The story begins in the year 1819 when Nathaniel Coffin turns sixteen years, shortly after the tragic deaths of his parents and nine-year-old sister Christiana. Life became even more difficult after he was adopted by an alcoholic aunt named May Nickerson. Coincidentally, it was also the height of the sperm whale industry. His childhood wish to work on a whaling ship became all-consuming. Conflict soon arose after just six weeks at sea the result of a senseless harpoon strike that took the life of Nathans close friend and shipmate, Billy McGiven. Ostracized by his captain and crew, the offender, Duncan Albury, was set ashore. Ruthless and mean-spirited by nature, Albury found another ship, became its pirate captain, and orchestrated his revenge, which culminated on a secluded beach in Port Royal, Jamaica, setting the stage for a bloody and poignant battle. The odds are thirty to two. Do Nathan and Blackjack survive?

Positive Living Through Positive Affirmations ITRD

The material represents a due diligence attempt to chronicle, via a series of seemingly random and incidental episodes narrated in the first-person, the evolutionary journey of my consciousness from the edge of the wilds

of Mindanao (Philippines) to the rough and tumble of the streets of Manhattan (New York City), with all the tedious yet not the least thrilling detours in-between. Random in the sense that I had to single out and focus on specific and discrete pivotal decision points which ushered in a definitely recognizable qualitative change in my perception of my unique attributes as an individual, on leaving such decision bifurcations. . . . In a broader context the three parts of the book represent three distinct non-sequential evolutionary phases of my consciousness. The Narratives represent the age of ambition, when the drive to transcend . . . reigned supreme. The Poetry I deem to represent the seemingly unquenchable deliberative age of simultaneous inspiration, enlightenment, and illusion. . . . The Essays represent the age of rational resignation, or better yet, resigned rationalization, when you give in to the impulsive reflex to explain away the developments which you know affect your physical and spiritual well-being....

After reuniting in Salem, Mass., Alex, Izzy, and Hazel begin to retrace the threads of fate that bind them to better understand where this journey is leading them. As their enemies close in and up the stakes, the pieces of their past start to shift into place, revealing key details about their destiny set in motion lifetimes ago. Will learning more about their past incarnations help them overcome their fears to embrace their shared mission, or will the adversaries reemerging from their past stop them

before stepping into their full power? The *Divining Sisters* is a fictional divination series that follows a group of women who are witches, healers, and diviners in multiple lives, and they reincarnate lifetime after lifetime to reunite with their coven so they can fulfill a mission of keeping their craft of divination, healing, and magic alive for future generations. The series focuses on reconnecting with past-life gifts, sisterhood, empowerment through facing fears, & learning to step out of the shadows. Trigger warning: This book series covers the historical witch trials in Salem, Massachusetts and all across Europe, delving into the harrowing details of the persecutions, accusations, and unjust treatment and torture that took place during those times. These scenes may be distressing for some individuals.

Flirting with Misadventures Tyndale House Publishers, Inc.

In business today, there is no offline and there is no downtime. Professionals are both exhausted and depleted. Being constantly tethered to our work through technology makes us overwhelmed and shortsighted, and deprives us of time for meaningful reflection or thoughtful connection to our professional communities, and often even to our own families. For us to thrive—not simply survive—in this accelerating economy, we need to adopt small, intentional behaviors and practice them each day. From simply taking care of our rest and exercise to building our self-confidence and embracing challenges, author Shawn Hunter's latest book *Small Acts of Leadership* will guide you through a series of incremental steps you can take to build a stronger version of yourself and make a broader impact in the world. Weaving in personal life stories and

meaningful interviews with business leaders around the world, Hunter presents the reader with twelve critical competencies that are consistently present in the daily behaviors of today's most successful leaders.

The Danish Christian existentialist Søren Kierkegaard (1813-1855) and the Jewish Lithuanian-born French interpreter of modern phenomenology Emmanuel Levinas (1906-1995) have enabled theology and philosophy to illuminate and confront one another in radical and important ways. This book addresses the theological and philosophical thought of both Kierkegaard and Levinas with a focus on the special form that exists in the grammar of many languages for cases of uncertainty, possibility, hypothesis and for expressions of hope: the subjunctive mood. As well as presenting arguments and observations about Kierkegaard and Levinas through an analysis of the subjunctive mood, Patrick Sheil offers an interesting and accessible way into the thought of these two major European philosophers and he explores a wide range of Kierkegaardian and Levinasian texts throughout.

The works of lord Byron including the suppressed poems J-Novel Club

The Rigveda is the oldest Sanskrit text, consisting of over one thousand hymns dedicated to various divinities of the Vedic tradition. Orally composed and orally transmitted for several millennia, the hymns display remarkable poetic complexity and religious sophistication. As the culmination of the long tradition of Indo-Iranian oral-formulaic praise poetry and the first monument of specifically Indian religiosity and literature, the Rigveda is crucial to the understanding both of Indo-European and Indo-Iranian cultural prehistory and of later Indian religious history and high literature. This new translation represents the first complete scholarly translation into English in over a century and utilizes the results of the intense research of the last century on the language and the ritual system of the text. The focus of this translation is on the poetic techniques and structures utilized by the bards and on the ways that the poetry intersects with and dynamically expresses the ritual underpinnings of the text.
