*Journey to Albania* Accademia University Press

The enemy were overpowered and took to flight. The Romans pursued as far as their strength enabled them to run' Between 58 and 50 BC Julius Caesar conquered most of the area now covered by France, Belgium and Switzerland, and invaded Britain

twice, and The Conquest of Gaul is his record of these campaigns. Caesar's narrative offers insights into his military strategy and paints a fascinating picture of his encounters with the inhabitants of Gaul and Britain, as well as lively portraits of the rebel leader Vercingetorix and other Gallic chieftains. The Conquest of Gaul can also be read as a piece of political propaganda, as Caesar sets down his version of events for the Roman public, knowing he faces civil war on his return to

Rome. Revised and updated by Jane Gardner, S. A. Handford's translation brings Caesar's lucid and exciting account to life for modern readers. This volume includes a glossary of persons and places, maps, appendices and suggestions for further reading.

University Press of Kansas

Over the last ten years, Albania has undergone rapid development, becoming a well-recognised tourist destination within

the Mediterranean region. Tourism represents one of the most significant opportunities for the country and – at the same time – a challenge for a developing nation and emerging economy – especially if we take into account an isolationist period of more than forty years during the social-communist dictatorship. This book aims to provide a base for discussion about the impact of tourism on the Albanian territory – firstly from a historical point of view, and secondly to observe a specific case study and analyse its impact. This book is a journey to Albania, looking at architecture, explorations, and landscapes from the traveller's perspective. Inevitably this will include other academic fields, such as geography, history, and spatial planning, and will also recognise the contested Italian influence as an additional layer of complexity in Albania's 20th century.

La prova orale del concorso a cattedre nella scuola dell'infanzia e nella scuola primaria Copyright Office, Library of Congress

The search for general laws and regularities in Translation Studies gained new momentum in the 1990s when Baker

(1993) promoted the use of large electronic corpora as research tools for exploring the linguistic features that render the language of translation different from the language of non-translated texts. By comparing a corpus of translated and non-translated English texts, Baker and her research team put forward the hypothesis that translated texts are characterized by some “universal features”, namely simplification, explicitation, normalization and levelling-out. The purpose of this study is to test whether simplification, explicitation and normalization apply to Italian translations of children's books. In order to achieve this aim, a comparable corpus of translated and non-translated works of classic fiction for children has been collected and analysed using Corpus Linguistics tools and methodologies. The results show that, in the translational subcorpus, simplification, explicitation and normalization processes do not prevail over the non-translational one. Therefore, it is suggested that the status of translated children's literature in the Italian literary “polysystem” (Even-Zohar, 1979, 1990) and, from a general

viewpoint, all the cultural, historical and social conditions that influence translators' activities, determine translation choices that can also tend towards processes different from those proposed by Baker.

Ecco! due Penguin

Questo saggio esplora la sessualità umana attraverso un dialogo tra approcci storici e contemporanei, teorici e pratici.

Ancorandosi ai contributi di figure fondamentali come Freud, Mahler, Lowen e Winnicott, analizza le dinamiche psicosessuali che emergono dalla prima infanzia all'età adulta, approfondendo le connessioni tra sviluppo psicologico, esperienza corporea e contesti relazionali. Il testo si sofferma su approcci terapeutici quali la psicoanalisi, la terapia della Gestalt e la prospettiva relazionale, offrendo una visione integrata e multidimensionale della sessualità. Ogni capitolo affronta temi centrali come il transfert sessuale, le tappe dello sviluppo psicosessuale e le dinamiche relazionali, proponendo prospettive aggiornate per ampliare la comprensione e favorire interventi più consapevoli. Accanto alla riflessione teorica, il saggio analizza lo stato attuale e le prospettive future della

sessuologia, con particolare attenzione al contesto italiano e al confronto con altri paesi europei, soffermandosi su sfide e opportunità legate all'educazione sessuale. Con un approccio inclusivo, affronta tematiche legate alla comunità LGBT+, alle persone con disabilità, alla diversità culturale e alla sessualità nella terza età, offrendo linee guida pratiche per interventi rispettosi e personalizzati. Destinato a professionisti, studenti e lettori interessati ad approfondire la complessità della sessualità, questo saggio unisce rigore scientifico e sensibilità umana, proponendo una visione della sessualità come una dimensione essenziale per il benessere e la qualità di vita.

Il volume definisce la cornice metodologica e gli aspetti organizzativi per realizzare laboratori di lettura in classe con il Writing and Reading Workshop. Offre indicazioni concrete, piste di lavoro e materiali operativi per educare lettori e lettrici. Il Reading Workshop è un metodo rigoroso che mira a sostenere in modo efficace, con strategie esplicite e ampio

tempo per la pratica, l'acquisizione di abilità e abitudini che promuovono il piacere del leggere e l'approccio a una letteratura di qualità. Il volume, naturale prosecuzione di Scrittori si diventa, definisce la cornice metodologica e gli aspetti organizzativi del Reading Workshop calandolo all'interno del contesto italiano. Ne approfondisce la costruzione e le caratteristiche dell'ambiente di apprendimento e ne illustra, anche attraverso esempi concreti e piste di lavoro, le diverse componenti, tra cui l'incontro con i libri e la letteratura, la comprensione del testo, il parlare di libri e letteratura in classe, lo scrivere sul e dal leggere e la valutazione. I materiali ed i consigli per la pianificazione, insieme a diverse risorse scaricabili online, lo rendono uno strumento di lavoro pratico e flessibile.

Ruling Culture Edizioni Centro Studi Erickson

On first publication, this uncommonly concise and readable account of Soviet Russia's clash with Nazi Germany utterly changed our understanding of World War II on Germany's Eastern Front, immediately earning its place among top-shelf histories

of the world war. Revised and updated to reflect recent Russian and Western scholarship on the subject, much of it the authors' own work, this new edition maintains the 1995 original's distinction as a crucial volume in the history of World War II and of the Soviet Union and the most informed and compelling perspective on one of the greatest military confrontations of all time. In 1941, when Pearl Harbor shattered America's peacetime pretensions, the German blitzkrieg had already blasted the Red Army back to Moscow. Yet, less than four years later, the Soviet hammer-and-sickle flew above the ruins of Berlin, stark symbol of a miraculous comeback that destroyed the Germany Army and put an end to Hitler's imperial designs. In swift and stirring prose, *When Titans Clash* provides the clearest, most complete account of this epic struggle, especially from the Soviet perspective. Drawing on the massive and unprecedented release of Soviet archival documents in recent decades, David Glantz, one of the world's foremost authorities on the Soviet military, and noted military historian Jonathan House expand and elaborate our picture of

the Soviet war effort—a picture sharply different from accounts that emphasize Hitler's failed leadership over Soviet strategy and might. Rafts of newly available official directives, orders, and reports reveal the true nature and extraordinary scale of Soviet military operations as they swept across the one thousand miles from Moscow to Berlin, featuring stubborn defenses and monumental offensives and counteroffensives and ultimately costing the two sides combined a staggering twenty million casualties. Placing the war within its wider context, the authors also make use of recent revelations to clarify further the political, economic, and social issues that influenced and reflected what happened on the battlefield. Their work gives us new insight into Stalin's political motivation and Adolf Hitler's role as warlord, as well as a better understanding of the human and economic costs of the war—for both the Soviet Union and Germany. While incorporating a wealth of new information, *When Titans Clashed* remains remarkably compact, a tribute to the authors' determination to make this critical chapter in world history as

accessible as it is essential.

[Simplification, Explication and Normalization](#) Cambridge Scholars Publishing

"A major, on-the-ground look at antiquities looting in Italy. More looting of ancient art takes place in Italy than in any other country. Ironically, Italy trades on the fact to demonstrate its cultural superiority over other countries. And, more than any other country, Italy takes pains to prevent looting by instituting laws, cultural policies, export taxes, and a famously effective art-crime squad that has been the inspiration of novels, movies, and tv shows. In fact, Italy is widely regarded as having invented the discipline of art policing. In 2006 the then-president of Italy declared his country to be "the world's greatest cultural power." Why do Italians believe this? Why is the patria, or "homeland," so frequently invoked in modern disputes about ancient art, particularly when it comes to matters of repatriation, export, and museum loans? Fiona Greenland's *Ruling Culture* addresses these questions by tracing the emergence of antiquities as a key source of power in Italy from 1815 to the present.

Along the way, it investigates the activities and interactions of three main sets of actors: state officials (including Art Squad agents), archaeologists, and illicit excavators and collectors"--

The Ecco! series treats student motivation, engagement and enjoyment as vital for

successful learning. Teachers will also value the imaginative approaches, cultural authenticity, updated educational principles, logical sequencing, ease of use and practical support of the Ecco! series. The Ecco! series is devised for the first four years of secondary school. Ecco! uno is intended for three semesters' to two years' work. Ecco! due is more advanced and is intended for two years' work. Features: The Ecco! due Student's Work Kit contains: 1 copy of Ecco! due Workbook; 1 copy of Ecco! due Student CD-ROM. Workbook features: checklists for students' active self-assessment of chapter learning outcomes; exercises to help students master new vocabulary through inductive reasoning; varied listening comprehension tasks using lively performances by native speakers on the Ecco! due Teacher Audio CDs; a wide range of appealing reading comprehension, grammar practice and text-type writing activities; targeted cultural awareness revision and ICT activities; extensions tasks for further challenge. Student CD-ROM features: cartoon stories replay for listening, reading and speaking practice; applied

pronunciation practice of key sounds (students record own voice); vocabulary games to reinforce knowledge of new words and phrases; different text-type writing tasks with templates provided; varied activities to extend cultural knowledge; chapter review quizzes for revision of grammar, vocabulary and cultural knowledge; record keeping.

### **Italian Made Simple**

Whether you are planning a romantic Italian getaway, packing a knapsack for your junior year abroad, or just want to engage your Italian business associate in everyday conversation, Italian Made Simple is the perfect book for any self-learner. Void of all the non-essentials and refreshingly easy to understand, Italian Made Simple includes: \* basics of grammar \* vocabulary building exercises \* pronunciation aids \* common expressions \* word puzzles and language games \* contemporary reading selections \* Italian culture and history \* economic information \* Italian-English and English-Italian dictionaries Complete with drills, exercises, and answer keys for ample practice opportunities, Italian Made Simple will soon have you speaking Italian like a

native.
