family, oblivious to the dangers outside her shielded comfort zone. As she journeys through her new world, leaving her past behind and determined to find a new identity, she uncovers surprising secrets buried deep within her long ago... How do her new friends link to her past? What secrets are they hiding behind their misleading smiles? How much of herself has she really left behind? And how will she cope when she realises that she has made a huge mistake... one that could ruin her forever?
