BREWER YATES

Cold Vengeance BRILL

Hegel After Derrida provides a much needed insight not only into the importance of Hegel and the importance of Derrida's work on Hegel, but also the very foundations of postmodern and deconstructionist thought. It will be essential reading for all those engaging with the work of Derrida and Hegel today and anyone seeking insight into some of the basic but neglected themes of deconstruction.

Pioneers of Space Forge Books

Au milieu d'un champ de maïs, le shérif Hazen fait une bien macabre découverte : le corps mutilé d'une femme. Non seulement le cadavre a été scalpé, mais une vingtaine de corbeaux morts ont été empalés sur des flèches indiennes, et disposés en cercle tout autour. Quelques heures plus tard, l'inspecteur Pendergast, du FBI, pose ses valises dans cette bourgade du Kansas, persuadé qu'un tueur en série vient de frapper. De fait, les crimes se succèdent, paralysant les habitants de Medicine Creek. Pourtant, si les mises en scène macabres sont toujours aussi élaborées, le mode opératoire diffère chaque fois, laissant augurer un scénario évolutif. Pendergast aurait-il affaire à un tueur en série d'un nouveau genre ? Quel crédit accorder à la Légende des 45, selon laquelle le fantôme de Harry Beaumont, mort en 1865, hanterait encore les tumulus indiens pour se venger ? À moins que Pendergast n'ait à redouter un adversaire plus mystérieux encore

Les croisements de la nuit Baen Publishing Enterprises

From #1 New York Times bestselling authors Preston & Child, an all-new short story featuring Agent Pendergast, available only as an ebook and audio download. In New Orleans' French Quarter, the Tooth Fairy isn't a benevolent sprite who slips money under your pillow at night....he's a mysterious old recluse who must be appeased with teeth--lest he extract retribution. When young Diogenes Pendergast loses a tooth, however, his skeptical older brother Aloysius is determined to put the legend to the test...with dire consequences. *Includes a special preview chapter of Preston & Child's new full-length novel TWO GRAVES, available December 11, 2012.

Still Life with Crows Grand Central Publishing

Pendergast investigates a series of deaths and mutilations in a small Kansas town that are linked to mysterious events from over a century before.

The Book of the Dead Random House

In this #1 New York Times bestseller, Special Agent Pendergast must stop a serial killer who is terrorizing New York City with a

trail of headless victims. When Grace Ozmian, the beautiful and reckless daughter of a wealthy tech billionaire, first goes missing, the NYPD assumes she has simply sped off on another wild adventure. Until the young woman's body is discovered in an abandoned warehouse in Queens, the head nowhere to be found. Lieutenant CDS Vincent D'Agosta quickly takes the lead. He knows his investigation will attract fierce scrutiny, so D'Agosta is delighted when FBI Special Agent A.X.L. Pendergast shows up at the crime scene assigned to the case. "I feel rather like Brer Rabbit being thrown into the briar patch," Pendergast tells D'Agosta, "because I have found you here, in charge. Just like when we first met, back at the Museum of Natural History." But neither Pendergast nor D'Agosta are prepared for what lies ahead. A diabolical presence is haunting the greater metropolitan area, and Grace Ozmian was only the first of many victims to be murdered . . . and decapitated. Worse still, there's something unique to the city itself that has attracted the evil eye of the killer. As mass hysteria sets in, Pendergast and D'Agosta find themselves in the crosshairs of an opponent who has threatened the very lifeblood of the city. It'll take all of Pendergast's skill to unmask this most dangerous foe--let alone survive to tell the tale.

Natura morta Grand Central Publishing

A small Kansas town has turned into a killing ground. Is it a serial killer, a man with the need to destroy? Or is it a darker force, a curse upon the land? Amid golden cornfields, FBI Special Agent Pendergast discovers evil in the blood of America's heartland.

Ritual Forge Books

A full-length historical study of Gestalt psychology in Germany, based on exhaustive research in primary sources.

City of Endless Night Hachette UK

An authoritative and comprehensive collection of essays redefining the relevance of Durkheim to the human sciences in the twenty-first century.

Dance of Death Grand Central Publishing

When a straightforward murder case spirals out of control, Pendergast and his ward investigate an ancient witches' colony in a sleepy New England town where a terrible evil awaits . . . A secret chamber. A mysterious shipwreck. A murder in the desolate salt marshes. A seemingly straightforward private case turns out to be much more complicated--and sinister--than Special Agent A.X.L. Pendergast ever could have anticipated. Pendergast, together with his ward Constance Greene, travels to the quaint seaside village of Exmouth, Massachusetts, to investigate the theft of a priceless wine collection. But inside the wine cellar, they find something considerably more disturbing: a bricked-up niche that once held a crumbling skeleton. Pendergast and Constance soon learn that Exmouth is a town with a very dark and troubled history, and this skeleton may be only the first hint of an ancient

transgression, kept secret all these years. But they will discover that the sins of the past are still very much alive. Local legend holds that during the 1692 witch trials in Salem, the real witches escaped, fleeing north to Exmouth and settling deep in the surrounding salt marshes, where they continued to practice their wicked arts. Then, a murdered corpse turns up in the marshes. The only clue is a series of mysterious carvings. Could these demonic symbols bear some relation to the ancient witches' colony, long believed to be abandoned? A terrible evil lurks beneath the surface of this sleepy seaside town--one with deep roots in Exmouth's grim history. And it may be that Constance, with her own troubled past, is the only one who truly comprehends the awful danger that she, Pendergast, and the residents of Exmouth must face . . .

Crimson Shore Health Research Books

In one of NPR's 100 Best Thrillers Ever, FBI agent Pendergast discovers thirty-six murdered bodies in a New York City charnel house . . . and now, more than a century later, a killer strikes again. In an ancient tunnel underneath New York City a charnel house is discovered. Inside are thirty-six bodies--all murdered and mutilated more than a century ago. While FBI agent Pendergast investigates the old crimes, identical killings start to terrorize the city. The nightmare has begun. Again.

Cemetery Dance Grand Central Publishing

Pendergast--the world's most enigmatic FBI Special Agent--returns to New York City to investigate a murderous cult. William Smithback, a New York Times reporter, and his wife Nora Kelly, a Museum of Natural History archaeologist, are brutally attacked in their apartment on Manhattan's Upper West Side. Eyewitnesses claim, and the security camera confirms, that the assailant was their strange, sinister neighbor--a man who, by all reports, was already dead and buried weeks earlier. While Captain Laura Hayward leads the official investigation, Pendergast and Lieutenant Vincent D'Agosta undertake their own private--and decidedly unorthodox--quest for the truth. Their serpentine journey takes them to an enclave of Manhattan they never imagined could exist: a secretive, reclusive cult of Obeah and vodou which no outsiders have ever survived.

Fever Dream Cambridge University Press

An FBI agent, rotting away in a high-security prison for a murder he did not commit... His brilliant, psychotic brother, about to perpetrate a horrific crime... A young woman with an extraordinary past, on the edge of a violent breakdown... An ancient Egyptian tomb with an enigmatic curse, about to be unveiled at a celebrity-studded New York gala... Memento Mori

Relic Turtleback Books

»Stellen Sie sich vor, Sie haben sich in einer Höhle verirrt. Es ist dunkel und kalt. Die Taschenlampe haben Sie verloren. Sie

müssen raus hier, egal wie, und tasten sich am Boden entlang, als Ihre Hand plötzlich etwas Warmes findet. Vor Schreck weichen Sie zurück – um gleich noch einmal zu fühlen, was es sein könnte ... « In einer Kleinstadt geschehen grausame Morde. Sie erinnern an Indianermythen und ein historisches Massaker. Viele glauben, dass die Geister der Toten zurückgekehrt sind, um Rache zu nehmen. Special Agent Pendergast verfolgt eher irdische Spuren: die Gen-Experimente an Mais, mit deren Hilfe die Stadt zu neuer Blüte kommen soll, scheinen außer Kontrolle geraten zu sein. Oder steckt doch noch etwas ganz anderes dahinter? Ritual von Lincoln Child, Douglas Preston: Spannung pur im eBook!
Crooked River Routledge

"The Chicago Tribune" calls "this follow-up (to "The Relic" is) every bit as good and in some ways better. Preston and Child carry off this sequel with great energy and panache . . . their portrait of the underground dwellers lifts this thriller into a category all its own". "This should do for the New York Subway system what "Jaws" did for Long Island beaches". says "Booklist".
Gaslighted Grand Central Publishing

1936 Questions & Answers by the Royal Order of Tibet. Sample - Hove you lived before? What is Science? What is love? What is Intuition? Do the gifts of God meet the needs of man?

Blasphemy Cambridge University Press

In this entry from the thrilling short story anthology *FaceOff*, bestselling authors Douglas Preston & Lincoln Child along with R.L. Stine team up for the first time ever, pitting FBI agent

Aloysius Pendergast against the most unusual villain he's ever faced—Stine's classic creation: Slappy the Ventriloquist Dummy. First introduced in R.L. Stine's 400 million-copy bestselling *Goosebumps* series, Slappy is a dummy carved from coffin wood who boasts enormous strength and a sarcastic, sadistic personality. In contrast, Agent Pendergast is an elegant, intelligent man who never lets himself be ruffled by the particulars of an investigation. Yet when these two meet for the first time—at Stony Mountain Sanatorium—Pendergast is quite clearly out of his element, and nothing is as it seems... For more exciting pairs, check out all eleven stories in *FaceOff!*

Brimstone Orbit Books

In Douglas Preston's *Blasphemy*, the world's biggest supercollider, locked in an Arizona mountain, was built to reveal the secrets of the very moment of creation: the Big Bang itself. The Torus is the most expensive machine ever created by humankind, run by the world's most powerful supercomputer. It is the brainchild of Nobel Laureate William North Hazelius. Will the Torus divulge the mysteries of the creation of the universe? Or will it, as some predict, suck the earth into a mini black hole? Or is the Torus a Satanic attempt, as a powerful televangelist decries, to challenge God Almighty on the very throne of Heaven? Twelve scientists under the leadership of Hazelius are sent to the remote mountain to turn it on, and what they discover must be hidden from the world at all costs. Wyman Ford, ex-monk and CIA operative, is tapped to wrest their secret, a secret that will either destroy the world...or save it. The countdown begins... At the Publisher's

request, this title is being sold without Digital Rights Management Software (DRM) applied.

Bloodless Grand Central Publishing

This edited volume on religious dynamics features source texts from all over Asia, the Middle East, and Europe, which show original authors' thoughts on religion as they the shared challenges of an age dominated by imperialism and colonialism.

Utopia Grand Central Publishing

The study of the ideas and practices associated with occultism is a rapidly growing branch of contemporary scholarship. However, most research has focused on English and French speaking areas and has not addressed the wider spread and significance of occultism. *Occultism in a Global Perspective* presents a broad international overview. Essays range across the German magical order of the *Fraternitas Saturni*, esoteric Satanism in Denmark, sexual magic in Colombia and the reception of occultism in modern Turkey, India and the former Yugoslavia. As any other form of cultural practice, the occult is not isolated from its social, discursive, religious, and political environment. By studying occultism in its global context, the book offers insights into the reciprocal relationships that colour and shape regional occultism.

Hegel After Derrida Routledge

In the wake of a series of bizarre murders in which claw prints are found near each of the victims, agent Pendergast teams up with officer Vincent d'Agosta in an investigation with apparent ties to the supernatural.
