Say Bonjour! to the first picture book in the bestselling Escargot series about a cute French snail and his laugh-out-loud adventures. Escargot is an adorable French snail who only wants two things: 1) To be your favorite animal, and 2) To eat the delicious salad at the end of this book. Except this delicious salad has a carrot in it. And Escargot hates carrots. But when he finally tries one—with a little help from you!—he realizes that it's not so bad after all. From New York Times–bestselling author Dashka Slater and former Pixar animator Sydney Hanson, Escargot is an irresistibly sweet and charming story about a snail who might be a picky eater but definitely wants to be your new best friend. This hilarious and interactive addition to the award-winning Escargot series is the ideal read aloud for story time and animal lovers alike. Escargot is also available as a board book for babies and toddlers up to 3 years old. Don't miss Escargot's other funny and heartwarming adventures for kids ages 4-6 in: ● A Book for

Escargot ● Love, Escargot (also available as a board book for babies and toddlers up to 3 years old) ● Escargot and the Search for Spring (also available as a board book for babies and toddlers up to 3 years old)

From Bunmi Laditan, the creator of the Honest Toddler blog, *The Big Bed* is a humorous picture book about a girl who doesn't want to sleep in her little bed, so she presents her dad with his own bed—a camping cot!—in order to move herself into her parents' big bed in his place. A twist on the classic parental struggle of not letting kids sleep in their bed.

Influence: Science and Practice is an examination of the psychology of compliance (i.e. uncovering which factors cause a person to say "yes" to another's request) and is written in a narrative style combined with scholarly research. Cialdini combines evidence from experimental work with the techniques and strategies he gathered while working as a salesperson, fundraiser, advertiser, and other positions, inside organizations that commonly use compliance tactics to get us to say "yes". Widely used in graduate and undergraduate psychology and management classes, as well as sold to people operating successfully in the business world, the eagerly awaited revision of *Influence* reminds the reader of the power of persuasion. Cialdini organizes compliance techniques into six categories based on psychological principles that direct human behavior: reciprocity, consistency, social proof, liking, authority, and scarcity. A hilarious companion to *I Wanna Iguana*. Ever since their baby sister came along, Alex has been forced to share a room with his little brother, Ethan, and it's a nightmare. Ethan always breaks stuff, snores like a walrus, and sticks crayons up his nose. No hardworking, well-behaved, practically grown-up boy like Alex should have to put up with that! Writing letters to his mom convinced her to let him get his pet iguana, so Alex puts pencil to paper again, this time determined to get his own room. Though all of his powers of persuasion can't get his dad to expand the house, he does come through with a fun alternative to give Alex some space of his own.

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

Hilarious notes between a son and his mom show how kid logic can be very persuasive. Alex just has to convince his mom to let him have an iguana, so he puts his arguments in writing. He promises that she won't have to feed it or clean its cage or even see it if she doesn't want to. Of course Mom imagines life with a six-foot-long iguana eating them out of house and home. Alex's reassures her: It takes fifteen years for an iguana to get that big. I'll be married by then and probably living in my own house His

mom's reply: How are you going to get a girl to marry you when you own a giant reptile? Kis will be in hysterics as the negotiations go back and forth through notes, and the lively, imaginative illustrations showing their polar opposite dreams of life with an iguana take the humor to even higher heights.

AN INDIE BESTSELLER ● A cute French snail searches for the book of his dreams in this laugh-out-loud second picture book in the bestselling Escargot series. Bonjour! Escargot is going on a trip to the library, where there are so many stories to choose from. Sadly, none of these tales are about daring—and adorable—snail heroes who save the day. But when Escargot asks you for help creating a fabulous story of his own, perhaps this could become just the book he's been looking for. From New York Times–bestselling author Dashka Slater and former Pixar animator Sydney Hanson, *A Book for Escargot* is an irresistibly sweet and charming story that subtly teaches kids how to write their own magnifique story. This hilarious and interactive addition to the award-winning Escargot series is the ideal read aloud for story time and animal lovers alike. Don't miss Escargot's other funny and heartwarming adventures for kids ages 4-6 in: ● *Escargot* (also available as a board book for babies and toddlers up to 3 years old) ● *Love, Escargot* (also available as a board book for babies and toddlers up to 3 years old) ● *Escargot and the Search for Spring* (also available as a board book for babies and toddlers up to 3 years old)

The Necessary Art of Persuasion Farrar, Straus and Giroux (BYR)

In an age when managers can no longer rely on formal power, persuading people is more important than ever. Persuasion is a process of learning from colleagues and employees and negotiating shared solutions to solving problems and achieving goals. In *The Necessary Art of Persuasion*, Jay Conger describes four essential components of persuasion and explains how to master them, providing the information you need to fulfill your

managerial mandate: getting work done through others.

Why you need a writing revolution in your classroom and how to lead it *The Writing Revolution* (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, *The Writing Revolution* can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities *The Writing Revolution* is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.
