Heidegger's
Eschatology is
a ground-
breaking

account of
Heidegger's
early
engagement
with theology,
from his
beginnings as

an anti-Modernist Catholic to his turn towards an undogmatic Protestantism and finally to a resolutely atheistic philosophical method. The book centres on Heidegger's developing commitment to an eschatological vision, derived from theological sources but reshaped into a central resource for the development of an atheistic phenomenological account of human

existence. This vision originated in Heidegger's attempt, in the late 1910s, to formulate a phenomenology of religious life that would take seriously the inherent temporality of human existence. In this endeavour, Heidegger turned to two trends in Protestant scholarship: the discovery of eschatology as a central preoccupation of the Early Church by A. Schweitzer and the 'History of

Doctrine' School, and the 'existential' eschatology of Karl Barth and Eduard Thurneysen, indebted to Kierkegaard, Dostoevsky, and Franz Overbeck. His synthesis of such trends within a phenomenological framework (elaborated primarily via readings of Paul and Augustine in his lecture courses of 1921-2) led Heidegger to postulate an existential sense of eschatological

unrest as the central characteristic of authentic Christian existence. His description of this expectant restlessness, however, was now inescapably at odds with its Christian sources, since Heidegger's commitment to a phenomenological description of the human situation led him to abstract the 'existential' experience of expectation from its traditional object: the 'blessed hope'

for the Kingdom of God. Christian hope thus for Heidegger no longer constitutes, but rather negates 'eschatological' unrest, because such hope projects an end to that unrest, and thus to authentic existence itself. Against the Christian vision, Heidegger therefore develops a systematic 'eschatology without eschaton', paradigmatically expressed as 'being-unto-death'.

Judith Wolfe tells the story of his reconception of eschatology, using a wealth of primary and newly available original-language sources, and offering in-depth analysis of Heidegger's relationship to theological tradition and the theology of his time. Regensburger Zeitung Cambridge University Press Ethical Personalism proposes to reflect on the person from at least three levels:

ontology, epistemology, and ethics. Articulating from various philosophical and religious angles and traditions the ontological and inalienable value of the human person, i.e., her dignity, the contributors to this volume show not just what it means to be a human person, but also what it takes to live accordingly. Hence, beyond the purely theoretical elaboration on ethical

personalism that reposes the crucial debates between relativism and realism on the one hand, and consequentialism and deontology on the other hand, this volume offers a range of insights useful for addressing concrete and practical matters that we, as humans, are confronted in our everyday life. With the call "back to the person!" which takes roots from a deep conviction to bring into light

the value of the person, Ethical Personalism unequivocally affirms the necessity of (re)placing the person in the centre of our project of society, economic plans, political settings, and environment policies. Ecce Educatrix Tua Routledge The study of two nineteenth-century priests who tried to transform their church through a new formulations of ancient Truth. Systematic

<p>theologian Anton Gunther challenged the pantheistic idealism dominant in the German intellectual world of his day, and Johann Emanuel Veith found in Gunther's system of contraposition al dualism the basis of his theological expression. <i>Before Infallibility</i> Riva Verlag In Love with RegensburgPri nzenrollen 1715/16Herbe rt Utz Verlag <i>The Oxford Encyclopedia of the Reformation</i></p>	<p>Herbert Utz Verlag In this ground- breaking book, Zapalac brings together the methods of social, intellectual, and art history in showing how the Protestant Reformation altered the terms of political discourse in a German free imperial city. In Zapalac's view, visual and verbal images, many of them having their origins in conceptions of the sacred, were more central to</p>	<p>sixteenth- century political thought within the city walls than was the rationalized language of law. Drawing on a wealth of sources, she traces the impact of religious change on the languages of judgment and authority used in the city of Regensburg, and thereby sheds light on the nature of political thought in early modern Germany. <i>Schools and Schooling in Late Medieval Regensburg</i> McGill-</p>

Queen's Press - MQUP Carmen Nebel nennt ihn den »schärfsten Schürzenjäger der Alpen«, Sido gesteht, dass er völlig zu Recht von Gabalier von Platz 1 der Albumcharts verdrängt wurde, und wir alle sind uns wohl einig: Andreas Gabalier ist das Heißeste, was die Volksmusik derzeit zu bieten hat. Er ist VolksRock'n'R oller, Mädchenschw arm - und der am Boden gebliebene, nette Typ von	nebenan zugleich. In dieser intimen Biografie hat Thomas Zeidler Gabaliers unglaublichen Aufstieg vom steirischen Lausbua zum Superstar detailliert nachgezeichn et - mit spannenden Anekdoten aus der Kindheit, seiner tragischen Familiengesch ichte, vielen Fotos und Erzählungen der engsten Freunde und Verwandten und natürlich von Andreas Gabalier selbst. Ein	Muss für jeden Fan. <u>Love between Enemies</u> Rowman & Littlefield The study examines textual representation s of women's laughter and smiling and their imagined connection to female virtue in a wide variety of discourses and contexts of the German Middle Ages, including medieval epic, ecclesiastical texts, conduct literature, lyric, and sculpture. By engaging with the competing,
--	---	--

and at times contradictory, views of female laughter, it reaffirms a disputatious nature of medieval culture, in which multiple views of femininity, sexuality, and virtue stood in a conflicting, yet productive, dialogue with one another. The society that emerges when one looks at medieval German texts is always ambivalent: it thrives on and enjoys talking about sensuality and

eroticism, while being constrained by the conventions of polite behavior and the fear of sin; it relies on the ritual use of laughter, while marking it as a sign of lust and perdition. Women's laughter thus offers an important way into understanding medieval views of gender because it combines physicality with shifting and conflicting cultural norms. Königlich-

baierisches Intelligenzblatt für den Regen-Kreis
BRILL
This volume focuses on the use of figurative language in the Gospel according to John and demonstrates that the message of this Gospel is embedded in ancient family imagery, which is interwoven throughout the Gospel in a complex network.

Within the field of Dutch

literature the Limburg Sermons constitute a unique collection of sermons from the thirteenth century. In addition to material translated from German it contains a unique series of vernacular sermons on the 'Song of Songs', which reveal unsuspected connections with the mystic authors Beatrijs van Nazareth and Hadewijch. Kurier für Niederbayer n BRILL Erotic, sexual and marital	images belong to the fundamental stock of human symbols for commitment and union as well as for the endangering of such a union. Their inexhaustible potential has shaped religious and cultural history, giving rise to rich artistic creations during the Christian Middle Ages. Such pictorial and textual sources - here drawn mainly from German secular and religious literature	between the 12th and the 17th centuries - form a veritable archive of gender history. What from a Christian point of view had been presented as a principal purpose of human existence - being 'God's free daughter, His Son's bride' - took on an increasingly sexual character and became the particular domain of religious women. Beginning with this
--	---	--

eroticized concept of God, this book examines its multiple implications: for the texts themselves as well as their authors and readers, for the relationship with a transcendent partner, and for the secular experience of marriage. After the initial theoretical groundwork, a general survey exemplifying brides of God precedes a detailed study of prominent individuals. My Secret is

Mine thus invites very diverse literary brides and their beloveds to shed some light on their experience of that inexpressible, and yet immensely productive, promise of union with love itself. transcript Verlag
This book explores the development and viability of Germany's sub-national monarchies in the decades before their sudden demise in 1918. It does so by focusing

on the men who turned out to be the last ones to inherit the crowns of the country's three smaller kingdoms: Prince Ludwig of Bavaria, Prince Friedrich August of Saxony and Prince Wilhelm of Württemberg. Imperial Germany was not a monolithic block, but a motley federation of more than twenty allied regional monarchies, headed by the Kaiser. When the German

Reich became a republic at the end of the First World War, all of these kings, grand dukes, dukes and princes were swept away within a fortnight. By examining the lives, experiences and functions of these three men as heirs to the throne during the decades when they prepared themselves for their predestined role as king, this study investigates what the future of the German model of

constitutional monarchy looked like before it was so abruptly discarded.

OUP Oxford
The aim of this book is to present without reservation and in simple fashion the beliefs of the Mennonites and their uncompromising nonconformity. As such it sets forth for the first time the basis of the distinctive ethical code of the Mennonite

community. It will appeal to all persons who are interested in the Christian faith, regardless of their own church affiliation. The Problem of Mennonite Ethics is divided into four parts. The first section states the problem, discusses Mennonite belief in relationship to modern theology, and sets forth the need and challenges of today. The second part expounds the biblical basis

of Mennonite philosophy and theology, and compares Mennonite ethics to Humanism, Pietism, and Mysticism. Part three deals with the application of Mennonite ethics to others and the Mennonite view of the individual. Part four contains the conclusion, appendixes, and a bibliography. *Arte Medievale In Love with Regensburg* Pri nzenrollen 1715/16 This bibliography

lists the most important works published in economics in 1993. <p>ebenso in den Blick nehmen wie musikalische Höhepunkte der Karwoche und päpstliche Ehrerweisungen in Rom. <u>Regensburger Tagblatt</u> Springer Nature This book discusses the Apostolic Letter <i>Novo millennio ineunte</i> (NMI), wherein John Paul II outlined the path the Church should adopt in the third millennium. Peters highlights the Blessed Virgin Mary as educator from the teachings</p>	<p>of John Paul II and Father Joseph Kentenich, founder of the Schoenstatt Movement. <u>Habsburg</u> Springer William Reeve provides a detailed textual analysis of Heinrich von Kleist's drama <i>Das Käthchen von Heilbronn</i>, demonstrating that Kleist drew its poetic images, themes, and general atmosphere from the Prussian aristocratic class into which he had been born. Reeve's</p>	<p>comprehensive re-reading of <i>Käthchen</i> throws light on the enigmas and textual incongruities that have puzzled Kleist's commentators in the past. <i>In Love with Regensburg</i> Wipf and Stock Publishers This handbook includes state-of-the-art research on love in classical, modern and postmodern perspectives. It expands on previous literature and explores topics around</p>
--	---	--

love from new cultural, intercultural and transcultural approaches and across disciplines. It provides insights into various love concepts, like romantic love, agape, and eros in their cultural embeddedness, and their changes and developments in specific cultural contexts. It also includes discussions on postmodern aspects with regard to love and love relationships, such as digitalisation,

globalisation and the fourth industrial revolution. The handbook covers a vast range of topics in relation to love: aging, health, special needs, sexual preferences, spiritual practice, subcultures, family and other relationships, and so on. The chapters look at love not only in terms of the universal concept and in private, intimate relationships, but apply a broad concept of love which

can also, for example, be referred to in postmodern workplaces. This volume is of interest to a wide readership, including researchers, practitioners and students of the social sciences, humanities and behavioural sciences. In the 1970s through the 90s, I was told that globalization was homogenizing cultures into a worldwide monoculture. This volume, as risky and profound as

the many adventures of love across our multiplying cultures are, proves otherwise. The authors' revolutionary and courageous work will challenge our sensibilities and expand the boundaries of what we understand what love is. But that's what love does: It communicates what is; offers what can be; and pleads for what must be. I know you'll enjoy this wonderful

book as much as I do! Jeffrey Ady, Associate Professor (retired), Public Administration Program, University of Hawaii at Manoa, Founding Fellow, International Academy for Intercultural Research The International Handbook of Love is far more than a traditional compendium. It is a breathtaking attempt to synthesize our anthropological and sociological knowledge on love. It

illuminates topics as diverse as Chinese love, one-night stands, teen romance or love of leaders and many more. This is a definitive reference in the field of love studies. Eva Illouz, author of *The End of Love: A sociology of Negative relationships*. Oxford University Press. "This is not a volume to be read in a single sitting (though I almost did, due to a protracted hospital stay), nor is it

romantic or inspirational reading (though, in some cases, I had hoped for more narrative examples and case studies. Rather it is a highly diverse scholarly effort, a massive resource collection of research papers on love in a variety of contexts, personal and professional settings, and cultures. The work is well referenced providing a large number of resources for deeper exploration.

.... We owe our thanks to the authors and editors of this “handbook” for work well done, though that word in the title should not lead readers to suspect that, enlightening as it is, this book is a vademecum or practical tour guide that provides ready solutions to the vicissitudes and challenges of our love lives!”

Ethical

Personalism

Cambridge University Press Now appearing in an English translation, this book by Szymon Paczkowski is the first in-depth exploration of the Polish style in the music of Johann Sebastian Bach. Bach spent almost thirty years living and working in Leipzig in Saxony, a country ruled by Friedrich August I and his son Friedrich August II, who

were also kings of Poland (as August II and August III). This period of close Polish-Saxon relations left a significant imprint on Bach's music. Paczkowski's meticulous account of this complex political and cultural dynamic sheds new light on many of Bach's familiar pieces. The book explores the semantic and rhetorical functions that undergird the symbolism of the Polish style in

Baroque music. It demonstrates how the notion of a Polish style in music was developed in German music theory, and conjectures that Bach's successful application for the title of Court Composer at the court of the Elector of Saxony and King of Poland would induce the composer to deliberately use elements of the Polish style. This comprehensive study of the way Bach used the Polish style in

his music moves beyond technical analysis to place the pieces within the context of Baroque customs and discourse. This ambitious and inspiring study is an original contribution to the scholarly conversation concerning Bach's music, focusing on the symbolism of the polonaise, the most popular and recognizable Polish dance in 18th-century Saxony. In Saxony at this time the

polonaise was associated with the ceremonies of the royal-electoral court in Dresden, and Saxon musicians regarded it as a musical symbol of royalty. Paczkowski explores this symbolism of the Polish royal dance in Bach's instrumental music and, which is also to be found to an even greater extent, in his vocal works. The Polish Style in the Music of Johann Sebastian

Bach provides wide-ranging interpretations based on a careful analysis of the sources explored within historical and theological context. The book is a valuable source for both teaching and further research, and will find readers not only among musicologists, but also historians, art historians, and readers in cultural studies. All lovers of Bach's music will appreciate this lucid and

intriguing study.

Constructing Virtue and Vice Cornell University Press

Provides a useful reference work on the period of Reformation. This book focuses on the range of religious and social changes wrought by the Reformation, including not only issues of church polity and theology but also related developments in politics, economics, demographics, art, and

literature.

Neophilologus

Peeters Publishers

This book recounts the afterlife of the great Golden Age dramatist Pedro Calderón de la Barca in Dutch and German-speaking Europe. The high quality of the German critical and philosophical tradition has led to a far greater appreciation of Calderón outside than inside his native Spain, and it is in the German territories that the playwright's

influence has been most remarkable and widespread.

Professor Sullivan documents and analyses Calderón's reception and influence on the stage and on playwriting, criticism, philosophy and music in these territories. In addressing his book to students of both the German and the Spanish traditions Professor Sullivan has supplied the necessary background to both cultures

and has rendered all quotations into English. The range of material will also make the book important for students of philosophy, comparative drama and German opera.
