This book is a sequel to Rural development : putting the last first (AL. 1719, BRN 32006). It explores methods and approaches of participatory rural appraisal (PRA), which, because of its wide application, should, according to the author, be changed to participatory learning and action (PLA).

Try - verb: to make an attempt or effort to do something or in this case...someone. Sex. Logan Mitchell loves it, and ever since he realized his raw sexual appeal at a young age, he has had no problem using it to his advantage. Men and women alike fall into his bed—after all, Logan is not one to discriminate. He lives by one motto—if something interests you, why not just take a chance and try? And he wants to try Tate Morrison. Just coming out of a four-year marriage with an ex-wife from hell, a relationship is the last thing on Tate's mind. He's starting fresh and trying to get back on his feet with a new job at an upscale bar in downtown Chicago. The only problem is, Tate has caught the unwavering and unwelcome attention of Mr. Logan Mitchell—a regular at the bar and a man who always gets what he wants. Night after night Tate fends off the persistent advances of the undeniably charismatic man, but after an explosive moment in the bar, all bets are off as he finds his body stirring with a different desire than his mind. As arrogance, stubbornness and sexual tension sizzle between the two, it threatens to change the very course of their lives. Logan doesn't do relationships. Tate doesn't do men. But what would happen if they both just gave in and...tried?

Cutting edge scientific research has shown that exposure to the right kind of environment during the first years of life actually affects the physical structure of a child's brain, vastly increasing the number of neuron branches—the "magic trees of the mind"—that help us to learn, think, and remember. At each stage of development, the brain's ability to gain new skills and process information is refined. As a leading researcher at the University of

California at Berkeley, Marion Diamond has been a pioneer in this field of research. Now, Diamond and award-winning science writer Janet Hopson present a comprehensive enrichment program designed to help parents prepare their children for a lifetime of learning.

 2008 AJN Book of the Year Winner! Like its popular predecessor, the new edition of *Bathing Without a Battle* presents an individualized, problem-solving approach to bathing and personal care of individuals with dementia. On the basis of extensive original research and clinical experience, the editors have developed strategies and techniques that work in both institution and home settings. Their approach is also appropriate for caregiving activities other than bathing, such as morning and evening care, and for frail elders not suffering from dementia. For this second edition, the authors have included historical material on bathing and substantially updated the section on special concerns, including: Pain Skin care Determining the appropriate level of assistance Transfers The environment An enhanced final section addresses ways to support caregivers by increasing their understanding of the care recipient's needs and their knowledge of interventions to improve care and comfort. It also emphasizes self-care and system-level changes to promote person-directed care. Several chapters include specific insights and wisdom from direct caregivers.

From the author of The G-Free Diet and the co-host of ABC's The View comes a vital book about scrumptiously satisfying gluten free food—with easy-to-follow recipes, healthy tips, and photographs throughout—for families managing celiac disease as well as anyone who is concerned about their intake of wheat and other grains. Growing up in a family where everyone came together at the dinner table, Elizabeth Hasselbeck savored the signature meatball, lasagna, and ziti dishes of her grandmother and great-grandmother, and the pierogies of her father's heritage. But a decade ago, the Emmy Award-winning co-host of The View, New York Times bestselling author, and mother of three was diagnosed with celiac disease, and the family recipes she grew up with suddenly became strictly off-limits. Or so she thought. Getting rid of gluten, however, doesn't have to mean giving up taste. Deliciously G-Free combines Hasselbeck's knowledge for healthy living and passion for tasty food to bring you 100 delectable, easy-to-make, and family-friendly gluten free recipes. By adding a variety of other ingredients to the fridge and pantry, she's perfected scrumptious gluten free versions of old

standards and new creations that would make her relatives proud, including • Breakfasts to Remember: Fried Egg Sandwich with Chipotle Mayo, Coconut Raspberry Muffins, French Toast with Caramel Rum Bananas, Blueberry Waffles, and Frittata • All-Star Appetizers: Pork Pot Stickers, Stuffed Mushrooms, Smoked Salmon on Corn Fritters, Crab Cakes with Homemade Tartar Sauce, and Hot Artichoke Dip • Mouthwatering Main Meals: Excellent Enchiladas with Quinoa Cornbread, Mac and Cheese, Lasagna, Veggie Pad Thai, Chimichurri Flank Steak and Grilled Asparagus, and Buttermilk Chicken • Deliciously Irresistible Desserts: Chocolate Devil's Food Cupcakes, Blueberry-Raspberry Cobbler, Chocolate Chip Cookies, Tiramisu, Yellow Birthday Cake, and Double Chocolate Brownies Loaded with gorgeous photos, Deliciously G-Free also satisfies your taste buds with ideas for gourmet entertaining, kid-friendly concoctions, cool-weather comfort foods, and "Get Fit" gluten free recipes. Plus, Hasselbeck opens up about her own gluten free journey—from getting diagnosed to getting her family on board—and shares tips for how to stock your kitchen, prevent cross-contamination, and whip up gluten free flour mixes that literally take the cake. Looking great and feeling good from the inside out is just one Deliciously G-Free meal away! Praise for Deliciously G-Free "Fried chicken, brownies, sliders, even spaghetti and meatballs and mile-high lasagna all gluten free? My only complaint about Elisabeth Hasselbeck's Deliciously G-Free is that I didn't write it myself. She problem-solves in the tastiest of ways with the most requested recipes of our time—gluten free. Nicely done, blondie!"—Rachael Ray "Deliciously G-Free gives you world-class advice on gluten from a world expert on her body. Elisabeth Hasselbeck offers elegant, passionate, and tasty advice everyone will adore."—Mehmet Oz, M.D. "Deliciously G-Free eschews fancy, restaurant-level recipes and acknowledges instead the need for straightforward food for busy people, lovingly prepared."—The Oregonian *Preppy, Part One* Benjamin-Cummings Publishing Company The Psychology of Exercise: Integrating Theory and Practice, fourth edition, continues to weave together theory, research, application, and interventions to provide readers with a solid foundation in exercise psychology. In the 1920s, manufacturing companies such as Goodyear and Firestone fielded baseball teams that battled for local bragging rights and opportunities for players to make the big leagues. Along with these industrial leagues, professional baseball found its way to the Akron-Canton area with minor-league teams including the Akron Yankees (1935-1941), the Canton-Akron Indians (1989-1996), and the Akron Aeros (1997-). In addition to teams affiliated with major-league ball clubs, this area gave birth to independent teams such as the Canton Crocodiles (1997-2001), the Canton Coyotes (2002), and others. Besides professional baseball gracing local fields, nearby universities have storied baseball programs of their own. These schools have turned out such major-league greats as Eugene Michael, Thurman Munson, and 1980 Cy Young winner Steve Stone. Akron-Canton Baseball Heritage offers a unique look into the history of baseball in the region with historic and present-day photographs.
