MCQs for the MRCPCH Part 1 OUP Oxford

MasterPass Series This summary of the entire MRCPsych Part 1 syllabus uses identical sections and subsections to the actual syllabus with an additional section on how to tackle the examination. The MRCPsych Part 1 examination consists of a written part and a clinical part. The syllabus for the written part includes several different areas in basic sciences (eg. Psychology psychopharmacology and psychopathology) which few trainees would have covered in any detail as undergraduates. The book is essential for candidates for the MRCPsych Part 1 examination but medical students and medical students and mental health nurses may also find it useful. MRCP Part 1: 400 BOFs Radcliffe Publishing

Medicine for MRCP provides a comprehensive review of the material that you need to pass the MRCP Parts 1 and 2 written papers. The twenty-seven chapters mapped out to the RCP syllabus,

cover all areas from molecular medicine and genetics, through to medical law and ethics. Written by specialist contributors and educational experts, the content is carefully crafted to build your understanding for both papers. Each chapter begins with the basic science required for Part 1, before covering clinical medicine for Part 1, Part 2 and the PACES examinations. To ensure effective revision, material is presented in short sections with bullet lists, tables, and boxes. Over 150 drawings and photos illustrate key principles and clinical topics making them easier to retain. References to evidence-based protocols and directions to further reading allow for deeper understanding. Candidates can review their progress via the 180 end-of chapter self-assessment questions. Drawing on the authors' expertise, *Medicine for MRCP* is the ideal companion for the MRCP as well as a useful reference guide for practicing medical doctors.
