I hate hate hated my friend. When I moved over in the school bus, she sat somewhere else. When her point broke in arithmetic and I passed her my pencil, she took Peter's instead. "Ask her," my mother said. "Ask your friend why."

Duck, Death and the Tulip Groundwood Books Ltd

Selected by The New York Times Book Review as a Notable Book of the Year A revelatory tale of science, adventure, and modern myth. When the writer Donovan Hohn heard of the mysterious loss of thousands of bath toys at sea, he figured he would interview a few oceanographers, talk to a few beachcombers, and

read up on Arctic science and geography. But questions can be like ocean currents: wade in too far, and they carry you away. Hohn's accidental odyssey pulls him into the secretive world of shipping conglomerates, the daring work of Arctic researchers, the lunatic risks of maverick sailors, and the shadowy world of Chinese toy factories. Moby-Duck is a journey into the heart of the sea and an adventure through science, myth, the global economy, and some of the worst weather imaginable. With each new discovery, Hohn learns of another loose thread, and with each successive chase, he comes closer to understanding where his castaway quarry comes from and where it goes. In the grand tradition of Tony Horwitz and David Quammen, Moby-Duck is a compulsively readable narrative of whimsy and curiosity.

The migrants must leave the forest. Borders are crossed, sacrifices made, loved ones are lost. It takes such courage to reach the end. At last the journey is over and the migrants arrive. This is the new place. With forceful simplicity, *Migrants* narrates the journey of a group of animals leaving a leafless forest. Borders must be crossed, sacrifices made, loved ones left behind. Watanabe takes extraordinary care to show the individuality and humanity of each migrant--through the detailed patterns on their clothing, their care of each other as they set up camp, the symbol of the blue ibis showing the connection between past and future, life and death.

A sheep evaluates what is truly important in life. Suggested level: junior, primary.

My Father's Wake Gecko

An intimate, lyrical look at the ancient rite of the Irish wake--and the Irish way of overcoming our fear of death. Death is a whisper for most of us. Instinctively we feel we should dim the lights, pull the curtains, and speak softly. But on a remote island off the coast of Ireland's County Mayo, death has a louder voice. Each day, along with reports of incoming Atlantic storms, the local radio runs a daily roll call of the recently departed. The islanders go in great numbers, young and old alike, to be with their dead. They keep vigil with the corpse and the bereaved company through the long hours of the night. They dig the grave with their own hands and carry the coffin on their own shoulders. The islanders cherish the dead--and amid the sorrow, they celebrate life, too. In *My Father's Wake*, acclaimed author and award-winning filmmaker Kevin Toolis unforgettably describes his own father's wake and explores the wider history and significance of this ancient and eternal Irish ritual. Perhaps we, too, can all find a better way to deal with our mortality--by living and loving as the Irish do.

tail starts to creep right off the pages. You won't believe your eyes – but if you're a rabbit, you probably should. The Flat Rabbit Sterling Publishing (NY)

A delightful children's book "filled with surreal gags about prepositions and adverbs, cheerful absurdity, and down the rabbit hole-style musings" (School Library Journal). One day, a few minutes after *Once Upon a Time*, a bear awakes to find he has lost something very important: himself! He sets out into the Fabulous Forest to find himself, using only a few clues scrawled on a piece of paper: the bear he's looking for is a nice bear; he is a happy bear; and he's very handsome too! These sound like pretty good qualities to Bear, and so begins his memorable journey. With the help of critters like the Convenience Cow, the Lazy Lizard, the Turtle Taxi, and the Penultimate Penguin, Bear finds that he himself is just what he's been looking for all along: a nice, happy bear—and handsome too! "A melding of Phantom Tollbooth logic, Alice in Wonderland whimsy, and peppered with a cast of unforgettable Little Prince like characters . . . You can't help fall into the imaginative world of this delightfully clever picture book." —BookBloom "Irresistible." —O, The Oprah Magazine "Gentle wordplay and Lewis Carroll-like paradoxes . . . Everything is new to Bear, and his discoveries will delight readers." —Publishers Weekly (starred review) "Erlbruch's playful, distinctive illustrations . . . are sublime." —Kirkus Reviews "Young readers with a philosophical nature and an appreciation

for provocative silliness will be especially gratified by Bear's self-discovery . . . The Fabulous Forest effectively evokes a fairy tale feel, and Bear, a portly fellow with huge eyes, a bright red mouth, and colorful flecks in his black fur, is loveable at first sight."

How the Irish Teach Us to Live, Love, and Die Eerdmans Books For Young Readers

Nicola Streeten's little boy, Billy, was two years old when he died following heart surgery for problems diagnosed only ten days earlier. Thirteen years later, able finally to revisit a diary written at the time, Streeten begins translating her notes into a graphic novel. The result, a retrospective reflection from a 'healed' perspective and gut wrenchingly sad at moments, is an unforgettable portrayal of trauma and our reaction to it - and, especially, the humour or absurdity so often involved in our responses. As Streeten's story unfolds and we follow her and her partner's heroic efforts to cope with well-meaning friends and day-to-day realities, we begin to understand what she means by her aim to create a 'dead baby story that is funny'.
