I Am Kind Three Rivers Press (CA)

The truly inspiring story of the first Latina Supreme Court Justice.

Outspoken, energetic, and fun, Sonia Sotomayor has managed to turn every struggle in life into a triumph. Born in the Bronx to immigrant parents from Puerto Rico, Sonia found out at age nine that she had diabetes, a serious illness

now but an even more dangerous one fifty years ago. How did young Sonia handle the devastating news? She learned to give herself her daily insulin shots and became determined to make the most out of her life. It was the popular sixties TV show Perry Mason that made Sonia want to become a lawyer. Not only a lawyer, but a judge! Her remarkable career was capped in 2009 when President Barack Obama nominated her to the Supreme Court, only the third woman and first Hispanic justice in the court's history. Stories of Sotomayor's career are hardly dry legal stuff—she once hopped on a motorcycle to chase down counterfeiters and was the judge whose ruling ended the Major League baseball strike in 1995.

The inspiring and timely story of Sonia Sotomayor, who rose up from a childhood of poverty and prejudice to become the first Latino to be nominated to the US Supreme Court. Before Supreme Court Justice Sonia Sotomayor took her seat in our nation's highest court, she was just a little girl in the South Bronx. Justice Sotomayor didn't have a lot growing up, but she had what she needed -- her mother's love, a will to learn, and her own determination. With bravery she became the person she wanted to be. With hard work she succeeded. With little sunlight and only a modest plot from which to grow, Justice Sotomayor bloomed for the whole world to see. Antes de que la magistrada de la Corte Suprema Sonia Sotomayor llegara

al máximo tribunal de nuestra nación, no era más que una niñita en el South Bronx. La magistrada Sotomayor no tuvo mucho durante sus primeros años, pero sí tuvo lo que contaba -- el amor de su madre, la voluntad de aprender y su propia determinación. Con valentía se hizo la persona que quería ser. Con trabajo arduo triunfó. Con un poquito de sol en un solarcito donde crecer, la magistrada Sotomayor floreció para que todo el mundo la vea.

Sonia Sotomayor Penguin

A “searching and emotionally intimate memoir” (The New York Times) told with a candor never before undertaken by a sitting Justice. This “powerful defense of empathy” (The Washington Post) is destined to become a classic of self-invention and self-discovery. The first

Hispanic and third woman appointed to the United States Supreme Court, Sonia Sotomayor has become an instant American icon. In this story of human triumph that “hums with hope and exhilaration” (NPR), she recounts her life from a Bronx housing project to the federal bench, a journey that offers an inspiring testament to her own extraordinary determination and the power of believing in oneself. Here is the story of a precarious childhood, with an alcoholic father (who would die when she was nine) and a devoted but overburdened mother, and of the refuge a little girl took from the turmoil at home with her passionately spirited paternal grandmother. But it was when she was diagnosed with juvenile diabetes that the precocious Sonia recognized she

must ultimately depend on herself. She would learn to give herself the insulin shots she needed to survive and soon imagined a path to a different life. With only television characters for her professional role models, and little understanding of what was involved, she determined to become a lawyer, a dream that would sustain her on an unlikely course, from valedictorian of her high school class to the highest honors at Princeton, Yale Law School, the New York County District Attorney’s office, private practice, and appointment to the Federal District Court before the age of forty. Along the way we see how she was shaped by her invaluable mentors, a failed marriage, and the modern version of extended family she has created from cherished friends and their children.

Through her still-astonished eyes, America's infinite possibilities are envisioned anew in this warm and honest book.

I Am Harriet Tubman Penguin

In May 2009, Supreme Court Justice David Souter announced his intention to retire from the Supreme Court. Several weeks later, President Obama nominated Judge Sonia Sotomayor, who currently serves on the U.S. Court of Appeals for the Second Circuit, to fill his seat. This report provides an analysis of selected opinions authored by Judge Sotomayor during her tenure as a judge on the Second Circuit. Discussions of the selected opinions are grouped according

to various topics of legal significance. Perhaps the most consistent characteristic of Judge Sotomayor's approach as an appellate judge has been an adherence to the doctrine of stare decisis, i.e., the upholding of past judicial precedents.

Sonia Sotomayor I Am Sonia Sotomayor A memoir in bite-size chunks from the author of the viral Modern Love column “You May Want to Marry My Husband.” “[Rosenthal] shines her generous light of humanity on the seemingly humdrum moments of life and shows how

delightfully precious they actually are.” —The Chicago Sun-Times How do you conjure a life? Give the truest account of what you saw, felt, learned, loved, strived for? For Amy Krouse Rosenthal, the surprising answer came in the form of an encyclopedia. In *Encyclopedia of an Ordinary Life* she has ingeniously adapted this centuries-old format for conveying knowledge into a poignant, wise, often funny, fully realized memoir. Using mostly short entries organized from A to Z, many of which are cross-referenced, Rosenthal captures in wonderful and episodic detail the moments, observations, and emotions that comprise a contemporary life. open up and define the world in new and unexpected ways. An ordinary life, perhaps, but an extraordinary book.
