Clockwork Fairy Tales:  
A Collection of  
Steampunk Fables  
Simon and Schuster  
The author's original  
Book of Lists is a  
worldwide  
phenomenon that has  
sold over 8 million  
copies. The Punk Book  
of Lists will feature

approx 200 lists -  
culled from the  
historical archives and  
many generated by  
noteworthy musicians,  
lists have been put  
together by film  
directors, writers,  
actors, you name it.  
Punk Rock is cool and  
the impact has hit  
every hip person on  
the planet! Over 50  
wicked caricatures of  
punk rock stars, by  
noted underground

artist Cliff Mott, are peppered generously throughout the book. You don't have to be punk to love the coolest rock 'n' roll toilet-reading, time-wasting masterpiece ever! Absolutely a jewel in the canon of great music books! *The Cleanup* Penguin In 1968, George Romero's film *Night of the Living Dead* premiered, launching a growing preoccupation with zombies within mass and literary fiction, film, television, and video games. Romero's creativity and enduring influence make him a worthy object of inquiry in his own right, and his long career helps us take stock of the shifting interest in zombies since the 1960s. Examining his work promotes a better

understanding of the current state of the zombie and where it is going amidst the political and social turmoil of the twenty-first century. These new essays document, interpret, and explain the meaning of the still-budding Romero legacy, drawing cross-disciplinary perspectives from such fields as literature, political science, philosophy, and comparative film studies. Essays consider some of the sources of Romero's inspiration (including comics, science fiction, and Westerns), chart his influence as a storyteller and a social critic, and consider the legacy he leaves for viewers, artists, and those studying the living dead.

HORROR & GHOST STORIES. From a master of Zombie fiction and a founding father of "splatterpunk" comes a mind-bending anthology of 35 new and classic stories from both renowned writers and rising stars. This rich collection showcases the best of the genre.

The zombie has cropped up in many forms—in film, in television, and as a cultural phenomenon in zombie walks and zombie awareness months—but few books have looked at what the zombie means in fiction. Tim Lanzendörfer fills this gap by looking at a number of zombie

novels, short stories, and comics, and probing what the zombie represents in contemporary literature.

Lanzendörfer brings together the most recent critical discussion of zombies and applies it to a selection of key texts including Max Brooks's *World War Z*, Colson Whitehead's *Zone One*, Junot Díaz's short story "Monstro," Robert Kirkman's comic series *The Walking Dead*, and Seth Grahame-Smith's *Pride and Prejudice and Zombies*. Within the context of broader literary culture, Lanzendörfer makes the case for reading these texts with care and openness in their own right.

Lanzendörfer contends that what zombies do is less important than

what becomes possible when they are around. Indeed, they seem less interesting as metaphors for the various ways the world could end than they do as vehicles for how the world might exist in a different and often better form.

Zombies McFarland Rock 'n' Roll. Hell. Two great tastes that taste great together. Long before Elvis gyrated on the Sullivan Show or the Beatles toiled the smoky red-light bars of Hamburg, music has been sowing the seeds of liberation. Or damnation. With each new generation the edge of rebellion pushed farther. Rhythms quickened. Volume increased. Lyrics coarsened. The rules continued to be broken, until it seemed that there were no

rules at all. And as waves of teens cranked it up and poured it on, parents built walls of accusation to explain their offspring's seeming corruption. Sex and drugs, demon worship and violence are the effects. Music is the cause. Or so the self-styled guardians of morality would have us believe. Meet The Scream. Just your average everyday mega-cult band. Their music is otherworldly. Their words are disturbing. Their message is unholy. Their fans are legion. And they're not kidding. They're killing. Themselves. Each other. Everyone. Their gospel screams from the lips of babes. Their backbeat has a body count. And their encore is just the warm-up act

to madness beyond belief. It emerged from a war-torn jungle, where insanity was just another word for survival. It arrived in America with an insatiable lust for power and the means to fulfill it. In the amplified roar of arena applause there beats the heart of absolute darkness.

Chuck T-Bone is a private detective—A P.I. A gumshoe. A dick. He also happens to be a zombie, in a world where the zombies have taken over, and “fresh meat” is a rare commodity. Where you go into a diner to order an elbow joint with a side of toes. But nothing’s really changed—the rich get

richer, the poor get poorer, at least until they fall apart altogether. When a curvaceous member of a famous crime family walks into his office, he’s forced to reopen a case he’d just as soon forget. It’s the one that introduced him to the dame who stole his heart—and got him killed. Trouble is, if it happens again, this time it’s for good. It’s gory goodness for fans of *The Big Sleep* and *Shaun of the Dead*, with a dash of *Zombieland* thrown in for good measure.

Nature  
Wild Things... They've been with us forever - prowling the smoky roadhouse dives that are their watering holes and hunting grounds. Predators, lurking amidst the human herd. Changing shape at will. Lusting for blood and meat they are gods in the wild. Gods in disguise. And they feed on the spark inside each of us. Syd was just another lonely working class guy singing the steel-town blues. Then he met Nora. She's sensual. Erotic. Amoral. A creature of the night and she's luring Syd across the line that few can cross--and fewer survive: the line that separates man from beast.

Of all the monstrous threats to humanity' zombies are the most horrific. That's because they are not

uncommon or alien - they're human. (Or more correctly' were human.) Anywhere that there are humans' there are zombies' and they can never be completely annihilated because by breeding more humans we breed more zombies. In The Ultimate Book of Zombies' these decomposing monsters are demolished' decapitated' and destroyed. The gore flows as humans and zombies dispatch each other in blood - curdling battles fought in big - city alleys' high school playgrounds' and even suburban living rooms. In addition' the living dead are fully deconstructed in these wide - ranging and fascinating stories. More than just brain - eating assaults and

acid - bath retaliations' the tales in this book explore all elements of zombie existence and their interaction with the humans they live among.

For a very long time, Jack Ketchum and Edward Lee have followed their separate paths of line-crossing, gut-wrenching, no holds-barred storytelling. Now, those roads have drawn close and merged for a collection of five collaborative stories guaranteed to shock, amuse, disgust, and bring lovers of extreme fiction back for more. Along with the five stories, the authors have each included the first draft of one of their stories, showing the rough-base that becomes the foundation for their

fiction, and giving readers a good chance at separating their voices in the collaborations.

Contents include: I'd Give Anything For You

**The Year's Best Science Fiction: Twenty-Fifth Annual Collection** Crossroad Press

An adrenaline-charged tale of unrelenting suspense that sparks with raw and savage energy... The newspapers scream out headlines that spark terror across the city. Ten murders on the New York City subway. Ten grisly crimes that defy all

reason -- no pattern, no m.o., no leads for police to pursue. The press dubs the fiend the "Subway Psycho"; the NYPD desperately seeks their quarry before the city erupts in mass hysteria. But they won't find what they're looking for. Because they all think that the killer is human. Only a few know the true story -- a story the papers will never print. It is a tale of abject terror and death written in grit and steel... and blood. The tale of a man who vanished into the bowels of the urban earth one night, taken by a creature of unholy evil, then left as a babe abandoned on the doorstep of Hell. Now he is back, driven by twin demons of rage and retribution. He is unstoppable. And we

are all his prey... unless a ragtag band of misfit souls will dare to descend into a world of manmade darkness, where the real and unreal alike dwell in endless shadow. A place where humanity has been left behind, and the horrifying truth will dawn as a madman's chilling vendetta comes to light... Filled with gripping drama and harrowing doomsday dread, *The Light at the End* is the book that ushered in a bold new view of humankind's most ancient and ruthless evil; a mesmerizing novel from two acknowledged masters of spellbinding suspense. [Zombies!](#) Last Gasp As humans re-negotiate their boundaries with the

nonhuman world of animals, inanimate entities and technological artefacts, new identities are formed and a new epistemological and ethical approach to reality is needed. Through twelve thought-provoking, scholarly essays, this volume analyzes works by a range of modern and contemporary Italian authors, from Giacomo Leopardi to Elena Ferrante, who have captured the shift from anthropocentrism and postmodernism to posthumanism. Indeed, this is the first academic volume investigating narrative configurations of posthuman identity in Italian literature and film.

For the uninitiated the author has obligingly supplied a definition for the slasher/splatter film: "Any motion picture which contains scenes of extreme violence in graphic and grisly detail...." For those film viewers who think this is a good thing and are more likely to select *The Texas Chainsaw Massacre* than *The Remains of the Day*, or for those who are not quite sure but are nevertheless drawn to the phantasmagoric, or for those horrified by gratuitous violence and blood for blood's sake but are researching this filmic phenomenon, this

reference book provides all the gory details. From *At Midnight I'll Take Your Soul Away to Zombie 2: The Dead Are Among Us*, this book is an exhaustive study of the splatter films of the 1960s and 1970s. After a history of the development of the genre, the main meat of the book is a filmography. Each entry includes extensive credits, alternate names and foreign release titles; availability of the film on videocassette; availability of soundtracks and film novelization; and reviews. Extensive cross-referencing is also included.

### **Other Worlds Than**

**These** Crossroad Press This digital edition of *DEAD LINES* includes a new foreword by David

Niall Wilson, as well as an Author's Foreword by Criag Spector, and an Afterword by John Skipp. *DEAD LINES* is about a young writer/artist type, Jack Rowan, in NYC, whose career never took off. His life is in the toilet. He's broken up with his girlfriend and crashing on the couch of his more successful photographer friend, Glen's, loft while Glen is off in LA on a shoot. In the first chapter, Jack finishes his manuscript — a collection of short stories titled *Nightmare NYC* — swigs off a bottle of vodka, then boxes the manuscript up, writes *DO NOT OPEN UNTIL DOOMSDAY* on it, and hides it in a crawlspace in his friend's apartment. Then he walks up a ladder he

set up in the living room, puts the rope he knotted to a steam pipe around his neck/ He takes one last swig off the bottle, looks at a photo in his hand of himself and a woman, says, look what you made me do. Then he tosses the bottle and pitches off the ladder. The rope goes taut. Jack's neck snaps as he pinwheels around in mid-air, knocking over the ladder, swinging wildly as he hangs himself. Finally he goes still. His body hangs there for weeks, visible thru the fourth floor windows of the loft... if anyone was looking, which no one is. He remains there until Glen gets back. Glenn freaks out and promptly moves out. The loft is renovated for new tenants — a couple of girls who

don't know each other move in. One, Meryl, is from a wealthy family in Boston and trying to escape her overbearing father by going to college at NYU; the other, Katie, is a waitress who used to know Glenn... and Jack. Meryl convinces Katie to pretend to be her roommate to get Meryl's father off her back. At first Katie says no thanks, but then she goes back to her Svengali-esque boyfriend Colin's apartment (where she lives) and finds him in bed with two girls — customers, as Colin is a low level drug dealer and all around scumbag. They fight. Katie shows back up on Meryl's doorstep that night and takes her up on the offer. Meryl is surprised.... she wasn't expecting a roommate

for real — but Katie has no place to go, she Meryl lets her crash there. They start to become friends. One night while Meryl is fixing up her room, she finds the box containing Jack's lost manuscript. She starts to read the stories and becomes intrigued with this 'mystery' writer and his dark, brooding, moody vision of the city. What neither Meryl nor Katie realize, is that Jack's soul, upon the moment of his death, literally imploded into the atomic substructure of the apartment — frozen, in a kind of tormented limbo, forever. Until Meryl starts reading his stories... and the sheer energy of her reading his words in bed each night, and fantasizing about him, starts to

bring him back. His soul coalesces; bit by bit, awareness and consciousness returns. Suddenly, he's back, and he's Jack — but he's dead, a presence haunting the loft, which is his prison now. But Meryl keeps reading, drawn deeper into his world each night. By day she searches for him in bookstores — but his work has never been published. She sees echoes of his images on the streets of the city. She can feel his presence thru his stories. Her nightly fantasies become dreams... and the power of her dreams allows Jack to visit her, succubus-like, a night lover in spirit.
