The Essential Bar Book University of Illinois Press

Looking through the lens of black business history, *Beauty Shop Politics* shows how black beauticians in the Jim Crow era parlayed their economic independence and access to a public community space into platforms for activism. Tiffany M. Gill argues that the beauty industry played a crucial role in the creation of the modern black female identity and that the seemingly frivolous space of a beauty salon actually has stimulated social, political, and economic change. From the founding of the National Negro Business League in 1900 and onward, African Americans have embraced the entrepreneurial spirit by starting their own businesses, but black women's forays into the business world were overshadowed by those of black men. With a broad scope that encompasses the role of gossip in salons, ethnic beauty products, and the social meanings of African American hair textures, Gill shows how African American beauty entrepreneurs built and sustained a vibrant culture of activism in beauty salons and schools. Enhanced by lucid portrayals of black beauticians and drawing on archival research and oral histories, *Beauty Shop Politics* conveys the everyday operations and rich culture of black beauty salons as well as their role in

building community.

Playing on our universal fascination with reality TV, Emily Whitson's *Beneath the Marigolds* is the Bachelor(ette) gone terribly wrong. Reese Marigold saved Ann Stone from a life of addiction by introducing Ann to AA and serving as her sponsor in recovery. Despite their differences—Reese is a hopeless romantic, while Ann is a no-nonsense attorney—the women remain close ten years later. So when Reese goes missing after attending Last Chance, an exclusive singles' retreat off the coast of Hawaii, Ann infiltrates the retreat. Quickly, Ann realizes there's more to Last Chance than meets the eye. With its extravagant clothes, never-ending interviews, and bizarre dates, Ann begins to suspect the retreat is a front for a reality dating show. Could Reese be safe and sound, keeping a low profile until the premier, or did something more sinister occur? As Ann traces Reese's last known movements, partakes in the unusual "journey," and meets the other attendees who all have something to hide, she jeopardizes her career, her sanity, and her life to find her missing friend. Told from the perspective of both Ann and Reese, *Beneath the Marigolds* is a fast-paced thriller that explores friendship, women in recovery, and the traditional marriage path idealized by today's numerous dating and relationship reality shows.

Winner of the 2021 Eudora Welty Prize In contrast to other literary genres, drama has received little attention in southern studies, and women playwrights in general receive less recognition than their male counterparts. In *Marginalized: Southern Women Playwrights Confront Race, Region, and Gender*, author Casey Kayser addresses these gaps by examining the work of southern women playwrights, making the argument that representations of the American South on stage are complicated by difficulties of identity, genre, and region. Through analysis of the dramatic texts, the rhetoric of reviews of productions, as well as what the playwrights themselves have said about their plays and productions, Kayser delineates these challenges and argues that playwrights draw on various conscious strategies in response. These strategies, evident in the work of such playwrights as Pearl Cleage, Sandra Deer, Lillian Hellman, Beth Henley, Marsha Norman, and Shay Youngblood, provide them with the opportunity to lead audiences to reconsider monolithic understandings of northern and southern regions and, ultimately, create new visions of the South.
