 Poetry. African & African American Studies. Latinx Studies.
 Translated by Vanessa Pérez-Rosario. Mayra Santos-Febres is one of our most powerful writers, and BOAT PEOPLE has long been a part of the poetic counter-tradition that shaped generations of Puerto Rican poets. Thanks to Vanessa Pérez-Rosario, English-language readers are now plunged into the depths of a text that, to echo Patrick Chamoiseau, is composed of 'that strange conference of poets and great beings, ' lost at sea, tossed on shores, or caught in a world without return address or safe passage. Written like a border drawn on water, this oceanic book is both a source of life and a record of death. It remains as devastatingly urgent as the day it was written.--Raquel Salas Rivera The ocean in BOAT PEOPLE is haunted and the book is the

heartbreaking journey from sea to horizon. Melancholy and songlike, Santos-Febres documents the nameless, the chum: bodies set adrift by commerce. Like M. NourBese Philips's Zong!, this phenomenal translation in which I become 'a drop of fish sweat, ' my body dancing to the poetry's music but also lamenting the violences that underlie it.--Carmen Giménez Smith

Arte de la Lengua Cahita is a pioneering work that offers a detailed analysis of the Cahita language spoken in the northwestern region of Mexico. Written by Eustaquio Buelna, a prominent Mexican linguist, the book provides an in-depth guide to Cahita grammar, syntax, and vocabulary. It is a must-read for linguists, anthropologists, and anyone interested in the indigenous cultures of Mexico. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. The German and Spanish-speaking worlds have, over the centuries, developed an intrinsic relationship, one which predates the Habsburg dynasty and the Renaissance and baroque periods. The cross-fertilization and challenges have been both fruitful and complex with novel inventions surfacing in one culture often achieving their greatest prosperity in the other: Martin Luther's Protestant Reformation stimulated a response in Spain that was to define the European Counter Reformation; Spanish Baroque writers were seminal in the development of German Romanticism; Carl Christian Friedrich Krause and other nineteenth-century liberals provided the foundation for Spanish reformist efforts on the one hand, while German conservatives like Novalis and Adam Müller inspired conservatism on the other; the music of Richard Wagner transformed Spanish music and the Spanish stage at the turn of the twentieth century; Pablo Picasso and other artists of the Spanish avant-garde sparked the enthusiasm of the Germans before the Nazi era. Today, German and Spanish intellectuals and writers share a similar commitment to the creation of a European culture in the face of resistance from other members of the European Union. Viewed from a variety of disciplines this volume explores the relentlessly consistent, albeit often forgotten connections between the two linguistic and cultural groups revealing the myriad of ways in which they have shared and transformed literature, art, culture, politics, and history.

Recollections of Four Years in Venezuela London : Smith, Elder
The demands of today's society for greater specialization have brought about a profound transformation in the humanities, which are not immune to the competitive pressure to meet new challenges that are present in other sectors. Thus, lecturers and researchers in modern languages and applied linguistics departments have made great efforts to design syllabi and materials more attuned to the competences and requirements of potential working environments. At the same time, linguists have attempted to apply their expertise in wider areas, creating research institutes that focus on applying language and linguistics in different contexts and offering linguistic services to society as a whole. This book attempts to provide a global view of the multiple voices involved in interdisciplinary research and innovative proposals in teaching specialized languages while offering contributions that attempt to fill the demands of a varied scope of disciplines such as the sciences, professions, or educational settings. The chapters in this book are made up of current research on these themes: discourse analysis in academic and professional genres, specialized translation, lexicology and terminology, and ICT research and teaching of specialized languages.

Miami, FL's Jai-Alai Books proudly presents, *Last Night I Dreamt I Was a DJ* (2014), Frank Bez's debut volume of poetry in English, translated by P. Scott Cunningham and Hoyt Rogers. A former resident of Chicago, Bez's poetry highlights the deep connections between the United States and the Dominican Republic. He celebrates the lyrical possibilities of Santo Domingo, while also lamenting its systemic failures. He delights in the cultural influence of the United States, while also recognizing the failed exportation of the American dream. Most of all, though, Bez's poems are funny. They laugh at the spectacle of their creator and his struggle to exist as a poet in world hostile to poetry, and they dare to talk back to capitalism with the voices of the voiceless: the poor, working class people haunting the streets of Santo Domingo "like a new Night of the Living Dead sequel."

Bradt's fully illustrated wildlife guides focus on regions of the world particularly celebrated for their amazing and often unique species. With spectacular photography or exclusive watercolour drawings throughout, each visitors' guide provides an

introduction to the region's principal flora and fauna alongside suggested wildlife itineraries, practical information on when to go and what to take and photography tips. Written in a deliberately engaging way, they offer something different from dry field guides, and will appeal to the interested layman as much as the wildlife devotee. Ideal as a lightweight companion to any wildlife trip they also make a handsome souvenir. Beautifully illustrated with full-colour photographs throughout, Madagascar Wildlife is a celebration of the unique fauna of a remarkable island. Featuring over 250 species - from lemurs to millipedes - this guide is ideal for natural history enthusiasts and travellers alike. Newly discovered species and recently protected habitats are all covered in this fully revised edition. Also included is practical advice on visiting the key national parks and reserves plus special features on the evolution, camouflage, night-time wildlife and conservation issues.

Erich Levi doesn't understand why his father is so gloomy when the Nazis are elected to power. He's too concerned with keeping his grades up, finding time to hang out by the river with his friends, and studying for his bar mitzvah, to worry about politics. But slowly, gradually, things begin to change for Erich. Some of the teachers begin to grade him unfairly - because he's Jewish. The Hitler Youth boys in his class bully him, and he's excluded from sporting events and celebrations. His whole world seems to be crumbling: at school, and at home, where money is tight because no one wants to do business with a Jewish family. Not everyone is so cruel, though, and many of the Levis' friends and neighbors remain fiercely loyal at great risk to themselves. With good people still around, Erich can't believe the situation will last, and stubbornly holds onto his dreams - even as his homeland becomes a dangerous and alien place. Inge Barth-Grözinger has brilliantly recreated the life of a Jewish family in a small German town during the Nazi era. *Something Remains* provides, with terrible, everyday detail, an answer to the impossible question: how could the Holocaust have happened?

The War Between the United States and Mexico Illustrated Univ of California Press

Published for the first time in the U.S. - one of the two diaries on which the upcoming movie *The Motorcycle Diaries* is based - the moving and at times hilarious account of Che Guevara and Alberton Granado's eight-month tour of South America in 1952. In 1952 Alberto Granado, a young doctor, and his friend Ernesto Guevara, a 23-year-old medical student from a distinguished Buenos Aires family, decided to explore their continent. They set off from Cordoba in Argentina on a Norton 500cc motorbike traveled through Chile, Peru, Colombia, and Venezuela. The duo's adventures vary from the suspenseful (stowing away on a cargo ship, exploring Incan ruins) to the comedic (falling in love, drinking, fighting...) to the serious (volunteering as firemen and at a leper colony). They worked as day laborers along the way - as soccer coaches, medical assistants, and furniture movers. The poverty and exploitation of the native population started the process that was to turn Ernesto - the debonair, fun-loving student - into Che, the revolutionary who had a profound impact on the history of several nations. Originally published in Spanish in Cuba in 1978, the first English translation was published by Random House UK in 2003. The movie, based on Granado's and Che's diaries, directed by Walter Salles (*Central Station*, *Behind the Sun*), was produced by Robert Redford and others. Shown at the Sundance Film Festival, it generated great reviews and a frenzied auction for distribution rights, which was won by Focus Features. Granado, now 82, was a consultant to Salles during the production.
