| <p>HarperCollins UK<br/>Julian, Dick, Anne, George and Timmy the dog find excitement and adventure wherever they go in Enid Blyton's most popular series. It's so terribly hot, the Famous Five are having a lazy afternoon...but the gang don't get the peace and quiet they imagined! What are the men on the motorbikes up to? Can they be stopped? In addition to the Famous Five novels, Enid Blyton wrote a</p> | <p>clutch of short stories based on the characters. These were published in magazines and collected in the Famous Five Short Story Collection (Hodder). Mais comment vont-ils y arriver, avec un enterrement de vie de garçon imminent et le mariage à venir?</p> <p><i>Secret Seven Short Story Collection</i><br/>Hachette<br/>Pratique</p> <p>Alice's Adventures in Wonderland is an 1865 English children's novel by Lewis Carroll, a mathematics don at the University of Oxford. It details the story of a girl</p> | <p>named Alice who falls through a rabbit hole into a fantasy world of anthropomorphic creatures. It is seen as an example of the literary nonsense genre. The artist John Tenniel provided 42 wood-engraved illustrations for the book. It received positive reviews upon release and is now one of the best-known works of Victorian literature; its narrative, structure, characters</p> | <p>and imagery have had a widespread influence on popular culture and literature, especially in the fantasy genre. It is credited as helping end an era of didacticism in children's literature, inaugurating an era in which writing for children aimed to "delight or entertain". The tale plays with logic, giving the story lasting popularity with adults as well as with children. The titular</p> |

cryptic letter signed The Griffin. Agatha decides to disguise herself as a respectable married woman so that she can go about the city unnoticed. But for her charade to work she needs a suitable "husband," preferably someone tall, elegant, and rakish- someone like Simon Montague Rain. He had a secret he'd do anything to hide. Simon Montague Rain, also known as The

Magician, is a member of The Liar's Club, a renegade group of rogues and thieves in the service of the Crown. When someone begins murdering members of the undercover cabal one by one, Simon is given the mission to bring in The Griffin, one of his comrades who is suspected of betraying his brothers. Simon goes undercover and infiltrates the home of "Mrs." Agatha

Applequist who he believes is the Griffin's mistress. Before Simon knows what's happened, he finds himself irresistibly drawn to Agatha's soft, feminine charms- and he is tempted beyond reason to break the first rule of The Liar's Club: never fall in love.
