Geek Mom She Writes Press

As one of Australia's leading architects, David Holm is passionate about drawing, the built environment and travel. His first book 'Drawing Italy' was published to great acclaim in 2009. His follow-up, 'Drawing Paris' is an architectural guide to the most beautiful (and planned) city in the world. Why Paris? The history of Parisian Architecture is the history of Europe - from the medieval origins of the Louvre palace, through to Napoleon's grand designs, Hausmann's great visionary boulevards and IM Pei's controversial pyramid. Paris is an architect's dream. David explains the history of Paris as he takes us on a grand tour of the city through her 12 arrondissement. With his trademark exquisite drawings of the major buildings, clear explanatory text and all new supporting photographs, this book distils the history and beauty of Paris into one very special guide book. Designed for use on the ground (hence the flexi-bound paperback format) as well as in the armchair, Drawing Paris shows us all the major sites.

**Celebrating a Century of the Prix de L'Arc de Triomphe**  
 Rizzoli Publications

The Paris we know today, with its grand boulevards, its bridges and parks, its monumental beauty, was essentially built in only seventeen years, in the middle of the nineteenth century. In this brief period, whole neighborhoods of medieval and revolutionary Paris -- over-crowded, dangerous, and filthy -- were razed, and from the rubble a modern city of light and air emerged. This triumphant rebuilding was chiefly the work of one man, Baron Georges Haussmann, Napoleon III's Prefect of the Seine. It was Haussmann's task to assert, in stone, the power and permanence of Paris, to show the world that it was the seat of an empire of mythic proportions. To this end, he imposed grand visual perspectives, as when he transformed Napoleon I's Arc de Triomphe into a magnificent twelve-armed star from which radiated the broadest boulevards of Europe. Below ground, his modern sewer system became one of the wonders of the civilized world, eagerly toured by royalty and commoners alike. Haussmann's mandate was not only to create an impression of grandeur but to secure the city for better control by government. By creating formal spaces where there had previously been a maze of chaotic streets, Haussmann opened Paris to effective police control and thwarted the recurrent demonstration of its well-known revolutionary fervor. The determined and autocratic Haussmann imprinted rational order and bourgeois civility on the unruly city which had for so long simmered with riot and insurrection. Though he planted chestnut trees, installed gas lights, rebuilt the water supply, and improved transportation and

housing, Haussmann's labors were (and remain) controversial. He forced tens of thousands of the poor from the center of the city, and destroyed significant parts of old Paris. But in this important new biography David Jordan reminds us that Haussmann was not immune to the charms of the old city. By leaving some areas intact, the Baron achieved the grand effect of implanting a modern city boldly within an ancient one. Here, at last, Haussmann's labors are given the aesthetic as well as the historical appreciation they deserve.

**The Architecture Lover's Guide to Paris** Casemate

A specialist in Napoleonic history reveals the legendary leader's influence on the City of Light in this illustrated visitor's guide. Historian David Buttery explores the many connections between Napoleon and Paris, where many remarkable buildings and monuments date from his time in power. Many of the city's most famous sites were built or enhanced on Napoleon's instructions, while others are closely associated with him and the First French Empire. Buttery explores the Napoleonic history of the Arc de Triomphe, the Louvre, the Hôtel des Invalides, Musée de l'Armée, Notre Dame Cathedral, Père-Lachaise Cemetery, and other fascinating sites. Full of evocative detail and practical information, Napoleon's Paris is essential reading for every history buff who visits the French capital.

**Five Selves** White Owl

An exceptional title developed in partnership with Rodin Museum, for the centenary of Rodin's death. The museum gave carte blanche to Anselm Kiefer, a renowned artist with an international career. Their aim was to highlight the similarity between these two men and their artistic journeys. Anselm Kiefer has been collaborating on this project for four years and will offer new works specially created for this exhibition - a mix of original large scale paintings, windows with sculptures/installations and large size book pages made of plaster and painted over. This book accompanies the Kiefer/Rodin: Cathedrals exhibition at Musee Rodin from March 2017 - October 2017 and Philadelphia: Barnes Foundation from mid November 2017 to end March 2018. There is a Rodin retrospective at Grand Palais, Paris, in October 2017. All three authors are curators at Musee Rodin. Their work is dedicated to preserving and publicising Rodin's art. **SELLING POINTS:** \* Never before seen works by Anselm Kiefer, created in homage to Rodin's work, to mark the centenary of his death \* Published in conjunction with the centenary of Rodin's death \* Many international celebrations have been planned: a 2 euro coin with Rodin's Thinker will be issued, as well as a stamp, a retrospective of Rodin at the Grand Palais in October 2017, and a film coming out in May - among many more 350 colour **Come with Me to London** Princeton Architectural Press  
 Arthur L. Guptill's classic Rendering in Pen and Ink has long been

regarded as the most comprehensive book ever published on the subject of ink drawing. This is a book designed to delight and instruct anyone who draws with pen and ink, from the professional artist to the amateur and hobbyist. It is of particular interest to architects, interior designers, landscape architects, industrial designers, illustrators, and renderers. Contents include a review of materials and tools of rendering; handling the pen and building tones; value studies; kinds of outline and their uses; drawing objects in light and shade; handling groups of objects; basic principles of composition; using photographs, study of the work of well-known artists; on-the-spot sketching; representing trees and other landscape features; drawing architectural details; methods of architectural rendering; examination of outstanding examples of architectural rendering; solving perspective and other rendering problems; handling interiors and their accessories; and finally, special methods of working with pen including its use in combination with other media. The book is profusely illustrated with over 300 drawings that include the work of famous illustrators and renderers of architectural subjects such as Rockwell Kent, Charles Dana Gibson, James Montgomery Flagg, Willy Pogany, Reginald Birch, Harry Clarke, Edward Penfield, Joseph Clement Coll, F.L. Griggs, Samuel V. Chamberlain, Louis C. Rosenberg, John Floyd Yewell, Chester B. Price, Robert Lockwood, Ernest C. Peixotto, Harry C. Wilkinson, Bertram Grosvenor Goodhue, and Birch Burdette Long. Best of all, Arthur Guptill enriches the text with drawings of his own.

Never before has there been a guide for the visitor on foot that is so far reaching, so comprehensive, so detailed or so deeply researched. "Around and About Paris" is the perfect companion to the city. Entertaining and informative, "Around and About Paris" will show you both the Paris that flirts and flaunts itself and the hidden Paris that lies behind windows, within courtyards, around street corners and even under the cobblestones. It will enlighten you about the past, present and future of what you see -- the history, the tensions, the developments, the schemes. And it will show you the gems -- the places that have universal appeal simply because of their supreme beauty. -- From publisher's description

Prepared by a writer/traveller and two seasoned photographers, this book is so hefty to lug around as a travel guide but, nevertheless, could enhance the experience of curious travellers and residents of the city. Organized by neighborhood, it's replete with bits of history and anecdotes about each

#### **Napoleon's Paris** Penguin

"A most readable and interesting work . . . deserves a place on the shelves of anyone interested in war at sea during the Great French Wars." —Nautical Research Journal  
On the four sides of the Arc de Triomphe in Paris, serried tablets display the names of 660 honored commanders of the Revolutionary and Napoleonic Wars. Most are those of generals and marshals of the French Army—but 26 of them are those of admirals, commanders of the fleets of Republican and Napoleonic France. In Napoleon's Admirals, Richard Humble presents not only their individual stories, but an entirely new appraisal of the Anglo-French naval war of 1793-1814: the longest sea war in modern history. Many myths are exploded in this book—from the long-held idea that aristocratic officers of the French Navy emigrated en masse when the Revolution came, leaving the Navy leaderless and doomed to repeated defeats at sea, to the popular British belief that the naval war ended with Nelson's victory at Trafalgar. Of the 26 "Admirals of the Arc," 23 had learned their trade in the French royal and merchant navies of the ancien régime. Republican France could call on a wide range of seasoned combat veterans from the American Revolutionary War (1778-83), whose stories are a revelation in themselves. In his account of the men who imposed such a strain in on the world's greatest Navy for 21 years, Richard Humble has provided a remarkable addition to the well-worn pages of conventional naval history. "Not only authoritative; it makes a very enjoyable and instructive read." —The Napoleon Series "Fills a major gap in this largely neglected period in French naval history." —International Journal of Maritime History

An action romance with roots in the history of WWII. The Bugatti factory in Eastern France is forced to support the Occupation's war effort, and Ettore Bugatti, artisan engineer, wants to protect the factory that bears his name. Jewish driver Louis Dreyfus fatally resists building U Boat torpedoes instead of the most beautiful cars ever made. Alexander Graves, our lead, starts as a mechanic, and is simply grateful to be in Bugatti's world. He becomes a young man who brings matchless ingenuity and daring to the cause of liberty.

*Transforming Paris* Ten Speed Press

"Rodenberg inventively uses Bonaparte's own unfinished novel to tell the story of the despot's rise to power, which she juxtaposes against the story of his last love affair. Told creatively and with excellent research!" —Stephanie Dray, New York Times and USA Today best-selling author of America's First Daughter and The Women of Chateau Lafayette "Beautiful and poignant." —Allison Pataki, New York Times best-selling author of The Queen's Fortune  
With its delightful adaptation of Napoleon Bonaparte's real attempt to write romantic fiction, *Finding Napoleon: A Novel* offers a fresh take on Europe's most powerful man after he's lost everything—except his last love. A forgotten woman of history—the audacious Countess Albine—helps narrate their tale of intrigue, desire, and betrayal. After the defeated Emperor Napoleon goes into exile on tiny St. Helena Island in the remote South Atlantic, he and his lover, Albine de Montholon, plot to escape and rescue his young son. Banding together enslaved Africans, British sympathizers, a Jewish merchant, a Corsican rogue, and French followers, they confront British opposition—as well as treachery within their own ranks—with sometimes subtle, sometimes bold, but always desperate action. Amid his passions and intrigues, Napoleon finishes his real novel *Clisson* that he started writing as a young man. Now it's a father's message to the young son whom his enemies took from him, but how can they get it to the boy? When Napoleon and Albine break faith with one another, ambition and Albine's husband threaten their reconciliation. To succeed, Napoleon must learn whom to trust. To survive, Albine must decide whom to betray. This elegant, richly researched novel reveals the Napoleon history conceals and the Countess Albine history has forgotten.

#### **City of Immortals** Ammo Books

"A rich and intriguing story which the authors disentangle with great skill."—Sunday Telegraph  
From Antony Beevor, the internationally bestselling author of *D-Day* and *The Battle of Arnhem* In this brilliant synthesis of social, political, and cultural history, Antony Beevor and Artemis Cooper present a vivid and compelling portrayal of the City of Lights after its liberation. Paris became the diplomatic battleground in the opening stages of the Cold War. Against this volatile political backdrop, every aspect of life is portrayed: scores were settled in a rough and uneven justice, black marketers grew rich on the misery of the population, and a growing number of intellectual luminaries and artists including Hemingway, Beckett, Camus, Sartre, de Beauvoir, Cocteau, and Picasso contributed new ideas and a renewed vitality to this extraordinary moment in time.

#### **Napoleon's Admirals** Illiad Press

One of the leading voices on national-security issues in the US Congress demonstrates how words have been sharp and powerful weapons of victory in this compilation of great military speeches that helped turn the tide of history. Congressman Israel has included speeches that have motivated and mobilized, challenged and comforted. Some were blurted in the heat of combat, others carefully written in places far removed from the brutality of the battlefield, but all will inspire readers with the courage that moved people forward against all odds. This dramatic sweep of military history in the words of history's military leaders serves to reinforce the concept that the pen is mightier than the sword. Congressman Steve Israel represents New York's second district and is a member of the House Appropriations Committee and former member of the Armed Services Committee.

In the twenty-first century, Germany's Third Reich continues to thrive after its victory in World War II—keeping most of Europe and North America under its heel. But within the heart of the Nazi regime, a secret lives. Under a perfect Aryan facade, Jews survive—living their lives, raising their families, and fearing discovery...

*Architecture in the Age of Reason* Simon and Schuster

Celebrating a Century of the Prix de l'Arc de Triomphe charts the history of Europe's - and arguably the world's - greatest horse race. Established in 1920 and staged in Paris on the Bois de Boulogne, the Arc is a truly international contest attracting runners from England, Ireland, Japan, Italy, Germany and the USA. This illustrated race-by-race account traces the exploits of many all-time racing legends. From Ribot, Sea Bird, Allez France and Mill Reef, to Dancing Brave, Sea The Stars, Trêve and Enable. It's also a who's who of the turf starring the Rothschild, Aga Khan, Wildenstein, Wertheimer and Head families, as well as Marcel Boussac, Vincent O'Brien, Lester Piggott and Yves Saint-Martin. The modern era features luminaries such as Andre Fabre, Coolmore, Godolphin, John Gosden, Frankie Dettori and Khalid Abdullah. You'll discover which champion hurdler won the title, which horse came back from stud to recapture his crown and which jockey ended up in prison as a result of his win.

#### **Kiefer-Rodin** Clarkson Potter

The Abolition of War explores the ideas that inform Krzysztof Wodiczko's project The World Institute for the Abolition of War and is a manifesto for the dismantling of what Wodiczko sees as the ubiquitous, unconscious, and ultimately perilous "Culture of War", which is embedded within and constantly reaffirmed by our monuments and our historical narratives. In this volume Wodiczko, winner of the Hiroshima Art Prize in 1998, offers a detailed examination of his proposal for The World Institute for the Abolition of War, a projected "Un-War Memorial" constructed as a structure encapsulating the existing Arc de Triomphe in Paris. Wodiczko is joined by anthropologist Douglas Fry to shed light on the silent but deeply rooted ideologies of war, which permeate our contemporary societies, fuelling current acts of aggression and threatening to erupt into further warfare. Fry's essay "Abolition of War: An Agenda for Survival" contradicts the generally held assumption that war is an inevitable aspect of human life, and posits new models of global interdependency as the necessary step towards viable peace.

*Rendering in Pen and Ink* Holland House

NEW YORK TIMES BESTSELLER • From the bestselling master espionage writer, hailed by Vince Flynn as "the best in the business," comes a riveting novel about the French Resistance in Nazi-occupied Paris. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST 1941. The City of Light is dark and silent at night. But in Paris and in the farmhouses, barns, and churches of the French countryside, small groups of ordinary men and women are determined to take down the occupying forces of Adolf Hitler. Mathieu, a leader of the French Resistance, leads one such cell, helping downed British airmen escape back to England. Alan Furst's suspenseful, fast-paced thriller captures this dangerous time as no one ever has before. He brings Paris and occupied France to life, along with courageous citizens who outmaneuver collaborators, informers, blackmailers, and spies, risking everything to fulfill perilous clandestine missions. Aiding Mathieu as part of his covert network are Lisette, a seventeen-year-old student and courier; Max de Lyon, an arms dealer turned nightclub owner; Chantal, a woman of class and confidence; Daniel, a Jewish teacher fueled by revenge; Joëlle, who falls in love with Mathieu; and Annemarie, a willful aristocrat with deep roots in France, and a desire to act. As the German military police heighten surveillance, Mathieu and his team face a new threat, dispatched by the Reich to destroy them all. Shot through with the author's trademark fine writing, breathtaking suspense, and intense scenes of seduction and passion, Alan Furst's *A Hero of France* is at once one of the finest novels written about the French Resistance and the most gripping novel yet by the living master of the spy thriller.
