 Esta obra, editada con motivo de la celebración del 200 aniversario de la guerra de la Independencia nos propone una revisión ilustrada de uno de los sucesos más estrechamente unido a la historia de la ciudad de Madrid, y también a la de España. Junto a esta visión retrospectiva, este título propone también una visión actual de aquellos lugares de la ciudad que vivieron con toda su intensidad aquel momento histórico.

 Drawing from a rich corpus of art works, including sarcophagi, tomb paintings, and floor mosaics, Patrick R. Crowley investigates how something as insubstantial as a ghost could be made visible through the material grit of stone and paint. In this fresh and wide-ranging study, he uses the figure of the ghost to offer a new understanding of the status of the image in Roman art and visual culture. Tracing the shifting practices and debates in antiquity about the nature of vision and representation, Crowley shows how images of ghosts make visible structures of beholding and strategies of depiction. Yet the figure of the ghost simultaneously contributes to a broader conceptual history that accounts for how modalities of belief emerged and developed in antiquity. Neither illustrations of ancient beliefs in ghosts nor depictions of afterlife, these images show us something about the visual event of seeing itself. The Phantom Image offers essential insight into ancient art, visual culture, and the history of the image.
El Cojo ilustrado World Health Organization
 Esta monumental biografía con una reconstrucción minuciosa de la realidad porfiriana de Chihuahua y de las condiciones que situaron a ese estado en el centro del proceso revolucionario, y continúa con una descripción de la vida de forajido que llevó Villa antes de la revolución y de su surgimiento como dirigente revolucionario menor hasta convertirse en el general que encabezó ese huracán que fue la División del Norte, probablemente el mayor ejército revolucionario que se haya

producido en América Latina.

Informe Sociológico Sobre la Situación Social de España EDITUM
 By incorporating a variety of critical approaches within a feminist framework, the author here argues that Mexican women writers participate in a crucial project of unsettling dominant discourses as they strive for new ways of capturing the ambivalent position of the Mexican women in their texts.

 Latinos across the United States are redefining identities, pushing boundaries, and awakening politically in powerful and surprising ways. Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, “Latinx.” She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the “Las Poderosas” who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how “Latinx” has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, *Finding Latinx* calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

 Profusely illustrated with diverse photographs, this historical synthesis of Cuba’s architectural patrimony offers a wonderful exploration of both the interiors and exteriors of the island’s buildings. Cuban customs and lifestyles from the 16th century to the end of the 19th century are also examined. Profusamente ilustrado, esta síntesis histórica sobre el patrimonio arquitectónico de Cuba ofrece una exploración maravillosa de tanto los exteriores como los interiores de la isla. También se examinan los costumbres y estilos de vida cubanos desde el siglo 16 hasta el fin del siglo 19.
Fallos de la Corte Suprema de Justicia nacional, con la relación de sus respectivas causas Editorial NEREA
 Testimonios brings together first-person narratives from the

vibrant, diverse, and complex Latinx and Hispanic mathematical community. Starting with childhood and family, the authors recount their own individual stories, highlighting their upbringing, education, and career paths. Their particular stories, told in their own voices, from their own perspectives, give visibility to some of the experiences of Latinx/Hispanic mathematicians. Testimonios seeks to inspire the next generation of Latinx and Hispanic mathematicians by featuring the stories of people like them, holding a mirror up to our own community. It also aims to provide a window for mathematicians (and aspiring mathematicians) from all ethnicities, with the hope of inspiring a better understanding of the diversity of the mathematical community.

 The reconquest of the Philippine archipelago (exclusive of Leyte), with detailed accounts of Sixth Army and Eighth Army operations on Luzon, as well as of the Eighth Army's reoccupation of the southern Philippines.
The Phantom Image University of Chicago Press
 Provides a comprehensive assessment of the scientific evidence on prevalence and the resulting health effects of a range of exposures that are know to be hazardous to human health, including childhood and maternal undernutrition, nutritional and physiological risk factors for adult health, addictive substances, sexual and reproductive health risks, and risks in the physical environments of households and communities, as well as among workers. This book is the culmination of over four years of scientific enquiry and data collection, know as the comparative risk assessment (CRA) project.
