 This exciting resource on desert spirituality is quite unlike any other: at once a physical journey to outstanding deserts of the planet and an odyssey of the soul. A journey of discovery takes us across five continents as we venture to places few pilgrims reach: the Gazan desert, the Sahara, the Australian outback, the Athos wilderness and the Ordos Desert of China, and the Syrian desert, among others. Evocative descriptions by early travelers and by the author immerse us into a diversity of wilderness landscapes, stimulating the senses and the imagination. Physicality leads to spirituality as we listen to compelling voices that speak to us poignantly across space and time—including spiritual writers long-forgotten or not well-known. These unearth for us the treasure we seek: we uncover the distinctive charism of each desert, offering us different and challenging ways of looking at the world and at the spiritual life. We discover the unpredictable desert to contain unexpected, priceless treasures

of transformative wisdom that speak uncannily into our own contemporary spiritual search. We see how these gems can energize and inspire our discipleship or spiritual practice. As we embark on this spiritual quest, we may never be the same again!

A full-color guide to the history, science, and spiritual uses of Moldavite • Shares the author's transformational discovery of the magic of Moldavite • Looks at Moldavite energy tools, how to combine Moldavite with other gemstones, and how to use Moldavite to transmit healing energy to people and places • Includes powerful Moldavite meditations and hundreds of photos, allowing you to attune to Moldavite's energy without even being in its direct presence Created from the cataclysmic impact of a huge meteorite, Moldavite is a gemstone that is neither heavenly nor earthly but something new that emerged from their union. Classed scientifically with tektites, these rare green celestial objects showered down over what is now the Czech Republic some 14.8 million years ago. In the mid-1980s, a series of synchronicities brought Moldavite into the hands of Robert Simmons, and he began sharing its powerful effects with the world. In this full-color guide, Simmons tells the story of his discovery of Moldavite's magic, weaving his knowledge of the stone's spiritual qualities together with scientific and historical data as well as channeled information. He explains how Neolithic peoples in Europe made Moldavite amulets and tools and how several Moldavite amulets were discovered in the same archaeological dig as the famous Venus of Willendorf, the earliest known Goddess figurine. The author describes his dramatic personal awakening and the surprising circumstances that brought Moldavite to the center of his life and career. He shares tales of crop circles and energy vortexes, his adventures in Moldavite country, and ET connections. Revealing how the science of Moldavite's origins resonates with ancient mystical legends, the author explores Moldavite's connections with the alchemical Emerald Tablet and the fabled Stone of the Holy Grail. He looks at Moldavite energy tools, including wands, pendulums, waters, essences, body layouts, and crystal grids. He explains how to use Moldavite in photonic layouts to transmit energy to people, places, and bodies of water in order to heal and revitalize them. He leads the reader through Moldavite meditations for expanding awareness, and his wife, Kathy, offers her insights into Moldavite's purpose and power and how we can align with it. Throughout the book are hundreds of full-color images of beautiful raw pieces, carvings, jewelry, and gems, allowing you to attune to Moldavite's energy without even being in its direct presence. Shining a light upon the starborn gem that unites spirit and matter, the author shows how Moldavite is—literally and figuratively—a joining of Heaven and Earth.

Stepping Stones to a Higher Vision examines the development of religious consciousness from religion to spirituality to mysticism. This developmental path imaginatively described as "stepping stones" in the title of the book and as "elevators of religion" in chapter one, has its rewards but also its dangers and pitfalls. Intended for the non-specialist lay person interested in religion, as well as the scholar, the book focuses on Jewish tradition and its sources (Hebrew Bible, Talmud-Midrash, and Kabbalah), but in a broad cross-cultural interdisciplinary context. Ritual, prayer, including meditation and contemplation, ethics and morality, religious leadership, and the afterlife are analyzed in the context of sociology, science, and the history of religion.

'If one is unable to conceive of the Christ mystery as a true reality, one also cannot develop any ideas and concepts relating to the rest of world existence that are imbued with reality, which really penetrate to the truth'. – Rudolf Steiner In a series of 17 lectures, Rudolf Steiner throws new light on the historical background and esoteric meaning of what he refers to as the central event of human and earthly history: the Christ mystery or 'the Mystery of Golgotha'. Basing his commentaries on personal spiritual research, Steiner emphasizes the key nature of the Mystery of Golgotha, through which '...something was accomplished which has to do not with the moral order alone but with the whole world-order in its entirety'. This relates to a transformation of the spiritual environment of the earth and a potentially radical change in human consciousness. Building on the core themes of this course, Steiner presents a variety of fascinating topics, including: original sin and the idea of resurrection; faith and knowledge; the nature of sleep and the riddle of fatigue; the violation of the mysteries by the Roman Emperors; the teachings of Mani and Augustine; our relationship to the dead in spiritualistic séances; and the correspondence between the Platonic year, a day in a person's life and a human life-time. Although first delivered to audiences a century ago, these lectures have lost none of their resonance; indeed, their essential message is perhaps more relevant than ever. They are published here in a new translation and for the first time in a complete English edition. 'So let us endeavour to make spiritual science our own not merely as a teaching but as a language, and then wait until we find the questions in this language that we may address to Christ. He will answer, yes He will answer!'

"[...] To those who already find themselves fully nourished on the older forms of truth, I do not commend these pages. They will find them superfluous. Nor is there any reason why they should mingle with light which is already clear the distorting rays of a foreign expression. But to those who are feeling their way to a Christian life, haunted now by a sense of instability in the foundation of their faith, now brought to bay by specific doubt at one point raising, as all doubt does, the question for the whole, I would hold up a light which has often been kind to me. There is a sense of solidity about a Law of Nature which belongs to nothing else in the world. Here, at last, amid all that is shifting, is one thing sure; one thing outside ourselves, unbiased, unprejudiced, uninfluenced by like or dislike, by doubt or fear; one[...]"

Will your home stand firm when the torrents of life come bursting at the foundation? Certainly, if it's built on the foundation of Christ alone. Is your marriage troubled? Has your spouse or child been lifted on eagle's wings to heaven unexpectedly? Has your doctor explained a dreaded prognosis? Does the ground quake with financial uncertainties? Yet, believers from every generation have found strength by entrusting their future into God's hands. When you study God's Word, with determination to obey, you are building on Christ-faith's cornerstone. We will build upon this foundation by studying the Spirit's use of stone typology in scripture, to reveal foundations of Christian faith and how to live for Christ as He intended. Rock solid truth equips you to stand firm in faith and to give an account of the hope within you, for God's glory. Mark Day is a student of God's Word and diligently examines Biblical truth. 'Human evolution has now arrived at a decisive crossroads. The future of humankind on Earth depends on whether people recognize their determining role in the evolution of the consciousness of Earth.' – Marko Pogačnik Humanity today faces a unique task: to overcome the thousand-year-old division between heaven and earth, spirit and matter. This, says Marko Pogačnik, is our present-day challenge. But we have an important ally in this work in the being of Jesus, also known as Christ, whose teachings are intended to help us at this critical time of human development. Historically, however, Jesus' words of wisdom were harnessed to the construction of an earthly religion, and much of their deeper meaning was lost in the process. Christ Power and Earth Wisdom is the story of the author's discovery of a 'Fifth Gospel', woven invisibly into the four canonical Gospels. It teaches humanity how to live positively in the third millennium. Bringing together knowledge of elemental beings, Earth science and Christ, the author has translated over one hundred of Jesus' sayings into a language that the modern mind can understand. He identifies blockages in the Biblical gospels that have prevented the Spirit of Christ from manifesting in the past era. But the time is now ripe for understanding the multilayered reality of these teachings. Based on methods of investigation and perception that Pogačnik has developed over many decades of work in healing the various dimensions of Earth's landscape and nature, he deciphers the hidden, holistic messages in Christ's teachings, dismantling the obstacles that have arisen through

outdated interpretations. The text is complemented with Pogacnik's energetically-charged drawings, forming a feeling counterpart to the thought flow of the book. A new Postscript offers an important update relating to methods of gaining a broader, spiritual perception of reality in the present.

Spiritual Diamonds From The Land of Worldly Wealth Volume 1 - Tribulations

The World Is New is a superb exposition of Joel Goldsmith's path

to practical spirituality called *The Infinite Way*. The major theme of *The World Is New* is that recognizing our spiritual identity as the Christ, or God appearing as individual being, makes for newness of life. "The world is new to every soul when Christ has entered into it," says Goldsmith, quoting from the inscription in the Stanford Memorial Church that inspired the title for the book. To embody the principles set forth so clearly in this book is to experience that newness of life that makes the whole world new and unexpectedly wondrous. "How many times we have read in the New Testament about the Father within! How many times we have read what Paul said: 'I live; yet not I, but Christ liveth in me,'" says Goldsmith. "But how seldom have we sat down with ourselves and felt that we must get acquainted with this Father within and find out what Paul meant. Few ever really investigate and find out if what Jesus said is true." *The World Is New* helps the reader with that investigation, setting forth the breadth and depth of Goldsmith's teaching with unequalled clarity, and teaching the spiritual practices that will bring the seeker to the spiritual freedom that is attained when we touch the Christ of our own being and actually feel the divine Presence within us. "There are those who have ears but do not hear and those who have eyes but do not see," Goldsmith says. "We have eyes, certainly. But do we see an infinite supply of good? We cannot see it with our human eyes. We see it only with that inner eye, when our attention is centered on receptivity to God. In that inner vision, we can behold everything present now. It is all here. We do not need to have a single new thing added to our experience to make it complete. We have only to open our spiritual eyes to see the fullness and completeness of God's universe, which is already here and which is already now - and then the world is new."

Spiritual and Material Boundaries in Old French Verse CLAIRVIEW BOOKS

This book is meant to reinvigorate your thought process and give your life a new vision and perspective. This book is a spiritual journey with the teachings of Shri Guru Granth Sahib Ji. The approach is not to be religious or dogmatic but spiritual and liberal. The book contains the teachings of Sri Guru Granth Sahib Ji, which contains the teachings of Sikh Gurus, other saints, and words of eternal wisdom. Each chapter is like peeling a layer of an onion, intended to step by step, on a daily basis, unclutter your mind and sharpen your vision. This book is meant for those who are searching for or are at the edge of a new direction, a new beginning in their life but are unsure whether or not to take the plunge. This may also be helpful to those who have a deep-seated unfulfilled purpose in their life but are just unsure whether or not to do what they would be happy to do in their lives. Modern day youth often finds themselves at cross roads because they find a sea of difference in the value system that they have grown up in and the value system that contemporary society demands. The correct way would be to have a strong value system so that one is unmoved by the conflicting thought processes that one comes across on a daily basis. This book is intended to give that strength and robustness of thought process to those who are always in two minds in choosing what's right for them and what is in front of them.
