## HANEY DOWNS

*Forest and Stream* Unbound Publishing

Mia uses her super-strength to break down walls in this fourth adventure of the Mia Mayhem chapter book series! Mia is determined to be the best in her strength-training class, so she can learn how to lift cars, and climb super tall buildings! But when her own super strength gets the better of her, she ends up causing absolute mayhem. Will Mia be able to rebuild the walls she broke down, one-by-one? With easy-to-read language and illustrations on almost every page, the Mia Mayhem chapter books are perfect for emerging readers.

*Tabulation of Data on Semiconductor Amplifiers and Oscillators at Microwave Frequencies* Simon and Schuster

Mathematisches Denken von Heranwachsenden entfaltet sich beginnend in der frühen Kindheit bis weit über die Grundschule hinaus. Für die Anregung mathematischen Denkens können Bilderbücher einen wichtigen Kontext bieten. Sie geben Kindern die Möglichkeit, mathematische Inhalte zu entdecken und zu erforschen, und können zu einer aktiven Auseinandersetzung mit mathematischen Fragestellungen motivieren. In einer explorativen Studie mit 117 Kindergartenkindern untersucht Anna Vogtländer in dialogischen Gruppenlesesitzungen, welche Facetten des inhaltsbezogenen mathematischen Denkens durch ausgewählte Bilderbücher angesprochen werden können. Die Erkenntnisse lassen insgesamt den Schluss zu, dass das dialogische Lesen von Bilderbüchern im Kontext der frühen mathematischen Bildung eine geeignete Aktivität im Rahmen eines integrativen Ansatzes darstellt.

*Bilderbücher im Kontext früher mathematischer Bildung* Walter de Gruyter

Where and who do we want to be? How might we get there? What might happen if we stay on our current course? In *The Future of Seduction*, cultural and literary critic Mia Levitin explores the future of sex, asking powerful and necessary questions about the

relationships of tomorrow. This brief but mighty book is one of five that comprise the first set of FUTURES essays. Each standalone book presents the author's original vision of a singular aspect of the future which inspires in them hope or reticence, optimism or fear. Read individually, these essays will inform, entertain and challenge. Together, they form a picture of what might lie ahead, and ask the reader to imagine how we might make the transition from here to there, from now to then.

**Quick Frozen Foods** Simon and Schuster

The Fault in Our Stars meets Eleanor and Park in this tough and tender young adult novel that's a lot about love (and a little about cancer).

**A Collection of Entrees, of Declarations, Barres, Replications, Reioinders, Issues, Verdicts, Etc** University of Arizona Press

Meet Mia Macarooney, an ordinary eight-year-old who finds out she has an extraordinary super-secret in this first chapter book in the brand-new Mia Mayhem series! Mia Macarooney is a regular eight-year-old girl who finds out that she's A SUPERHERO! Her life literally goes from totally ordinary to totally super when she's invited to attend the afterschool Program for In-Training Superheroes a.k.a. THE PITS! And the crazy thing is, in a weird meant-to-be sort of way, all of this news somehow feels super right. Because all her life, Mia thought she was just super klutz...but it turns out, she's just SUPER! So now, it's up to Mia to balance her regular everyday life and maintain her secret identity as she learns how to be the world's newest superhero! With easy-to-read language and illustrations on almost every page, the Mia Mayhem chapter books are perfect for emerging readers.

*Matters of Friendship and Love* Springer-Verlag

Im dritten Band der "Lukas-Reihe" geht es um Nebelträume. Eine schwarze Katze und eine Eule spielen hierbei eine wesentliche Rolle. Mehr soll an dieser Stelle jedoch nicht verraten werden. Eulen schätzen Geschwätzigkeit zu keinem Zeitpunkt.

*Warfare and Armed Conflicts* Frontiers Media SA

In 1924, the United States began a bold program in public health. The Indian Service of the United States hired its first nurses to

work among Indians living on reservations. This corps of white women were dedicated to improving Indian health. In 1928, the first field nurses arrived in the Mission Indian Agency of Southern California. These nurses visited homes and schools, providing public health and sanitation information regarding disease causation and prevention. Over time, field nurses and Native people formed a positive working relationship that resulted in the decline of mortality from infectious diseases. Many Native Americans accepted and used Western medicine to fight pathogens, while also continuing Indigenous medicine ways. Nurses helped control tuberculosis, measles, influenza, pneumonia, and a host of gastrointestinal sicknesses. In partnership with the community, nurses quarantined people with contagious diseases, tested for infections, and tracked patients and contacts. Indians turned to nurses and learned about disease prevention. With strong hearts, Indians eagerly participated in the tuberculosis campaign of 1939-40 to x-ray tribal members living on twenty-nine reservations. Through their cooperative efforts, Indians and health-care providers decreased deaths, cases, and misery among the tribes of Southern California.

**Mia Mayhem Steals the Show!** Houghton Mifflin Harcourt  
"Collection of incunabula and early medical prints in the library of the Surgeon-general's office, U.S. Army": Ser. 3, v. 10, p. 1415-1436.

*The Bombay Law Reporter* Little Simon

In its revised and updated fourth edition, this exhaustive encyclopedia provides a record of casualties of war from the last five centuries through 2015, with new statistical and analytical information. Figures include casualties from global terrorism, the wars in Iraq and Afghanistan, and the fight against the Islamic State. New entries cover an additional 20 armed conflicts between 1492 and 2007 not included in previous editions. Arranged roughly by century and subdivided by world region, chronological entries include the name and dates of the conflict, precursor events, strategies and details, the outcome and its aftermath.

*British Museum Catalogue of Printed Books* Little Simon

Mia plays a superhero in a school play in this eighth adventure of the Mia Mayhem chapter book series! Mia finds out that her regular school will be putting on a play about superheroes! As soon as the casting call goes out, Mia's sure that the main character role was made just for her. Because after all, who better to play the part than a real-life superhero? But when show day comes around and nerves are running high, will Mia be able to take the stage and be herself without revealing her super-secret? With easy-to-read language and illustrations on almost every page, the Mia Mayhem chapter books are perfect for emerging readers.

**A Treatise on Hindu Law and Usage** McFarland

In this "thought-provoking blend of history, biography, women's studies, and travelogue" (Library Journal) Mia Kankimäki recounts her enchanting travels in Japan, Kenya, and Italy while retracing the steps of ten remarkable female pioneers from history. What

can a forty-something childless woman do? Bored with her life and feeling stuck, Mia Kankimäki leaves her job, sells her apartment, and decides to travel the world, following the paths of the female explorers and artists from history who have long inspired her. She flies to Tanzania and then to Kenya to see where Karen Blixen—of Out of Africa fame—lived in the 1920s. In Japan, Mia attempts to cure her depression while researching Yayoi Kusama, the contemporary artist who has voluntarily lived in a psychiatric hospital for decades. In Italy, Mia spends her days looking for the works of forgotten Renaissance women painters of the Uffizi Gallery in Florence, and finally finds her heroines in the portraits of Sofonisba Anguissola, Lavinia Fontana, and Atremisia Gentileschi. If these women could make it in the world hundreds of years ago, why can't Mia? *The Women I Think About at Night* is "an astute, entertaining...[and] insightful" (Publishers Weekly) exploration of the lost women adventurers of history who defied expectations in order to see—and change—the world.
