This lavishly illustrated volume presents in full color more than 300 of the finest posters selected from the rich resources of the graphic design collection of The Museum of Modern Art.

The Legend of Zelda: Hyrule Historia Motilal Banarsidass Publ.

With several of the fighters already dead, the Zodiac War is in full swing! The biggest danger the remaining fighters face is Usagi, the fighter of the Rabbit. He has the unique ability to control the dead bodies of those he's slain, putting his opponents at a huge disadvantage! While Usagi and his undead army rampage in the

streets above, Chicken and Rat lay low underground with Monkey, who is determined to settle the battle with as few deaths as possible. -- VIZ Media

The Historiography of World War I from 1918 to the Present Dark Horse Comics

In Neo-Tokyo, built on the former site of Tokyo after World War III, two teenagers are targeted by agencies after they develop paranormal abilities.

Los Angeles magazine is a regional magazine of national stature.

Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of

1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

Los Angeles Magazine VIZ Media LLC

Sanger Rainsford is a big-game hunter, who finds himself washed up on an island owned by the eccentric General Zaroff. Zaroff, a big-game hunter himself, has heard of Rainsford's abilities with a gun and organises a hunt. However, they're not after animals – they're after people. When he protests, Rainsford the hunter becomes Rainsford the hunted. Sharing similarities with "The Hunger Games", starring Jennifer Lawrence, this is the story that created the template for pitting man against man. Born in New York, Richard Connell (1893 – 1949) went on to become an acclaimed author, screenwriter, and journalist. He is best remembered for the gripping novel "The Most Dangerous Game" and for receiving an Oscar nomination for the screenplay "Meet John Doe".

The Warrior's Camera Berghahn Books

In a world haunted by dangerous supernatural forces, there are still some problems you can't solve no matter how much spiritual power you have. And a good thing too—because phony exorcist Reigen Arataka doesn't have any! But that's never stopped Reigen from running a ghostbusting business...and his new part-time office assistant is none other than Tome Kurata, a girl obsessed with the strange and unexplained—and the schoolmate of Reigen's protégé, Shigeo "Mob" Kageyama. Yet whereas Mob's incredible psychic strength resolved many a case for Reigen,

Tome is as powerless as her boss! Or so she may think at first...but if there's one thing a master scam artist knows how to teach, it's the power of confidence and belief!

Mermaid's Scar, Vol. 2 John Wiley & Sons

Anti-Piketty University of Chicago Press

When first published, Marshall McLuhan's *Understanding Media* made history with its radical view of the effects of electronic communications upon man and life in the twentieth century.

BDM, trésors de la bande dessinée MIT Press

Thomas Piketty's book *Capital in the Twenty-First Century* has enjoyed great success and provides a new theory about wealth and inequality. However, there have been major criticisms of his work. *Anti-Piketty: Capital for the 21st Century* collects key criticisms from 20 specialists—economists, historians, and tax experts—who provide rigorous arguments against Piketty's work while examining the notions of inequality, growth, wealth, and capital.

A History of Indian Buddhism Open Road + Grove/Atlantic
Visionary storyteller Alexandro Jodorowsky returns to the epic universe he created with Juan Gimenez, revealing for the first time the earliest origins of the galaxy's ultimate warrior caste, the Metabarons. On a small planet lost in the midst of a galaxy, a war rages between the rival clans of lawless pirates, the Castaka, and the Amakura. During a ferocious battle, Queen Castaka is kidnapped and raped by King Amakura. From this brutal inception

will be born Dayal, the first ancestor of the Metabarons.

A twisted old man gifted with extrasensory powers silently holds sway over an entire block of apartments, whose occupants are puppets for him to control. But then a young girl with her own battery of psychic abilities arrives to challenge him. By the author of the manga series, "Akira"

The Modern Poster Viz Media

A twentieth-century innovation, foreign aid has become a familiar and even expected element in international relations. But scholars and government officials continue to debate why countries provide it: some claim that it is primarily a tool of diplomacy, some argue that it is largely intended to support development in poor countries, and still others point out its myriad newer uses. Carol Lancaster effectively puts this dispute to rest here by providing the most comprehensive answer yet to the question of why governments give foreign aid. She argues that because of domestic politics in aid-giving countries, it has always been—and will continue to be—used to achieve a mixture of different goals. Drawing on her expertise in both comparative politics and international relations and on her experience as a former public official, Lancaster provides five in-depth case studies—the United States, Japan, France, Germany, and Denmark—that demonstrate how domestic politics and international pressures combine to shape how and why donor governments give aid. In doing so, she explores the impact on foreign aid of political institutions, interest groups, and the ways

governments organize their giving. Her findings provide essential insight for scholars of international relations and comparative politics, as well as anyone involved with foreign aid or foreign policy.

At first glance, medicine and poison might seem to be opposites. But in China's formative era of pharmacy (200–800 CE), poisons were strategically employed as healing agents to cure everything from abdominal pain to epidemic disease. *Healing with Poisons* explores the ways physicians, religious figures, court officials, and laypersons used toxic substances to both relieve acute illnesses and enhance life. It illustrates how the Chinese concept of *du*—a word carrying a core meaning of “potency”—led practitioners to devise a variety of methods to transform dangerous poisons into effective medicines. Recounting scandals and controversies involving poisons from the Era of Division to the Tang, historian Yan Liu considers how the concept of *du* was central to how the people of medieval China perceived both their bodies and the body politic. He also examines the wide range of toxic minerals, plants, and animal products used in classical Chinese pharmacy, including everything from the herb aconite to the popular recreational drug Five-Stone Powder. By recovering alternative modes of understanding wellness and the body's interaction with foreign substances, this study cautions against arbitrary classifications and exemplifies the importance of paying attention to the technical, political, and cultural conditions in which substances become truly meaningful. *Healing with Poisons* is freely available in an open access edition thanks to TOME

(Toward an Open Monograph Ecosystem) and the generous support of the University of Buffalo.

Hipira-Kun is a precocious young vampire whose best friend is a fairy named Soul. Hipira-Kun and Soul are an odd couple to say the least, and their games, pranks and adventures. Ages 12+.

Foreign Aid VIZ Media LLC

Despite the longevity of animation and its significance within the history of cinema, film theorists have focused on live-action motion pictures and largely ignored hand-drawn and computer-generated movies. Thomas Lamarre contends that the history, techniques, and complex visual language of animation, particularly Japanese animation, demands serious and sustained engagement, and in *The Anime Machine* he lays the foundation for a new critical theory for reading Japanese animation, showing how anime fundamentally differs from other visual media. *The Anime Machine* defines the visual characteristics of anime and

the meanings generated by those specifically “animetic” effects—the multiplanar image, the distributive field of vision, exploded projection, modulation, and other techniques of character animation—through close analysis of major films and television series, studios, animators, and directors, as well as Japanese theories of animation. Lamarre first addresses the technology of anime: the cells on which the images are drawn, the animation stand at which the animator works, the layers of drawings in a frame, the techniques of drawing and blurring lines, how characters are made to move. He then examines foundational works of anime, including the films and television series of Miyazaki Hayao and Anno Hideaki, the multimedia art of Murakami Takashi, and CLAMP’s manga and anime adaptations, to illuminate the profound connections between animators, characters, spectators, and technology. Working at the intersection of the philosophy of technology and the history of thought, Lamarre explores how anime and its related media entail material orientations and demonstrates concretely how the “animetic machine” encourages a specific approach to thinking about technology and opens new ways for understanding our place in the technologized world around us.

The Most Dangerous Game Princeton University Press
From the renowned author NISIOISIN, the creator of BAKEMONOGATARI, Zaregoto Series and KATANAGATARI comes a new, innovative mystery series, *Pretty Boy Detectives Club!*

A mysterious organization is operating behind the scenes at Yubiwa Academy—the *Pretty Boy Detective Club*, comprised of

President Manabu Sotoin, Vice President Nagahiro Sakiguchi, fearsome “bossman” and fearless gourmand Michiru Fukuroi, angelic track star Hyota Ashikaga, and artistic genius/business prodigy Sosaku Yubiwa. One morning, new recruit Mayumi Dojima happens to see someone drop a mind-boggling bundle, and the game is afoot! The ensuing investigation takes the Pretty Boys into the heart of enemy territory, but will they be able to see (or not see) it through to the end? The Pretty Boy series continues with this exciting new chapter, pitting a sublime aesthetic against the superlative scam!
