Vallabhacharya, the founder of the Pushti Maarg was a poet, scholar and passionate lover of Lord Krishna. Madhurashtakam is one of the immemorial compositions of Vallabhacharya, the founder of Pusti marg. These set of eight verses talk of Shri Krishna's bewitching personality. His pastimes, and His pranks all of which make Him loving and lovable. The composition has become more popular because of its simplicity. Pujya Guruji's commentary on it gives us a sense of immediacy with highlights of episodes from the lives of recent saints. It also makes us introspect on our hypocrisies which prevent us from flowing with sweetness. It opens our eyes to the healing energies of the Divine, clothed in a name and form.

The first comprehensive inquiry into the origin and growth of regional language cinema in India, this book traces the development of Kannada cinema from the 1940s to the new millennium. Focusing on the role regional language cinema plays, the book examines the conflict between the 'region' and the 'nation' in the regional consciousness. Raghavendra traces the shape of Kannada cinema to its origins in a princely state under indirect British rule and inquires into the effect of the linguistic reorganization of the states in the 1950s upon the regional identity. Exploring the influence of national developments—from the ascendancy of Indira Gandhi in the 1960s to economic liberalization in the 1990s—on regional identity, the book provides first-time assessments of the Kannada star Rajkumar as a regional icon and the changing meaning of Bangalore city to the Kannada-speaking public.
